

Milestone Communications and Sprint, who have proposed a telecommunications monopole in Claude Moore Park, will be flying a balloon at Claude Moore Park tomorrow morning from 8:00-12:00. The purpose of this is to visually demonstrate where the proposed monopole would go. Below are examples of how the balloon will look.

The proposal is to replace an existing sports field light pole with a 124-foot tall monopole and then restore the lights back to the original height.

For more information on the proposal visit the website created for this project [here](#).

Sincerely,

Koran T. Saines
