Dear Broad Run Friends and Neighbors,

I want to start off this newsletter by announcing COVID-19 vaccines in Loudoun are now available to all individuals aged 16+ without the need to register ahead of time! You can now directly schedule an appointment online to receive a shot at Dulles Town Center. Please encourage everyone you are close with to receive their vaccine, especially since it is now much easier and streamlined to do so. To

read the steps on how to schedule an appointment, visit [Loudoun.gov/covid19vaccine](https://loudoun.gov/covid19vaccine).

There are several items of importance coming before the Board that affect the Broad Run District. I will explain in the following paragraphs these items based on when they appear before the Board of Supervisors chronologically.

At the April 20th business meeting, the Board received an update on the study, that began last summer, to analyze options for changing Loudoun's form of government. After receiving the [informational report](#), the Board decided to dispense with the study of an overall form of government change. However, the study on whether or not to form a police department is still ongoing. The International Association of Chiefs of Police was chosen to perform this study, with agreement from our current Sheriff. The final analysis on a police department will be presented to the Board of Supervisors in February 2022. Any establishment of a police department in Loudoun would require agreement of the county voters through a referendum.

At the May 4th business meeting, [an item](#) will be before the Board detailing the process the county is undertaking to adopt new airport noise districts in eastern Loudoun. This will update our existing noise districts that are currently guided by a Dulles Airport noise study from 1992. Dulles Airport performed a new study in 2019, which we are using to guide the new districts.

This past February, the Board began the 16-month plan to analyze how we should go about adopting the new districts. On Tuesday, the Board will likely direct the Transportation and Land Use Committee (on which I sit) to perform a mapping exercise later this month to better understand the changes from 1992 and 2019. Much of the Broad Run District is covered in some part by the airport noise districts; however, the Broad Run District does not have much change between 1992 and 2019. Most of the changes in noise occurred in the southern part of the county near Brambleton and South Riding. That being said, there will be opportunities for the public to better understand and provide input on the changes. As we move through this 16-month process, I will share the information as it becomes available.

Two development applications in the Broad Run District are before the Board of Supervisors at our May 12 public hearing. The first application is the Oak Grove residential rezoning application to build

50 townhouses on vacant land in the Oak Grove area of Sterling. The second application is Dulles 2000, which is to allow for the development of two data centers along the east side of Route 28 south of Old Ox Road, also in Sterling. Links to both of these items and more description can be found below in the land use section of the newsletter.

Additionally, at the May 12th public hearing, the public will have the opportunity to comment on Loudoun's draft Unmet Housing Needs Strategic Plan. This plan is a report from a years-long process spelling out how Loudoun can address our need for more accessible housing in the county. Five strategies the Board can undertake to meet this need are identified further down in the newsletter.

At the May 18th business meeting, the Board will vote on whether or not to direct staff to draft a collective bargaining ordinance allowing county employees to unionize. I will support this motion as I believe unions have been of great benefit to the American worker and have created professional environments that are more friendly to workers. This is the beginning of a months-long ordinance process that will have plenty of opportunity for public input. You can [read the item here](#).

Finally, I want to call your attention to two other items in this newsletter: the 2021 Democratic Primary and Broad Run seats that are available on Loudoun advisory bodies.

On June 8 the Democratic Primary for Governor, Lieutenant Governor, and Attorney General will take place. There is no Republican Primary this year as the Republican party is picking its candidates through the convention method. Virginia does not recognize party affiliation in voting, so all eligible voters in the Commonwealth are able to vote in the Democratic primary. Information on the candidates and options on how to submit a ballot are explained below.

There is also a newly available seat as the Broad Run District Representative on the Loudoun Transit Advisory Board. This is in addition to the already available Broad Run seat on the Parks, Recreation and Open Space Board. If you are interested in applying to either of these positions, please read more about them and fill out the linked application in the newsletter below.

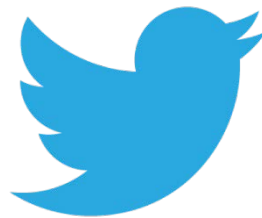

As always, please reach out to me regarding any matters affecting the Broad Run District, or if I can answer any questions.

Sincerely,
Sylvia

COVID-19 Vaccine Online Self-Scheduling Now Open to Loudoun Residents, No Pre-Registration Required

Beginning Thursday, April 29, individuals 16 and over can directly schedule an appointment online to receive a free COVID-19 vaccine at the Loudoun County Health Department vaccination clinic located at Dulles Town Center in Sterling.

The Health Department encourages all unvaccinated people age 16 and older who live or work in the county to schedule an appointment as soon as possible by visiting loudoun.gov/covid19vaccine. The website includes a link to the online form where individuals can request an account to schedule an appointment. An email address or cell phone number may only be used once to create an account. If an email address or cell phone number was used during the pre-registration phase, that contact information cannot be used again.

After completing the form, individuals will automatically receive an email or text message from the CDC with a link to create an account in the Vaccine Administration Management System (VAMS) and schedule an appointment at the Loudoun County Health Department vaccination clinic. With this change, individuals no longer need to pre-register.

“We have exhausted the waitlist for those who have pre-registered in Loudoun County and this is an important step in streamlining vaccination and lowering barriers to appointments,” said Dr. David Goodfriend, director of the Loudoun County Health Department. “Vaccination is the best step we can take to reduce disease transmission and return to normal.”

Individuals who have pre-registered should have received an invitation to schedule a vaccine appointment. Anyone who has not received an invitation to schedule should check their email spam folder or go online to schedule an appointment now. The vaccination site continues to be by appointment only.

