- A. During the performance of this Contract, the Contractor agrees as follows:
 - 1. The Contractor will not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, age, disability, status as a service disabled veteran, or any other basis prohibited by state law relating to discrimination in employment, except where there is a bona fide occupational qualification reasonably necessary to the normal operation of the Contractor. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.
 - 2. The Contractor, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, shall state that such Contractor is an equal opportunity employer.
 - 3. Notices, advertisements and solicitations placed in accordance with federal law, rule or regulation shall be deemed sufficient to meet this requirement.
- B. The Contractor will include the provisions of the foregoing paragraphs, 1, 2, and 3 in every subcontract or purchase order of over \$10,000, so that the provisions will be binding upon each subcontractor or vendor.

6.15 Drug-Free Workplace

Every Contract over \$10,000 shall include the following provisions:

During the performance of this Contract, the Contractor agrees to (i) provide a drug-free workplace for the Contractor's employees; (ii) post in conspicuous places, available to employees and applicants for employment, a statement notifying employees that the unlawful manufacture, sale, distribution, dispensation, possession, or use of a controlled substance or marijuana is prohibited in the Contractor's workplace and specifying the actions that will be taken against employees for violations of such prohibition; (iii) state in all solicitations or advertisements for employees placed by or behalf of the Contractor that the Contractor maintains a drug-free workplace; and (iv) include the provisions of the foregoing clauses in every subcontract or purchase order of over \$10,000, so that the provisions will be binding upon each subcontractor or vendor.

For the purposes of this section, "drug-free workplace" means a site for the performance of work done in connection with a specific Contract awarded to a Contractor in accordance with this chapter, the employees of whom are prohibited from engaging in the unlawful manufacture, sale, distribution, dispensation, possession, or use of a controlled substance or marijuana during the performance of the Contract.

6.16 Faith-Based Organizations

The County does not discriminate against faith-based organizations.

6.17 Immigration Reform and Control Act of 1986

By entering this Contract, the Contractor certifies that it does not and will not during the performance of this Contract violate the provisions of the Federal Immigration Reform and Control Act of 1986, which prohibits employment of illegal aliens.

6.18 Substitutions

NO substitutions, additions or cancellations, including those of key personnel, are permitted after Contract award without written approval by the Division of Procurement. Where specific employees are proposed by the Contractor for the work, those employees shall perform the work as long as those employees work for the Contractor, either as employees or subcontractors, unless the County agrees to a substitution. Requests for substitutions will be reviewed by the County and approval may be given by the County at its sole discretion.

6.19 Condition of Items

All items shall be new, in first class condition, including containers suitable for shipment and storage, unless otherwise indicated herein or as may be agreed to by the parties in a written amendment to this Agreement. Oral or written but unsigned agreements to the contrary will not be recognized.

6.20 Workmanship and Inspection

All work under this Contract shall be performed in a skillful and workmanlike manner. The Contractor and its employees shall be professional and courteous at all times. The County reserves the right to require immediate removal of any Contractor employee from County service it deems unfit for service for any

reason, not contrary to law. This right is non-negotiable and the Contractor agrees to this condition by accepting this Agreement. Further, the County may, from time to time, make inspections of the work performed under the Agreement. Any inspection by the County does not relieve the Contractor of any responsibility in meeting the Agreement requirements.

The Contractor will have all employees working at County sites wear a uniform and have photo identification (frontal face). This identification must be prominently displayed at all times. No one with a felony conviction may be employed under this Agreement. The Contractor MUST remove any employee from County service who is convicted of a felony during his or her employment.

6.21 Cleaning Up

The Contractor shall at all times keep the adjacent areas of the property free from rubbish and the accumulation of any waste materials. Contractor shall be responsible for the removal of all trash at the end of each day, or more frequently as may be required by the Contract Administrator.

6.22 Exemption from Taxes

Pursuant to Va. Code § 58.1-609.1, the County is exempt from Virginia State Sales or Use Taxes and Federal Excise Tax, therefore the Contractor shall not charge the County for Virginia State Sales or Use Taxes or Federal Excise Tax on the finished goods or products provided under the Contract. However, this exemption does not apply to the Contractor, and the Contractor shall be responsible for the payment of any sales, use, or excise tax it incurs in providing the goods required by the Contract, including, but not limited to, taxes on materials purchased by a Contractor for incorporation in or use on a construction project. Nothing in this section shall prohibit the Contractor from including its own sales tax expense in connection with the Contract in its Contract price.

