## **Distinguished Budget Presentation Award**

The Government Finance Officers Association of the United States and Canada (GFOA) presented an award for Distinguished Budget Presentation to Loudoun County, Virginia, for the annual budget for the fiscal year beginning July 1, 2022. In order to receive this award, a government unit must publish a budget document that meets program criteria as a policy document, as an operation guide, as a financial plan and as a communication device.

The award is valid for a period of one year. The County believes that its current budget continues to conform to program requirements, and this budget will be submitted to GFOA to determine its eligibility for another award.

## *Distinguished Budget Presentation Award*

PRESENTED TO

**Loudoun County  
Virginia**

For the Fiscal Year Beginning

**July 01, 2022**

*Christopher P. Morill*

**Executive Director**

## **Loudoun County Board of Supervisors' Vision**

While appreciating and acknowledging our rich history, Loudoun County strives to be a prosperous, inclusive, equitable and sustainable community where residents feel free to live, work, learn and play.

## History of Loudoun County

Loudoun County constitutes a part of the five million acre Northern Neck of Virginia Proprietary granted by King Charles II of England to seven noblemen in 1649. This grant, later known as the Fairfax Proprietary, lay between the Potomac and Rappahannock Rivers. Between 1653 and 1730, Westmoreland, Stafford, and Prince William Counties were formed within the Proprietary, and in 1742 the remaining land was designated Fairfax County.

The Town of Leesburg has served continuously as the County Seat since 1757 and is believed to derive its name from Francis Lightfoot Lee, a signer of the Declaration of Independence.

Settling of the Loudoun area began between 1725 and 1730 while it was still owned by Lord Fairfax. Permanent settlers came from Pennsylvania, New Jersey, and Maryland. During the same period, settlers from eastern Virginia came to lower Loudoun and established large tobacco plantations.

During the War of 1812, Loudoun County served briefly as temporary refuge for the President and important state papers. The Constitution and other state papers were brought to Rokeby, near Leesburg, for safekeeping when the British burned Washington. President Madison established headquarters at Belmont, where he was the guest of Ludwell Lee.

For more than two centuries, agriculture was the dominant way of life in Loudoun County, which had a relatively constant population of about 20,000. That began to change in the early 1960s, when Dulles International Airport was built in the southeastern part of the County.

Today, Loudoun County is a growing, dynamic county of approximately 440,000 people. Loudoun is known for its beautiful scenery, rich history, comfortable neighborhoods, and high quality public services.

# Guide to the FY 2023 – FY 2028 Amended Capital Improvement Program

The Capital Improvement Program (CIP) is one of the definitive products of the County's process for forecasting and planning its future capital facility growth, in conjunction with department service plans, the *Capital Needs Assessment*, and the *2019 Comprehensive Plan*. This planning process addresses the County's projected capital needs associated with new development together with the CIP funding plan and budget.

The CIP provides a six-year forecast of the County Government and School Division's land, facility, and equipment needs, with a financing plan to implement each need. The CIP plans for the land acquisition, design, construction, and capital equipment procurement for each project. Potential projects are evaluated in relation to each other and compared to articulated Board and department priorities to ensure that the highest priority projects receive funding, with essential improvements planned in a manner commensurate with the County's ability to pay.

The CIP is developed biennially, with the six-year period moving out an additional two years every other fiscal year. The FY 2024 budget process represents the second year of the biennial period, also called an Amendment Year, for the current six-year period: FY 2023 through FY 2028. The CIP is a multi-year plan that does not constitute or require an appropriation of funds beyond those for the proposed fiscal year, FY 2024. The FY 2025 to FY 2028 timeframe contains projects with planned funding that should be considered for future appropriations in subsequent budgets. Funding decisions concerning the CIP are made in conjunction with decisions regarding the County's operating budget, as the two are critically related. Final authority to spend funds for purposes specified in the County's operating and capital budgets is accomplished through the adoption of an appropriations resolution by the Board of Supervisors.

The FY 2024 Proposed CIP abides by all County fiscal policies and debt ratios. Projects approved for FY 2024 will receive funding appropriations as part of the FY 2024 Adopted Budget; projects proposed for the FY 2025 to FY 2028 timeframe provide only planned appropriations and are subject to change in subsequent budget development processes.

## Concepts

### Structure of this Document

The CIP is divided into five sections: Executive Summary, Previously Authorized and Future Projects, County Projects, Transportation Projects, and School Projects. Project pages provide additional and pertinent information in an easy-to-read format.

### Capital Budget Development Calendar

Slightly different than the overall budget development calendar, the CIP development calendar incorporates additional work sessions with the Finance/Government Operations and Economic Development Committee (FGOEDC).

### Summary of CIP

The CIP Executive Summary includes a high-level discussion, supported by charts, of year-over-year changes and other relevant information.

## Guide to the FY 2023 – FY 2028 Amended CIP

### Structure of this Document

#### Previously Authorized and Future Projects

This section provides a general overview of projects that had prior year funding that are still considered “active” and projects that would be considered for funding prioritization in the next biennial capital budget process, or “Future Fiscal Years.”

#### Projects

The capital projects in the CIP are organized into three categories: County Projects, Transportation Projects, and School Projects.

##### County Projects

- **Administration** includes land acquisition funds, general contingency, and staffing and contractual support. Most projects support the administration and management of the CIP.
- **General Government** includes general capital projects such as government offices, warehouses, support space, storm water management, projects at the County Landfill, and the County’s Renovation Programs. Most projects are associated with and managed by the Department of General Services.
- **Health and Welfare** includes capital projects for the County’s human service agencies. Most projects are managed by the Department of Transportation and Capital Infrastructure.
- **Information Technology** encompasses all information technology systems acquisition and construction projects. Most projects are associated with and managed by the Department of Information Technology.
- **Parks, Recreation, and Culture** includes recreational capital projects such as libraries, parks, recreation centers, community centers, senior centers, and teen centers. The section also includes a new renovation program specifically for use by the Department of Parks, Recreation, and Community Services to maintain its assets, including fields. Most projects are managed by the Department of Transportation and Capital Infrastructure.
- **Public Safety** includes capital projects in support of the County’s public safety facilities (not systems). Most projects are managed by the Department of Transportation and Capital Infrastructure.
- **Town** projects includes all capital projects for which the County contributes funds to incorporated towns.

##### Transportation Projects

These projects include preliminary engineering, right-of-way acquisition, utility relocation, and construction of roads, interchanges, roundabouts, trails, sidewalks, traffic signals, park and ride lots, and the procurement of transit buses. The Transportation section of the document is divided into the following programs: road projects; sidewalks, signals, and traffic calming projects; and transit projects. Project pages in this category are for reference purposes only and do not display full financial tables since the project funding is received and administered by VDOT; financial tables only show if the County has contributed funding to VDOT for the project.

## Guide to the FY 2023 – FY 2028 Amended CIP

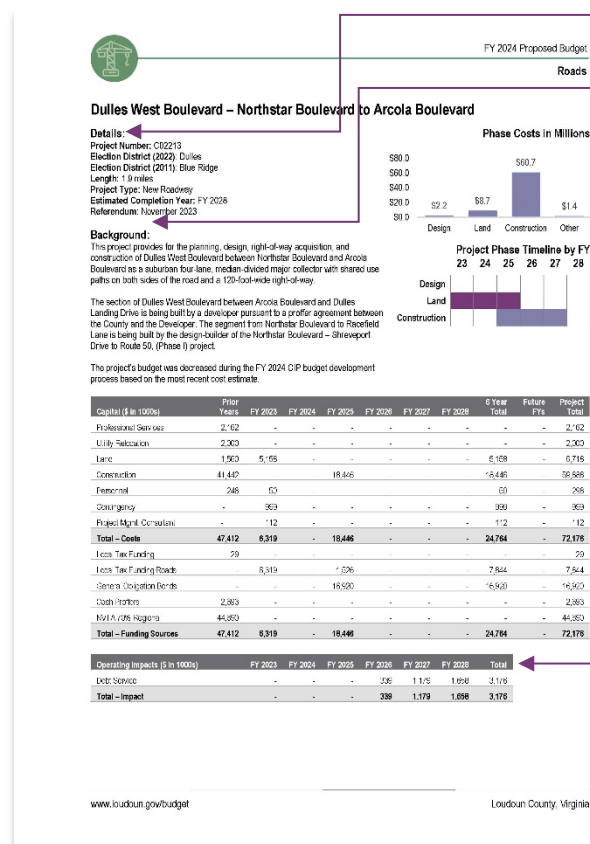

### School Projects

These projects include design and construction funding for Loudoun County Public Schools (LCPS). The LCPS CIP is adopted by the School Board and recommended for approval by the Board of Supervisors. The School Projects section of the document is divided into the following programs: elementary schools, middle schools, high schools, and other school projects.

### Informative Project Pages

Each capital project has its own project page with planned timing of appropriations, estimates of funding sources and expenditures, narratives with background information, phase costs and duration by fiscal year, and identifies anticipated operating impacts in future years. Due to the wide variety of project types, these project pages differ slightly throughout the document, but the overall structure remains consistent with the description below.

Project pages include expenditure categories, such as planning; professional services; land acquisition; utility relocation; construction; furniture, fixtures, and equipment (FF&E); owner costs; and contingency.

**Details** provides high-level information quickly, including relevant 2011 and 2022 election district(s), estimated completion year, referendum year if applicable, length/square footage, location, and project type.

**Background** provides the scope of the project and any relevant information, including total estimated cost, timing of project development, and broader context.

**Phase Costs in Millions** displays the total cost for each phase of a project (design, land, construction, and furniture, fixtures, and equipment/other). *Design* includes planning and professional services; *Land* includes land acquisition and utility relocation; *Other* includes contingency funding for transportation projects and furniture, fixtures, and equipment for vertical projects.

**Project Phase Timeline by FY** displays the approximate start and completion dates for each phase of a project (design, land, and construction).

**Financial Table(s)** provide appropriations and funding sources for each fiscal year, including prior years' allocations and future fiscal years (FFY) beyond the six-year CIP planning period (FY 2029 to FY 2032). Any projected operating and maintenance and personnel costs and anticipated revenues will be included in an additional **Operating Impact** table below the main table. This table will also provide projected debt service payments for principal and interest expenses related to debt issued for the project.

## Guide to the FY 2023 – FY 2028 Amended CIP

### Definitions

The following pertain to Phase Costs, Project Phase Timeline, and Table information:

- **Planning:** Includes activities, such as initial scoping, high-level cost, and schedule estimation, that occurs prior to a project beginning design
- **Design:** Preliminary and final design of the facility or improvements are programmed in the financial table in the professional services budget line
- **Land:** Acquisition of land and right-of-way and utility relocations
- **Construction:** Site preparation and construction of the improvement
- **Furniture, Fixtures, and Equipment (FF&E):** Purchase of furniture, equipment, and fire apparatus (for fire stations) related to the opening and initial operation of the facility
- **Other:** Transfer of payments to other entities, County staffing costs, and Project Management consultant costs

For year-over-year escalations due to inflation, the following factors are *generally* used in the FY 2024 Proposed CIP. During the FY 2024 budget development process, staff considered the factors within project estimates, and reviewed economic data, including regional construction indices, to determine if the inflation factors being used when developing capital project estimates were sound. Projects that were re-estimated during the FY 2024 budget development process include planning contingencies ranging from 5 to 40 percent to account for uncertainty in the market, rather than inflation escalators. These planning contingency percentages are based on knowledge of the market, experience with similar projects, and understanding of the parameters of that specific project. Staff will continue to monitor the project costs and will adjust the escalation and contingency amounts for the production phases in future budget development processes.

Project Phase	Inflation Factor	Project Phase	Inflation Factor
Planning	Up to 3.5%	Furniture, Fixtures, and Equipment	Up to 5%
Design	Up to 3.5%	Owner Costs	Up to 3.5%
Land Acquisition	Up to 5%	Personnel	3%
Utility Relocation	Up to 5%	Operations and Maintenance	1%
Construction	Up to 5.5%		
Project Contingency	For projects less than \$10 million, 10% of total project cost. For projects greater than \$10 million, 5% of total project cost. Up to 40% for transportation projects in the conceptual stage.		

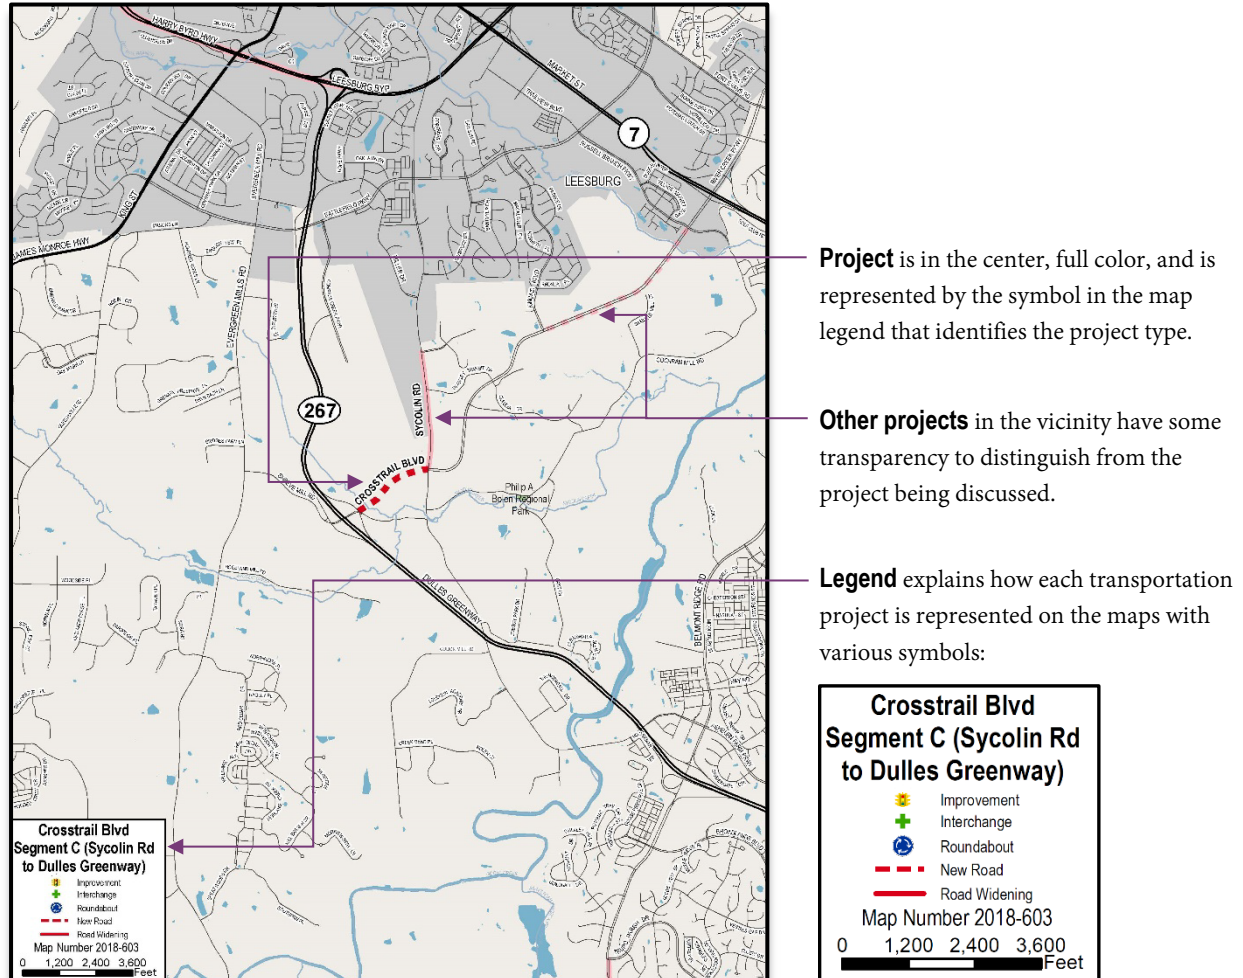

## Guide to the FY 2023 – FY 2028 Amended CIP

### Transportation Maps

For transportation projects, corresponding maps show the location of planned transportation improvements. The map displays the project's surrounding area and includes other projects and major landmarks and roads.

## Guide to the FY 2023 – FY 2028 Amended CIP

### Budget Development Calendar

The calendar describes the County's internal capital budget process, which highlights the monthly activities required of County departments, as well as the external (or public) process, which highlights the role of the Board of Supervisors, its standing committees, and the public in the development process.

	Internal Process		External (Public) Process
<b>2022</b>	DFB <sup>1</sup> kicks-off the Capital Budget Process. Departments begin <b>evaluating project needs</b> using capital planning tools. Re-estimate process begins.	May – June	
	Departments submit <b>project requests</b> .	July	FGOEDC receives <b>FY 2024 economic outlook</b> information.
	DFB and DTIC <sup>1</sup> <b>prioritize project requests, build cost estimates and funding schedules</b> for County Administrator's review.	August – November	FGOEDC and Board provide <b>preliminary budget guidance</b> .
	DFB develops <b>preliminary funding scenarios</b> for County Administrator's consideration.	December	FGOEDC is briefed on <b>final budget guidance</b> .
<b>2023</b>	Staff finalizes <b>funding scenario(s)</b> and produces budget document.	January	Board issues <b>final budget guidance</b> .
	Departments <b>prepare for work sessions</b> with Board.	February	County Administrator <b>presents FY 2024 Proposed Budget</b> . FGOEDC begins <b>work sessions</b> on CIP.
	Departments participate in <b>work sessions</b> on the operating and capital budgets.	March	Board holds <b>work sessions</b> to discuss FY 2024 Proposed Budget.
	DFB produces <b>adopted budget and budget story</b> documents.	April	Board <b>adopts</b> FY 2024 Budget.

<sup>1</sup> DFB is the Department of Finance and Budget, and DTIC is the Department of Transportation and Capital Infrastructure.

## Summary of the Capital Budget

The FY 2023 – FY 2028 Amended CIP includes expenditures totaling \$3.6 billion during the six-year planning period. County projects total \$1.2 billion, transportation projects total \$1.3 billion, and school construction and renovation projects total \$1.0 billion.

### Six-Year Total Expenditures by Function (in millions)

Overall expenditures in the six-year planning period have generally increased over the last five capital budgets. While transportation projects remain the largest portion of the CIP, County projects have been increasing. The graph below displays the six-year funding levels for the FY 2024 Proposed Budget with the four previously adopted CIP totals.<sup>1</sup>

### Projects within the Six-Year Program

New project requests are eligible to be added to the six-year CIP timeframe if they can be accommodated using available financial resources and represent high priorities that should be addressed in the six-year timeline. Typically, new projects are

<sup>1</sup> Previously, Town projects were scattered between various sections of the CIP, including *Transportation*. Beginning with the FY 2021 Adopted CIP, all Town projects, including those related to transportation, are included in the *County* category.