Anyone who needs assistance scheduling an appointment, including individuals who do not have internet access, can contact the Health Department at 703-737-8300, Monday-Sunday, 9:00 a.m. to 5:00 p.m.

Individuals under 18 must choose an appointment where Pfizer is offered and must have a parent or guardian present at the appointment. Vaccine types available will be noted during the scheduling process. The Johnson & Johnson vaccine will be available at the Loudoun vaccination site beginning Saturday, May 1, 2021.

For more information about the county’s vaccination operations and to schedule your first-dose vaccine appointment, please visit our COVID-19 vaccine webpage, loudoun.gov/covid19vaccine.

2021 Virginia Democratic Primary Election

Tuesday, June 8, 2021 Democratic Primary Election

A Democratic Party primary election will be held in Loudoun County on Tuesday, June 8, 2021. Offices on the ballot will include Democratic Party nominees for Governor, Lieutenant Governor, and Attorney General. The Republican Party has chosen to conduct a

convention process to select their candidates, so there will not be a Republican Primary on this date. Read more about the election:

[Loudoun.gov/JunePrimary](https://loudoun.gov/JunePrimary).

Virginia does not recognize party affiliation in voter registration; therefore, all registered Virginia voters are eligible to vote in the Democratic primary. There is no Republican primary taking place in any part of the Broad Run District.

- Voter Registration Deadlines;
 - Online: Monday, May 17, 2021, at 11:59 p.m. vote.virginia.gov.
 - In-person: Monday, May 17, 2021, at 5:00 p.m.
 - By-Mail: Postmarked no later than Monday, May 17, 2021, at 5:00 p.m.
- Early & Absentee Voting:
 - Early voting opens: Friday, April 23, 2021
 - Last day to request ballot be mailed to you: Friday, May 28, 2021, at 5:00 p.m.
 - Last day to vote absentee in-person: Saturday, June 5, 2021 (office will be open 8:30 a.m. to 5:00 p.m.)

Three Ways to Vote: Pick the Option that Works Best for You

All registered voters in Virginia now have the option to vote at home, vote early or vote on election day. No excuses required no matter your choice. Just click on the underlined title of the voting option you would like to visit that page for more information.

- [**Vote at Home**](#): We'll mail your ballot and important information to you. You'll fill it out following the instructions enclosed, and send it back.
- [**Vote Early**](#): Early voting will be available for all registered Loudoun County voters at the Office of Elections in Leesburg starting April 23, 2021 and at additional early voting centers in the final week before the election. There is no pre-application required to vote early in-person, simply check the locations, dates and times and go vote when it's most convenient for you!

- Note that if you have requested a ballot to be mailed to your home and you decide you'd rather vote early you must bring the ballot with you and trade in for a new one. Ballots begin mailing on April 23, so we advise voters to wait until at least April 30 to receive their ballot.
- **Vote on Election Day**: Polls will be open from 6:00 a.m. - 7:00 p.m. on Tuesday, June 8, 2021. Voters are encouraged to verify their registration information, and to double check their voting precinct at vote.virginia.gov to ensure they know their precinct number and are viewing the correct ballot.

Public Comment Invited on Loudoun County Draft Unmet Housing Needs Strategic Plan

As the Loudoun County Office of Housing finalizes the county's Unmet Housing Needs Strategic Plan (UHNSP), members of the public are invited to review the draft plan and share their feedback.

The strategic plan is designed to help the county and its partners improve housing access, quality and affordability for all families. It identifies strategies and actions to address unmet housing needs in a systematic and comprehensive way with integrated programs. The plan will also aim to create housing targets over the short term and the long term (the next five years).

Review the Draft Strategic Plan:

The draft plan was presented to the Loudoun County Board of Supervisors at its April 6, 2021, business meeting. The Board's feedback and input from the public will be included in the final draft plan, which is scheduled to be presented to the Board at its May 12, 2021, public hearing.

To review the draft Unmet Housing Needs Strategic Plan, visit loudoun.gov/housingneeds.

Provide Input:

After reviewing the draft strategic plan, residents are invited to share their feedback online and in person.

- Board of Supervisor Meetings:
 - [Sign up to speak](#) at an upcoming Board of Supervisors business meeting.
 - [Sign up to speak](#) at the May 12 public hearing to provide input to the Board of Supervisors.

Background:

The UNHSP has five objectives with specific strategies and key actions that will help the county address housing needs:

- Establish a coordinated, collaborative and integrated housing network.
- Secure land resources needed to address unmet housing needs.
- Obtain viable funding sources.
- Provide incentives, establish priorities and increase access to affordable housing.
- Implement policy changes to support affordable housing production and preservation.

These five objectives and their associated key actions provide a comprehensive approach, based on research, best practice, and Loudoun County's specific housing needs and housing market, to start addressing the affordability gaps that exist in the county.

To learn more about the county's existing housing programs, visit loudoun.gov/housing.

Loudoun to Implement New Ordinance Banning Firearms in County Facilities

Loudoun County is taking steps to enforce the recently amended [Chapter 684 of the Codified Ordinances of Loudoun County – Weapons and Explosives](#), which generally prohibits guns in county buildings, including community and recreation centers, and county-operated parks. The new section, [684.04 Possession of Firearms on County Property](#), was adopted by the Board of Supervisors on March 2, 2021.

The ordinance now prohibits the possession, carrying or transportation of any firearm or ammunition in:

- Buildings owned or used by Loudoun County;
- Any part of a building used by Loudoun County for public purposes even if not owned by the county; and
- Parks owned and operated by Loudoun County.