6.23 Contract Performance Bond

The following bond or security shall be delivered to the Division of Procurement and shall become binding on the parties upon the execution of the Contract:

- A. A performance bond satisfactory to the County, executed by a surety company authorized to do business in Virginia with a Best's Key Rating of Level A or better and in a financial size of Class VII or higher, or otherwise secured in a manner satisfactory to the County, for the faithful performance of the Contract in strict conformity with the plans, specifications and conditions of the Contract. The bond shall be in an amount equal to one hundred percent (100%) annual contract amount. This bond shall be renewable annually during the Contract Term.
- B. The amount of the performance bond shall increase without the necessity of any action by the County, to the same extent the Contract Price increases due to changes.
- C. All sureties providing bonds shall give written notice to the County at least thirty (30) days prior to the expiration or termination of the bond(s).

- D. If at any time, any surety or sureties become insolvent or are determined by the Owner to be unable to adequately secure the interests of the County, the Contractor shall within thirty (30) days after such notice from County to do so, substitute an acceptable bond(s) in such form and sum and signed by such other sureties as may be satisfactory to County. The premium on such bond(s) shall be paid by the Contractor at no additional cost to the County provided reasonable justification can be provided by the County for its determination.
- E. The bond shall be payable to the County of Loudoun, Virginia and delivered within fifteen (15) calendar days following the County's issuance of the Notice of Intent to Award.
- F. If the Contractor fails to provide the required bond in accordance with the terms identified herein, the County may terminate the contract for cause.

Bidders shall provide with their bids a statement from a surety company confirming the Bidder's ability to provide a performance bond (as required above) if awarded a contract under this IFB. See Attachment #8 for a sample Surety Statement.

6.24 Ordering, Invoicing and Payment

All work requested under this Contract shall be placed on a County issued Purchase Order. The Contractor shall not accept credit card orders or payments.

Upon delivery and acceptance of the service, the Contractor shall submit an invoice on a monthly basis detailing the appropriate charges.

This invoice must have the month invoiced for, current Purchase Order Number for said contract and also include the address below.

Invoices shall be submitted to:

County of Loudoun, Virginia
Department of General Services
P.O. Box 7100
Leesburg, VA 20177-7100
Attn: Kathleen Vance

Upon receipt of invoice and final inspection and acceptance of the service, the County will render payment within forty-five (45) days unless any items thereon are questioned, in which event payment will be withheld pending verification of the amount claimed and the validity of the claim. The Contractor shall provide complete cooperation during any such investigation. Unless invoice items are questioned, the interest shall accrue at the rate of one percent (1%) per month for any late payments.

Individual Contractors shall provide their social security numbers, and proprietorships, partnerships, and corporations shall provide their federal employer identification number on the pricing form.

6.25 Payments to Subcontractors

Within seven (7) days after receipt of amounts paid by the County for work performed by a subcontractor under this Contract, the Contractor shall either:

- A. Pay the subcontractor for the proportionate share of the total payment received from the County attributable to the work performed by the subcontractor under this Contract; or
- B. Notify the County and subcontractor, in writing, of his intention to withhold all or a part of the subcontractor's payment and the reason for non-payment.

The Contractor shall pay interest to the subcontractor on all amounts owed that remain unpaid beyond the seven (7) day period except for amounts withheld as allowed in item B. above.

Unless otherwise provided under the terms of this Contract, interest shall accrue at the rate of one percent (1%) per month.

The Contractor shall include in each of its subcontracts a provision requiring each subcontractor to include or otherwise be subject to the same payment and interest requirements as set forth above with respect to each lower-tier subcontractor.

The Contractor's obligation to pay an interest charge to a subcontractor pursuant to this provision may not be construed to be an obligation of the County.

6.26 Assignment

The Agreement may not be assigned in whole or in part without the prior written consent of the Division of Procurement. The rights and obligations of the Contractor are personal and may be performed only by the Contractor. Any purported assignment that does not comply with this provision is void. This Agreement is binding upon and inures to the benefit of the parties and their respective permitted successors and assigns.

