Commissioner of the Revenue Mails Notices to Vehicle Owners – Residents Asked to Verify Vehicle Information Online for 2023 Tax Year

Loudoun Commissioner of the Revenue Robert S. Wertz Jr. is mailing notification of 2023 personal property filing requirements to all owners of automobiles, trucks, motorcycles, campers, trailers, boats, motorhomes, aircraft and mobile homes currently on the county's tax rolls. Residents will soon begin receiving notices in the mail with an account number and instructions that they will use to review and update their personal property tax records for the 2023 tax year. While information is regularly received from the Virginia Department of Motor Vehicles (DMV), this online process allows residents to review and update information on the more than 372,000 vehicles now located in the county. Residents can access their 2023 personal property information online at loudoun.gov/efile utilizing their social security or tax identification number, mailing address ZIP code and unique account number, which is displayed on the notice. Residents may receive more than one notice depending on how their property is owned or registered.

Residents should report corrections, an address change, the sale or disposal of a vehicle, or unusually high mileage as well as unrepaired body damage or serious mechanical defect since these factors may affect the property's valuation or the number of months a vehicle is taxed in the county. The commissioner requests that all changes be submitted by February 1, 2023, to assist in establishing accurate assessments for the 2023 tax year.

Beginning this year, motorcycles may be eligible for an assessment reduction for high mileage. Filing forms have been mailed to motorcycle owners currently on Loudoun County's tax rolls so that they may report the motorcycle's mileage as of January 1, 2023. A high mileage chart is available online at loudoun.gov/vehicle-mileage.

To avoid late filing penalties, newly acquired vehicles or those recently entering Loudoun County must be reported to the Commissioner of the Revenue within 60 days of purchase or move to Loudoun County or one of Loudoun County's incorporated towns. Owners of vehicles in the county are subject to taxes beginning on the date the vehicle came to Loudoun, regardless of when it is registered with the DMV or whether it displays out-of-state license plates.

Owners of vehicles displaying out-of-state license plates who are not otherwise exempt from obtaining Virginia license plates will be charged an additional annual license fee of \$100. A \$250 penalty may also be imposed on owners of vehicles that are not registered with the DMV within 60 days of the owner having established residency in Virginia.

Military service members residing in Loudoun County who have separated from military service and were receiving a tax exemption due to claiming a domicile outside of Virginia should contact the Commissioner of the Revenue's Office to report their change in active-duty status so their exemption can be removed.
