Event Procedures

- In accordance with Centers for Disease Control and Prevention guidance, it is recommended that all individuals should wear a face covering at the point of service regardless of vaccination status. Also, because of safety concerns related to the handling of various types of hazardous materials, the events feature a drive-through process in which residents are instructed to remain in their vehicles and allow event staff to unload any items accepted for disposal. To ensure everyone remains in their vehicle while at the point of service, items must **not** be in sealed or tied plastic bags. Staff are not allowed to open any plastic bag containing HHW.

Next HHW Event

- Saturday, November 20, 2021, is the final HHW event of the year. The first event of 2022 is expected to be in March. Once the 2022 schedule of events is finalized, it will be posted at loudoun.gov/hhw.
