## LOUDOUN

our county • our future

### **LAST CHANCE TO HELP SHAPE OUR COUNTY'S FUTURE**

Neighbors,

If you haven't yet attended a "Listen & Learn" workshop, please make sure to come out to the last Envision Loudoun community workshop this Thursday, December 8th. My office has worked with the Economic Development department to schedule the last workshop right in Sterling. Let's make sure to have a good amount of turnout from our district. With that, please help spread the word by sharing this message widely with your friends, neighbors and HOA community. Everyone is welcome.

Cascades Senior Center  
21060 Whitfield Pl, Sterling, VA.  
(located right next to the Cascades Library)  
December 8, 2016  
7:00 - 8:30 p.m.

#### Why should you participate?

In Loudoun, change happens fast. Loudoun County was the 5th fastest growing county in the country over the last 15 years. The new Comprehensive Plan will help to ensure growth occurs at a pace and in a pattern that is fiscally sustainable for the county. It will set clear development expectations to maintain our county's high quality of life and fiscal security.

This is a unique opportunity.

Envision Loudoun is a unique opportunity to build a comprehensive plan for the future. Through Envision you'll have the opportunity to shape the goals and objectives that will drive our land use and transportation decisions toward the next planning horizon.

Share your experiences, help us build the community of the future.

Your input is the driving force of the Comprehensive Plan. Your voice, values and perspective will help the team develop a plan you can confidently stand behind and champion through implementation. The Planning Team will also come back to the community frequently to see if we heard you correctly.

Great communities don't just happen.

You chose this community for a reason. Loudoun County is a great place to live, work and raise a family. This process is intended to gather your input as to what creates the high quality of life residents expect of Loudoun and provides guidance on how to retain that quality of life for future generations.

Hope to see you there!

Kind regards,

Koran T. Saines  
Sterling District Supervisor