## Summary of the Capital Budget

included in the later years of the CIP unless otherwise prioritized. Projects in FY 2024 are proposed for funding appropriations; projects in the later years are considered for planned appropriations in future budget development processes.

### County and Transportation Projects (in millions)

County and transportation projects total \$2.5 billion over the six-year planning period. The majority of funding is dedicated to Transportation projects. County projects follow, predominantly within the General Government category.

### School Projects (in millions)

School projects total \$1.04 billion over the six-year planning period. Within the *Other School Facilities* category, funding for school renovation and renewal projects is included.

## Summary of the Capital Budget

### Funding Sources within the Six-Year Program

#### Local Tax Funding

The Board of Supervisors' fiscal policy establishes a goal of 10 percent "pay-as-you-go" cash funding in the CIP. This 10 percent cash funding can be comprised of local tax funding, which denotes funds transferred from the General Fund or the use of the prior fiscal year's fund balance for one-time expenditures in the Capital Projects Fund. By policy, an equivalent of what the County would have generated by levying a Commercial & Industrial (C&I) real property tax must be transferred through the Transportation District Fund for use in the Capital Projects Fund on transportation projects; prior to FY 2022 this amount had roughly equated to two cents of the real property tax rate but is higher from FY 2023 onward. Two cents of the real property tax rate remains committed to transportation projects in FY 2024. A detailed description of the County's requirements related to the Northern Virginia Transportation Authority (NVTA) is provided in the *Transportation District Fund* page of the Other Funds section of Volume 2.

	FY 2024	6 Year Total
Local Tax Funding	\$95,469,279	\$621,122,414
Local Tax Funding – Roads	25,900,000	175,419,365
<b>Total</b>	<b>\$121,369,279</b>	<b>\$796,541,779</b>

#### Debt Financing

The CIP relies on the strategic use of debt financing to fund capital projects. The use of debt is managed by an annual debt issuance guideline and debt ratios prescribed in the Board's fiscal policy. Projects using general obligation bond financing must be authorized through voter referendum questions during the election before bonds can be sold and funding secured. The County uses other debt financing instruments for capital projects that do not require voter approval. Projects with the ability to charge user fees can use revenue bonds as a financing source, where the user fees help offset the principal and interest costs of the debt used to construct the facility.

	FY 2024	6 Year Total
General Obligation Bonds	\$252,475,372	\$1,863,530,096
Appropriation-Backed Bonds	\$143,280,619	\$356,345,368
<b>Total</b>	<b>\$395,755,990</b>	<b>\$2,219,875,464</b>

#### Intergovernmental Assistance

The CIP leverages intergovernmental funds to reduce the tax burden on taxpayers in the form of Smart Scale, Revenue Sharing, and federal pass-through grants for transportation and transit projects from the Virginia Department of Transportation. The State passed HB 2313, which raised taxes in Northern Virginia to accumulate funds for regional road projects. The revenues are split 70 percent as regional funds, which are allocated at the discretion of NVTA towards regional road projects, and 30 percent as local funds to be used at the discretion of the County for local road or transit projects within the County. A portion of the County's 30 percent local funds are allocated to the Towns of Leesburg and Purcellville based upon the estimated percentage of revenues generated within the towns.

	FY 2024	6 Year Total
Revenue Sharing	\$6,008,000	\$27,273,045
NVTA 70%	36,730,000	163,246,457
NVTA 30%	27,015,099	135,618,105
Smart Scale	994,000	54,774,275
Federal Grants	3,128,281	12,628,281

## Summary of the Capital Budget

	FY 2024	6 Year Total
RSTP	0	65,388,425
CMAQ	0	4,759,575
<b>Total</b>	<b>\$73,875,380</b>	<b>\$463,688,163</b>

### Other

The CIP uses cash proffers during the six-year capital plan. Proffers typically consist of cash, dedicated land, and/or in-kind services that are voluntarily granted to the County by the development community to partially offset the future capital facility costs associated with new development. Proffer contributions are gained from rezonings (e.g., a change of land use, typically resulting in the allowance of higher residential densities). This change in development of land may result in land use patterns that generate new capital facility costs to the County. A detailed description of these proffer related expenditures is provided in the *Public Facilities Fund* page of the Other Funds section of Volume 2.

User fees help offset capital project costs. User fees in the CIP are typically related to revenues generated from the fees collected at the County landfill. These fees are used to pay debt service on debt issued for landfill cell development and/or closures or to acquire capital vehicles in support of landfill operations.

	FY 2024	6 Year Total
Proffers (Cash)	\$28,770,783	\$58,695,572
Landfill Fees	9,577,805	45,417,305
<b>Total</b>	<b>\$38,348,588</b>	<b>\$104,112,877</b>

### Six-Year Total Funding Sources (in millions)

Leveraging non-local tax funding sources including debt and state and federal funds, lessens the impact of capital facility construction costs on taxpayers.

## Factors Affecting the FY 2023 – FY 2028 Amended CIP

### CIP Development Criteria

The CIP development process includes evaluating the funding needs of existing projects and the ability to add new projects based on the estimated available revenue and debt capacity. New projects can include projects that were previously identified as priorities for future year funding that would move into the six-year period, or projects that have come up off-cycle that the Board collectively has directed staff to include in the CIP. The criteria below are utilized to build the CIP proposal:

- Address scope and funding adjustments of existing projects before adding new projects.
- Program new projects in the later part of the six-year CIP period, unless there is a compelling reason to do otherwise.
- Maximize and leverage the use of non-local revenue sources, especially for Transportation projects.
- Fully incorporate enrollment-driven facility needs from the School Board's adopted CIP.
- Adequately fund CIP contingencies and land acquisition accounts to support existing CIP projects.
- Adequately fund capital renovation and renewal programs to maintain existing capital facilities for their long-term use and viability.
- Align budgets of recurring projects with Board direction and priorities.
- Accommodate Board-requested projects as funding capacity exists, or request offsets of existing capital projects to accommodate them.
- Fund Town requests only if County projects and Board priority projects will not be impacted.

### Strategic Leveraging of Local Revenue and Debt

Like all budgets, the County's capital budget is constrained by the availability of revenues. Though staff maximizes the use of non-County revenues (e.g., cash proffers, federal and state aid), the availability of local funds is still the greatest driver in determining what projects can and cannot be funded in the six-year period. On October 18, 2022, the Board adopted revisions to the Fiscal Policy that increased the County's Annual Debt Issuance Guidance (ADIG) to \$325 million for FY 2024, to \$350 million for FY 2025, and to \$400 million for FY 2026 and beyond. Increasing the ADIG to this level allows for all currently planned County and Transportation projects and the addition of the Park View High School replacement to be accommodated. Debt financing makes up 62 percent of the total six-year period funding. Once special revenue sources have been programmed and debt capacity maximized, local tax funding is used to balance the expenditures. Staff has traditionally assumed conservative growth in LTF in the development of the CIP; with the increase of the ADIG, planned appropriations of local tax funding throughout the six-year CIP have been reduced significantly to bring the balance of LTF compared to other revenue sources closer to the Fiscal Policy floor of 10 percent pay-go funding. It is also important to note the dynamics of the use of LTF in the capital budget and the impacts that has on available revenue for the operating budget. Local tax funding increases of the CIP, CAPP and debt service are prioritized first with available revenue each year, with the remaining going to fund priorities of the operating budget. Large year-over-year increases in the LTF needs of the capital budget reduce the revenue available to the operating budget for both the County Government and School Division.

There are many projects that move in and out of the six-year period, but there are also many recurring projects in the plan. These projects appear in all three major categories of the CIP and consume on average a third of available revenue on an annual basis. Because these projects have been identified as priorities, they limit the amount of revenue available for new projects.

## Factors Affecting the Amended CIP

Finally, the future fiscal years of the CIP are over-programmed, meaning that the project expenditures planned in future fiscal years likely exceed the available revenue. While over-programming is a reasonable strategy to utilize in building a long-term capital program – as projects advance into the six-year period based on a variety of factors – not all priority projects can enter the six-year period at the same time. The Board has identified many projects for future development that would move into the six-year period as funding capacity exists, and staff utilizes the Board’s CIP development criteria to develop the most responsive capital budget proposal within a constrained revenue environment. Projects on the horizon are contained in the *Projects Identified for Future Development* section. As stated, the available revenue limits the ability to advance all of them into the six-year period. Project overprogramming is appropriate to the extent that it can be managed by the varying speeds at which projects advance through the six-year period, and as high contingency cost estimates are reduced and refined as more planning is completed and they move closer to the year of appropriation. Typically, projects identified for future development are not advanced into the six-year period during an amendment year of the CIP.

### Evolving Board Priorities

Over the past decade, the CIP has grown substantially. Transportation projects have been the largest expenditure category in recent years. The FY 2023 – FY 2028 Amended CIP continues the priorities identified by the Board of Supervisors during the FY 2023 process, with areas of focus besides roads projects. Generally, staff received feedback about CIP priorities that included maintaining the adopted funding plan. Additionally, on October 11, 2022, staff presented the towns capital project requests to the Finance/Government Operations and Economic Development Committee (FGOEDC). The FGOEDC did not provide guidance to include specific town projects in the CIP.

### School Board’s Adopted CIP

The School Board’s adopted FY 2024 – FY 2029 CIP is fully accommodated in the County’s Proposed CIP through FY 2028.

The School Board’s capital priorities remain around capital facility renewals and alterations and enrollment-driven needs. Changes from the Adopted FY 2023 – FY 2028 CIP include: a full replacement of the Park View High School, rather than the renovation included in the FY 2023 -2028 Adopted CIP; renovation projects for both Banneker and Waterford Elementary Schools; and the acceleration of ES-32 into FY 2023 was accommodated.

### Project Cost Changes and Cost Estimation Methodology

As part of the annual CIP development process, staff reviews and updates cost estimation methodologies, including assumptions for inflation throughout the duration of the project and the amount of contingency needed. Initial cost estimates are based on historical data plus additional costs for any known unique characteristics of a project. The cost of land acquisition, design, and other professional services, and furniture, fixtures and equipment are typically calculated as a general percentage of the “hard” costs when the project is at the beginning stages of development. As the first year of appropriation approaches, that cost is refined. During the project’s planning phase (before design or engineering begins), cost estimates are highly uncertain and can vary from -50 percent to +200 percent compared to the final project cost. Estimates are more accurately refined once the design phase begins. Consultants assist with the development of cost estimates for existing and new projects.

For the development of the FY 2023 – FY 2028 Amended CIP, staff re-estimated projects in the capital budget, following the parameters below.

1. Projects were re-estimated if the existing estimate for the project was two or more years old or if the project had reached a significant milestone by the fall of 2022, such as:
  - a. Reaching the 30% milestone (roads) or 35% milestone (facilities).

## Factors Affecting the Amended CIP

- b. When a design consultant provides an estimate at 30%/60%/90% design milestones (roads) or 35%/65%/95% design milestone (facilities), necessitating a second look at the initial estimate.
2. Enhancing year-over-year inflation estimation assumptions. During the FY 2024 budget development process, staff reviewed regional construction indices and determined that the escalators applied to previously-estimated projects remained sufficient for those projects. For projects that received a new estimate this year, additional planning contingency was included to account for price fluctuations. These will continue to be monitored in future budget development cycles.
3. Review of planning contingency budgets. Planning contingency, or the amount factored into each phase of production to account for general uncertainty within each phase, was carefully evaluated. Generally, planning contingency estimates begin high and gradually decrease as a project moves further along the production process. In some cases, project budgets were adjusted up or down to reflect more or less uncertainty, in addition to being re-estimated for scope or related schedule changes.

The result of the re-estimation effort was an increased overall cost for some projects, predominantly roads projects, and limited the ability to add new projects within the six-year period. Staff continues to focus on programming as many additional revenue sources as possible, such as federal infrastructure grants, NVT 70 percent, Smart Scale, and cash proffers.

### County and School Renovation, Alteration, and Renewal Program

As County and LCPS facilities age and new building construction slows, the County will need to budget greater amounts for renovation, alteration, and renewal of existing structures. To address this need, LCPS and County Government staff have collaborated to develop appropriate budget amounts and methodologies. Although these longer-term projections are based on general industry standards or estimates, staff anticipates that new construction driven by school population growth will likely taper off over the long term and that renovations will continue to increase as a larger share of future LCPS CIP requests. After FY 2030, LCPS anticipates that renovation needs will outpace new construction. Similarly, as new County facilities become operational and are built out, the renovation needs of existing facilities will continue to grow. Loudoun is just beginning to enter this phase of capital planning. Toward the end of the six-year CIP planning period, the need to accommodate continued growth will overlap with the increasing demand for renovation, placing additional pressure on available resources.

While long-term capital maintenance (such as replacements of roofing and other building-related systems, repaving, and mechanical, electrical and plumbing work) is funded through the County and LCPS's respective Capital Asset Preservation Programs (CAPP), more extensive renovations and facility alterations have typically been budgeted as individual projects in the CIP.

LCPS and County staff have worked to consolidate various existing and planned renovation and alteration projects, which increase the usability and longevity of existing facilities, into a renovation, alteration, and renewal program. A combination of cash and short- and long-term debt fund this program.

### Staff and Contractual Support to County Projects

The FY 2023 – FY 2028 Amended CIP continues to incorporate County staffing and professional management consulting costs related to the development, implementation, and monitoring of the CIP project schedules and budgets. For County staff who work directly on projects, such as design engineers, land acquisition managers, project managers, and construction/civil engineers, charges are funded through individual project budgets, thereby more accurately reflecting the true cost of a project. The costs of the County's program management consultants (discussed below) are also directly charged to project budgets. Direct staffing and program management charges for FY 2024 total \$11.9 million. These charges are supported with cash proffers, debt, and local tax funding. Support positions, including staff who provide more indirect or general CIP support

## Factors Affecting the Amended CIP

such as budgeting or procurement, are budgeted through a central project, Capital Support Positions, and funded with local tax funding in the amount of \$3.7 million for FY 2024.

The FY 2024 Proposed Budget includes 7.00 FTE that are considered Direct positions: 4.00 FTE are funded as direct positions within the Renovation Program and 3.00 FTE will provide Asset Management Support and are funded with the rest of the Direct positions in the Capital Projects Fund.

A contract for program management contractual support was awarded in 2020 to assist in capital project scheduling, project development performance, engineering support, design quality assurance, project oversight (including cost estimating), and providing general staff augmentation to meet schedule and budget goals. As with direct staff costs, the cost of the program management contract is budgeted in individual project budgets.

	FY 2024	FTE
Direct Positions	\$8,244,000	54.00
Support Positions	\$3,714,000	24.00
Program Management	\$3,714,000	0.00
<b>Total</b>	<b>\$15,672,000</b>	<b>78.00</b>

The table below shows capital staffing by department.

Department	FY 2024 Support Positions	FY 2024 Direct Positions	Total Capital Staffing in FY 2024
Department of Transportation and Capital Infrastructure	6.00	49.00	<b>55.00</b>
Department of Finance and Budget	17.00	0.00	<b>17.00</b>
Department of Information Technology	0.00	1.00	<b>1.00</b>
Office of the County Attorney	1.00	0.00	<b>1.00</b>
Department of General Services	0.00	4.00	<b>4.00</b>
<b>Total – All Departments</b>	<b>24.00</b>	<b>54.00</b>	<b>78.00</b>

## Summary of New County Projects and Other Changes

The FY 2024 proposed CIP is the second year of the six-year period, FY 2023 through FY 2028. There are changes to existing projects and limited new projects have been added. Changes to the CIP reflect rephrasing or other schedule changes, impacts of competitive revenue shortfalls, and Board member requests and department priorities. Planned projects funded exclusively in the Future Fiscal Years are presented in the *Projects Identified for Future Development* section. Tables that compare the FY 2023 Adopted CIP to the FY 2024 Proposed CIP can be found later in the *CIP Executive Summary*.

### Accelerated and New Projects

Projects in this category are new to the CIP (“New”) or projects that had previously been planned in the CIP, but funding has been accelerated to an earlier year (“Acceleration”). New projects are typically introduced into the later years of the CIP and work their way to the front of the six-year period for appropriation. Projects may be added sooner than the outyears of the CIP if, for example, they meet a critical Board priority or department service need or have special revenue considerations.

Project	Functional Area	Category	Source
Public Safety – School Radio Coverage Program	Information Technology	Acceleration	Department Priority
Sycolin Road Widening – Loudoun Center Place to Crosstrail Boulevard	Roads	Acceleration	Department Priority (Smart Scale funding was accelerated by VDOT)
Landfill - Cell Liner	General Government	New	Department Priority
Conference Room Updates	Information Technology	New	Department Priority
Public Safety - Radio System Console Replacements	Information Technology	New	Department Priority
MHSADS Crisis Receiving and Stabilization Center	Health and Welfare	New	Department Priority
Route 15 – Lucketts Bypass	Roads	New	Board Priority
Bus Shelter Additions	Transit	New	Board Priority
Electronic Farebox Replacement	Transit	New	Department Priority
Bus Stop Installation for New Routes	Transit	New	Board Priority
Banneker Elementary Renovation/Addition	Schools	New	LCPS Priority
Waterford Elementary Renovation/Addition	Schools	New	LCPS Priority
Parkview High School Replacement	Schools	New	LCPS Priority

## Summary of New County Projects and Other Changes

### Changes to Phasing, Purposeful Delay, or Project Deferral

Projects in this category are presented with a change to the project schedule, caused by new phasing, purposeful delay, or a deferral (meaning, the project no longer appears in the six-year period). This section also includes other major updates to projects. As a result of overprogramming and revenue constraints, some projects and their overall impacts were compared to other planned projects in the CIP and were deferred until funding could better be identified.

Project	Functional Area	Change
County Renovations Program and Government Center Renovations	General Government	Beginning in FY 2024, these projects will be combined, better reflecting the management of this program.
Consolidated Shops and Warehouses	General Government	This project has re-entered the CIP. Due to a change in the Space Plan for this facility, additional appropriations are needed to complete the project.
Route 15 Widening (Battlefield Parkway to Montresor Road)	Roads	Project was phased into two segments to administer the project more effectively.
Route 50/Loudoun County Parkway Interchange	Roads	Prior year NVTA 70% funding was removed and new NVTA 70% funding totaling \$35,250,000 was awarded for this project and is programmed in FY 2025 and FY 2026.
Parkview/Robey HS Renovation	Schools	The LCPS School Board removed this project in favor of a full replacement of the school, rather than a renovation.

### Project Name Changes

The projects in this category were renamed during the FY 2024 CIP budget development process for easier identification. These projects do not have a change in scope, production, or phasing.