Exceptions to the new ordinance include:

- Sworn law enforcement officers;
- Private security personnel contracted by the county or hired for a county-permitted event;
- Concealed handgun carry permit holders visiting county parks;
- Active-duty military personnel performing official duties;

- Historical reenactors and participants in government-sponsored wildlife management events;
- Individuals participating in wildlife management activities; and
- Lawfully possessed firearms that are stored out of sight in a locked private vehicle.

Signage explaining the new rules is being placed at the entrances to Loudoun County facilities. Security screening stations will be installed at the Loudoun County Government Center and the Shenandoah Building in Leesburg and at the county government's service center located on Ridgetop Circle in Sterling. Signs prohibiting the carrying of weapons are already in place at preschools operated by the Department of Parks, Recreation and Community Services in compliance with [Section 18.2-308.1 of the Code of Virginia](#).

The Board of Supervisors [adopted changes](#) to Chapter 684 earlier this year after several months of consideration. In September 2020, the Board directed staff to prepare a draft ordinance to implement [Section 15.2-915 E of the Code of Virginia](#), which authorizes localities to prohibit the possession of firearms and ammunition in their facilities.

More information about the new ordinance and enforcement can be found at loudoun.gov/firearmsordinance.

Online Public Map to Aid in Inventory of Confederate and Segregationist Sites, Names and Symbols in Loudoun

The Loudoun County Board of Supervisors has initiated a review of Confederate and segregationist symbols in Loudoun County. Members of the public are invited to participate in an informational inventory of roads, buildings, signs and other public infrastructure that memorialize Confederate and segregationist figures or history in Loudoun County by submitting such sites through a new online mapping tool.

A multi-departmental team, including staff from the Departments of Planning and Zoning and Transportation and Capital Infrastructure and the Office of Mapping and Geographic Information, is working to provide comprehensive information to the Board, which will consider these items and their history.

An [online map and survey](#) has been developed through which the public can submit information about items potentially named after or memorializing Confederate or segregationist figures, symbols and slogans in Loudoun County, including:

- Battlefields
- Buildings
- County-owned and Virginia Department of Transportation (VDOT)-owned road or street names
- Logos

- Markers or monuments
- Signs
- Other names or symbols in public spaces

The tool allows the public to submit a description of the features, pertinent historical information and map locations, as well as upload photos.

Schools and school mascots will not be included in this inventory as Loudoun County Public Schools is currently conducting an independent review of these items. The inventory will also be limited to public items that memorialize a Confederate leader, the Confederate cause, or individuals or movements that promoted and implemented racial segregation laws in Virginia during the eras of Jim Crow (1896-1965) and Massive Resistance to desegregation (1954-1959).

The county's expansive geography, combined with its complex history from the Civil War through desegregation, requires a comprehensive research effort to identify these objects and sites. By involving the public as well as local historians and community groups, the county plans to thoroughly inventory all possible Confederate and segregationist symbols throughout Loudoun. In addition to the public input tool, county staff will be working with community groups to identify these items.

Financial Resources and Updates

Board Adopts FY 2022 Budget; Lowers Tax Rate by 5.5 Cents

The Loudoun County Board of Supervisors has approved a budget totaling approximately \$3.3 billion in total appropriations for the general county government and school system for Fiscal Year (FY) 2022. Colonnade ZMAP-2021-0004

This application is to rezone a 4.15-acre parcel of vacant land, located at the northeast corner of City Center Boulevard and Stefanie Drive in Sterling, from commercial to residential to allow for the construction of up to 60 townhouses. The application was submitted in March 2021 and is currently in the staff referral and comment stage. After moving through the staff analysis, the application will proceed to the Planning Commission and then to the Board of Supervisors.

**Commonwealth Center
ZMAP-2016-0017
ZMAP-2020-0013**

No Change

This project, located on the north and south sides of Russell Branch Parkway and to the east side of Loudoun County Parkway, was approved by the Board of Supervisors in December 2017. The project includes the construction of retail establishments, including the CVS, Silver Diner, gas station, etc. In addition to the retail, a soccer field will be constructed to the south of the Silver Diner. Construction of the Silver Diner is ongoing and construction of the soccer field should begin soon. The developer has come back in with a new application to request residential north of Russell Branch.

**Dulles 2000
ZCPA-2020-0002**

This application is to rezone a 24-acre parcel from a research and development park to allow for data centers. The parcel is located in Sterling, between Route 28 (Sully Road) and Shaw Road, south of the Sheetz gas station on Old Ox Road. The Planning Commission held a work session on March 12 and forwarded the application to the Board of Supervisors with a recommendation of denial. This application will be before the Board of Supervisors at the May 12 Public Hearing. The applicant has proposed completing the widening of Shaw Road from Old Ox Road southbound to the end of the parcel boundary.

Edgeworks Dulles STMP-2018-0014

No Change

This project is to build four data centers, with one supporting out building on land in between Route 28 (Sully Road), Atlantic Boulevard, and Nokes Boulevard. The land was zoned for office park as part of application ZMAP-2007-0001, approved by the Board of Supervisors in 2011. Data centers are an approved, by-right use on land zone for office park. By-right uses are allowed without approval from the Board of Supervisors. Building exterior shell construction is underway and will continue for the foreseeable future.

Kincora Village Center ZMAP-2018-0014

[This project](#), located at the southwest corner of the Route 7/Route 28 interchange, was approved by the Board of Supervisors on April 20, 2021. The project is an alteration to the previously approved Kincora zoning and consists of allowing an additional 1,000 multi-family housing units (158 of which are attainable housing units), an additional 575,000 square feet of non-residential uses, approval of the two museum uses (NMISO and NVSC), and moves the Children's Science Center to a larger, 5-acre site backing to the Broad Run.

