### **COVID-19 Vaccination Clinic at Dulles Town Center to Close Permanently February 26**

As demand for COVID-19 vaccine in Loudoun County continues to decrease and while COVID-19 vaccine is widely available from providers throughout the community, Loudoun County is permanently closing its mass vaccination clinic at Dulles Town Center, 21090 Dulles Town Circle, Sterling, effective at 4:00 p.m., Saturday, February 26, 2022. Loudoun County is currently planning to open a smaller vaccination site when the current location closes; details will be announced in the coming weeks.

The county will continue to provide first and second doses of COVID-19 vaccine, as well as boosters, through the regularly scheduled hours on Saturday, February 26; however, individuals who receive their first dose within 21 days (Pfizer) or 28 days (Moderna) of the clinic's closure must receive their second dose from another COVID-19 vaccine provider.

#### **Second Doses of Vaccine**

- **Pfizer**
  - People who receive their first dose of Pfizer vaccine on or before February 5, may receive their second dose by the time the clinic closes on February 26.
  - People who receive their first dose of Pfizer vaccine between February 8 and February 26 must receive their second dose at a location other than the Dulles Town Center clinic. Loudoun County will provide information to these individuals on where to receive their second dose.
- **Moderna**
  - People who received their first dose of the Moderna vaccine on or before January 29 may receive their second dose by the time the clinic closes on February 26.
  - People who receive their first dose of the Moderna vaccine between February 1 and February 26 must receive their second dose at a location other than the Dulles Town Center clinic. Loudoun County will provide information to these individuals on where to receive their second dose.

#### **Hours of Operation through February 26, 2022**

The Dulles Town Center COVID-19 vaccination clinic will continue to be open three days per week through Saturday, February 26, 2022:

- Tuesdays: 1:00 – 7:00 p.m.
- Fridays: 9:30 a.m. – 4:00 p.m.
- Saturdays: 9:30 a.m. – 4:00 p.m.

Walk-in vaccinations are available on a first-come, first-served basis during the COVID-19 vaccination clinic's scheduled hours of operation.

Appointments for COVID-19 vaccine are also still available. Visit the county's website at [loudoun.gov/covid19vaccine](https://loudoun.gov/covid19vaccine) to schedule your vaccination appointment. Anyone who does not have access to the internet may call the COVID-19 Information Line at 703-737-8300 to schedule an appointment.

### **Other Places to Get a COVID-19 Vaccine**

Vaccines are also available from many other providers in the community, such as local pharmacies. To find a COVID-19 vaccine provider near you, visit [vaccines.gov](https://vaccines.gov).

### **More Information**

Anyone with questions about receiving a COVID-19 vaccine may call the Loudoun County Health Department's information line Monday – Friday, 9:00 a.m. – 5:00 p.m., at 703-737-8300; or send an email anytime to [health@loudoun.gov](mailto:health@loudoun.gov).