6.27 Termination

Subject to the provisions below, this Contract may be terminated by the County upon thirty (30) days advance written notice to the Contractor; but if any work or service hereunder is in progress, but not completed as of the date of termination, then the Contract may be extended upon written approval of the County until said work or services are completed and accepted.

A. Termination for Convenience

The County may terminate this Contract for convenience at any time in which the case the parties shall negotiate reasonable termination costs.

B. Termination for Cause

In the event of Termination for Cause, the thirty (30) days advance notice is waived and the Contractor shall not be entitled to termination costs.

C. Termination Due to Unavailability of Funds in Succeeding Fiscal Years

If funds are not appropriated or otherwise made available to support continuation of the performance of this Contract in a subsequent fiscal

year, then the Contract shall be canceled and, to the extent permitted by law, the Contractor shall be reimbursed for the reasonable value of any non-recurring costs incurred but not amortized in the price of the supplies or services delivered under the Contract.

6.28 Contractual Disputes

The Contractor shall give written notice to the Purchasing Agent of intent to file a claim for money or other relief within ten (10) calendar days of the occurrence giving rise to the claim or at the beginning of the work upon which the claim is to be based, whichever is earlier.

The Contractor shall submit its invoice for final payment within thirty (30) days after completion or delivery.

The claim, with supporting documentation, shall be submitted to the Purchasing Agent by US Mail, courier, or overnight delivery service, no later than sixty (60) days after final payment. If the claim is not disposed of by agreement, the Purchasing Agent shall reduce his/her decision to writing and mail or otherwise forward a copy thereof to the Contractor within thirty (30) days of the County's receipt of the claim.

The Purchasing Agent's decision shall be final unless the Contractor appeals within thirty (30) days by submitting a written letter of appeal to the County Administrator, or his designee. The County Administrator shall render a decision within sixty (60) days of receipt of the appeal.

No Contractor shall institute any legal action until all statutory requirements have been met. Each party shall bear its own costs and expenses resulting from any litigation, including attorney's fees.

6.29 Severability

In the event that any provision shall be adjudged or decreed to be invalid, by a court of competent jurisdiction, such ruling shall not invalidate the entire Agreement but shall pertain only to the provision in question and the remaining provisions shall continue to be valid, binding and in full force and effect.

6.30 Governing Law/Forum

This Agreement shall be governed and construed in all respects by its terms and by the laws of the Commonwealth of Virginia. Any judicial action shall be filed in the Commonwealth of Virginia, County of Loudoun. Contractor expressly waives any objection to venue or jurisdiction of the Loudoun County Circuit Court, Loudoun County, Virginia. 6.32 Licensure

To the extent required by the Commonwealth of Virginia (see e.g. 54.1-1100 et seq. of the Code of Virginia) or the County, the Contractor shall be duly licensed to perform the services required to be delivered pursuant to this Contract.

6.33 Authority to Transact Business in Virginia

A Contractor organized as a stock or nonstock corporation, limited liability company, business trust, or limited partnership or registered as a registered limited liability partnership shall be authorized to transact business in the Commonwealth as a domestic or foreign business entity if so required by Title 13.1 or Title 50 of the Code of Virginia or as otherwise required by law. Any business entity described herein that enters into a Contract with the County pursuant to the Virginia Public Procurement Act 2.2-4300 et seq. shall not allow its existence to lapse or its certificate of authority or registration to transact business in the Commonwealth, if so required under Title 13.1 or Title 50 of the Code of Virginia, to be revoked or cancelled at any time during the term of the Contract. The County may void any Contract with a business entity if the business entity fails to remain in compliance with the provisions of this section.

6.34 No Smoking

Smoking in all County buildings is prohibited. The County may designate a smoking area outside County facilities. Contractor shall only use those designated smoking areas. Certain County facilities, both inside and outside, may be entirely smoke free. Contractor shall inquire of the Contract Administrator or designee if a facility is entirely smoke free. Failure to adhere

to the County's no smoking policies may lead to removal of Contractor employees and possible Contract termination.