Oak Grove ZMAP-2021-0021

[This application](#) is on land in the Oak Grove area of Sterling, south of the W&OD Trail, west of the Oak Grove Baptist Church on Dominion Lane, and north of Hall Road. The application is to rezone the parcels from one residential unit per acre to 16 residential units per acre to allow for the construction of 50 townhouses (eight of which would be attainable housing units). This application will be before the Board of Supervisors at the May 12 Public Hearing after receiving unanimous support from the Planning Commission.

One Loudoun ZMAP-2018-0005

No Change

[This project](#), at the southwest corner of Marblehead Drive and Loudoun County Parkway, was approved by the Board of Supervisors in November 2019 as a rezoning from commercial center to residential, to allow for the construction of 44 two-over-two multifamily units. Site preparation, utility placement, and construction have begun. The developer will construct a pedestrian bridge over Beaverdam Run on the west side of Loudoun County Parkway.

Rivana at Innovation Station ZMAP-2021-0003

This application will be a 103-acre transit-oriented development on the border of Loudoun and Fairfax counties.

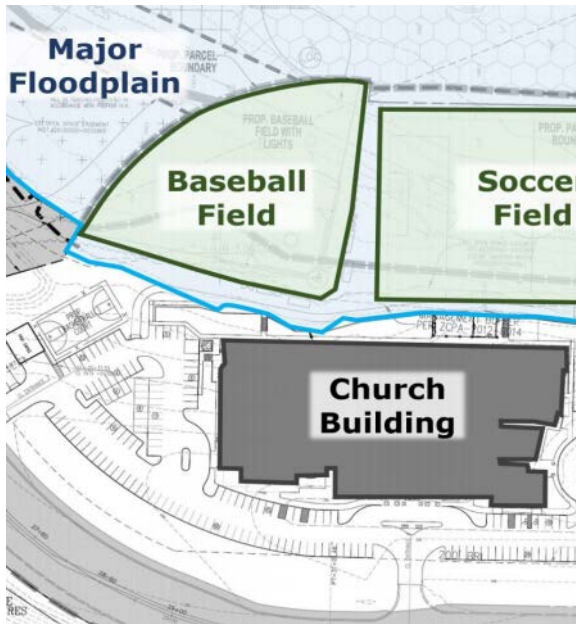

The current plans for the Loudoun section of Rivana include: Nearly 2,000 multifamily housing units; 1.8 million square feet of Class-A office space; A 185,000-square-foot retail village; A 265-room boutique hotel; A network of green and public spaces, including an 11-acre park. Phase 1A is scheduled to open for tenants in 2024. The property is bounded by Route 28, the Dulles Toll Road, and Innovation Avenue.

Silver District West ZMAP-2013-0006

No Change

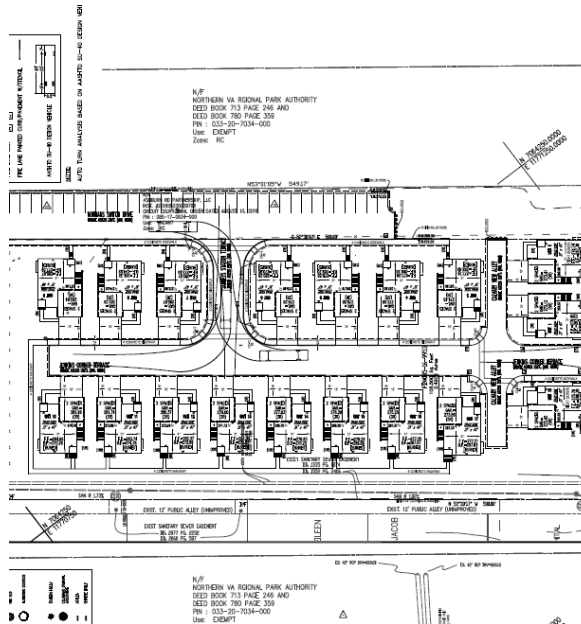

This project was approved by the Board of Supervisors in March 2019 as a rezoning from industrial and office park to transit center. The development is in both the Broad Run and Dulles Districts, with the portion in Broad Run located at the western corner of the Dulles Greenway and Loudoun County Parkway interchange. The development has approval to construct up to 3,706 residences and over 1 million square feet of non-residential space in an urban, transit-oriented environment.

Temple Baptist Church ZCPA-2019-0005

No Change

This project, located on the west side of Russell Branch Parkway, just north of Gloucester Parkway (across from the Kincora fire station), was approved by the Board of Supervisors on January 19, 2021. The application is to allow for the construction of a baseball field and a soccer field in the floodplain of the Broad Run, along with an associated church and school building located outside of the floodplain. The church is prohibited from using pesticides & excess fertilizers on the fields, and conveyed an acre of land to the county to be used for a future trail connection.

Trailview Ashburn STPL-2016-0023

No Change

This project is located in Old Ashburn on land in between Ashburn Road, Jenkins Lane, and the Washington and Old Dominion trail. The project includes the construction of 18 single family homes with associated parking spaces, roadways, and sidewalks. This project was allowed by-right, which means a property owner has the right to construct and subdivide their land into certain uses without having to submit an application before the Board of Supervisors for approval. Current building demolition has occurred at the project location and site clearing/preparation has begun.

**Waterside/Waterside North
ZMAP-2012-0006/ZCPA-2020-0014**

No Change

This project was approved by the Board of Supervisors in 2015 and encompasses most of the land bordered by the Innovation Avenue to the south, Route 28 (Sully Road) to the west, Old Ox Road to the north, and the Loudoun-Fairfax county line to the east. The project consists of filling in the recently closed quarry to create a centerpiece lake surrounded by high-density, high-rise spaces of residential, retail, commercial, cultural, and office uses. An application is under review to amend proffer triggers and the development layout.

