

Dulles Direct Town Hall Meeting
December 19, 2019

As a reminder, I will be hosting my next Dulles Direct Town Hall meeting at 7 PM on Thursday, December 19 at Hutchison Farm Elementary School. We will be discussing potential changes to the intersection of Tall Cedars Parkway and Nations Street, along with other updates. Loudoun's Department of Transportation and Capital Infrastructure will be sending staff for the intersection discussion.

As I mentioned in my November newsletter, I reviewed updated crash data from LCSO and I'm very concerned with the rate at which accidents are occurring at the Tall Cedars / Nations intersection. The County has been working with VDOT on a plan to restrict left turns from Nations onto Tall Cedars and block Nations traffic from crossing at the intersection - similar to what we have in place at Center Street / Loudoun County Parkway and Tall Cedars / Elk Lick. The purpose of this meeting is review the situation and discuss the plan that the County is working on. There is some urgency to the discussion because I'm trying to line up the Board's decision on this matter with a potential opportunity to help with funding.

As always following our main discussion, I'll provide updates on general County issues including land use,

retail, and road and signal construction. I'll be happy to take any questions you may have. We will be live streaming the meeting on my Facebook page, but I will only be able to take questions from those who attend in person.

The meeting will take place in the cafeteria at Hutchison Farm, located at 42819 Center Street in South Riding.