6.35 Confidentiality

A. Contractor Confidentiality

The Contractor acknowledges and understands that its employees may have access to proprietary, business information, or other confidential information belonging to the County of Loudoun. Therefore, except as required by law, the Contractor agrees that its employees will not:

1. Access or attempt to access data that is unrelated to their job duties or authorizations as related to this Contract.
2. Access or attempt to access information beyond their stated authorization.
3. Disclose to any other person, or allow any other person access to, any information related to the County or any of its facilities or any other user of this Contract that is proprietary or confidential. Disclosure of information includes, but is not limited to, verbal discussions, FAX transmissions, electronic mail messages, voice mail communication, written documentation, "loaning" computer access codes and/or another transmission or sharing of data.

The Contractor understands that the County, or others may suffer irreparable harm by disclosure of proprietary or confidential information and that the County may seek legal remedies available to it should such disclosure occur. Further, the Contractor understands that violations of this provision may result in Contract termination.

The Contractor understands that information and data obtained during the performance of this agreement shall be considered confidential, during and following the term of this Contract, and will not be divulged without the Purchasing Agent's written consent and then only in strict accordance with prevailing laws. The Contractor shall hold all information provided by the County as proprietary and confidential and shall make no unauthorized reproduction or distribution of such material.

B. County Confidentiality

In addition, the County understands that certain information provided by the Contractor during the performance of this Agreement may also contain confidential or proprietary information. All information will be maintained in accordance with the Virginia Freedom of Information Act.

6.36 Counterparts

This Contract and any amendments or renewals hereto may be executed in a number of counterparts, and each counterpart signature, when taken with the other counterpart signatures, is treated as if executed upon one original of this Contract or any amendment or renewal. A signature by any party to this Contract provided by facsimile or electronic mail is binding upon that party as if it were the original.

6.37 Force Majeure

A party is not liable for failure to perform the party's obligations if such failure is as a result of Acts of God (including epidemics, pandemics, fire, flood, earthquake, storm, hurricane or other natural disaster), war, invasion, act of foreign enemies, hostilities (regardless of whether war is declared), civil war, rebellion, revolution, insurrection, military or usurped power or confiscation, terrorist activities, nationalization, government sanction, blockage, embargo, strikes at national level or industrial disputes at a national level, or strike or industrial disputes by labor not employed by the affected party, its subcontractors or its suppliers and which affect an essential portion of the contracted for works but excluding any industrial dispute which is specific to the performance of the works or this contract, interruption or failure of electricity or telephone service.

If a party asserts Force Majeure as an excuse for failure to perform the party's obligation, that party must immediately notify the other party giving full particulars of the event of force majeure and the reasons for the event of force majeure preventing that party from, or delaying that party in performing its obligations under this contract and that party must use its reasonable efforts to mitigate the effect of the event of force majeure upon its or their performance of the contract and to fulfill its or their obligations under the contract.

An event of force majeure does not relieve a party from liability for an obligation which arose before the occurrence of that event, nor does that event affect the obligation to pay money in a timely manner which matured prior to the occurrence of that event.

The Contractor has no entitlement and County has no liability for: (1) any costs, losses, expenses, damages or the payment of any part of the contract price during an event of force majeure; and (2) any delay costs in any way incurred by the contractor due to an event of force majeure.

6.38 Survival of Terms

Upon discharge of this Agreement, Sections (Notice, Hold Harmless, Governing Law/Forum, Contractual Disputes) of these Terms and Conditions continue and survive in full force and effect.

6.39 Non-Waiver

No waiver of any provision of this Agreement shall constitute a waiver of any other provision nor shall any waiver of this Agreement constitute a continuing waiver unless otherwise expressly provided.

6.40 Loudoun County Quality Assurance Program (QAP)

Each of the services to be rendered under this Contract are subject to County inspection, both during and after completion of the tasks. The QAP (inspections evaluations) is NOT a substitute for Quality Control (manpower supervision/control) by the Contractor. The County's QAP effort does not relieve the Contractor from the responsibility of satisfactorily performing the services specified in the Contract nor does it relieve the Contractor deductions due to Contract deficiencies as outlined in Attachment #6 hereof. During the QAP

inspections, if the Contractor does not have enough staff to meet the contracted hourly requirements, the County will assume that the staff was not there for the whole workday. It will be up to the Contractor to provide the Contract Administrator with a work plan as to how many staff will be working for how many hours during this time period. The Contractor's plan must define what hours they will be on-site.