**Waxpool Crossing
ZMAP-2019-0020**

No Change

This project, at the northwest corner of Ashburn Village Boulevard and Waxpool Road, was approved by the Board of Supervisors on January 19, 2021 as a rezoning from a church property to high-density residential. The developer will build 384 multifamily units, including 44 attainable housing units. In addition to trails along the project frontage, a roundabout will be constructed at the intersection of Waxpool Road and Faulkner Parkway. If, for some reason, the developer is unable to construct the roundabout, they must pay the county \$9.6 million.

Broad Run District Recreation and Pedestrian Projects

This section contains updates on recreation and community projects in and near the Broad Run District. To check on other projects in Loudoun County, or to view more specifics on major construction projects in the Broad Run District, view Loudoun's [Capital Projects Status Map](#).

Ashburn Community Center

Building designs have been 100% complete and have been submitted for final review and approval. All major design elements have been approved with no major changes expected. Once design plans are approved the advertisement can be released for the construction bid.

Advertisement for the construction bid is scheduled for summer 2021. Construction is estimated to commence in fall 2021. Read about the center [here](#).

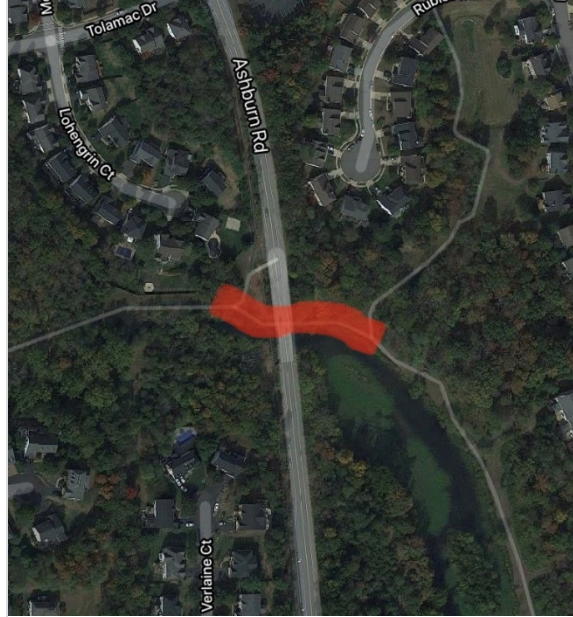

Ashburn Senior Center

Construction is substantially complete and the crews are working through final punch list items. Furniture and equipment is being moved in, though there has been a delay on some items due to the effects of COVID-19 on manufacturing over the last year. Staff positions are still being hired and will begin their positions soon. An official opening date has not been announced but is anticipated within a few months. Read more about the facility [here](#).

**Ashburn Village
Boulevard/Russell Branch
Parkway Missing Link
No Change**

On the southern corner of the Ashburn Village Boulevard and Russell Branch Parkway intersection is a few foot long missing sidewalk link between the existing asphalt trail and the ADA pedestrian ramp. County staff is currently working with VDOT and the developers that constructed the existing pedestrian facilities to fill in the missing link and create a continuous sidewalk.

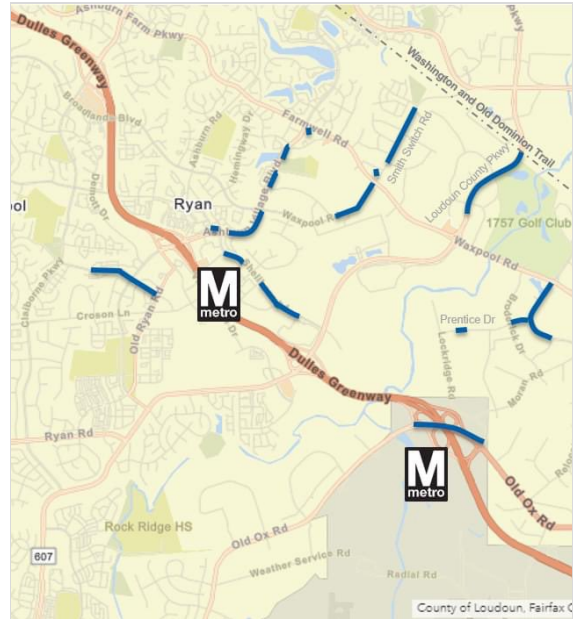

**Beaverdam Run Trail Under
Ashburn Road
No Change**

At the September 1 BOS Meeting, Supervisors Glass (Broad Run) and Turner (Ashburn) submitted [an initiative](#) to have County staff study the feasibility of paving an asphalt trail, under Ashburn Road, connecting the existing trails in Ashburn Village and Ashburn Manor. Staff resource allocation for the study has been approved and findings should become available in the coming months.

Linear Parks and Trails

The Loudoun County Board of Supervisors directed the Loudoun County Parks, Recreation and Open Space Board to develop a detailed implementation plan for an interconnected, countywide linear parks and trails system. Public input and engagement is a vital part of the planning initiative. Residents are encouraged to participate in the survey, submit comments and find more information about the Linear Parks and Trails system project at loudoun.gov/linearparksandtrails. The deadline to complete the survey is May 20, 2021. Inquiries and comments can also be sent by email to lpot@loudoun.gov.

Metro Station Area Pedestrian Improvements

VDOT's Loudoun County Metrorail Bicycle and Pedestrian Improvements project will construct missing segments in the bicycle and pedestrian network within two miles of the future Loudoun Gateway and Ashburn Metrorail stations in an effort to improve accessibility and connectivity to the stations. A virtual design public hearing has been scheduled for 6:30pm on Thursday, May 27 to receive input from the community on the overall plans and design elements for the project. To find out more about the project and to register for the public hearing, [click here](#).

