Help Bring Art to the Sterling Library

Award-winning "storyteller through ceramics" Joan Gardiner has been commissioned to create "Journeys to Sterling," a 10' x 10' art-tile project at our new Sterling Library. The project will represent the community through tiles inspired by photos of actual residents, and through colorful depictions of the travels many have made to arrive in Sterling.

Help make this project happen! Individuals and businesses may donate to the cause online. The campaign is being led by the Loudoun Arts Council. There are four unique levels of giving incentives for this important project. **Top-level donors will be acknowledged on the project itself.**

Help Restore the Veteran's Memorial

A company is willing to provide restoration and preservation of the Veteran's Memorial at the intersection of Sterling Boulevard and W Holly Avenue. The proposed restoration will focus on the memorial itself, attempting to remove as much of the stain from the marble as possible, and then sealing the marble to prevent further damage. The quote we have received is for the amount posted as the fundraising goal: \$4000.

We are currently 70% away from our goal and to get there faster, a generous business is matching \$1 for every \$3 donated. Our Veterans have given the ultimate service, and some regrettably the ultimate sacrifice, to our community. The least we can do is commemorate them. Please consider donating to this cause and let's show our Veterans

that Sterling stands with them. Any amount helps, and no donation is too small. Donations are tax-deductible.