Original Project Name	Revised Project Name	Functional Area
General Government Office Space – Sycolin Road Phase 1	General Government Office Building – Phase 1	General Government
Mental Health Group Home Replacements	MHSADS Group Home Replacements	Health and Welfare
Mental Health Group Residence – Eastern Loudoun	Eastern Loudoun Group Home	Health and Welfare
Fire and Rescue Station – Station #29	Fire and Rescue – Station #29 Loudoun Gateway Station	Public Safety
Braddock Road, Segment 2 (Paul VI Eastern Entrance to Loudoun County Parkway)	Braddock Road Widening – Paul VI Eastern Entrance to Loudoun County Parkway	Roads
Evergreen Mills Road (Reservoir Road and Watson Road)	Evergreen Mills Road / Reservoir Road / Watson Road Intersection Improvement	Roads
Route 7 Improvements, Phase 1: Route 7 & Route 287 Interchange	Route 7 / Route 287 Interchange	Roads

## Summary of New County Projects and Other Changes

Original Project Name	Revised Project Name	Functional Area
Route 7 Improvements, Phase 2: Route 7 & Route 690 (Hillsboro Rd) Interchange	Route 7 / Route 690 (Hillsboro Rd) Interchange	Roads
Route 7 Improvements, Phase 3: Route 9 to Dulles Greenway, Segment 1	Route 7 Improvements – Route 9 to Dulles Greenway – Short Term Improvements	Roads
Route 7 Improvements, Phase 3: Route 9 to Dulles Greenway, Segment 2	Route 7 Improvements – Route 9 to Dulles Greenway – Long Term Improvements	Roads
Route 15 Improvements: Montresor to Point of Rocks, Phase 1	Route 15 / Spinks Ferry Road / Newvalley Church Road Roundabout	Roads
Route 15 Improvements: Montresor to Point of Rocks, Phase 2	Route 15 / Lovettsville Road Intersection Improvement	Roads
Safety Improvements – Evergreen Mills Road: Bridge & Pavement Modifications Near Hogeland Mill Road	Evergreen Mills Road / Hogeland Mill Road – Bridge and Safety Improvements	Roads
Safety Improvements – Evergreen Mills Road: Westbound Left-Turn Lane at the Sportsplex	Evergreen Mills Road / Revolution Sportsplex – Westbound Left-Turn Lane	Roads
Shellhorn Road (Loudoun County Parkway to MWAA Property – SDC Property to Silver District West)	Shellhorn Road – East of Loudoun County Parkway to Bullpen Drive / Thumb Drive	Roads
Shellhorn Road (MWAA Property to Moran – County Project)	Shellhorn Road – MWAA Property Boundary to Moran Road	Roads
Trailhead Drive / Braddock Road Roundabout	Braddock Road / Trailhead Drive Roundabout	Roads
Harmony Middle School Sidewalk	Harmony Middle School Shared Use Path	Sidewalks, Signals and Traffic Calming

## Schedule of Appropriations

The following tables include appropriations and revenue information for each CIP category.

- County Projects
  - Administration
  - General Government
  - Health and Welfare
  - Information Technology
  - Parks, Recreation, and Culture
  - Public Safety
  - Towns
- Transportation Projects
  - Roads
  - Sidewalks, Signals, and Traffic Calming
  - Transit
- School Projects
  - Elementary Schools
  - Middle Schools
  - High Schools
  - Other School Projects

## Concepts

### Appropriated v. Planned

The FY 2024 budget year will be the only appropriated year of funding for the six-year period. The years beyond FY 2024 are planned appropriations and are shown for illustrative purposes only; the Board appropriates one fiscal year at a time. The data included in FY 2023 reflects the Revised Appropriation, meaning mid-year budget adjustments through early January 2023 are captured.

### Future Fiscal Years

Beyond the six-year period, the CIP includes a four-year planning period referred to as *Future Fiscal Years*. These years are not shown individually because they are so far into the future; they are used for high-level, future-year planning only.

### Prior Years

The appropriations schedule includes a column of data labeled *Prior Years*. The data contained within this column represents the original budget from the inception of the project through FY 2022, inclusion of mid-year budget adjustments.

## Schedule of Appropriations

## Operating Impact Analysis

The costs associated with opening and operating new or renovated facilities is a factor in calculating the total impact of a capital project. During the Capital Improvement Program (CIP) capital project budget development process, personnel (FTE), operating, utility, and maintenance needs are identified based on the specific type of facility and the services that will be provided. Estimated recurring operating costs, such as personnel and maintenance contracts, and initial one-time costs, such as computer equipment, training, and uniforms are identified, and cost estimates are developed. To provide a greater level of accuracy in estimating future operating costs, personnel costs are escalated annually by 3 percent and operating costs are escalated annual by 1 percent for every year after FY 2023.

The operating impacts analysis displays the estimated operating impacts related to a capital project that is anticipated to open or be completed during the six-year CIP planning period. The table provides an analysis of:

- The number and cost of personnel required to staff new or expanded facilities;
- Recurring operating costs and one-time opening costs related to a new or expanded facility, which includes utility and maintenance costs for both the program department and the centralized internal maintenance or services costs that will be provided by the Department of General Services and the Department of Information Technology; and
- Annual debt service payments related to the capital project (as applicable).

The Operating Impact Analysis provides summary-level information. Capital projects that have an operating impact will have an operating impacts table in their respective CIP budget document page which lists the project's estimated operating, personnel, and debt service cost impacts. The table in this section of the Executive Summary provides that data aggregated and summarized by functional area.

The Operating Impact Analysis table displays the estimated impact of opening, expanding, or renovating a capital facility. The summary table does not include any additional personnel that may be needed to centrally manage an expanding County facility inventory by the Department of General Services. Instead, this impact is estimated in a table at the end of the Operating Impacts Analysis section.

The estimated impact of staffing and operating a new facility, and the incremental increase above current staffing levels and operations for a facility that was renovated or expanded is displayed in the table. The estimated number of new personnel required to operate a facility is shown in the year in which the personnel are projected to be hired. In some cases, such as public safety, personnel may be hired a year before the facility's opening date in order to complete the required training, set up operations, and complete necessary pre-opening activities.

## Operating Impact Analysis

Several Operating Impacts are tied to the growth of County facilities, typically an increase in square footage. The Department of General Services (DGS) uses a standard of requesting a new Maintenance Technician every new 45,000 square feet added to the County. This ensures continuity of service level for preventative maintenance across all County facilities. Because these needs are based on countywide space increases, rather than tied to a single facility, this need is estimated in this section of the CIP and not included in the Overall Summary table on the previous pages. The table below estimates the Maintenance Technician need, including operating and capital outlay costs tied to those positions, across the six-year period.

Operating Impacts tied to Facility Growth								
		FY 2023	FY 2024	FY 2025	FY 2026	FY 2027	FY 2028	6-Year Total
Square Footage Estimated (in 1000s)	Total	136	70	152	37	125	140	660
<b>Estimated DGS Maintenance Technicians</b>	<b>Total</b>	<b>3.02</b>	<b>1.55</b>	<b>3.38</b>	<b>0.83</b>	<b>2.78</b>	<b>3.10</b>	<b>14.67</b>

## County Projects by Election District

The Board of Supervisors adopted the LT-Revised 1 Redistricting Plan on June 7, 2022. The adoption approves Amendments to the Codified Ordinances of Loudoun County, Chapter 207- Election Districts and implements the LT Revised 1 Redistricting Plan. The Virginia Attorney General's Office asserted a "certification of no objection," meaning the County may implement its new election districts as adopted by the Board. The certification is required by state law. The table below lists both County capital projects and County-supported or managed transportation projects funded in the current six-year funding plan by 2011 Election District, including information on the new 2022 Election District and Functional Area. Excluded from this list are projects that either do not have a location by their nature, such as those in the Administrative and Information Technology functional areas; those that fund the procurement of large assets, such as the Fire Apparatus and Transit Bus projects; or School projects.

### Projects by 2011 Election District

Algonkian	2022 Election District	Functional Area
Eastern Loudoun Group Home	Algonkian	Health and Welfare
Potomack Lakes Parking and Field Improvements	Algonkian	Parks, Recreation, and Culture
MHSADS Group Home Replacements	Catoctin	Health and Welfare
Ashburn	2022 Election District	Functional Area
Farmwell Road Intersection Improvements	Broad Run	Roads
Fire and Rescue Station #29 – Loudoun Gateway Station	Sterling	General Government
Blue Ridge	2022 Election District	Functional Area
Ryan Road Widening - Evergreen Mills Road to Beaverdam Drive	Ashburn	Roads
Brambleton West Park Improvements	Broad Run	Parks, Recreation, and Culture
Fields Farm Park	Catoctin	Parks, Recreation, and Culture
Western Loudoun Recreation Center	Catoctin	Parks, Recreation, and Culture
Fire and Rescue – Station #04 Round Hill Station Replacement	Catoctin	Public Safety
Fire and Rescue – Station #08 Philomont Station Replacement	Catoctin	Public Safety
Town of Hamilton – Community Park Playground	Catoctin	Towns
Town of Hillsboro – Multi-Modal Trail and Pedestrian Bridge	Catoctin	Towns
Town of Lovettsville - Broadway Streetscapes Phase 2A	Catoctin	Towns
Town of Lovettsville - Pedestrian Improvements	Catoctin	Towns
Town of Lovettsville - South Loudoun and South Locust Streetscape Improvements	Catoctin	Towns
Town of Purcellville – Berlin Turnpike Traffic Signal	Catoctin	Towns
Town of Purcellville – Hirst Road to W&OD Shared Use Path	Catoctin	Towns

**County Projects by Election District**

<b>Blue Ridge</b>	<b>2022 Election District</b>	<b>Functional Area</b>
Town of Purcellville – Nursery Avenue Sidewalk Improvements, Phase 1 & 2	Catoctin	Towns
Town of Round Hill – Southern Gateway Pedestrian Trail	Catoctin	Towns
Town of Round Hill – Stabilization of Stone Farmhouse Ruins at Sleeter Lake Park	Catoctin	Towns
Franklin Park to Purcellville Trail	Catoctin	SSTC
Waterford Traffic Calming	Catoctin	SSTC
Western Loudoun Park and Ride Lot	Catoctin	Transit
Arcola Quarters for the Enslaved	Dulles	Parks, Recreation, and Culture
Arcola Mills Drive – Belmont Ridge Road to Stone Springs Boulevard	Dulles	Roads
Dulles West Boulevard - Northstar Boulevard to Arcola Boulevard	Dulles	Roads
Brambleton West Park Improvements	Little River	Parks, Recreation, and Culture
Dulles South Community Park	Little River	Parks, Recreation, and Culture
Brambleton Sheriff Station	Little River	Public Safety
Braddock Road / Trailhead Drive Roundabout	Little River	Roads
Dulles West Boulevard – Northstar Boulevard to Arcola Boulevard	Little River	Roads
Evergreen Mills Road / Reservoir Road / Watson Road Intersection Improvement	Little River	Roads
Route 15 / Braddock Road Roundabout	Little River	Roads
Route 50 / Everfield Drive Roundabout	Little River	Roads

Town of Leesburg – W&OD Trail Lighting	Leesburg	Towns
<b>Sterling</b>	<b>2022 Election District</b>	<b>Functional Area</b>
Lake Drive Improvements	Algonkian	Roads
Sterling Neighborhood Park	Sterling	Parks, Recreation, and Culture
Route 7 Shared Use Path	Sterling	SSTC
Sterling Boulevard / W&OD Trail Overpass	Sterling	SSTC

## Comparison Tables (FY 2023 Adopted and FY 2024 Proposed)

The following tables compare the funding plan for the FY 2023 Adopted CIP to the funding plan for the FY 2024 Proposed CIP. Details about the reasons for changes are included in the *Summary of New Projects and Other Changes*.

- Project data from FY 2023 Adopted are shown in gray; project data from FY 2024 Proposed are shown in white; and changes between FY 2023 and FY 2024 are highlighted in yellow in the FY 2024 Proposed section. New projects are noted with a “\*.”
- Many minor FY 2023 changes are associated with the budgeting of direct staff support and program management contractual costs.
- Data shown in the Prior Year column represent budget adjustments that have been processed since the project’s inception and other technical corrections from the FY 2023 CIP.

## Schedule of Financing and Referenda

### General Obligation Bond Financing

The following projects are scheduled for general obligation bond financing requiring referendum in the Amended FY 2023 – FY 2028 capital planning period. The referendum requires voter approval for the use of general obligation bond financing of public facilities. Following this table is a summary of previously authorized bond referenda by Loudoun County voters.

#### Anticipated General Obligation Bond Financing

Referendum Date	Project	Amount
<b>November 2023</b>		
General Government	Crosstrail Boulevard Segment C - Sycolin Road to Dulles Greenway	\$33,048,000
	Dulles Adult Day Center	15,964,000
	Dulles West Boulevard - Northstar Boulevard to Arcola Boulevard	16,920,000
	Evergreen Mills Road / Revolution Sportsplex: Westbound Left-Turn Lane	5,182,000
	Evergreen Mills Road / Hogeland Mill Road: Bridge and Safety Improvements	1,143,000
	Fire and Rescue - Station #28 - Leesburg South Station	11,333,000
	Fields Farm Park	8,668,000
	Harmony Middle School Shared Use Path	3,471,000
	Intersection Improvement Program	13,373,000
	Linear Parks and Trails Signature Project	8,644,000
	Route 7 Eastbound Widening - Loudoun County Pkwy to Route 28	1,612,000
	Route 7 Shared Use Path	4,604,000
	Route 9 / Route 287 Roundabout	5,730,000
	Route 15 / Braddock Road Roundabout	4,692,000
	Sterling Neighborhood Park	14,965,000
	Westwind Drive - Loudoun County Parkway to Old Ox Road	74,715,000
<b>Subtotal – General Government</b>		<b>\$224,064,000</b>
Schools	Banneker ES Renovation/Addition	\$38,948,000
	HS-14 Dulles North	87,436,000
	LCPS Facility Renewals and Alterations	13,210,000
	Park View High School Replacement	183,548,000
	School Security Improvements	19,090,000
	Waterford ES Renovation and Addition	20,085,000
<b>Subtotal – Schools</b>		<b>\$362,317,000</b>
<b>Total</b>		<b>\$586,381,000</b>

**Schedule of Financing and Referenda**

<b>November 2024</b>		
General Government	Braddock Road / Trailhead Drive Roundabout	\$6,686,000
	Croson Lane Widening - Claiborne to Old Ryan Road	17,705,000
	Evergreen Mills Road / Reservoir Road / Watson Road Intersection Improvement	4,489,000
	Franklin Park to Purcellville Trail	778,000
	Lake Drive Improvements	7,229,000

## Schedule of Financing and Referenda

### Notice of Intent

*Notice evidencing the intent to reimburse certain capital improvements expenditures incurred in anticipation of financing such costs with the issuance of bonds pursuant to Income Tax Regulation Section 1.150-2 (the "Reimbursement Regulations"):*

The Board of Supervisors of the County of Loudoun, Virginia (the "County"), has determined in connection with adoption of the County's Capital Improvement Program that it is necessary and desirable to undertake certain capital improvements consisting of the projects and estimated costs described in this proposed Capital Improvement Program with financing as indicated on the **Schedule of Major Financing — Fiscal Years 2024 – 2028** in the maximum amount of \$1,952,891,471. This schedule is provided for convenience in this section and in the Debt Service Fund Section of this document.

- **Statement of Intent.** The County presently intends, at one time or from time to time, to finance the indicated projects with either tax-exempt or taxable bonds (the "Bonds") and to reimburse itself, if needed, under the Reimbursement Regulations, for capital expenditures paid by the County (including expenditures previously paid by the County to the extent permitted by law) for the projects with its own funds prior to the date the Bonds are issued. The County intends that adoption of this Notice as part of the adoption of the Capital Improvement Program be considered as "official intent" within the meaning of the Reimbursement Regulations promulgated under the Internal Revenue Code of 1986, as amended.
- **Effective Date.** This intent shall be in full force and effect with adoption of the Capital Improvement Program, and shall apply to all projects described in the Capital Improvement Program as of the date of adoption thereof, as well as any projects added to the Capital Improvement Program as part of any amendments thereto.
- **Public Inspection.** The Director of Finance and Budget shall keep this intent continuously available for inspection by the general public during the County's normal business hours.

# Capital Improvement Program Previously Authorized and Future Projects

## Contents

Previously Authorized County Projects	8-2
Projects Identified for Future Development	8-6

## Previously Authorized Projects

Previously Authorized Projects are CIP projects that are being administered by Loudoun County, were fully funded in fiscal years prior to FY 2024, have a construction phase in the scope, and are currently in development. Previously authorized projects do not include IT projects; Landfill projects; Town administered projects; individual intersection improvements or individual sidewalk and trail improvements that originated from the Intersection Improvement Program or the Sidewalk and Trail Program; or VDOT administered projects. Additional project status information can be obtained from the CIP Project Status Report, which is provided to the Board of Supervisors' Finance/Government Operations and Economic Development Committee meeting on a quarterly basis.

Parks, Recreation, and Culture	Oracle Project Number	Final Year in Adopted Budget	Page Number
<b>Ashburn Recreation &amp; Community Center</b>	C02142	FY 2022	9-59
This project provides funding for the design and construction of a recreation and community center on a 20.9-acre parcel along Broadlands Boulevard.			
<b>Bles District Park Facility Improvements</b>	C02230	n/a	n/a
This project provides funding for park improvements to include additional parking spaces, safety netting, updated playground with new equipment, a picnic pavilion, and a canoe/kayak launch. Project originated from the Board Business Meeting held on June 21, 2018, Item 13e.			
<b>Lovettsville Community Center Replacement</b>	C00245	FY 2018	10-44
This project provides funding for the design and construction of a new community center in the Town of Lovettsville to replace the existing building.			
<b>Philip A. Bolen Memorial Park Phase II</b>	C02152	FY 2022	9-69
This project provides funding to construct four permanent restroom and concession facilities.			
<b>Potomack Lakes Sportsplex – Field Improvements</b>	C02233	FY 2022	9-70
This project provides funding for the conversion of two Bermuda athletic fields into synthetic turf at the Potomack Lakes Sportsplex.			
<b>Scott Jenkins Park – Phase III</b>	C02325	FY 2022	9-72
This project provides funding for the lighting of all the athletic fields at the park.			
<b>Waterford Mill Restoration</b>	C00112	FY 2011	4-14
This project provides funding for structural stabilization of the Waterford Mill and the addition of accessible facilities to allow use of the Mill for educational and cultural enrichment programs.			
Public Safety	Oracle Project Number	Final Year in Adopted Budget	Page Number
<b>Aldie Fire &amp; Rescue Station #7</b>	C00140	FY 2019	10-58
This project provides funding for the design and construction of a new Aldie Fire Station on a County owned site to replace the existing Aldie Fire & Rescue Company #7 Station.			
<b>Courts Phase III</b>	C00150, C02140	FY 2022	9-79
This project provides funding to design and construct a new facility for the General District Court and includes a 725-space parking garage.			