Potomac Green Park

This project includes construction of a 28-acre park that will contain multi-purpose athletic fields/courts, a restroom and concession stand facility, pavilions, a playground, an off-leash area, and trails at a site on Marblehead Drive in Ashburn next to Steuart Weller Elementary School. Work has continued on installing underground utilities and site grading. Fences and fence fabrics are being installed on the off-leash area and the ball courts. Framing has been completed on the restroom/concession stand building and on the pavilions and spectator seating. The layout for the playground and initial playground foundation surfaces are being installed.

Sidewalks and Trails Program

No Change

Five Broad Run missing sidewalk projects [are in the design phase](#):

- Path on Ashburn Village Boulevard (east side) from Tippecanoe Terrace to the W&OD Trail
- Path & sidewalk on Waxpool Road (north & south sides) from Faulkner Parkway to Claiborne Parkway
- Path & sidewalk on Ashburn Road (east & west sides) from the W&OD Trail to Gloucester Parkway
- Path on Pacific Boulevard (east side) from Waxpool Road to the existing sidewalk south of the W&OD Trail

W&OD Trail Crossing at Smith Switch Road **No Change**

Design plans to make improvements to the crossing (realign the trail crossing to be perpendicular to the road; remove obstacles from sight line for approaching traffic; refresh existing crosswalk pavement markings) are anticipated to begin this year with construction to proceed after the design is completed. Funding comes from the county and a federal grant.

- Sidewalk on Davis Drive (east & west sides) from Sterling Boulevard to Church Road

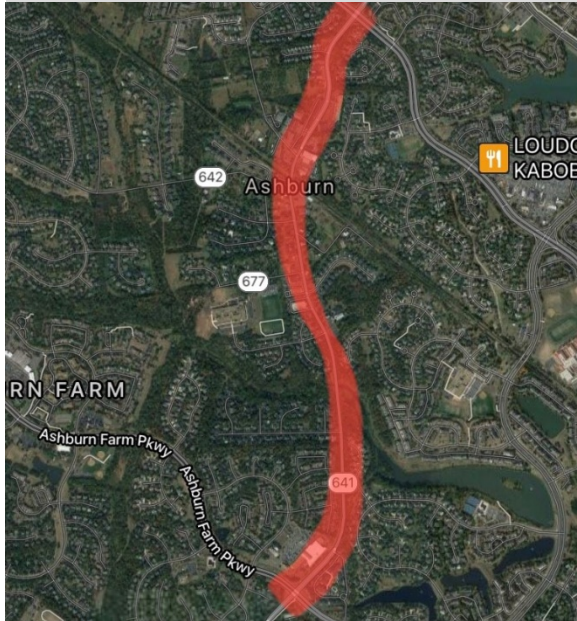

W&OD Trail Crossing at Sterling Boulevard **No Change**

This project provides for the design, right-of-way acquisition, and construction of an overpass for the the W&OD Trail across Sterling Boulevard. VDOT has agreed to perform the project survey on Loudoun County's behalf using VDOT funds. Field investigations and surveying has began with information provided by VDOT. Mapping information and design efforts are underway.

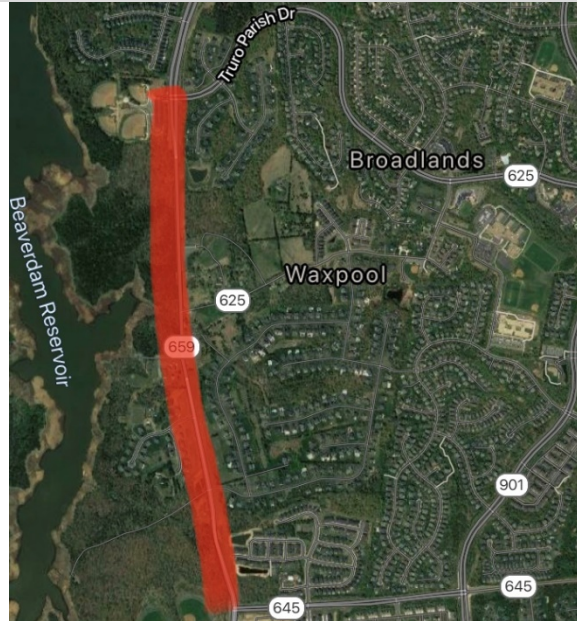

Broad Run District Transportation Projects

This section contains updates on road and transportation improvement projects around the Broad Run District. To check on other projects in Loudoun County, or to view more specifics on major construction projects in the Broad Run District, view Loudoun's [Capital Projects Status Map](#).

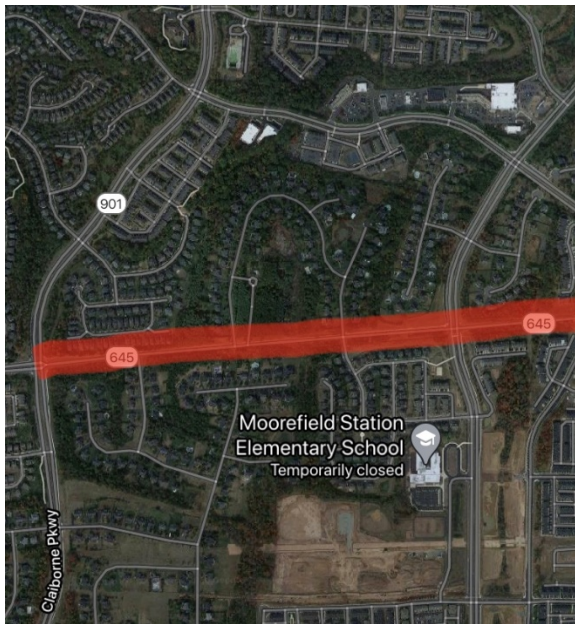

Ashburn Road Improvements **No Change**

[A study \(PDF\)](#) was completed on driver and pedestrian safety along the corridor of Ashburn Road between Gloucester Parkway and Farmwell Road/Ashburn Farm Parkway. The Board has allocated over \$300,000 for engineering and construction of the identified short-term solutions (page 12): additional signage, pavement reconfiguration, new pavement markings. The mid-term and the long-term recommendations were allocated to the "out years" for funding starting in 2026.

