

Route 50 Special Road Work Notice for Week of March 11-16

NIGHTWORK -- TRAFFIC DETOUR SCHEDULED FOR RAMP FROM ROUTE 28 S.B. TO ROUTE 50 W.B.

On or about the nights of March 11 and 12 (weather permitting) from approximately 9:00 pm to 5:00 am, there will be a traffic detour for Route 28 SB traffic taking the exit ramp to Route 50 WB in Fairfax County. Ramp traffic will be detoured to WB Route 50 through the other three intersection loop ramps. Temporary signs will be utilized to aid in detouring ramp traffic. Also, a message board will be in place notifying motorists of the detour.

Upon completion of this work, the exit ramp will be shifted slightly so that a concrete barrier can be installed along the right shoulder of the ramp and along Route 50 WB. It is advised that delays are anticipated on Monday and Tuesday night, and it is recommended to utilize alternate routes.

INTERSECTION WORK SCHEDULED FOR ROUTE 50 AND STONECROFT BLVD

On the night of Friday, March 15 beginning at approximately 8:00 pm and continuing through the day on Saturday, March 16, there will be signal work taking place at the intersection of Route 50 and Stonecroft Blvd in Fairfax County. The permanent signal poles and signal heads will be removed, and new temporary signal poles will be installed with new overhead span wire and temporary signal heads.

Lane closures will be up in both the Eastbound and Westbound directions of Route 50 until completion. Also, police officers will be stopping traffic periodically so that the signal subcontractor can remove the permanent poles and install the new temporary signal poles and new span wire. Upon completion of this work, the new intersection will be fully operational and the traffic configuration through the intersection will stay the same. **It is advised that delays are anticipated on Saturday, and it is recommended to utilize alternate routes.**

MORE ANNOUNCEMENTS

Prom Wishes

Also, in last week's newsletter I neglected to include this announcement: The Junior Women's Club of Loudoun are currently holding "Prom Wishes" dress drive. You can donate your new or gently worn formal dresses and accessories to be given to local area young ladies that otherwise might not have Prom attire. Dresses, shoes, purses, jewelry, accessories, and unopened cosmetics are accepted. Donations can be left at the following County Community Centers: Claude Moore, Dulles South, Loudoun Valley, and Sterling until March 30.

Collected items will be distributed, free of charge at the April 6 Prom Wishes event at Rust Library (near Ida Lee Park in Leesburg) from 10:00 am-2:00 pm. All Loudoun teen girls are welcome to attend free of charge. For more information visit www.jwcl.org or email promwishes@jwcl.org.