## Previously Authorized Projects

<b>Juvenile Detention Center</b>	C00146	FY 2018	10-66
This project provides funding for the design and construction of a new 40-bed Juvenile Detention Center on the Government Support Center site off Sycolin Road in Leesburg.			
<b>Lovettsville Fire &amp; Rescue Station #12 Replacement</b>	C02103	FY 2018	10-59
This project provides funding for the design and construction of a new 18,500 square foot fire station to replace the existing Lovettsville Fire and Rescue Company #12 Station.			
<b>Sterling Fire &amp; Rescue Station #11 Replacement</b>	C02042	FY 2016	10-67
This project provides funding for the design and construction of a new 22,000 square foot fire station to replace the existing Sterling Volunteer Fire and Rescue Company #11 Station.			
Transportation	Oracle Project Number	Final Year in Adopted Budget	Page Number
<b>Arcola Boulevard – Route 50 to Route 606</b>	C02182	FY 2022	10-17
This project provides funding to accelerate the construction of Arcola Boulevard between Arcola Mills Drive and Old Ox Road (Route 606) through an agreement with Arcola Center.			
<b>Belmont Ridge Road – Truro Parish Drive to Croson Lane</b>	C02043	FY 2020	11-15
This project provides funding for the planning, design, right-of-way acquisition, and construction of two additional lanes to Belmont Ridge Road between Truro Parish Drive and Croson Lane.			
<b>Braddock / Summerall Supreme Drive</b>	C02121	FY 2018	11-22
This project provides funding for the installation of a traffic signal, turn lanes, and the widening from two lanes to four lanes at the intersection of Braddock Road (Route 620) and Supreme / Summerall Drive.			
<b>Local Fixed-Route Bus Stop Improvements</b>	C02237	FY 2020	11-144
This project provides funding for the design and construction of bus stop improvements throughout the County to bring bus stops into ADA compliance.			
<b>Loudoun County Parkway – Dulles West Blvd to Route 50</b>	C02234	FY 2020	11-51
This project provides funding for the planning, design, right-of-way acquisition, and construction of a southbound turning lane along Loudoun County Parkway from Dulles West to Route 50, continuing onto Route 50 westbound.			
<b>Loudoun County Parkway – Ryan Road to Shellhorn Road</b>	C02319	FY 2021	10-53
This project provides funding for ROW acquisition for the widening of Loudoun County Parkway (Route 607) from four to six lanes between Ryan Road (Route 772) and Shellhorn Road (Route 643), and the construction of turn lanes at the intersection.			
<b>Moorefield Boulevard Improvements</b>	C02205	FY 2021	10-55
This project provides funding for the planning, design, right-of-way acquisition, and construction of Moorefield Boulevard improvements at the Moorefield Fire and Rescue station entrance/Old Ryan Road.			

## Previously Authorized Projects

Transportation	Oracle Project Number	Final Year in Adopted Budget	Page Number
<b>Northstar Boulevard – Route 50 to Tall Cedars Parkway</b>	C02082	FY 2020	11-57
This project provides funding for the planning, design, right-of-way acquisition, and construction of a minor arterial roadway from Little River Turnpike (Route 50) to Tall Cedars Parkway (Route 2200). The project entails the construction of a controlled-access, four-lane divided roadway, within a 120-foot right-of-way.			
<b>Northstar Boulevard – Shreveport Drive to Route 50</b>	C02044	FY 2020	11-59
This project provides funding for the planning, design, right-of-way acquisition, and construction of a minor arterial roadway between Shreveport Drive (Route 621) and Route 50. The project entails the construction of a controlled-access, four-lane divided roadway, within a 120-foot right-of-way, and intersection improvements at the future Dulles West Boulevard.			
<b>Oakgrove Road – Pedestrian Improvements</b>	C02264	FY 2020	11-121
This project provides funding for the planning, design, right-of-way acquisition, and construction of traffic calming measures and new sidewalk on the west side of Oakgrove Road between Trefoil Lane and Caraway Terrace.			
<b>Prentice Drive – Loudoun County Parkway to Shellhorn &amp; Lockridge West</b>	C02124	FY 2022	10-51
This project provides funding for the planning, design, right-of-way acquisition, and construction of Prentice Drive (Route 1071) from Loudoun County Parkway (Route 607) to Shellhorn Road (Route 643) at its intersection with Metro Center Drive, and a new road (Lockridge West) between Prentice Drive and Waxpool Road.			
<b>Route 7 / Blue Ridge Mountain / Raven Rocks Intersection Improvements</b>	C02394	FY 2022	10-53
This project provides funding for the planning and preliminary design of safety, operational, and access improvements in the vicinity of the intersection of Route 7 with Route 601 Blue Ridge Mountain / Raven Rocks Road.			
<b>Route 7 Pedestrian Crossings</b>	C02202	FY 2022	11-123
This project provides funding for improvements to three pedestrian crossings on Route 7: Bartholomew Fair Drive, Potomac View Drive, Lakeland Drive, and the design, right-of-way acquisition, and construction of a shared use path on the north side of Route 7 between the pedestrian crossings.			
<b>Route 50 / Trailhead Drive Roundabout</b>	C02269	FY 2021	10-89
This project provides funding for the planning, design, right-of-way acquisition, and construction of a roundabout at the intersection of Route 50 and Trailhead Drive (Route 3395).			
<b>Shaw Road</b>	C02116	FY 2018	11-82
This project provides funding for the design and construction of improvements to Shaw Road from the Sterling Technology property to the Dulles Electric Supply property to widen the road from two to four lanes and to solve existing roadway drainage issues.			
<b>Shellhorn Road – Loudoun County Parkway to MWAA</b>	C02361	FY 2022	10-95
This project provides funding for the design, right-of-way acquisition, utility relocation, and construction of Shellhorn Road between Bullpen Drive/Thumb Drive and the MWAA property.			
<b>Sterling Boulevard Extension</b>	C02046	FY 2018	11-86
This project provides funding for the design, right-of-way acquisition, and construction of Sterling Boulevard from Pacific Boulevard to Moran Road.			

## Previously Authorized Projects

Transportation	Oracle Project Number	Final Year in Adopted Budget	Page Number
<b>Waxpool Road at Pacific Blvd</b>	C00178	FY 2014	11-27
This project provides funding for the design and construction of intersection improvements and turn lanes at Waxpool Road and Pacific Boulevard and Broderick Drive.			

## Projects Identified for Future Development

This section tracks future projects for purposes of managing the growth and priorities of the CIP. Projects are identified during subsequent budget development processes and added to the future development list. All projects whose funding were previously planned (prior to FY 2022) completely within the Future Fiscal Years (four years beyond the six-year planning period of FY 2023 through FY 2028) are included in this section, so that the FFY within the funding plan are for projects whose appropriations begin in FY 2023 through FY 2028. This list of projects will allow staff to develop capital budgets more strategically and in a more transparent and data-driven way. During subsequent budget processes, prioritizing these projects will be the basis of capital budget guidance sought from the Board of Supervisors during the fall.

These projects are planned for years outside of the current six-year plan (FY 2023 – FY 2028). Noted in this section is the source for the project's origination and a high-level cost estimate, adjusted for inflation and the uncertainty of estimating project costs so far into the future.

For consistency, projects planned for the Future Fiscal Years from the Loudoun County Public Schools' CIP are also included in this section; however, these projects are prioritized by the School Board and would not be part of the Board of Supervisors' guidance process during budget development.

A project does not need to first appear in this section to be considered for prioritization in a future CIP.

Project	Functional Area	2022 District	2011 District	Source	Cost Range
Southern Services Center	General Government	Undetermined	Undetermined	Department Priority	No Estimate Available
Adolescent Independent Living Residence	Health and Welfare	Undetermined	Undetermined	Department Priority	\$12,400,000 - \$13,000,000

Fire and Rescue - Station #05/#17 - Hamilton Station Replacement	Public Safety	Catoctin	Catoctin	Department Priority	\$28,600,000 - \$30,000,000
Fire and Rescue - Station #30	Public Safety	Undetermined	Undetermined	Capital Needs Assessment	\$30,700,000 - \$32,300,000
Fire and Rescue - Station #31	Public Safety	Undetermined	Undetermined	Capital Needs Assessment	\$31,800,000 - \$33,400,000
Fire and Rescue Training Tower	Public Safety	Leesburg	Catoctin	Department Priority	\$2,300,000 - \$2,400,000

## Projects Identified for Future Development

Project	Functional Area	2022 District	2011 District	Source	Cost Range
Juvenile Detention Center – Phase II	Public Safety	Leesburg	Catoctin	Department Priority	No Estimate Available
Arcola Mills Drive – Stone Springs Blvd to Loudoun County Parkway	Roads	Little River	Blue Ridge	Board Priority	\$46,300,000 - \$48,600,000
Belmont Ridge Road – Arcola Mills Drive to Shreveport Drive	Roads	Little River	Blue Ridge	Board Priority	\$57,700,000 - \$60,600,000
Braddock Road, Segment 2B – Loudoun County Parkway to Bull Run Post Office Road	Roads	Dulles	Dulles	Board Priority	\$23,400,000 - \$24,600,000
Braddock Road, Segment 3 – Bull Run Post Office Rd to Fairfax County Line	Roads	Dulles	Dulles	Countywide Transportation Plan	\$45,800,000 - \$48,100,000
Davis Drive Bridge	Roads	Sterling	Broad Run	Board Priority	\$46,700,000 - \$49,000,000
Davis Drive Extension Innovation to Rock Hill Connector	Roads	Sterling	Broad Run	Countywide Transportation Plan	\$50,100,000 – \$52,570,000
Dulles Greenway Interchange at Loudoun County Parkway Improvements	Roads	Broad Run	Dulles, Broad Run	Board Priority	\$15,200,000 - \$16,000,000
Evergreen Mills / Watson Road Corridor Improvements	Roads	Leesburg, Little River	Catoctin, Blue Ridge	Board Priority	\$12,000,000 - \$16,000,000
Route 7 Improvements, Phase 3: Route 9 to Dulles Greenway, Segment 3	Roads	Catoctin, Leesburg	Catoctin, Leesburg	Board Priority	\$87,900,000 - \$92,300,000
Route 7 Improvements, Phase 4 – Route 9 to Route 704	Roads	Catoctin	Catoctin	Board Priority	\$68,300,000 - \$71,700,000
Route 7 Improvements, Phase 5 – Route 704 to Route 287	Roads	Catoctin	Catoctin, Blue Ridge	Board Priority	\$73,000,000 - \$76,700,000
Route 7 Improvements, Phase 6 – Route 287 to Route 690	Roads	Catoctin	Blue Ridge	Board Priority	\$96,400,000 - \$101,200,000
Route 9 Long Term Improvements	Roads	Catoctin	Catoctin	Board Priority	\$155,900,000 - \$186,900,000
Route 9 Mid-Term Improvements	Roads	Catoctin	Catoctin	Board Priority	\$10,970,000 - \$14,700,000
Route 9 Short-Term Improvements	Roads	Catoctin	Catoctin	Board Priority	\$545,000 - \$2,360,000
Route 15 Improvements, Montresor to POR, Phase 4	Roads	Catoctin	Catoctin	Board Priority	\$46,600,000 - \$48,900,000
Route 15 Improvements, Montresor to POR, Phase 5	Roads	Catoctin	Catoctin	Board Priority	\$58,000,000 – \$60,800,000
Route 15 Improvements, Montresor to POR, Phase 6	Roads	Catoctin	Catoctin	Board Priority	\$73,560,000 – \$77,200,000
Route 15 Improvements, Montresor to POR, Phase 7	Roads	Catoctin	Catoctin	Board Priority	\$51,700,000 – \$54,300,000
Route 15 South Corridor Improvements	Roads	Catoctin, Little River	Catoctin, Blue Ridge	Board Priority	\$44,000,000 - \$54,200,000
Route 50 Widening from Loudoun County Parkway to Tall Cedars Parkway	Roads	Dulles	Dulles	Board Priority	\$97,700,000 - \$102,600,000
Russel Branch Corridor Improvements	Roads	Broad Run	Broad Run	Board Priority	\$12,320,000 - \$16,350,000
Safety Audit Improvements: Evergreen Mills Road, North of Fleetwood Rd/Creighton Rd	Roads	Little River	Blue Ridge	Board Priority	\$21,800,000 - \$22,900,000
Waterford Infrastructure Improvements	Roads	Catoctin	Catoctin	Board Priority	\$58,000,000 - \$70,600,000
Ashburn Road – Parallel Pedestrian Bridge over Beaverdam Run	Sidewalks, Signals, and Traffic Calming	Broad Run	Broad Run	Board Priority	\$5,000,000 - \$10,000,000

## Projects Identified for Future Development

Project	Functional Area	2022 District	2011 District	Source	Cost Range
Route 7 Corridor: Route 28 to Fairfax County Line	Sidewalks, Signals, and Traffic Calming	Algonkian, Broad Run, Sterling	Algonkian, Broad Run, Sterling	Department Priority	\$515,100,000 - \$540,900,000
Traffic Signal Storage Facility	Sidewalks, Signals, and Traffic Calming	Undetermined	Undetermined	Department Priority	\$5,000,000 - \$5,300,000
Elementary School (ES-24) Central Loudoun	LCPS	Catoctin	Catoctin	LCPS CIP	\$79,200,000 – \$83,200,000
Elementary School (ES-36) Undesignated Location	LCPS	Undetermined	Undetermined	LCPS CIP	\$79,200,000 – \$83,200,000

**Election District (2011):** Countywide

**Square Feet:** n/a

**Location:** Countywide

**Estimated Completion Year:** Ongoing

**Referendum:** n/a

### Phase Costs in Millions

### Background:

Due to the high volume of design and construction projects, this account includes annual allocations of local tax funding to hire consulting services from private firms to assist with project planning, such as scoping, cost estimation, and scheduling. Funds are moved out of this project throughout the year into projects in the Capital Projects Fund as necessary.

The Prior Years amount reflected in the financial table includes the Adopted fiscal year budget appropriations and Fund Balance transfers into the account. Transfers out of the account into other projects are not reflected in the financial table.

### Capital Support Positions

#### Details:

**Project Number:** C02247

**Election District (2022):** Countywide

**Election District (2011):** Countywide

**Square Feet:** n/a

**Location:** Countywide

**Estimated Completion Year:** Ongoing

**Referendum:** n/a

#### Phase Costs in Millions

#### Background:

The FY 2023 – FY 2028 Amended CIP continues to incorporate County staffing and consulting costs related to the development, implementation, and monitoring of the CIP. Support positions, including staff who provide more indirect or general CIP support such as budgeting or procurement, are budgeted through this central project. Funds are moved out of this project throughout the year into the appropriate Capital Project.

For County staff who work directly on projects, such as design engineers, land acquisition managers, project managers, and construction/civil engineers, charges are funded through individual project budgets, thereby more accurately reflecting the true cost of a project.

The Prior Years amount reflected in the financial table includes the Adopted fiscal year budget appropriations. Transfers out of the account into other projects are not reflected in the financial table.

### CIP Contingency

#### Details

**Project Number:** C00030, C02560

**Election District (2022):** Countywide

**Election District (2011):** Countywide

**Square Feet:** n/a

**Location:** Countywide

**Estimated Completion Year:** Ongoing

**Referendum:** n/a

#### Phase Costs in Millions

#### Background

The Capital Improvement Program (CIP) Contingency account includes annual allocations of local tax funding to maintain a sustainable capital project contingency for the County and Loudoun County Public Schools (LCPS) commensurate with a capital financing plan that is over \$3 billion dollars.

The LCPS Contingency account was added to the CIP during the FY 2024 budget development process and was funded with Fiscal Year 2022 Fund Balance in FY 2023.

## Administration

### Land Acquisition Fund

#### Details:

**Project Number:** C02248, C00036

**Election District (2022):** Countywide

**Election District (2011):** Countywide

**Location:** Countywide

**Estimated Completion Year:** n/a

**Referendum:** n/a

#### Background:

This project provides funding for land acquisition. In order to construct the facilities in the Capital Plan, the County utilizes existing property owned by the County and Loudoun County Public Schools, as well as proffered property that has been dedicated to the County.

### Scoping and Preliminary Engineering

#### Details:

**Project Number:** C02388

**Election District (2022):** Countywide

**Election District (2011):** Countywide

**Square Feet:** n/a

**Location:** Countywide

**Estimated Completion Year:** Ongoing

**Referendum:** n/a

#### Phase Costs in Millions

#### Background:

This project provides funding to initiate advanced project scoping and preliminary engineering of transportation projects. The advanced engineering effort is used to initiate engineering and environmental analysis of transportation projects that are funded for design in future years.

This advanced engineering will be used to better position projects for federal, state, and regional transportation funding opportunities that require "shovel ready or near ready" status. This project serves as a funding source account. Funds are moved out of this project throughout the year into projects in the Capital Projects Fund as necessary.

The Prior Years amount reflected in the financial table includes the Adopted fiscal year budget appropriations. Transfers out of the account into other projects are not reflected in the financial table.

#### Project Phase Timeline by FY

## General Government

### Consolidated Shops and Warehouse Facility

#### Details:

**Project Number:** C02071

**Election District (2022):** Leesburg

**Election District (2011):** Catoctin

**Square Feet:** 176,250

**Location:** 750 & 751 Miller Drive

**Estimated Completion Year:** FY 2026, FY 2028

**Referendum:** n/a

#### Phase Costs in Millions

#### Background:

This project was initially created to provide funding for the development of a Consolidated Shops and Warehouse Facility that would provide storage and warehouse space for all County Government departments in one location. The project has changed from its original scope and is now being funded to provide space for Voter Registration, HR Training Center, PRCS's facilities program, LCSO's IT section, Soils Lab, Circuit Courts storage, Loudoun Museum Storage, Extension Services, and Loudoun Hunger. In FY 2024, the Credit Union will be relocating from 801 Sycolin Road to 750 Miller Drive. Due to changing program needs, the estimated completion year for this project is FY 2026.

#### Project Phase Timeline by FY

Based on the County's current Space Plan, the facility located at 751 Miller Drive will provide functional and secure warehousing space for Loudoun County Fire and Rescue (LCFR). LCFR's Wellness Center, Chaplin, Gym, and office space for the Battalion Chiefs and other training personnel are all located at 751 Miller Drive. In FY 2024, LCFR's fleet, logistics, and SCBA renovations are scheduled to start construction, and in FY 2025, the portion of the facility meant for LCFR's apparatus upfitting and fabrication are scheduled to start construction. The final phase of this project includes a PPE area, doctors office and conference rooms, and a reserve apparatus storage area that are scheduled to start in FY 2026 with an estimated completion date of FY 2028.

