INTRODUCTION

Purpose

Emergency Support Function (ESF)-7 Logistics Management and Resource Support provides guidance and direction regarding procurement, distribution, and delivery of supplies and other resources associated with the response to a significant event. In addition, ESF-7 directly supports the Emergency Operations Center (EOC) and all ancillary facilities.

Scope

ESF-7 Logistics Management and Resource Support is comprised of two distinct branches, the Service Branch and the Support Branch.

The Service Branch provides direct support to ensure that the EOC functions optimally during a significant event. Activities within the scope of ESF-7 Service Branch include: maintains the physical operation of the EOC; ensures voice and data communication systems within the EOC are operable; monitors critical network and applications systems; and provides human resources to perform administrative tasks.

The Support Branch ensures that essential incident support resources are coordinated and prioritized during a significant event. Activities within the scope of ESF-7 Support Branch include: monitors and reports resource status; acquires, allocates, and distributes supplies; assesses facility requirements; and manages resource transportation requirements. For the purpose of this document:

- ▶ Due to the complexity of this ESF, the Agency Roles and Responsibilities section will also include Support and Service Branch positions.