Belmont Ridge Road Widening

Dominion Energy's utility relocation is underway and pole relocation is being finalized, weather permitting. Utility relocation for other companies is at 25% completion and is scheduled to be fully completed in fall 2021. The construction contractor bid is expected to be advertised in Summer 2021. The storm water management plan is being revised in an effort to settle a land-acquisition dispute. Environmental and grading plans have been submitted. More information on this project can be found [here](#).

Croson Lane Widening

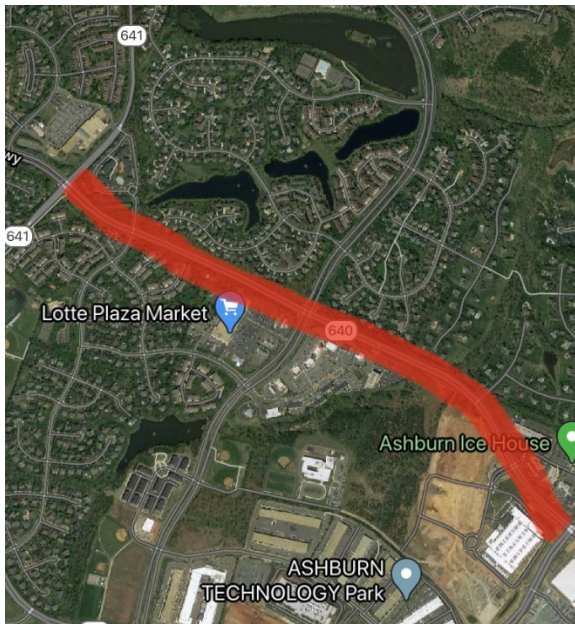

This project provides for the widening of Croson Lane to a four-lane, median-divided roadway from Claiborne Parkway and Old Ryan Road. An initial field survey has been completed and aerial surveys are underway. Plans are being developed with the Claude Moore Charitable Foundation to discuss the signal installation at Mooreview Parkway. A plan to analyze traffic data is also being coordinated. Construction is scheduled to begin in 2024.

Davis Drive/Sterling Boulevard Intersection Improvements

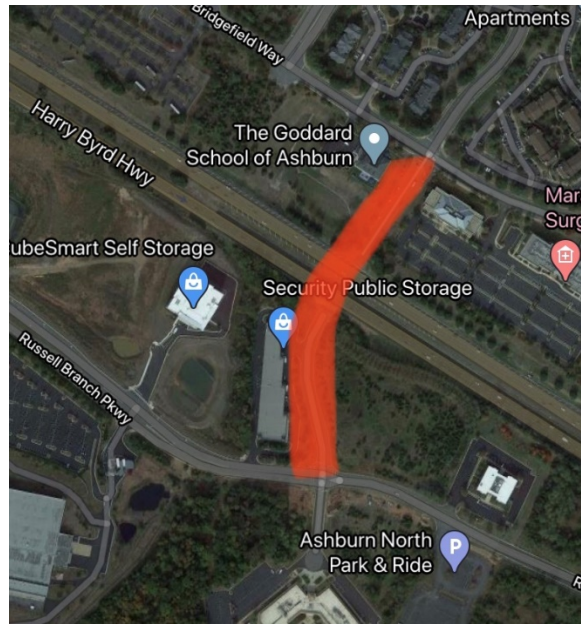

No Change

In September 2019 [a study](#) began of pedestrian and vehicular improvements along Davis Drive, in Sterling, from West Church Road to South Sterling Boulevard. Public comments on the proposed recommendations are open until March 16, 2021. Submit emailed comments to DTCl@Loudoun.gov. The final report is schedule to be presented to the Board of Supervisors in spring 2021.

Farmwell Road Intersection Improvements

Intersection Improvements along Farmwell Road, from Ashburn Road to Smith Switch/Waxpool Roads, are at 60% design plans. 100% design completion has been delayed until fall 2021 due to the discovery of newly placed underground utilities in the project area. Construction for the project is scheduled to begin in 2023 and end in fall 2025. The Board of Supervisors will endorse [the major project design elements](#) at its May 4th business meeting. Read more about the project [here](#).