## General Government

### County Renovation Program

#### Details:

**Project Number:** C02268

**Election District (2022):** Countywide

**Election District (2011):** Countywide

**Square Feet:** Varies

**Location:** Countywide

**Completion Year:** Ongoing

**Referendum:** n/a

#### Phase Costs in Millions

#### Background:

In FY 2020 the County's ongoing renovation funding was moved from the Capital Asset Preservation Program (CAPP) Fund to an expanded Renovation Program in the CIP. This Program has both project-based renovations, which tend to be larger in scale and require longer-term planning, and smaller renovation projects resulting from changes in program/department requirements.

Starting in FY 2024 the County Renovation Program – Government Center sub-project will be reincorporated into The County Renovation Program and will no longer be displayed on a separate CIP project page. This project was created to fund ongoing routine renovations to the Loudoun County Government Center and will continue to do so. By adding it back to the County Renovation Program, resources will be combined to ensure that resources are available to meet the regular renovation needs of the County's buildings, leased office space, and primary government center. Additionally, the County Renovation Program was increased based on 2% of the County's total capital building asset value. This increase accounts for current and future County building renovation needs.

## General Government

## County Renovation Program - DGS Operations and Maintenance Facility

## Details:

Project Number: C02488

Election District (2022): Catoctin

Election District (2011): Catoctin

Square Feet: 123,600

Location: Tuscarora Land Bay Lot 5A and 7A

Estimated Completion Year: FY 2024

Referendum: n/a

## Phase Costs in Millions

## Background:

This project provides funding for furniture, equipment, and outfitting of leased space for the Department of General Services Operations and Maintenance Facility located at Tuscarora Land Bay Lot 5A and 7A outside of the Town of Leesburg limits in order to have DGS operations centrally located. There will be approximately 123,600 sq ft of industrial and office space located on 25 acres that is intended to accommodate current and future needs for the next 20 or more years. After the initial ten-year lease term, the County will have the option to purchase the property or renew the lease for two additional successive periods of 5 years. Project completion is delayed to FY 2024 due to easement acquisitions for waterlines to the site.

### County Renovation Program – Government Center

#### Details:

**Project Number:** C02342

**Election District (2022):** Leesburg

**Election District (2011):** Leesburg

**Square Feet:** 158,000

**Location:** 1 Harrison Street SE, Leesburg, VA

**Completion Year:** Ongoing

**Referendum:** n/a

#### Phase Costs in Millions

#### Background:

This project will fund ongoing routine renovations to the Loudoun County Government Center. The County Government work force has grown substantially, and, in addition to general renovation needs due to age, the facility will need to undergo continued renovations as departments continue to add more employees to maintain current service levels. This project ensures that resources are available to meet the regular renovation needs to the County's primary government center.

Starting in FY 2024 this project will move into the County Renovation Program and will no longer have its own CIP project page, better reflecting the management of the program.

## General Government

### Eastern Services Center

#### Details:

**Project Number:** C02557

**Election District (2022):** n/a

**Election District (2011):** n/a

**Square Feet:** TBD

**Location:** n/a

**Estimated Completion Year:** FY 2025

**Referendum:** n/a

#### Phase Costs in Millions

#### Background:

This project provides funding to acquire and renovate office space to serve as an Eastern Community Services Center.

The Board directed staff to develop a Government Office Space Transition Strategy, which includes the construction of new County government facilities and/or the acquisition of existing office or commercial buildings in specific areas of the County that provide synergy between the County seat in Leesburg and population densities in eastern Loudoun. The Board direction also provided for the acquisition of an appropriate Community Service Center in eastern Loudoun sufficient to deliver satellite public services to include Family Services; Health Department and Human Services; and Mental Health, Substance Abuse, and Developmental Services.

#### Project Phase Timeline by FY

The development and acquisition of new County government office space will allow the County to move current operations out of leased space, at a significant long-term cost savings to the County, and develop additional space required to accommodate future growth.

## General Government

## Electric Vehicle Charging Stations for County Facilities

## Details

Project Number: C02489

Election District (2022): Countywide

Election District (2011): Countywide

Location: Countywide

Estimated Completion Year: Ongoing

Referendum: n/a

## Phase Costs in Millions

## Background

This project provides funding for the planning, design, and construction of Electric Vehicle (EV) charging stations at County facilities. Installation will be provided in phases, prioritized based on several factors including public facing facilities, a distribution of facilities throughout the County, availability of adequate power, county vehicle fleet needs, and complexity of installation at each unique site.

### General Government Office Building – Phase I

#### Details:

**Project Number:** C02490

**Election District (2022):** Leesburg

**Election District (2011):** Catoctin

**Square Feet:** 125,000

**Location:** Off Kincaid Boulevard adjacent to the Loudoun County Animal Services Facility

**Estimated Completion Year:** FY 2027

**Referendum:** n/a

#### Phase Costs in Millions

#### Background:

Phase I of the project proposes to provide funding to design and construct a new County government office space at the Government Support Center site along Sycolin Road in the Leesburg Planning Subarea. The site will be located adjacent to the Loudoun County Animal Services Facility off of Kincaid Boulevard.

The development of new County government office space will allow the County to move current operations out of leased space, at a significant long-term cost savings to the County, and develop additional space required to accommodate future growth.

## General Government

### Landfill – Construction Demolition Debris Cell A2 Liner

#### Details:

**Project Number:** C02231

**Election District (2022):** Little River

**Election District (2011):** Catoclin

**Acreage:** Approximately 8

**Location:** Loudoun County Landfill

**Estimated Completion Year:** Ongoing

**Referendum:** n/a

#### Phase Costs in Millions

#### Background:

This project funds the engineering, design, and permitting of the Construction Demolition Debris (CDD) Unit at the Loudoun County Solid Waste Management Facility. This project also includes preparation of bidding documents and construction of the first 8-acre CDD-only Cell Area 2 (Cell A2) of an approximate total 48-acre CDD Unit area. The CDD Unit is intended to divert CDD waste from the municipal solid waste disposal unit, thus extending the life of the landfill and providing continued long-term support for County growth. At the September 20, 2022 Board of Supervisors Business Meeting, the Board accelerated this project from FY 2025 to FY 2023 due to increased tonnage being received and the funding that was programmed in FY 2025 as reflected in the Adopted FY 2023 Budget document was reallocated to align with the project's revised development schedule.

#### Project Phase Timeline by FY

The Department of General Services manages the Loudoun County Solid Waste Management Facility (Landfill). Operating costs for landfill disposal operations are offset by fees collected for service at the facility in keeping with the Loudoun County Board of Supervisors' policy of revenue neutrality for landfill operations. No additional operational resources are required for the CDD Unit permitting and Cell Area 2 construction project.

Capital (\$ in 1000s)	Prior Years	FY 2023	FY 2024	FY 2025	FY 2026	FY 2027	FY 2028	6 Year Total	Future FYs	Project Total

### Landfill – Cell Capping

#### Details:

**Project Number:** C02391

**Election District (2022):** Little River

**Election District (2011):** Catoclin

**Location:** Loudoun County Landfill

**Completion Year:** Ongoing

**Referendum:** n/a

#### Background:

This ongoing project consists of the design and construction of erosion and sediment controls, fine grading, and installation of a permanent synthetic cap over landfill cells which have been filled to capacity, per approved permit conditions. Closure operations and maintenance costs include maintenance of closed, lined, and capped disposal space, erosion control features and environmental monitoring in accordance with approved permit conditions, closure plan requirements, and state regulations. A portion of funding that was programmed in FY 2027 as reflected in the Adopted FY 2023 Budget document was changed from Landfill Fees to Appropriation-Backed Bonds due to a change in bonding policy based on the annual Landfill Financial Analysis Document. The Landfill's bonding policy for CIP projects is a recommended mix of 75% Landfill fees with 25% bonding.

The Department of General Services manages the Loudoun County Solid Waste Management Facility (Landfill). The capping project is funded through landfill fees as recommended by the annual Landfill Disposal Operations Financial Analysis. No additional operational resources are required for the capping project.

### Landfill – Infrastructure Improvements

#### Details:

**Project Number:** C02390

**Election District (2022):** Little River

**Election District (2011):** Catoclin

**Location:** Loudoun County Landfill

**Completion Year:** Ongoing

**Referendum:** n/a

#### Background:

This ongoing project consists of ongoing improvements to the infrastructure of the County Landfill. The existing infrastructure consists of legacy structures and features that do not safely or efficiently handle the number of customers or volume of waste and recycling materials delivered to the site daily. Additionally, as the landfill cells are filled and the facility grows, the gas control system and the stormwater management system must be continuously improved to handle additional site-wide gas generation and stormwater flow.

This project consists of improvements to include separating residential from commercial traffic with the addition of commercial only scales, convenience center improvements including grade separation, acquisition of compactor containers, entrance realignment and roadway improvements, stormwater management system improvements, landfill gas and odor control system improvements, and the relocation of the wheel washing facility. This project is anticipated to be phased over a multi-year period utilizing contracted services. An additional needed improvement was identified and added in FY 2024 for \$5,100,000 and funding coming from Landfill Fees is being added above the amounts allocated in the Adopted FY 2023 Budget document to align with the project's revised development schedule and cost.

The Department of General Services manages the Loudoun County Solid Waste Management Facility (Landfill). The infrastructure project is funded through landfill fees as recommended by the annual Landfill Disposal Operations Financial Analysis. No additional operational resources are required for this project.

### Storm Water Management

#### Details:

**Project Number:** C00003

**Election District (2022):** Countywide

**Election District (2011):** Countywide

**Square Feet:** n/a

**Location:** Countywide

**Completion Year:** Ongoing

**Referendum:** n/a

#### Phase Costs in Millions

#### Background:

As part of its standard operating regimen, the County routinely updates its storm water infrastructure inventory as facilities are added through new development. The County has developed and implemented an overall storm water management program to meet the Environmental Protection Agency's (EPA) Phase II storm water discharge permit requirements that mandate the repair, maintenance, and restoration of County-owned storm water infrastructure.

These capital funds support the restoration and management of storm water infrastructure that the County has identified in the storm water management strategic plan. This project provides funding to meet storm water management programmatic needs, partially restore the older sections of the system, address ongoing growth, and administer the repair and maintenance of the entire system countywide.

#### Project Phase Timeline by FY

Beginning in FY 2019 and extending over a ten-year period, additional funding is required to support the County's State and Federal Total Maximum Daily Load (TMDL) and Municipal Separate Storm Sewer System (MS4) Chesapeake Bay requirements. The TMDL was issued by the EPA and is a mandate for all states in the Chesapeake Bay watershed. In 2012, the County completed a study that estimated the County's costs for meeting the Chesapeake Bay TMDL reduction requirements will be \$20 million (2012 dollars) in storm water retrofit projects by 2028. Project funding was increased during the FY 2022 budget development process for FY 2022 and FY 2023 to accommodate anticipated property acquisition costs.

### Village of Paeonian Springs Wastewater Modernization

#### Details:

**Project Number:** C02494

**Election District (2022):** Catoctin

**Election District (2011):** Catoctin

**Location:** Village of Paeonian Springs

**Completion Year:** TBD

**Referendum:** n/a

#### Phase Costs in Millions

#### Background:

In 2019, a Water and Wastewater Feasibility Study (Study) was completed for the Village of Paeonian Springs, after residents requested assistance through the County's Water and Wastewater Program. The Study was conducted by Loudoun Water through a Memorandum of Understanding with the County and outlined potential options for addressing the water and wastewater concerns. A supplemental technical memorandum is being prepared jointly by County staff and Loudoun Water. The memorandum will identify an appropriate project boundary that recognizes public health needs and will further explore wastewater and water solutions.

#### Project Phase Timeline by FY

	23	24	25	26	27	28
Design						
Land						
Construction						

\$3.5 million of ARPA funding has been identified in order to fund necessary pre-construction and design work that will begin in FY 2023. This funding will allow County staff and Loudoun Water to determine the technical requirements of the improvements and finalize a project scope. Construction funding may be added to the CIP in the future. Initial estimates indicate a combined water and wastewater project recommendation could cost \$24.5 million and a wastewater-only solution could cost over \$12 million.

## General Government

## Water/Wastewater Program

## Details:

Project Number: C02091

Election District: Countywide

Location: Countywide

Completion Year: Ongoing

Referendum: n/a

## Background:

In 2015, the Board of Supervisors approved the Water and Wastewater Projects Funding Policy, which established the Water/Wastewater Program (Program). The Program supports communities experiencing issues with inadequate water and/or wastewater systems by funding feasibility studies, designs, construction costs, and utility connections for at-risk communities throughout the County, based on a community's ability to pay.

## Health and Welfare

### Eastern Loudoun Group Home

#### Details

**Project Number:** C02201

**Election District (2022):** Algonkian

**Election District (2011):** Algonkian

**Square Feet:** 3,400

**Location:** Eastern Loudoun

**Estimated Completion Year:** FY 2024

**Referendum:** n/a

#### Background:

This project provides funding for the design and construction of a single level house in eastern Loudoun to serve four adults with a mental illness or developmental disability diagnosis and provide staff office space in the home.

The Department of Mental Health, Substance Abuse, and Developmental Services' Residential Group Home Programs provide long-term, person-centered, intervention and support to empower individuals with a mental illness or developmental disability diagnosis to live meaningful and successful lives in the Loudoun community. The County-owned homes provide adults with opportunities to develop and implement skills to improve their mental and physical health, community connections and independence. Therapeutic staff support services within the County-owned homes are provided by either county staff or contracted private service providers. Each program is operated 24 hours a day, 7 days a week.

### MHSADS Crisis Receiving and Stabilization Center

#### Details

**Project Number:** C02556

**Election District (2022):** Leesburg

**Election District (2011):** Catoctin

**Square Feet:** 14,000

**Location:** Leesburg

**Estimated Completion Year:** FY 2025

**Referendum:** n/a

#### Phase Costs in Millions

#### Background:

This project provides funding for the design and construction of a Crisis Receiving and Stabilization Center (CSRC) at the existing Friendship House site. This project also funds the relocation of the existing psychosocial rehabilitation programs.

The Department of Mental Health, Substance Abuse, and Developmental Services' (MHSADS) is developing a behavioral healthcare facility where people in crisis receive 24/7 onsite medical assessment and therapeutic intervention to de-escalate the crisis and develop a plan for ongoing community mental health support. The proposed CRSC build-out would offer adults a 10-bed short term crisis stabilization unit and (16) 23-hour assessment recliners. This would be built in close proximity to the youth services that would include a 10-bed short-term crisis stabilization unit and (10) 23-hour assessment recliners. Additionally, a secure Emergency Custody Order (ECO) drop-off center, is included in this build.

## Health and Welfare

### MHSADS Group Home Replacements

#### Details

**Project Number:** n/a

**Election District:** n/a

**Square Feet:** 10,200

**Location:** Western Loudoun

**Estimated Completion Year:** FY 2028

**Referendum:** n/a

#### Background:

This project provides funding for the design and construction of two residential homes in the Purcellville area as replacements for two existing group homes that are reaching the end of their useful, functional, and structural lives.

The Department of Mental Health, Substance Abuse, and Developmental Services' (MHSADS) Residential Group Home Programs provide long-term, person-centered, intervention and support to empower individuals with a mental illness or a developmental disability diagnosis to live meaningful and successful lives in the Loudoun community. The County-owned homes provide adults with opportunities to develop and implement skills to improve their mental and physical health, community connections and independence. Each program is operated 24 hours a day, seven days a week.

Funding will allow for the construction of four or five-bedroom residences that are ADA-compliant. Both homes will also provide on-site office space for MHSADS program staff.

### Backup Emergency Communications Center

#### Details:

**Project Number:** C02484

**Election District (2022):** Countywide

**Election District (2011):** Countywide

**Square Feet:** n/a

**Location:** n/a

**Estimated Completion Year:** FY 2025

**Referendum:** n/a

#### Background:

This project provides funding for relocation of the Backup Emergency Communications Center (ECC) to a modern, technically redundant, and secure facility. This migration could be a step whereby the technology and operations are moved to a data center.

The existing ECC facility is aging and has been identified on the County's Technology Roadmap as a key backup facility that must be migrated to a modern data center due to the critical nature of the work performed in the facility.

Estimated Completion Year: FY 2025

Referendum: n/a

## Phase Costs in Millions

## Background:

This project provides funding for establishing and implementing modern data management practices, the resultant infrastructure, and the tools that are necessary to utilize the data.

Key activities include establishing data governance that clearly establishes authoritative sources of data and data stewards, strengthening data security privacy and confidentiality models, cataloging and consolidating data repositories across the County, and applying advanced analytics to an integrated data environment to extract insights to support County leadership for policy and decision support.

The effort will culminate in the establishment of the first Loudoun County Data Warehouse in an appropriately structured, protected, high quality environment for all County departments to access and analyze according to established security and privacy policies.

### Oracle Upgrades - Hosting Solution

#### Details:

**Project Number:** C02369

**Election District (2022):** Countywide

**Election District (2011):** Countywide

**Square Feet:** n/a

**Location:** Countywide

**Estimated Completion Year:** FY 2023

**Referendum:** n/a

#### Phase Costs in Millions

#### Background:

This project provides funding for the migration of the current Oracle Hosting Solution to a Platform as a Service (PaaS) solution. A PaaS solution is a software distribution model in which a third-party vendor will host the Oracle application and provides access via the internet.

The annual cost for incremental operations and maintenance resulting from this project will be incorporated into the Department of Information Technology's base operating budget.

## Information Technology

### Oracle Upgrades - Hyperion

#### Details:

**Project Number:** C02371

**Election District (2022):** Countywide

**Election District (2011):** Countywide

**Square Feet:** n/a

**Location:** Countywide

**Estimated Completion Year:** FY 2023

**Referendum:** n/a

#### Phase Costs in Millions

#### Background:

This project provides a funding plan for the Oracle Hyperion Enterprise Performance Management (EPM) module upgrade necessary to remain compliant and secure.

The annual cost for incremental operations and maintenance resulting from this project will be incorporated into the Department of Information Technology's base operating budget.

### PCI Replacement System

#### Details:

**Project Number:** C02378

**Election District (2022):** Countywide

**Election District (2011):** Countywide

**Square Feet:** n/a

**Location:** Countywide

**Estimated Completion Year:** FY 2024

**Referendum:** n/a

#### Phase Costs in Millions

#### Background:

This project provides funding to replace the County's current Payment Card Industry (PCI) Tax and Revenue system. A new tax and assessment system will provide increased operational efficiencies, a reduction in manual processes and workarounds, and a reduction in the amount of support required to maintain the application. The new systems will align with a cloud-first strategy for enterprise applications and will allow migration to a stable cloud-based enterprise application.

