Dulles Direct Town Hall Meeting June 26

Please make plans to join me for my next Dulles Direct Town Hall meeting! The meeting will feature a presentation on one of the largest land use applications that we have seen in recent history -- Silver District West. The project proposes to build more than 3,500 residential units and 600,000 square feet of commercial development on both sides of Loudoun County Parkway near the Dulles Greenway.

I will be joined by staff from the Planning Department for an overview of the proposed development, a discussion of the review and analysis currently underway at the Board's Transportation and Land Use Committee, and the timeline for consideration by the Board.

As always, I will provide updates on County issues and projects and take your questions.

The meeting will take place on Tuesday, June 26 at 7:00 pm in the auditorium at Rock Ridge High School (43460 Loudoun Reserve Drive, Ashburn). I hope to see you there!

Rock Ridge High School Cafeteria
43460 Loudoun Reserve Drive, Ashburn, VA

A [noise contour map update](#) for Dulles will help guide local land use planning in the immediate vicinity of the airport. The maps are an update to contours prepared in 1993 that serve as the basis for the Loudoun and Fairfax counties' Airport Impact Overlay Districts zoning. This helps ensure compatible land uses surrounding the airport. Public workshops include an opportunity to visit with subject matter experts involved in the effort.

Individuals are welcome to [submit](#) questions and comments during these workshops, or at any time online until the conclusion of this process in early 2019.