A. Consequence of Contractor's Failure to Satisfy Minimum Staff-Hour Requirements of the Contract:

1. Number of staff-hour(s) below required number X \$18.50.
2. The count shall be determined and agreed upon by the Contractor and the Contract Administrator.
3. All credits shall be given by the Contractor to the County on the monthly billing for the month of the provided services (i.e. if the Contractor is invoicing for the month of May the credits will be deducted from the May invoice.)
4. Any dispute concerning the determination of the count shall be referred to the County Purchasing Agent for resolution.

B. Consequence of Contractor's Failure to Perform Required Service:

Contractor's failure to perform under the terms and frequencies specified herein, may result in a reduction in the monthly payment due to the Contractor and/or termination of the Contract. The types of reductions described below may, at the County's option, be imposed after notification to the Contractor of any deficiencies and failure to provide remedies.

1. The Contractor shall be required to report to the within 4 hours of reporting to correct any deficiencies. The deficiencies shall be of such a nature as to warrant immediate correction or the use and enjoyment of the Facilities will be negatively affected. Deficiencies may include gross in nature, like an entire bathroom not being cleaned, but can also be relatively minor if they adversely affect the occupants. For example, a bathroom had no hand towels at the start of business. Should the Contractor fail to respond as required to make corrections, the County may deduct a portion of payment due to the Contractor equal to the amount as described in Attachment 6. The Contractor will be required to submit a revised invoice noting the deduction due to deficient work.
2. After the first three (3) months of the Contract, or at the request of the Contract Administrator, the Contractor shall meet with the Contract Administrator and other designated County officials for the purpose of discussing performance. The Contractor may also request meetings to discuss their performance.

6.41 Security

The Contractor shall keep all suite and exterior doors closed during performance of work. A timer activates the door locks. Doors should not be blocked open for any reason. Doors held open more than 20 seconds once locks are activated will cause the security system to alert the Loudoun County Sheriff's Office. The Contractor shall not allow anyone (including County employees) into the building or office suites when doors are locked. Violation may result in termination of the Contract.

6.42 Key Deposit

Access to County facilities shall be in accordance with instructions, keys and/or security cards issued or provided by the County Representative(s). Access may include special instruction about security systems installed at these Facilities. The Contractor shall take all reasonable precautions to ensure that security of these Facilities and internal equipment, furnishings and other items are maintained at all times.

The Contractor shall be responsible for the series of keys assigned to it and shall assign these keys to its personnel for use in maintaining the Facilities. The Contractor shall be responsible for the proper use and safe keeping of all keys issued by the County to the Contractor.

When leaving the Facility the Contractor's staff shall ensure that all external windows and doors are closed and secured. If the Contractor's staff fails to properly secure the Facilities, the County will deduct any resulting fees and/or the cost of County staff time required to correct the situation from the Contractor's monthly payment.

The Contractor shall report all lost or stolen keys to the County Representative(s) within twenty-four (24) hours after discovery of the loss. The Contractor shall reimburse County for the total cost, as determined by County, of re-keying the Facilities or duplicating additional keys.

Upon expiration or termination of the Contract, the Contractor shall immediately return all keys, cards, remote controls, etc., to County.

The Contractor shall be responsible for any lost keys, card keys and any Inherent damages (i.e., re-keying of whole Facility). This cost shall be withheld from payment(s). The decision to re-key the whole Facility is solely that of the County.

Upon completion of Contract, final payment shall be withheld until all issued keys are returned to the County Contract Administrator or authorized representative.

Material questions will be answered in writing with an Addendum provided, however, that all questions are received *by 12:00 p.m. on April 29, 2021*. Exceptions or additions proposed after bid submission by the successful bidder shall not be accepted.

7.4 Inspection of Site

It is strongly recommended that all bidders make an on-site inspection of the location where the work will be performed to become completely familiar with the existing conditions. Failure to comply with this requirement will not relieve the successful bidder of its obligation to carry out the scope of the resulting contract. Inspections may be performed at the pre-bid conference.