The annual cost for incremental operations and maintenance related to this project will be incorporated into the Department of Information Technology's base operating budget.

## Public Safety - 911 Phone Switch Replacement

## Details:

Project Number: C02468

Election District (2022): Countywide

Election District (2011): Countywide

Square Feet: n/a

Location: Countywide

Estimated Completion Year: FY 2024

Referendum: n/a

## Phase Costs in Millions

## Background:

This project provides funding to replace the County's current E-911 phone switch. All emergency communications in the County transmit through the E-911 phone switch which makes it an essential piece of equipment for the health and safety of Loudoun's citizens.

The current E-911 phone switch was installed in the Emergency Communications Center and became fully operational in July 2015. This mission-critical system needs to be replaced as it is nearing its estimated lifespan.

## Public Safety - Radio Tower Expansion Program

## Details:

Project Number: C02218

Election District (2022): Countywide

Election District (2011): Countywide

Square Feet: n/a

Location: Countywide

Estimated Completion Year: Ongoing

Referendum: n/a

## Phase Costs in Millions

## Background:

This project provides funding for the installation of additional Public Safety Radio Towers that are needed to provide required radio coverage for First Responders based on the findings of a coverage study that was managed by the Department of Information and Technology.

The first phase of this project identified the need for nine additional towers in various locations throughout the County. The second phase includes the installation of the new towers as identified in the coverage study which began in FY 2021 and continues every two years.

Due to population growth within the County, it is expected that additional Public Safety Radio Towers are needed to provide the required radio coverage for First Responders. Future funding for this program will be re-evaluated based on updated requirements.

## Public Safety – School Radio Coverage Program

**Details:****Project Number:** C02217**Election District (2022):** Countywide**Election District (2011):** Countywide**Square Feet:** n/a**Location:** Countywide**Estimated Completion Year:** FY 2026**Referendum:** n/a**Phase Costs in Millions****Background:**

This project provides funding to purchase and install Bi-Directional Amplifiers (BDAs) in public school buildings to provide Public Safety radio coverage for the school resource officers and first responders. The funding will also be used to purchase the technology to provide monitoring capabilities for 82 BDAs in LCPS schools and County facilities.

Funding is based on a coverage study that was administered by the Department of Information and Technology which identified the location of schools that needed boosters and determined the proper replacement schedule of existing BDAs.

The project's budget was increased during the FY 2024 CIP budget development process to expedite the installation of equipment that enables monitoring capabilities and BDA coverage to 32 schools over a two- year period. In addition, \$515,375 of FY 2022 Fund Balance was appropriated in FY 2023 to enhance the scope to incorporate monitoring capabilities to the existing BDAs.

### Arcola Quarters for the Enslaved

#### Details:

**Project Number:** C02399

**Election District (2022):** Dulles

**Election District (2011):** Blue Ridge

**Acreage:** 15

**Location:** Arcola Boulevard

**Estimated Completion Year:** FY 2025

**Referendum:** n/a

#### Phase Costs in Millions

#### Background:

This project provides funding to design and construct a historic interpretive park on an existing parcel in the Dulles District. The centerpiece of the park will be the historic Arcola Quarters for the Enslaved, a stone structure which dates to the early 19th century. Additional features include the construction of a parking area, trails, and a pavilion. In addition, a visitor's center to display educational resources will be constructed or the existing house on the site may be restored to serve in the capacity of a visitor's center.

### Brambleton West Park Improvements

#### Details:

**Project Number:** C02252

**Election District (2022):** Little River

**Election District (2011):** Blue Ridge

**Square Feet:** n/a

**Location:** Brambleton Community Park West

**Estimated Completion Year:** FY 2024

**Referendum:** n/a

#### Phase Costs in Millions

#### Background:

This project provides funding for the design and construction of a press box and stadium seating for an existing diamond field at the Brambleton Community Park. Modifications to the complex are necessary to accommodate the press box and seating upgrade.

Additionally, the project provides funding for sewer connectivity to the existing restroom facilities and the construction of a new restroom facility to service the expanded occupancy.

### Dulles Adult Day Center

#### Details:

**Project Number:** n/a

**Election District (2022):** Dulles

**Election District (2011):** Dulles

**Square Feet:** 7,000

**Location:** n/a

**Estimated Completion Year:** FY 2028

**Referendum:** November 2023

#### Phase Costs in Millions

#### Background:

This project will provide funding for an adult day center within the Dulles area.

This facility provides a safe and engaging environment through professionally designed programs that meet the specific needs of each participant. Services include: physical activities and exercise, medication administration, nutritious meals, health monitoring, mentally stimulating activities, assistance with personal care needs, and some transportation.

Facility amenities include: kitchen, dining room, quiet room, restrooms, small and large activity rooms, clinic, staff offices, storage, screened porch, and a fenced-in courtyard.

## Parks, Recreation, and Culture

### Dulles South Community Park

#### Details:

**Project Number:** C02497

**Election District (2022):** Little River

**Election District (2011):** Blue Ridge

**Acreage:** 34.3

**Location:** Adjacent to Lightridge High School

**Estimated Completion Year:** FY 2028

**Referendum:** November 2025

#### Phase Costs in Millions

#### Background:

This project provides funding for a community park in the Dulles South area.

The Park will include passive and/or active (programmed and un-programmed) recreation. Passive areas may include playgrounds, picnic areas, trails, wooded areas, and streams. Active areas may include two to four diamond fields and/or three to four large rectangle fields. The athletic fields may be natural grass and/or synthetic turf. The park will be built in a manner that maintains the western woods that are currently present on the property.

In addition, the park will include athletic field lighting, fencing, site utilities, parking, and site access from the public road. It will also include landscaping, public restrooms, concessions, groundwater wells, irrigation, playground, storage, picnic pavilions, bleachers, and signage.

## Parks, Recreation, and Culture

### Fields Farm Park

#### Details:

**Project Number:** C00098

**Election District (2022):** Catoctin

**Election District (2011):** Blue Ridge

**Square Feet:** n/a

**Location:** Route 7 and Hillsboro Road (Route 690)

**Estimated Completion Year:** FY 2026

**Referendum:** November 2019 & November 2023

#### Phase Costs in Millions

#### Background:

This project provides funding to develop a park facility within a County-owned tract of land, known as Fields Farm in the Route 7 West Planning Subarea.

The Park includes up to ten athletic fields – four diamond fields and six rectangular fields. Supporting amenities will include athletic field lighting, fencing, public utilities, parking, access from a public road, groundwater wells irrigation, and landscaping.

Additionally, construction will provide public restrooms, concessions facilities, staff offices, meeting rooms, storage, scorekeeper and umpire areas, a maintenance facility, picnic pavilions, and bleachers.

## Parks, Recreation, and Culture

### Linear Parks and Trails System

#### Details:

**Project Number:** C02336

**Election District (2022):** Countywide

**Election District (2011):** Countywide

**Square Feet:** n/a

**Location:** n/a

**Estimated Completion Year:** Ongoing

**Referendum:** November 2025

#### Phase Costs in Millions

#### Background:

In 2019, the Board of Supervisors directed the Loudoun County Parks, Recreation and Open Space (PROS) Board to develop a detailed implementation plan for an interconnected, countywide linear parks and trails system.

Following the completion of the Linear Parks and Trails Strategic Plan in the summer of 2021, funding was allocated to this project for the design, acquisition, and construction of the Linear Parks and Trails System (LPAT) network. Components of the plan tied to the LPAT Signature Project are funded in the *LPAT Signature Project*.

## Parks, Recreation, and Culture

### LPAT Signature Project

#### Details:

**Project Number:** C02553

**Election District (2022):** Countywide

**Election District (2011):** Countywide

**Acreage:** n/a

**Location:** n/a

**Estimated Completion Year:** FY 2026

**Referendum:** November 2023

#### Phase Costs in Millions

#### Background:

In 2019, the Board of Supervisors directed the Loudoun County Parks, Recreation and Open Space (PROS) Board to develop a detailed implementation plan for an interconnected, countywide linear parks and trails system.

This project provides funding for the design, acquisition, and construction of the improvements identified as part of the signature project described in the Strategic Plan (remaining improvements in the plan will be included in the *Linear Parks and Trails (LPAT) System* project). Project elements include the construction of pedestrian bridges in the Goose Creek and Broad Run Stream Valleys, restoration of the historic Toll House, parking/access points, trails, benches/seating areas, and trailhead restroom facilities. The project will also provide for a canoe/kayak launch in the Goose Creek Stream Valley and wayfinding signage for connectivity to major regional trail networks. Funding is also included to construct a pedestrian bridge (with associated abutments and trail connections) over Horsepen Run to complete connectivity to the Potomac Heritage Trail in or proximate to Algonkian Regional Park.

### PRCS Renovation Program

#### Details:

**Project Number:** C02398

**Election District (2022):** Countywide

**Election District (2011):** Countywide

**Square Feet:** Varies

**Location:** Multiple Locations

**Estimated Completion Year:** Ongoing

**Referendum:** n/a

#### Phase Costs in Millions

#### Background:

This project provides funding for large-scale maintenance projects for capital facilities managed by the Department of Parks, Recreation, and Community Services. The projects are typically larger in scale and require long-term planning. Additionally, a portion of these funds will be dedicated to the ongoing upkeep and improvement of athletic fields throughout the County.

## Parks, Recreation, and Culture

### Sterling Neighborhood Park

#### Details:

**Project Number:** C02353

**Election District (2022):** Sterling

**Election District (2011):** Sterling

**Acreage:** 12

**Location:** n/a

**Estimated Completion Year:** FY 2028

**Referendum:** November 2023

#### Phase Costs in Millions

#### Background:

This project provides funding for land acquisition, design, and construction of a neighborhood park in the Sterling area. The park will include passive and/or active (programmed and un-programmed) recreation. Passive areas may include playgrounds, picnic areas, trails, wooded areas, and streams. Active areas may include rectangle fields and baseball/softball diamond fields.

In addition, the Park's facilities may also include a pool, athletic field lighting, restrooms, fencing, parking, and site access from the public road. It may also include landscaping, concessions, irrigation, staff offices, a playground, storage, scorekeeper and umpire areas, maintenance facilities, picnic pavilions, bleachers, and signage.

## Parks, Recreation, and Culture

### Western Loudoun Recreation Center

#### Details:

**Project Number:** C02554

**Election District (2022):** Catoctin

**Election District (2011):** Blue Ridge

**Square Feet:** 83,000

**Location:** n/a

**Estimated Completion Year:** FY 2028

**Referendum:** November 2022 & November 2024

#### Phase Costs in Millions

#### Background:

This project provides funding for the design and construction of a new recreation center in the Route 7 West planning subarea. A location for the facility has not yet been identified.

The recreation center will include meeting/classrooms, administrative office space, gymnasium, kitchen, fitness center, multi-purpose rooms, and a running track. The facility will also include an aquatics center with a competition pool, leisure pool, spa, spectator seating areas, two wet classrooms, splash play area, and associated locker rooms. Site amenities may include sports courts, rock-climbing wall, outdoor fitness area, and a diving pool.

## Parks, Recreation, and Culture

### Westpark Improvements

#### Details:

**Project Number:** C02486

**Election District (2022):** Leesburg

**Election District (2011):** Leesburg

**Acreage:** n/a

**Location:** Former Westpark Golf Course Property

**Estimated Completion Year:** FY 2027

**Referendum:** November 2024

#### Phase Costs in Millions

#### Background:

This project provides funding to develop the former Westpark Golf Course property into a passive park with significant environmental features focused on best management practices (BMPs), and the creation of a bank of wetland/nutrient credits that can benefit other County projects as well as the Municipal Separate Storm Sewer Systems (MS-4) Program and County commitments under that program.

The passive park elements will include pervious trails and interpretive signage denoting the BMPs used in the project.

## Adult Detention Center Expansion - Phase III

## Details:

Project Number: C02094

Election District (2022): Leesburg

Election District (2011): Catoctin

Square Feet: 40,000

Location: Adult Detention Center

Estimated Completion Year: FY 2028

Referendum: n/a

## Phase Costs in Millions

## Background:

This project provides funding to design and construct a 40,000 square foot addition and partial remodel to the existing Adult Detention Center located at 42035 Loudoun Center Place, Leesburg, VA.

The addition and remodel may include mental health units, re-entry units, kitchen expansion, laundry expansion, classroom expansion, medical area renovation, administrative office space, records storage, and storage and maintenance expansion.

## Project Phase Timeline by FY

A mandatory needs assessment and planning study has been completed and approved by the Board of Regional and Local Jails. The funding plan from the FY2023 Adopted CIP (pg. 9-62) was modified to align with the project scope that was submitted as a part of this planning study.

### Brambleton Sheriff Station

#### Details:

**Project Number:** n/a

**Election District (2022):** TBD

**Election District (2011):** Blue Ridge

**Square Feet:** 19,000

**Location:** Brambleton Area

**Estimated Completion Year:** FY 2031

**Referendum:** November 2026

#### Phase Costs in Millions

#### Background:

This project provides funding for the design and construction of a new Sheriff Station in the Brambleton area. A location for the facility has not yet been identified. The station will include offices, work rooms, interview rooms, processing areas, evidence storage, and equipment storage.

#### Project Phase Timeline by FY

### Courts Complex – Phase IV

#### Details:

**Project Number:** C02329

**Election District (2022):** Leesburg

**Election District (2011):** Leesburg

**Square Feet:** 72,500

**Location:** Courts Complex in the Town of Leesburg

**Estimated Completion Year:** FY 2025

**Referendum:** n/a

#### Phase Costs in Millions

#### Background:

This project funds the renovation of the existing courthouse facility. The renovation will improve approximately 72,500 square feet of space including modifications to the Circuit Court courtrooms, shared hearing rooms, small courtroom, Circuit Court Judicial offices, Circuit Court support areas, Juvenile and Domestic Relations (J&DR) courtrooms, J&DR Court Clerk's Office, Court support areas, Juvenile Court services area, Court Administrator's Office, and the Circuit Court Clerk's Office. The Valley Bank Building is also being renovated for the Law Library.

#### Project Phase Timeline by FY

Additionally, enhancements will be made to building support areas such as the Community Room, Public Training Room, Commonwealth Attorney's Victim Witness Suite, entry screening sites, and holding areas.

## Public Safety

### Fire and Rescue – Basic Training Facility

#### Details:

**Project Number:** C02214

**Election District (2022):** Leesburg

**Election District (2011):** Catoctin

**Square Feet:** 21,500

**Location:** Government Support Center off Sycolin Road

**Estimated Completion Year:** FY 2025

**Referendum:** November 2019, November 2021

#### Phase Costs in Millions

#### Background:

This project provides funding to design and construct a recruit training facility on the existing Fire-Rescue Training Center property. The facility, to be located in proximity to the current structural burn building, training props, and high bay building, will provide a dedicated educational training facility for incoming career and volunteer fire and rescue candidates as well as the staff that supports them. In addition, this facility will also provide climate-controlled garaging for the Training Division's apparatus, and other specialized apparatus.

The Basic Training Facility will be designed similar to a typical Loudoun County Fire and Rescue station with many of the same programmatic needs. This includes dedicated classrooms, areas for staff, and other support functions. The facility will be a two-story design and have 5 apparatus bays, restrooms, lockers, and other ancillary spaces for trainees and staff.

## Public Safety

### Fire and Rescue – Capital Apparatus

#### Details:

**Project Number:** C02338

**Election District (2022):** Countywide

**Election District (2011):** Countywide

**Estimated Completion Year:** Ongoing

**Referendum:** n/a

#### Background:

This project provides for the procurement of new ambulances and heavy fire and rescue apparatus for the Loudoun County Combined Fire and Rescue System (LC-CFRS), as well as the County contributions toward Volunteer Fire Department purchases. The percentage of the County contributions determine whether or not the County or Volunteer Department will hold the title. Capital vehicle ownership dictates the party responsible for apparatus repair and maintenance and is determined by LCFR guidelines.

The table below captures planned FY 2023 acquisitions and the estimated cost (County) or contribution (Volunteer) associated with each item.

#### Volunteer

EMS Transport	Sterling Rescue	\$196,693
EMS Transport	Sterling Rescue	\$196,693
Brush Unit	Purcellville Fire	\$121,017
Engine	Purcellville Fire	\$509,160
<b>FY 2023 Volunteer Total</b>		<b>\$1,023,562</b>

#### County

Engine	County	\$1,054,330
Engine	County	\$1,054,330
Brush Unit	County	\$221,995
<b>FY 2023 County Total</b>		<b>\$2,330,656</b>

FY 2023 costs and funding have been revised to reflect planned County and volunteer acquisitions for the fiscal year.

## Fire and Rescue - Station #04 - Round Hill Station Replacement

## Details:

Project Number: C02215

Election District (2022): Catoctin

Election District (2011): Blue Ridge

Square Feet: 19,800 (new fire station #4), 3,500 (community room addition)

Location: Town of Round Hill

Estimated Completion Year: FY 2025

Referendum: November 2017, November 2022

## Phase Costs in Millions

## Background:

This project provides funding to design and construct a replacement 19,800 square foot Round Hill Fire and Rescue Station. The facility will include apparatus bays, bunkroom facilities, training room, break room, restrooms, showers, food preparation and dining areas, laundry and decontamination areas, and supply storage. It will also include a gear and hose drying area, a breathing apparatus air compressor room, a fitness room, offices, and a repair shop. In addition, the project provides funding for the procurement of a brush truck. The project also provides funding to include a 3,500 square foot addition to the planned fire station to provide a community meeting room and ancillary support for the community room.

## Fire and Rescue - Station #08 - Philomont Station Replacement

## Details:

Project Number: C02372

Election District (2022): Catoctin

Election District (2011): Blue Ridge

Square Feet: 18,500

Location: 37180 Snickersville Turnpike, Purcellville, VA 20132

Estimated Completion Year: FY 2026

Referendum: November 2020

## Phase Costs in Millions

## Background:

This project provides funding to design and construct a new Fire and Rescue Station to replace the current Philomont Volunteer Fire and Rescue Company #8 Station. The new station will be built on a seven-acre site on Snickersville Turnpike that is owned by the Philomont Volunteer Fire Company and will require a special exception.

The Station will include apparatus bays, bunkroom facilities, a training/break room, restrooms, showers, food preparation and dining areas, laundry and decontamination areas, supply storage, and a gear and hose drying area. It will also include a breathing apparatus air compressor room, a fitness room, offices, and a SCBA repair shop.

Staffing for the fire and rescue Station will be 24 hours, seven days a week for a pumper and tanker, with the potential for additional resources as service demands dictate.

