Questions and Answers

Q1: I have a question regarding RFQ 142782 - Purchase of Nutrient Credits for the Loudoun County Municipal Separate Storm Sewer System with the Acceptance Date of 12/20/19, prior to 4:00PM Atomic Time. We may respond with multiple banks. The Bid Form provides sufficient lines to provide pricing for the banks. Should the minimum qualifications and associated documentation spelled out in Section 4 and other required materials for each bank be provided in the same sealed container indicating the IFB number, time and date of opening and the title of the IFB?

Answer: The minimum qualifications and all associated documents listed in Section 4 have to be submitted for all nutrient banks identified on the bid form in the same sealed container with the IFB number, time and date of opening, and title listed on the container.