7.5 Firm Pricing for County Acceptance

Bid price must be firm for County acceptance for a minimum of ninety (90) days from bid opening date. "Discount from list" bids are not acceptable unless requested.

mark sections of their bid as proprietary if they are to be part of the award of the contract and are of a "Material" nature.

7.9 Authority to Bind Firm in Contract

If a general partnership, any general partner may sign.

7.10 Correction or Withdrawal of Bids and Cancellation of Awards

Correction or withdrawal of inadvertently erroneous bids before or after award, or cancellation of awards or contracts based on such bid mistakes, may be permitted at the County's discretion. After bid opening, no changes in bid prices or other provisions of bids prejudicial to the interest of the County or fair competition shall be permitted. Except as otherwise provided by regulation, all decisions to permit the correction or withdrawal of bids, or to cancel awards or contracts based on bid mistakes, shall be supported by a written determination made by the Purchasing Agent. No bid may be withdrawn when the result would be to award the contract on another bid of the same bidder or of another bidder in which the ownership of the withdrawing bidder is more than five percent (5%). If a bid is withdrawn, the lowest responsive and responsible remaining bid shall be deemed to be the low bid. If the Purchasing Agent, the Using Agency, or a designee of such, denies the withdrawal of a bid, he shall notify the bidder in writing stating the reasons for his decision.

Subcontractors shall only be utilized for specialty work not covered in this contract document and only upon prior approval of the Contract Administrator.

7.12 Use of Brand Names

Unless otherwise provided in this IFB, the name of a certain brand, make or manufacturer does not restrict bidders to the specific brand, make or manufacturer named; it conveys the general style, type, character, and quality of the article desired, and any article which the County, in its sole discretion, determines to be the equal of that specified, considering quality, workmanship, economy of operation, and suitability for the purpose intended, shall be accepted. Any catalog, brand name or manufacturer's reference used in the IFB

is descriptive -- NOT restrictive – it is provided to generally indicate the type and quality desired. Bids on brands of like nature and quality will be considered. If the bid is based on offering other than the referenced or specified items, the bid must show the name of the manufacturer, brand or trade name, catalog number, etc., of article offered. If other than the brand(s) specified is offered, illustrations and complete description must be submitted with bid. Samples may be required. Bidders must certify that item(s) offered meet and/or exceed specifications. If an item considered as being equal by the bidder is offered and not accepted, the bid shall be rejected. If a bidder makes no other offer and takes no exception to specifications or reference data, it will be required to furnish the brand names, numbers, etc., as specified.

7.14 Samples

Samples, if required, must be furnished free of expense to County on or before the date specified; if not destroyed in examination, they will be returned to bidder, if requested, at bidder's expense. Each sample must be marked with bidder's name and address, IFB number and opening date. DO NOT ENCLOSE SAMPLE IN OR ATTACH SAMPLE TO BID.

7.15 Quantities

The quantities specified in this Invitation for Bid are estimated only, and are given for the information of bidders and for the purpose of bid evaluation. They do not indicate the actual quantity which will be ordered, since such volume will depend upon requirements which develop during the contract period.

Quantities shown shall not be construed to represent any amount which the County shall be obligated to purchase under the contract, or relieve the Contractor of his obligation to fill all orders placed by the County.

NO BID WILL BE CONSIDERED WHICH STIPULATES THAT LOUDOUN COUNTY SHALL GUARANTEE TO ORDER A SPECIFIC QUANTITY OF ANY ITEM.

7.17 Incidental and Consequential Damages

No bidder may require contractual language limiting or eliminating liability for incidental and consequential damages.

7.18 Late Bids

LATE bids shall be returned to bidder UNOPENED, if IFB number, opening date and bidder's return address is shown on the container.

7.19 Rights of County

The County reserves the right to reject all or any part of any bid, waive informalities, and award the contract to the lowest responsive and responsible bidder to best serve the interest of the County. Informality shall mean a minor defect or variation of a bid from the exact requirements of the Invitation to Bid which does not affect the price, quality, quantity, or delivery schedule for the goods, services or construction being procured.

