

# Individual Providers Located in Loudoun County, Virginia

List Updated: Tuesday, January 20, 2015

This list includes individual providers that have met licensing requirements for child care in the Commonwealth of Virginia. During the absence of the parent or guardian for less than 24 hours, the individual provider assumes responsibility for the supervision, protection and well-being of a child less than 13 years of age. The providers below are referrals, not a recommendation. It is the responsibility of each parent or guardian to select or monitor child care and determine the quality of that care.

## State Licensed Family Day Home:

The code of Virginia mandates the licensure of family day homes that provide care for six to twelve children. Licensing standards, which are proposed by the State Board of Social Services and enforced by the Division of Licensing Programs, ensures that the activities services and facilities of the family day home are conducive to the welfare of the children in care. Licensing inspectors make scheduled and unscheduled visits. For additional information on these providers please call the licensing office at 703 934-1505 or [www.dss.virginia.gov](http://www.dss.virginia.gov) and select children.

## System Licensed Providers:

The contact agency for system licensed providers is Infant/Toddler Family Day Care. Parents that choose providers within this system are referred by Infant/Toddler to their system providers. These providers are considered State licensed and must comply with the same requirements, see State Licensed Family Day Homes. For more information on these providers call Infant/Toddler at 703 352-3449 or [www.infanttoddler.com](http://www.infanttoddler.com).

## Voluntarily Registered Family Day Home:

Voluntary Registration is a form of regulation offered to family day homes that are not required to be state licensed. The contract agency, Child Nutrition, makes an initial home inspection to make sure basic child safeguards are adequate. A small number of these homes are monitored for compliance with staffing requirements and a health and safety checklist. For additional information please contact Child Nutrition at 1 800-735-5434.
