

T.P. Roll Forest Friends

-Slithery Snake-

MATERIALS

- ♦ 1 T.P. Cardboard Roll
- ♦ Scissors
- ♦ Paint
- ♦ Paper Towel Roll
(Optional)
- ♦ Googly Eyes
(Optional)

STEP 1: Paint the T.P. tube. The inside will be the belly, or “scutes”, and the outside will be the scales on top of the snake.

STEP 2: Once dry, cut the tube into a spiral. The thinner you cut, the loooooonger your snake will be!

STEP 3: Cut a head and tongue into one end of the spiral. You can use pencil to lightly draw the shape before you cut.

STEP 4: Wrap the snake around a paper towel tube for ease of decorating and drying.

STEP 5: Paint, decorate, and add eyes. If you don't have googly eyes, you can paint them on.

STEP 6: Hang out with your new snake friend!

Eastern Ratsnake
Pantherophis alleghaniensis

"Sweetie", the Visitor Center's
Amelanistic Red Cornsnake
Pantherophis guttatus
