Loudoun COVID-19 Vaccine Data Dashboard Now Live; Vaccine Update for March 12, 2021

Loudoun County has launched an online [COVID-19 Vaccine Data Dashboard](#) to help residents follow the county's progress in the ongoing vaccination efforts. The dashboard highlights key indicators of progress and status including:

- Date of pre-registration for which the Health Department is currently scheduling appointments
- Number of individuals remaining on the waitlist
- Vaccine doses received by Virginia and Loudoun County
- Vaccine doses administered in Loudoun County

The pre-registration date for which appointments are being scheduled and waitlist information will be updated weekly. The vaccine doses received and administered will be updated daily with data from the [Virginia Department of Health \(VDH\) Vaccine Summary](#).

The vaccine data dashboard can be viewed at loudoun.gov/vaccinedata.

Vaccine Update March 12, 2021 *(Last update March 5, 2021)*

Waitlist Status

Loudoun County has started offering appointments to individuals in the following priority groups who submitted pre-registrations online or by phone on **February 2** (advanced from January 25 in last Friday's report). The Health Department is about a week further along on the waitlist for people age 65 and older. Priority groups continue to include:

- Health care workers
- Front-line essential workers in priority groups 1b, 1-3:
 1. Police, fire, and hazmat workers
 2. Corrections and homeless shelter workers
 3. Child care/Pre-K – 12 teachers/staff
- People age 65 and up
- People age 16-64 with underlying health conditions

When you are contacted by the Health Department for a vaccination appointment may depend on the exact date and time you registered, your priority category, and the state's mandated formula of vaccine allocation. It may take several weeks to contact everyone who is on the waitlist for a particular day if registration volume was high.

There are currently **10,665** remaining on the waitlist (down 24,729 since last Friday's report) for pre-screening surveys submitted by 5:00 p.m. on February 12 (with duplicates removed).

The wait time for an appointment continues to be about 6 to 8 weeks from the date of pre-registration.

Vaccine Doses for March 5-March 11

Total COVID-19 vaccine doses administered in Loudoun is **96,133** (up 13,235 since last Friday's report), and more than **34,230** Loudoun County residents are fully vaccinated with two doses of vaccine (up 6,725 since last Friday's report).

This week, the Health Department received **6,170** first doses of vaccine (down 1,140 since last Friday's report). The Health Department also received a quantity of doses for those people who need their second dose.

Other Priority Groups in 1b

The county continues to follow state mandates that require us to prioritize appointments for people in the Phase 1b, 1-3 priority groups. It is not yet possible to predict when Loudoun will begin to vaccinate the individuals in Phase 1b, 4-11 priority groups.

People and organizations in the Phase 1b, 4-11 priority groups, as defined by the Virginia Department of Health, are:

4. Food and agriculture workers (including veterinarians)
5. Manufacturing workers
6. Grocery store workers
7. Public transit workers
8. Mail carriers (USPS and private)
9. Officials needed to maintain continuity of government (includes judges and public-facing judicial workers)
10. Clergy/Faith leaders
11. Janitorial/Cleaning staff

If you have not already registered for a COVID-19 vaccine, visit loudoun.gov/COVID19vaccine to submit your pre-registration form.

If you completed a pre-registration and have already received your vaccine from another provider, please let us know so we can remove you from our waitlist by emailing health@loudoun.gov.

Stay Vigilant in Slowing the Spread of COVID-19

Before and after Loudoun residents receive a COVID-19 vaccine, everyone is encouraged to continue taking the steps that help prevent the spread of the disease, including washing hands frequently, wearing face coverings, social distancing, avoiding large gatherings of people and

staying home when sick. Learn more about [COVID-19 prevention and care](#) on the county's website.

Stay Informed

We continue to appreciate your patience as the county works as quickly as it can to vaccinate as many people as possible.
