### County Hosts Public Information Meeting on Route 9/287 Roundabout Project

Loudoun County is hosting a public meeting for residents to learn about a project to construct a roundabout at the intersection of Route 9 and Route 287. The meeting will take place on Tuesday, June 25, 2019, from 6:30 p.m. to 8 p.m., in the cafeteria of Loudoun Valley High School, 340 North Maple Avenue, Purcellville.

Representatives of the Loudoun County Department of Transportation and Capital Infrastructure (DTCI), Virginia Department of Transportation and design consultant Wallace Montgomery will be on hand.

Information available at the meeting will include exhibits, traffic reports and project plans. A brief presentation will be held at the start of the meeting to provide an overview of the project, its background and current design status. The meeting will afford members of the public an opportunity to offer comments and/or ask questions about the project.

The project consists of approximately one mile of roadway improvements, including a two-lane roundabout at the intersection of Route 9 and Route 287. Improvements will also include new drainage and stormwater facilities as well as relocation of some utilities.

When complete, the project will significantly reduce existing traffic congestion, improve safety and provide a long-term, cost-effective solution for future maintenance.

Anyone requiring a reasonable accommodation for any type of disability to participate in the June 25 meeting should contact Marie Caraballo, DTCI, at 703-771-5905 or [marie.caraballo@loudoun.gov](mailto:marie.caraballo@loudoun.gov). At least three business days' notice is requested.
