

LOUDOUN COUNTY VSMP APPLICATION FOR SINGLE-FAMILY DETACHED LOTS

(Please Type or Print all Information)

Prior to construction, a "Single-family Detached Residential Structure Coverage Letter" must be printed from DEQ's website at http://www.deq.virginia.gov/Programs/Water/StormwaterManagement/VSMPPermits/ConstructionGeneralPermit.aspx and kept onsite, along with the required Stormwater Pollution Prevention Plan (SWPPP) noted in #6 below.

The subject project is:

- Part of a Common Plan of Development (CPoD), defined as "a contiguous area where separate and distinct construction activities may be taking place at different times on different schedules." (Lots recorded prior to July 1, 2004 are not considered to be part of a common lot of development.)
Separately built with land disturbance between 1 and 5 acres. Note that if land disturbance is less than 1 acre, and the lot is not within a CPoD, VSMP Permit coverage is not required. If land disturbance is 5 acres or more, a permit Registration Statement must be completed in place of this form.

1. Construction Activity Operator (The permit will be issued to this operator, and the Certification in item #7 must be signed by the appropriate person associated with this operator [see note below]):

Name:
Contact:
Mailing Address
City: State: Zip: Phone:
Email Address (if available):

2. Location of Construction Activity:

Owner Name (if Different from Operator):
PIN: Address:
City: State: Zip:
Latitude (decimal degrees): Longitude (decimal degrees):

If part of a Common Plan of Development, please also complete the following as applicable:

CPoD Grading Permit Number:
Related to CPAP number:
Subdivision Name:
Landbay and/or Section:
Total # of Lots: Lot Number(s):
PIN(s):

3. Name of the Receiving Water(s) and Hydrologic Unit Code (HUC):

Name: Name:
HUC: HUC:

4. Estimated Project Start Date (mm/dd/yyyy):

Estimated Project Completion Date (mm/dd/yyyy):

5. Estimated Total Area to be Disturbed (to the nearest one-100th acre):

Total Project Area (to the nearest one-100th acre):

6. A stormwater pollution prevention plan (SWPPP) must be prepared in accordance with the requirements of the General Permit for Discharges of Stormwater from Construction Activities prior to submitting this VSMP Application. By Signing this VSMP Application the operator is certifying that the SWPPP has been prepared. (Please refer to the SWPPP template posted at www.loudoun.gov/loudounvsmp).

7. Certification: "I certify under penalty of law that I have read and understand this VSMP Application and that this document and all attachments were prepared in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system or those persons accurate, and complete. I am aware that there are significant penalties for submitting false information including the possibility of fine and imprisonment for knowing violations."

Print Name: Title:
Signature: Date:

(Please sign in INK. The person signing this form must be associated with the operator identified in Item #1 above.)

Note: "Operator" means the owner or operator of any facility or activity subject to the Stormwater Management Act and regulations. In the context of stormwater associated with a large or small construction activity, operator means any person associated with a construction project that meets either of the following two criteria: (i) the person has direct operational control over construction plans and specifications, including the ability to make modifications to those plans and specifications or (ii) the person has day-to-day operational control of those activities at a project that are necessary to ensure compliance with a stormwater pollution prevention plan for the site or other state permit or VSMP authority permit conditions (i.e., they are authorized to direct workers at a site to carry out activities required by the stormwater pollution prevention plan or comply with other permit conditions). The entities that are considered operators will commonly consist of the owner or developer of a project (the party with control of project plans and specifications) or the general contractor (the party with day to day operational control of the activities at the project site which are necessary to ensure compliance with the general permit).