7.20 Prohibition as Subcontractors Under Competitive Sealed Bidding

No bidder who is permitted to withdraw a bid shall, for compensation, supply any material or labor to or perform any subcontract or other work agreement for the person or firm to whom the contract is awarded or otherwise benefit, directly or indirectly, from the performance of the project for which the withdrawn bid was submitted.

7.21 Vendor Preference in Tie Bids

The Division of Procurement and all other departments of the County making purchases of goods, services or construction shall give preference to goods, services or construction sold by County and state vendors, in that order, in all cases of tie bids, quality and service being equal.

7.22 Anti-Trust Violations

Tie bids may cause rejection of bids by the Division of Procurement and/or prompt an investigation for Anti-Trust violations.

7.23 Basis for Award

Contract award will be made to the lowest responsive and responsible bidder based on total cost.

Whenever the lowest responsive and responsible bidder is a resident of a state other than Virginia and such state under its laws allows a resident contractor of that state a percentage preference, a like preference shall be allowed to the lowest responsive and responsible bidder who is a resident of Virginia and is the next lowest bidder. If the lowest bidder is a resident contractor of a state with an absolute preference, the bid preference shall not be considered.

7.24 Negotiation with the Lowest Responsible Bidder

Unless all bids are cancelled or rejected, the County reserves the right granted by § 2.2-4318 of the Code of Virginia to negotiate with the lowest responsive, responsible bidder to obtain a contract price within the funds available whenever such low bid exceeds the available funds. Negotiations with the low bidder may include both modifications of the bid price and the specifications/scope of work to be performed.

7.25 Notice of Award

A Notice of Award will be posted on the County's web site (www.loudoun.gov/procurement) and on the bulletin board located in the Division of Procurement, 4th floor, One Harrison St, SE, Leesburg, Virginia 20175.

7.26 Protest

Bidders may refer to Sections 2.2-4357 through 2.2-4364 of the Code of Virginia to determine their remedies concerning this competitive process. Protests shall be submitted to the Director, Finance and Budget.

By submitting a bid, the bidder is certifying that bidder is not currently debarred by the County, or in a procurement involving federal funds, by the Federal

Government. A copy of the County's debarment procedure in accordance with Section 2.2-4321 of the Code of Virginia is available upon request.

As authorized in Section 2.2-4304 of the Code of Virginia, this procurement is being conducted on behalf of and may be used by public bodies, agencies, institutions and localities of the several states, territories of the United States, and the District of Columbia with the consent of the Contractor.

7.30 Acknowledgement of Contract

By submitting a bid, the bidder acknowledges that it understands and agrees to the Terms and Conditions contained herein.

7.31 W-9 Form Required

Each bidder shall submit a completed W-9 form with their bid. In the event of contract award, this information is required in order to issue purchase orders and payments to your firm. A copy of this form can be downloaded from <http://www.irs.gov/pub/irs-pdf/fw9.pdf>.

No vendor or potential vendor shall institute any legal action until all statutory requirements have been met.

7.34 Certification by Contractor as to Felony Convictions

No one with a felony conviction may be employed under this Contract and by the signature of its authorized official on the response to this Solicitation, the Contractor certifies that neither the contracting official nor any of the

Contractor's employees, agents or subcontractors who will work under this Agreement have been convicted of a felony.

- Do not use steel wool, abrasive brushes and abrasive pads (black, brown, etc.) that can damage the surface.
- Do not spot clean with turpentine, gasoline or solvents that can dull or discolor the surface.
- Never tilt a floor machine to dig into stubborn marks/stains, in order to avoid damaging the surface.
- Prolong aesthetics in high traffic areas (e.g. entrances) with protective mats.
- Always use premium "non-staining" mats, runners and rugs (no transferable black carbon chemicals in the backing).

- Avoid point loading*: ensure that heavy equipment feet/wheels are minimum 1-inch wide and flat to the ground.
- Prevent pooling water under or around base of furniture/equipment; do not allow rust to occur and stains to ensue.
- Move heavier objects across the surface with care; use plywood or Masonite to create skids/bridge.
- Avoid point loading*: spread object weight evenly over a given surface to avoid depressions, deformations or damage.
- Keep utility vehicles off the surface, in order to avoid oil leaks and/or damages caused by tires/pivots.
- Greasy foods/colored beverages spilled onto the surface can increase staining/maintenance if left unattended.