George Washington Boulevard/Route 7 Overpass

No Change

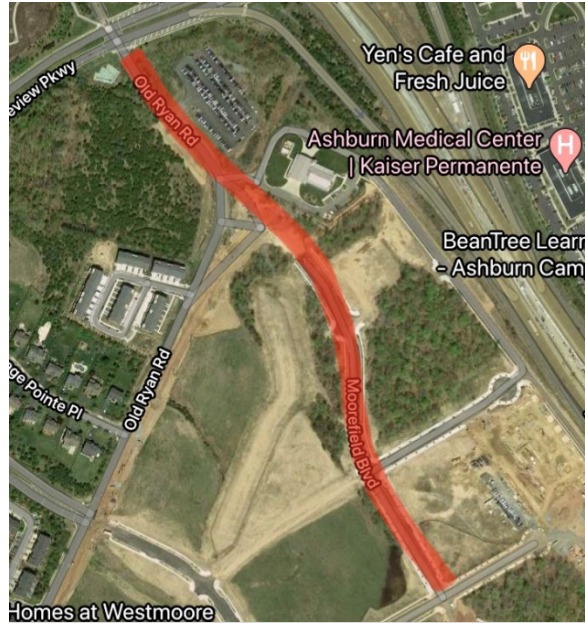

[This VDOT project](#) has a budget of \$27.3 million, financed with federal and state funds. In this quarter, right-of-way acquisition activities continued. Utility relocation activities continued and are substantially complete except for one utility. Finalization of the storm water management strategy and drainage report continued. In the next quarter, the advertisement package for contractor bids will be advertised in June 2021. Construction begins late 2021.

Metro Silver Line

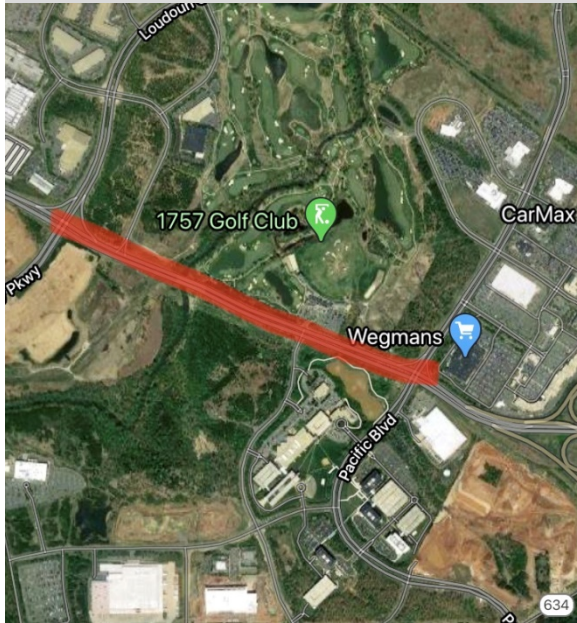

Metro begins phasing out older SmarTrip cards as part of upgrades as Metro invests in new faregates, fareboxes and fare payment options that will make it quicker and easier to pay but won't be compatible with the old cards. Customers are encouraged to replace their old SmarTrip cards now to avoid issues later. Metro is offering customers several convenient options, including mail-in, online, phone or in-person, to make the switch and transfer any balance to a new or existing SmarTrip card or virtual SmarTrip card on a mobile device. The best way to tell if you need to replace your card is to check the serial number on the back. All newer SmarTrip cards start with the serial number "0167," any others will need to be replaced.

Moorefield Boulevard Construction

This project provides for the developer-funded design and widening of Moorefield Boulevard from Mooreview Parkway to Old Ryan Road, and the construction of a traffic signal at Moorefield Boulevard and Mooreview Parkway. This project also includes construction of a county-funded traffic signal at Moorefield Boulevard and Old Ryan Road. The Moorefield Boulevard/Old Ryan Road traffic signal is also at 30% design stages and is expected to be at 100% design in fall 2021 after a delay. The developer-funded traffic signal at Moorefield Boulevard and Mooreview Parkway is anticipated to be installed by the end of summer 2021 with installation beginning in spring

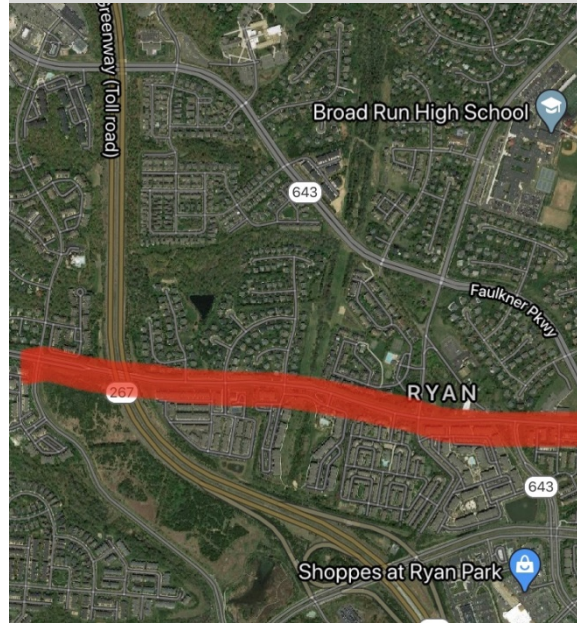

Waxpool Road Intersection Improvements I **No Change**

This project funds intersection improvements and turn lanes at Waxpool Road and Pacific Boulevard, intersection improvements and turn lanes at Waxpool Road and Broderick Drive, and intersection improvements and turn lanes at Waxpool Road and Loudoun County Parkway. Right-of-way authorization, land acquisition, and utility relocation are ongoing. Construction is expected to begin in 2021.

Project updates and information can be viewed [here](#).

2021. Design of this traffic signal is 100% complete.

Waxpool Road Intersection Improvements II **No Change**

[A study \(PDF\)](#) was completed on the safety of intersections along Waxpool Road from Demott Drive to Faulkner Parkway. Construction of the traffic signal at Demott Drive and Waxpool Road should begin in Spring 2021 with funding from Van Metre. The Board allocated up to \$300,000 to install a four-way stop at the intersection of Ashburn and Waxpool Roads (an identified short-term solution). Signage and brush trimming will occur at the intersection of Shellhorn and Waxpool Roads.
