## Route 28 Lane Closure July 16-30

VDOT is planning to close the right southbound lane on Route 28 at the Air and Space Museum Parkway interchange from July 16 to July 30. Weather permitting, pavement reconstruction will occur during this two week period.

The closure will be in effect from just north of the Air and Space Museum Parkway interchange to just south of the interchange. The lanes that are separated by barriers to the right of the southbound Route 28 lanes will serve as temporary through lanes to keep four lanes available to traffic. The exit from southbound Route 28 to the Air and Space Museum Parkway will remain open and in use during this time.