## Public Safety

## Fire and Rescue - Station #28 – Leesburg South Station

## Details:

Project Number: C02321

Election District (2022): Little River

Election District (2011): Catoctin

Square Feet: 25,000

Location: Adjacent to Loudoun County Landfill

Estimated Completion Year: FY 2025

Referendum: November 2019, November 2021, November 2023

## Phase Costs in Millions

## Background:

This project provides funding to design and construct a Fire and Rescue Station to improve local response times and fire protection coverage. The station will be located on the southwest corner of the Evergreen Mills Road and The Woods Road intersection, south of the Loudoun County Landfill.

The facility will include apparatus bays, bunkroom facilities, a training room, break room, restrooms, showers, food preparation and dining areas, laundry and decontamination areas, supply storage, a gear and hose drying area, a breathing apparatus air compressor room, a fitness room, offices, and a repair shop. It will also include space for the relocation of the Hazardous Materials Response Team.

The Hazardous Materials Response Team is currently located at Fire Station 19 which is a less central geographic location and currently lacks the programmatic space needed to support this specialized team. The re-location of this program to the new station will more effectively ensure timely response to high-risk events involving the release of hazardous materials.

Staffing for the station will be 24 hours, seven days a week for a pumper, ambulance, tanker, and the Hazardous Materials Team.

## Public Safety

## Fire and Rescue – Training Academy Expansion

## Details:

Project Number: n/a

Election District (2022): Leesburg

Election District (2011): Catoctin

Square Feet: 22,000

Location: Government Support Center off Sycolin Road

Estimated Completion Year: FY 2029

Referendum: November 2020, November 2026

## Phase Costs in Millions

## Background:

This project provides funding to design and construct an addition to the Fire and Rescue Training Academy. The expansion will include approximately 12,000 square feet of administrative support space and approximately 10,000 square feet of additional learning space.

The Fire and Rescue Training Center Master Plan details the need for additional classroom space and training props by establishing the location of the buildings and props at the existing Training Academy campus. The Government Support Center Master Plan Special Exception (SPEX) was approved by the Board of Supervisors on December 2, 2015 and includes the training campus uses.

## Towns

### Town of Hillsboro – Multi-Modal Trail and Pedestrian Bridge

#### Details:

**Project Number:** C02472

**Election District (2022):** Catoctin

**Election District (2011):** Blue Ridge

**Length:** 2,150 feet

**Estimated Completion Year:** FY 2025

**Referendum:** n/a

#### Phase Costs in Millions

#### Background:

Each year, the County solicits capital project funding requests from Towns within the County for facilities owned by or located within the Town; or for local pedestrian/transportation related improvements that benefit the County or Loudoun County Public Schools. As a capital expense, the funding for this project is shown in the County's CIP.

This project includes the rehabilitation and restoration of a historically significant 19th-century truss bridge across North Fork Catoctin Creek for bike and pedestrian use. The bike and pedestrian trail allow for a safe connection to the Stony Point Road bike trail. The preservation of the bridge, listed on the National Register of Historic Places, reclaims a historical asset, and makes the remains of a mill race and the site of an 18th-century mill accessible to Town and County residents. The Town has applied for the VDOT Transportation Alternatives Grant for this project. If awarded, the funds will become available in July 2022.

This project was added to the CIP during the FY 2023 budget development process and additional funding was added in FY 2024.

## Towns

## Town of Leesburg – Evergreen Mill Road Widening

## Details:

Project Number: C02197

Election District (2022): Leesburg

Election District (2011): Leesburg

Length: 1.3 miles

Estimated Completion Year: FY 2025

Referendum: n/a

## Phase Costs in Millions

## Background:

Each year, the County solicits capital project funding requests from Towns within the County for facilities owned by or located within the Town; or for local pedestrian/transportation related improvements that benefit the County or Loudoun County Public Schools. As a capital expense, the funding for this project is shown in the County's CIP.

This project will add two lanes to the two existing lanes on Evergreen Mill Road from South King Street (Route 15) to Battlefield Parkway. A sidewalk will be constructed on one side of the road with a shared use path on the other. This project will provide additional road capacity for three LCPS schools directly along, or adjacent to, the proposed path of this project. Additionally, this road-widening project is in alignment with the County's long-term goals for the Evergreen Mills Road corridor.

## Project Phase Timeline by FY

## Phase Costs in Millions

## Background:

This project reports funding transfers made to the Town of Leesburg from the County's share of NVTa 30 percent local funds. The Town of Leesburg is entitled to a portion of the NVTa 30 percent local funds received by the County based upon the percentage of revenues generated within the Town to fund NVTa regional transportation initiatives.

The amounts depicted represent the estimated portion of the County's 30 percent local NVTa revenues due to the Town of Leesburg for use on Town related transportation projects. All estimates are subject to change based on actual revenue collected each year.

## Towns

### Town of Lovettsville – Broadway Streetscapes Phase 2A

#### Details:

**Project Number:** C02164

**Election District (2022):** Catoctin

**Election District (2011):** Catoctin

**Length:** 570 feet

**Estimated Completion Year:** FY 2025

**Referendum:** n/a

#### Phase Costs in Millions

#### Background:

Each year, the County solicits capital project funding requests from Towns within the County for facilities owned by or located within the Town; or for local pedestrian/transportation related improvements that benefit the County or Loudoun County Public Schools. As a capital expense, the funding for this project is shown in the County's CIP.

This project provides for the ongoing design, right-of-way acquisition, and construction of sidewalk improvements along Broadway Street in the Town of Lovettsville from Park Place to Light Street. The proposed improvements help provide sidewalk and pedestrian access to County facilities, such as the Lovettsville Library and Lovettsville Community Center. The project will accommodate pedestrian traffic by way of constructing new sidewalks and includes installing lighting to enhance nighttime visibility. This project will improve existing drainage patterns by providing an enclosed drainage system with appropriate outfalls, and installation of concrete curb and gutter.

The Town has received \$420,000 from the VDOT Transportation Alternatives program for this project in FY 2022 and FY 2023. If additional VDOT funding is approved for FY 2024, the Town will notify the County that the planned FY 2024 contribution to this project will not be needed.

## Towns

### Town of Lovettsville – Pedestrian Improvements

#### Details:

**Project Number:** C02266

**Election District (2022):** Catoctin

**Election District (2011):** Catoctin

**Length:** 500 feet

**Estimated Completion Year:** FY 2028

**Referendum:** n/a

#### Phase Costs in Millions

#### Background:

Each year, the County solicits capital project funding requests from Towns within the County for facilities owned by or located within the Town; or for local pedestrian/transportation related improvements that benefit the County or Loudoun County Public Schools. As a capital expense, the funding for the project is shown in the County's CIP.

This project provides for improvements to the sidewalk at South Church Street and East Pennsylvania Avenue and sizing the storm lines branching off East Pennsylvania Avenue in the Town of Lovettsville. In addition to sidewalks and storm lines, improvements include roadway widening, curb and gutter, storm water management, and streetlights.

## Towns

### Town of Middleburg – Middleburg Town Hall

#### Details:

**Project Number:** C02492

**Election District (2022):** Little River

**Election District (2011):** Blue Ridge

**Square Feet:** 12,000

**Location:** 10 W Marshall St, Middleburg, VA 20117

**Estimated Completion Year:** FY 2023

**Referendum:** n/a

#### Phase Costs in Millions

#### Background:

Each year, the County solicits capital project funding requests from Towns within the County for facilities owned by or located within the Town; or for local pedestrian/transportation related improvements that benefit the County or Loudoun County Public Schools. As a capital expense, the funding for the project is shown in the County's CIP.

This project provides partial funding for the construction of the new Middleburg Town Hall. The facility will host all Town operations, administrative staff, and the Middleburg Police Department. Ongoing operations and maintenance expenses of the facility are the responsibility of the Town of Middleburg.

The facility is expected to provide additional public meeting space that will be available for County officials and staff in the Middleburg community. Additionally, the facility will be able to serve future County needs as a voting precinct, public safety center, and access point for government at all levels for residents of the southwest planning subarea.

## Town of Purcellville – Berlin Turnpike Traffic Signal

## Details:

Project Number: n/a

Election District (2022): Catoctin

Election District (2011): Blue Ridge

Length: n/a

Estimated Completion Year: n/a

Referendum: n/a

## Phase Costs in Millions

## Background:

Each year, the County solicits capital project funding requests from Towns within the County for facilities owned by or located within the Town; or for local pedestrian/transportation related improvements that benefit the County or Loudoun County Public Schools. As a capital expense, the funding for this project is shown in the County's CIP.

This project will provide for the design and construction of a traffic signal at the Berlin Turnpike (Route 287), Eastgate Drive, and Patrick Henry Circle Intersection. This intersection is adjacent to a major north-south corridor (Route 287) and a major east-west corridor (Route 7) for travel in western Loudoun County.

## Town of Purcellville – Hirst Road to W&amp;OD Shared Use Path

## Details:

Project Number: C02551

Election District (2022): Catoctin

Election District (2011): Blue Ridge

Length: n/a

Estimated Completion Year: FY 2027

Referendum: n/a

## Phase Costs in Millions

## Background:

Each year, the County solicits capital project funding requests from Towns within the County for facilities owned by or located within the Town; or for local pedestrian/transportation related improvements that benefit the County or Loudoun County Public Schools. As a capital expense, the funding for this project is shown in the County's CIP.

This path will provide a shared-use connection from the W&OD Trail to Hirst Road in Purcellville, expanding access between the Trail and the Town. The goal of this project will be to provide pedestrians, cyclists, and those using other non-motorized vehicles with a safe corridor to travel through the Town of Purcellville without a vehicle.

## Town of Purcellville – Nursery Avenue Sidewalk Improvements, Phase 1 and Phase 2

## Details:

Project Number: n/a

Election District (2022): Catoclin

Election District (2011): Blue Ridge

Acreage: n/a

Estimated Completion Year: FY 2029

Referendum: n/a

## Phase Costs in Millions

## Background:

Each year, the County solicits capital project funding requests from Towns within the County for facilities owned by or located within the Town; or for local pedestrian/transportation related improvements that benefit the County or Loudoun County Public Schools. As a capital expense, the funding for this project is shown in the County's CIP.

Phase 1 of this project will construct a segment of sidewalk on the eastern side of Nursery Ave from West School Street to the Fireman's Field property. School Street is the location of County owned and operated Loudoun Valley Community Center. Phase 2 of this project will upgrade the existing section of sidewalk from School Street to Emerick Elementary School to meet ADA requirements (width, slope, and ramps). This project provides for a continuous ADA accessible walkway from the County-operated Fireman's Field to Emerick Elementary School.

## Towns

### Town of Purcellville – NVTa Local Distribution

#### Details:

**Project Number:** C02017

**Election District (2022):** Catoctin

**Election District (2011):** Blue Ridge

**Estimated Completion Year:** Ongoing

**Referendum:** n/a

#### Phase Costs in Millions

#### Background:

This project reports funding transfers made to the Town of Purcellville from the County's share of NVTa 30 percent local funds. The Town of Purcellville is entitled to a portion of the NVTa 30 percent local funds received by the County based upon the percentage of revenues generated within the Town to fund NVTa regional transportation initiatives.

The amounts depicted represent the estimated portion of the County's 30 percent local NVTa revenues due to the Town of Purcellville for use on Town related transportation projects. All estimates are subject to change based on actual revenue collected each year.

## Towns

## Town of Round Hill – Southern Gateway Pedestrian Trail

## Details:

Project Number: C02482

Election District (2022): Catoctin

Election District (2011): Blue Ridge

Square Feet: n/a

Location: Town of Round Hill

Estimated Completion Year: FY 2026

Referendum: n/a

## Phase Costs in Millions

## Background:

Each year, the County solicits capital project funding requests from Towns within the County for facilities owned by or located within the Town; or for local pedestrian/transportation related improvements that benefit the County or Loudoun County Public Schools. As a capital expense, the funding for the project is shown in the County's CIP.

This project provides funding to construct a pedestrian trail connecting three neighborhoods to downtown Round Hill and to the County's Franklin Park to Round Hill Trail. This project is the next phase to link pedestrians and cyclists in the southern section of greater Round Hill to the existing trails networks found across the County.

This project will serve over 1,000 residents, that are currently landlocked by Route 7, with a safe route to access the Town of Round Hill and the Franklin Park trail that is currently under construction. The Town of Round Hill has leveraged both state and federal funding to cover the remainder of the project costs, which the Town has estimated to be \$2.3 million.

