

NATIONAL POLICE DOG FOUNDATION

May 27, 2019

Sheriff Michael L. Chapman
Loudoun County Sheriff's Office
P.O. Box 7200.
Leesburg, VA 20177

Dear Sheriff Chapman:

On behalf of the Board of Directors, I want to thank you personally, as well as the Loudoun County Sheriff's Office for your support of our 2nd annual National Police K-9 Memorial Service held on May 11, 2019. Your department's active involvement was critical in making this now a recognized annual event during Police Week in honoring our fallen Police K-9 Heroes.

I would like to commend Sgt. Samantha Harwood for her part in arranging to have Loudoun County Sheriff's Office represented as Honor Guard for our K-9 Memorial Service this year.

This displayed the solemn pride of their duty and brought great honor on your department, and we commend your Honor Guard for the dignity and honor they bestowed upon our fallen K-9 Heroes.

We truly appreciate your department's support and value your dedication to this very worthwhile cause. Each individual who served brought great distinction and honor to your agency. Rest assured, we realize that without your department's effort, this event would not have been as polished and as proper as it was.

Thank you again for your support, and for allowing us to make this a meaningful event. The K-9s, their handlers, and the departments are also grateful of your support.

If we can ever be of help to you or your department, please don't hesitate to contact us at any time.

Sincerely,

Judi Reilly
President, Board of Directors

Thanks so much. I just saw the Sheriff's Office in action trying to find a missing child. I was so impressed. You guys work so hard every day and are just awesome. Thank you.

After losing control of my vehicle and slipping off the pavement. and having a car accident, Officer Lotz arrived and choreographed all of the details, like calling a tow company and coordinating an ambulance, with the most calm and supportive demeanor I could have ever asked for. I am so grateful for his intuition and capabilities in dealing with people who are in the fog of adrenaline after an accident. Couldn't have asked for a better support from the county in a time of need.

My son while driving back home on Rt 28 on Saturday evening around 7:30pm and had a flat tire and had to pull to the shoulder. AAA service took almost two hours before they got to the site. Deputy Romero who was passing by pulled over and stayed with him the entire time, until the AAA person arrived. On top of that AAA person had difficult time in replacement of the tire and Deputy Romero helped him by searching a video on replacement of tire for my sons GLK320 car. Deputy Romero went out of the way, making my son feel comfortable and also made sure he was safe by waiting there behind the car with lights on (as the flat occurred just after the previous exit and there were chances of cars entering the highway to hit the car). We are eternally grateful to Deputy Romero for his help and thankful to Police community especially the Loudoun County for their exemplary service. THANK YOU

For the attention of The Sheriff,
Loudon County Sherriff's Office.

PO box 7200
Leesburg VA 20177

Dear Sir,

I am writing to formally thank you in the Office you hold and especially one of your Officers, Deputy J. Southward 3270 for the very kind and efficient assistance I received last week. I was with my wife and a group of 16 friends visiting the United States of America on a trip to visit the three Concorde Aircraft at present on exhibition in Seattle, Washington and New York. The trip was also part of our Golden Wedding Anniversary celebrations so had a special meaning for us. Following a serious car crash in 1969 from which we were rescued by a young policemen, we were married in Gloucester Hospital which became Lesley's home for 6 months before she was strong enough to come home. The evening before we were married, the two prototype Concorde's flew over the Hospital as we sat outside Ward 8 in the evening. Such was the beginning of our association with that iconic aircraft.

However, after visiting the Steven F. Udvar-Hazy Centre to see the Washington Concorde there last Friday 7th June 2019, amidst the confusion of 4 Uber cars collecting 16 of the group from the Museum to take us to the Courtyard Hotel at Dulles Town Centre, I unfortunately left my camera and telephone in the case in the Uber car in which my wife and had been riding. As soon as we realised - within a few minutes, the leader of the group who had booked the car, sent a message in the accepted manner, asking the driver to return - at our cost - the camera. I waited for 30 hours to give the driver the opportunity to return the goods but unfortunately without success. I therefore contacted the Sheriff's office on 703-777-1021- I believe that is Chantilly?. I explained my with the pressures that officers of the law are under at this time. On this occasion I am so grateful that an officer of such kindness and commitment attended. It was not life threatening nor a serious traffic offence but his ability made such a tremendous difference to my wife and I on our tour by returning not only the items but also the photographs of our trip which were stored not only on the camera but also on the mobile telephone. I thank you for your leadership and I commend Deputy Southward for his attention. His actions made such a difference and he handled it in such a supportive and friendly manner. We will ever be grateful. Please extend our thanks to him and to Fairfax County for their Assistance.

With all kind regards and sincere thanks,

Car had a blowout and I was given extraordinary help from (Deputy) Leonard.

(Deputy Frye) sat with me for over an hour to help me with my phone situation after my mom called for a wellness check because she couldn't get ahold of me. Called my service provider and didn't leave til the problem was rectified. Helped with a violation of a protective order and continued to follow up even after she left and was nothing but pleasant and kind to me. As 1 told her there's a special place in heaven for people like her. Her compassion and kindness was more than helpful and soothing to the situation.
