Loudoun Offers Mental Health Education & Substance Abuse Prevention Programs in April

Loudoun County offers ongoing mental health education and substance abuse prevention programs. All programs are free, but registration is required, and seats are limited. The schedule of upcoming classes for April 2022 is as follows:

Mental Health First Aid

[Mental Health First Aid](#) offers training that teaches people how to identify, understand and respond to signs of mental illness and substance use disorders. The training also teaches the skills that someone needs to reach out and provide initial help and support to someone who may be developing a mental health or substance use problem or experiencing a crisis. There are two versions of the program, a general adult program and a program for adults who interact with youth. The virtual trainings are usually held over a two-day period, with the class lasting for about three hours each day. The next training is:

- Adult Mental Health First Aid: **April 20 & 21**: 6:00 – 9:00 p.m. each day.

For details about the training and to register, visit loudoun.gov/mhfirstaid.
