

Medical Reserve Corps

Volunteers working to protect you, your family, and your community.

In a bioterrorism event or mass epidemic, the Loudoun County Health Department is prepared for the possibility of opening emergency mass vaccination and medication dispensing clinics. Medical Reserve Corps (MRC) volunteers, both nonmedical and medical, would be key to staffing these sites. Nonmedical volunteers would perform key clinic roles such as registration, data entry, language translation, medical personnel assistance, and directing foot traffic. MRC members can also assist with other public health responses in our community.

Join Today!

Anyone who wants to help the Health Department keep Loudoun County residents safe and protect the public's health should join the Medical Reserve Corps. No medical experience necessary!

When You Join

- Receive free training on such topics as CPR, first aid, incident command, and emergency preparedness
- Play a significant role in keeping your family and community safe

Requirements

- A Loudoun County resident at least 16 years old
- Have no personal or professional commitment that would prevent serving in an emergency
- Undergo a free reference or background check
- Complete an orientation session
- Optional: Complete incident command class