## Arcola Mills Drive - Belmont Ridge Road to Stone Springs Boulevard

### Details:

**Project Number:** C02459

**Election District (2022):** Dulles

**Election District (2011):** Blue Ridge

**Length:** 1.1 miles

**Project Type:** Reconstruction and Widening with Intersection Improvements

**Estimated Completion Year:** FY 2030

**Referendum:** November 2026

### Phase Costs in Millions

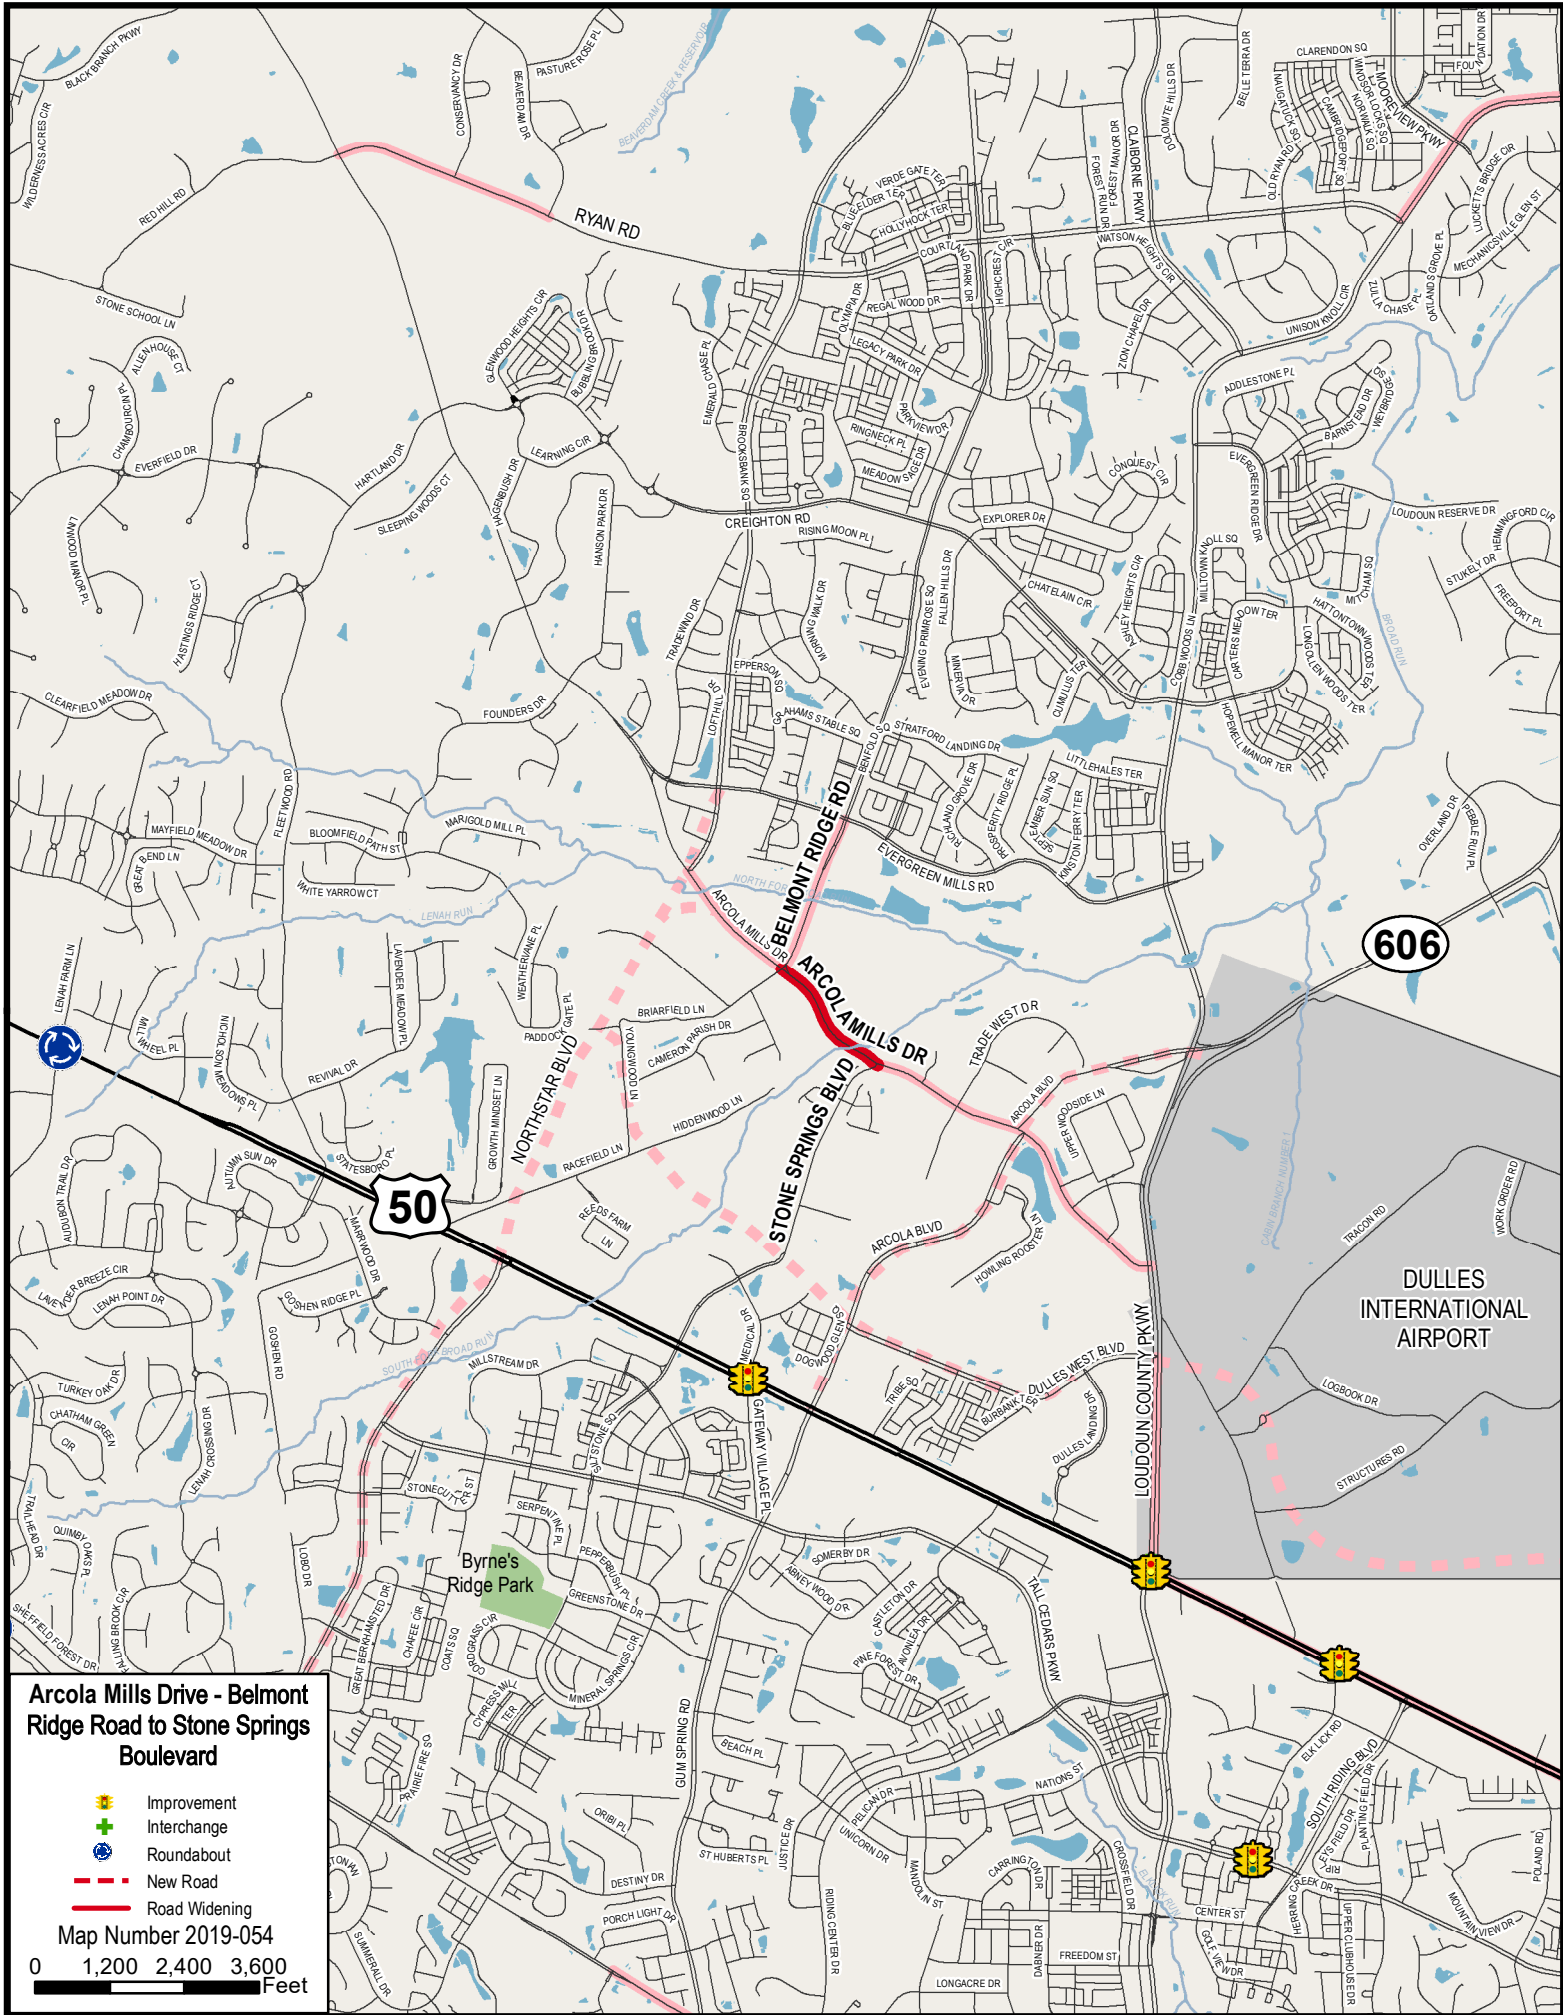

### Background:

This project provides for the planning, design, right-of-way acquisition, and widening of Arcola Mills Drive (Route 621) from two lanes to a three-lane roadway with a continuous left turn lane, and right turn lanes at appropriate locations between Belmont Ridge Road and Stone Springs Boulevard. Construction includes improvements at the intersections of Belmont Ridge Road and Stone Springs Boulevard, and a new bridge to carry Arcola Mills Drive over the South Fork of Broad Run. The project includes the construction of a sidewalk on one side of the road and a shared use path on the other.

## Braddock Road Widening - Paul VI Eastern Entrance to Loudoun County Parkway

### Details:

**Project Number:** C02430

**Election District (2022):** Dulles

**Election District (2011):** Dulles

**Length:** 0.8 mile

**Project Type:** Roadway Widening

**Estimated Completion Year:** FY 2030

**Referendum:** November 2025

### Phase Costs in Millions

### Background:

This project provides for the planning, design, right-of-way acquisition, and construction to widen Braddock Road (Route 620) to four lanes between the Eastern Entrance of Paul VI High School and Loudoun County Parkway. The project entails the construction of a four lane, median-divided roadway within a 90 -foot right-of-way and includes the construction of shared use paths on both sides of the road.

The scope and budget for this project were originally included in the FY 2021 CIP project entitled *Braddock Road, Segment 2 – Paul VI Eastern Entrance to Bull Run Post Office Road* which was re-segmented to more effectively administer.

## Croson Lane Widening – Claiborne Parkway to Old Ryan Road

### Details:

**Project Number:** C02315

**Election District (2022):** Broad Run

**Election District (2011):** Broad Run, Dulles

**Length:** 0.9 miles

**Project Type:** Roadway Widening

**Estimated Completion Fiscal Year:** FY 2027

**Referendum:** November 2024

### Phase Costs in Millions

### Background:

This project provides for the planning, design, right-of-way acquisition, and construction to widen Croson Lane (Route 645) to four lanes between Claiborne Parkway (Route 901) and Old Ryan Road (Route 722). The project entails the construction of a four-lane, median-divided roadway within a 120-foot right-of-way and includes the construction of a sidewalk on one side of the road and a shared-use path on the other side.

The Revenue Sharing funding that was programmed in FY 2025 and FY 2026 as reflected in the Adopted FY 2023 Budget Document was revised and reallocated to align with VDOT's SYIP and the project's development schedule. In addition, the project's budget was increased during the FY 2024 CIP budget development process based on the most recent cost estimate.

## Crosstrail Boulevard Segment C - Sycolin Road to Dulles Greenway

### Details:

**Project Number:** C02317

**Election District (2022):** Leesburg

**Election District (2011):** Catoctin

**Length:** 3,000 feet

**Project Type:** New Roadway

**Estimated Completion Year:** FY 2028

**Referendum:** November 2022 & November 2023

### Phase Costs in Millions

### Background:

This project provides for the planning, design, right-of-way acquisition, and construction of a four-lane median divided road as a major collector between Sycolin Road and the Dulles Greenway on a 120-foot-wide right-of-way. The project also includes shared use paths on both sides of Crosstrail Boulevard and the construction of a bridge over Sycolin Creek.

The project's budget was increased during the FY 2024 CIP budget development process based on the most recent cost estimate.

## Dulles West Boulevard – Northstar Boulevard to Arcola Boulevard

### Details:

**Project Number:** C02213

**Election District (2022):** Dulles

**Election District (2011):** Blue Ridge

**Length:** 1.9 miles

**Project Type:** New Roadway

**Estimated Completion Year:** FY 2028

**Referendum:** November 2023

### Phase Costs in Millions

### Background:

This project provides for the planning, design, right-of-way acquisition, and construction of Dulles West Boulevard between Northstar Boulevard and Arcola Boulevard as a suburban four-lane, median-divided major collector with shared use paths on both sides of the road and a 120-foot-wide right-of-way.

The section of Dulles West Boulevard between Arcola Boulevard and Dulles Landing Drive is being built by a developer pursuant to a proffer agreement between the County and the Developer. The segment from Northstar Boulevard to Racefield Lane is being built by the design-builder of the Northstar Boulevard – Shreveport Drive to Route 50, (Phase I) project.

### Project Phase Timeline by FY

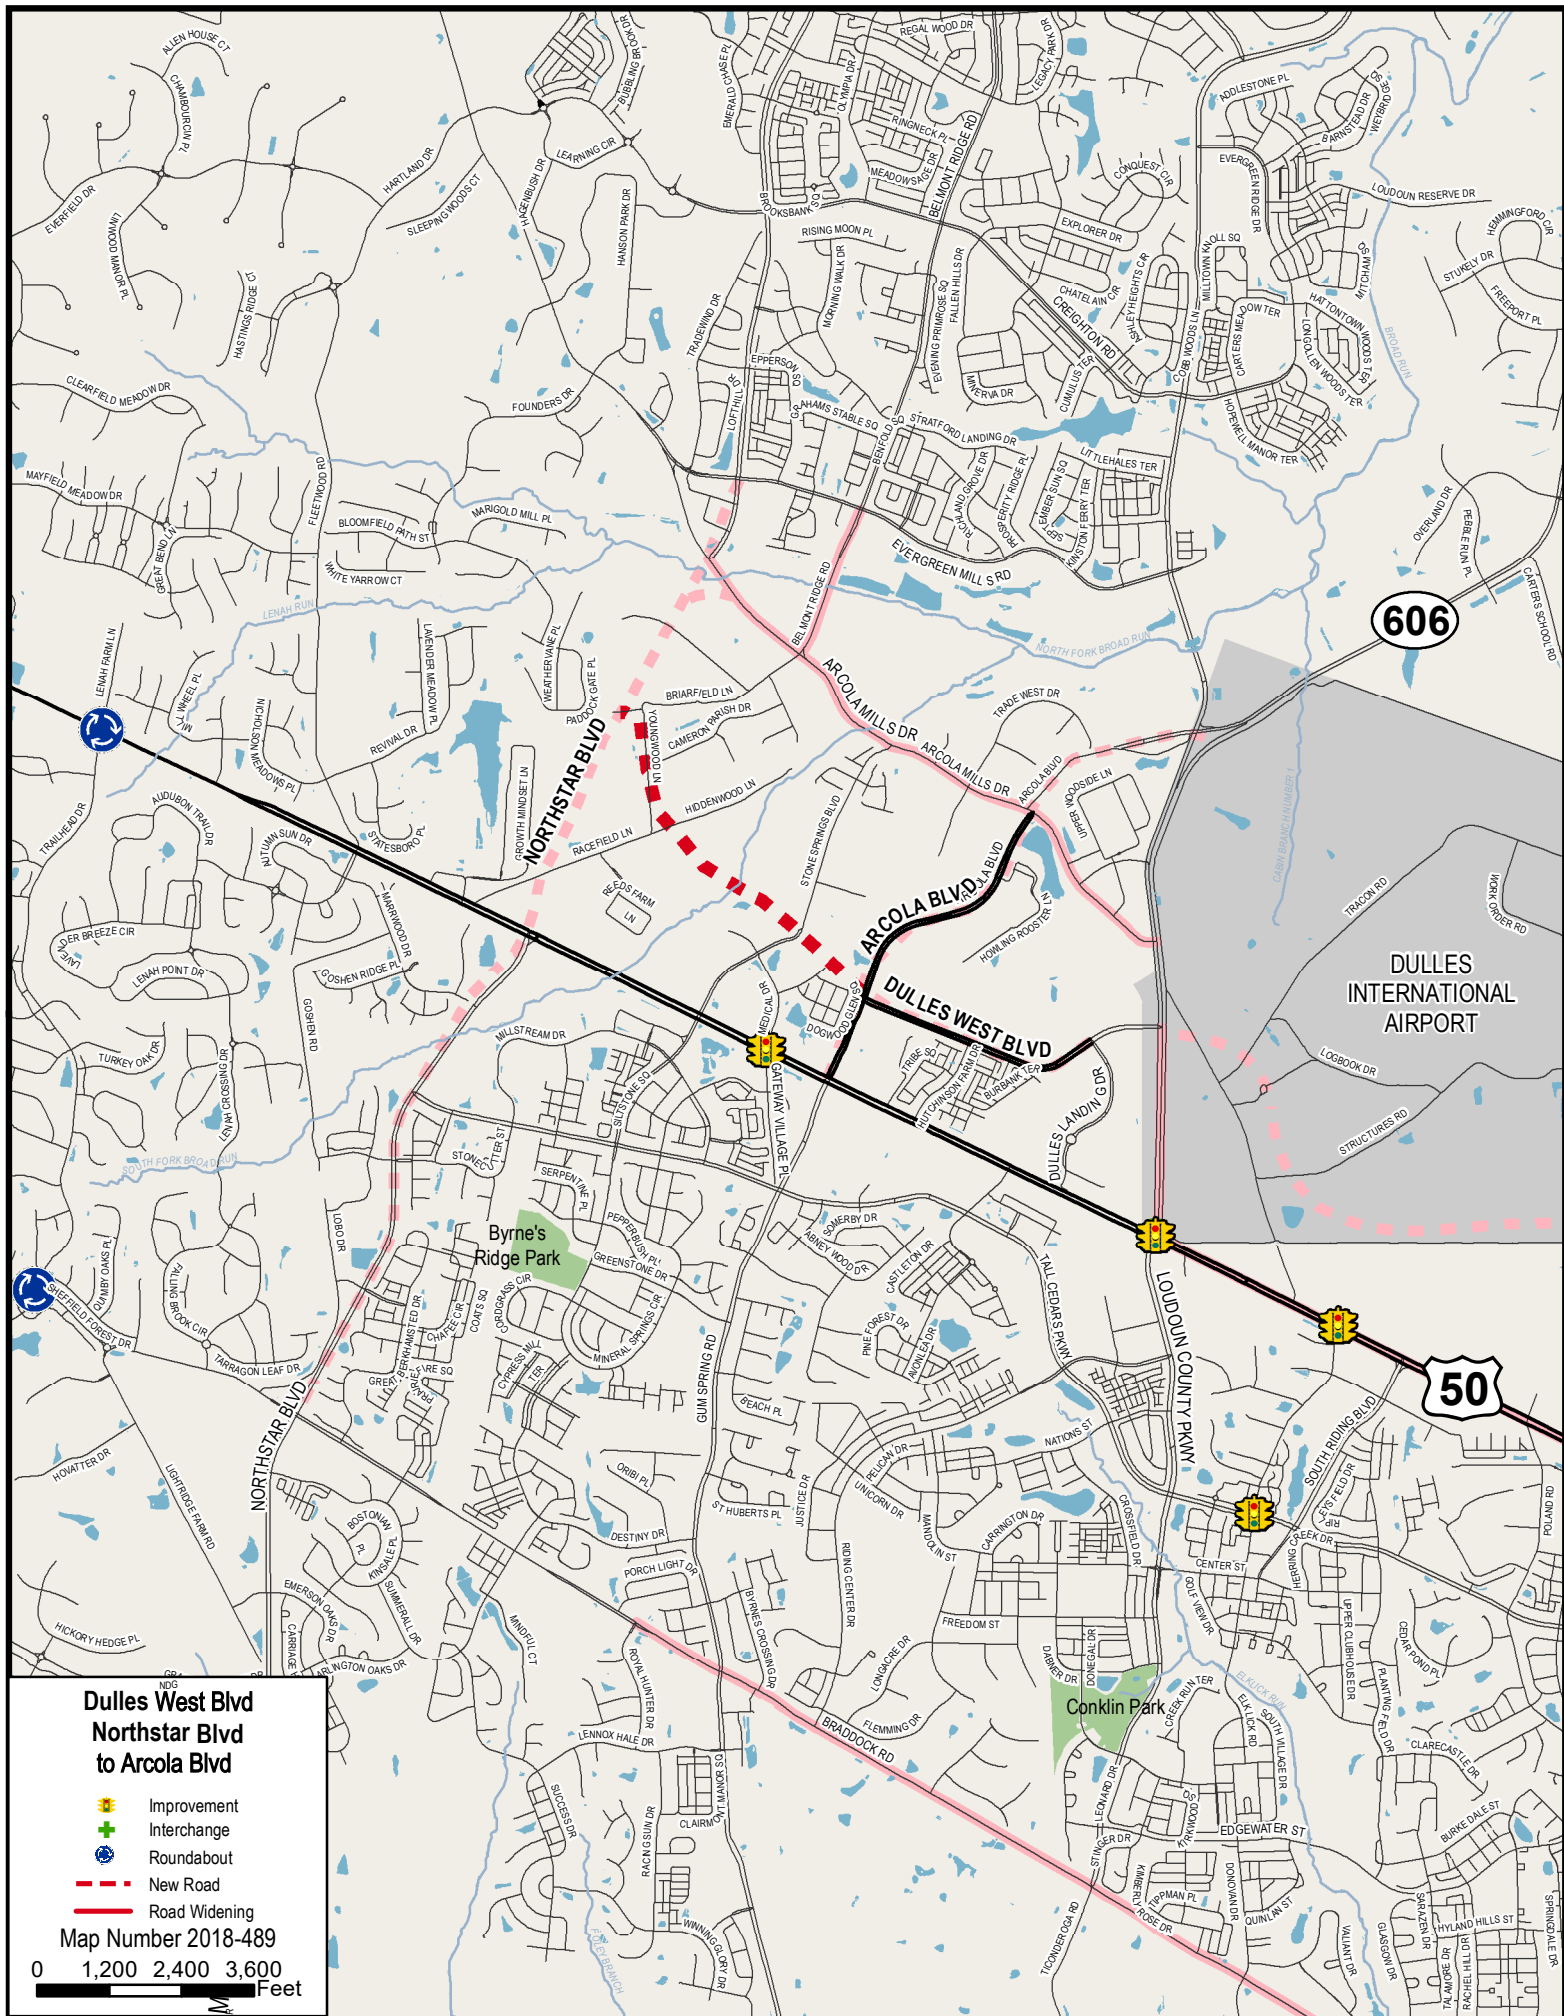

The project's budget was decreased during the FY 2024 CIP budget development process based on the most recent cost estimate.

## Evergreen Mills Road / Hogeland Mill Road – Bridge and Safety Improvements

**Details:****Project Number:** n/a**Election District (2022):** Catoctin**Election District (2011):** Catoctin**Length:** 0.5 miles**Project Type:** Safety Audit and Improvements**Estimated Completion Year:** FY 2031**Referendum:** November 2023**Phase Costs in Millions****Background:**

This project provides for the design, land acquisition, utility relocation, and construction of corridor safety improvements. The scope of work includes installation of safety improvements in the vicinity of Hogeland Mill Road, consisting of improvements to the culvert that carries Evergreen Mills Road over Sycolin Creek, roadside barrier upgrades, and roadway surface and drainage improvements.

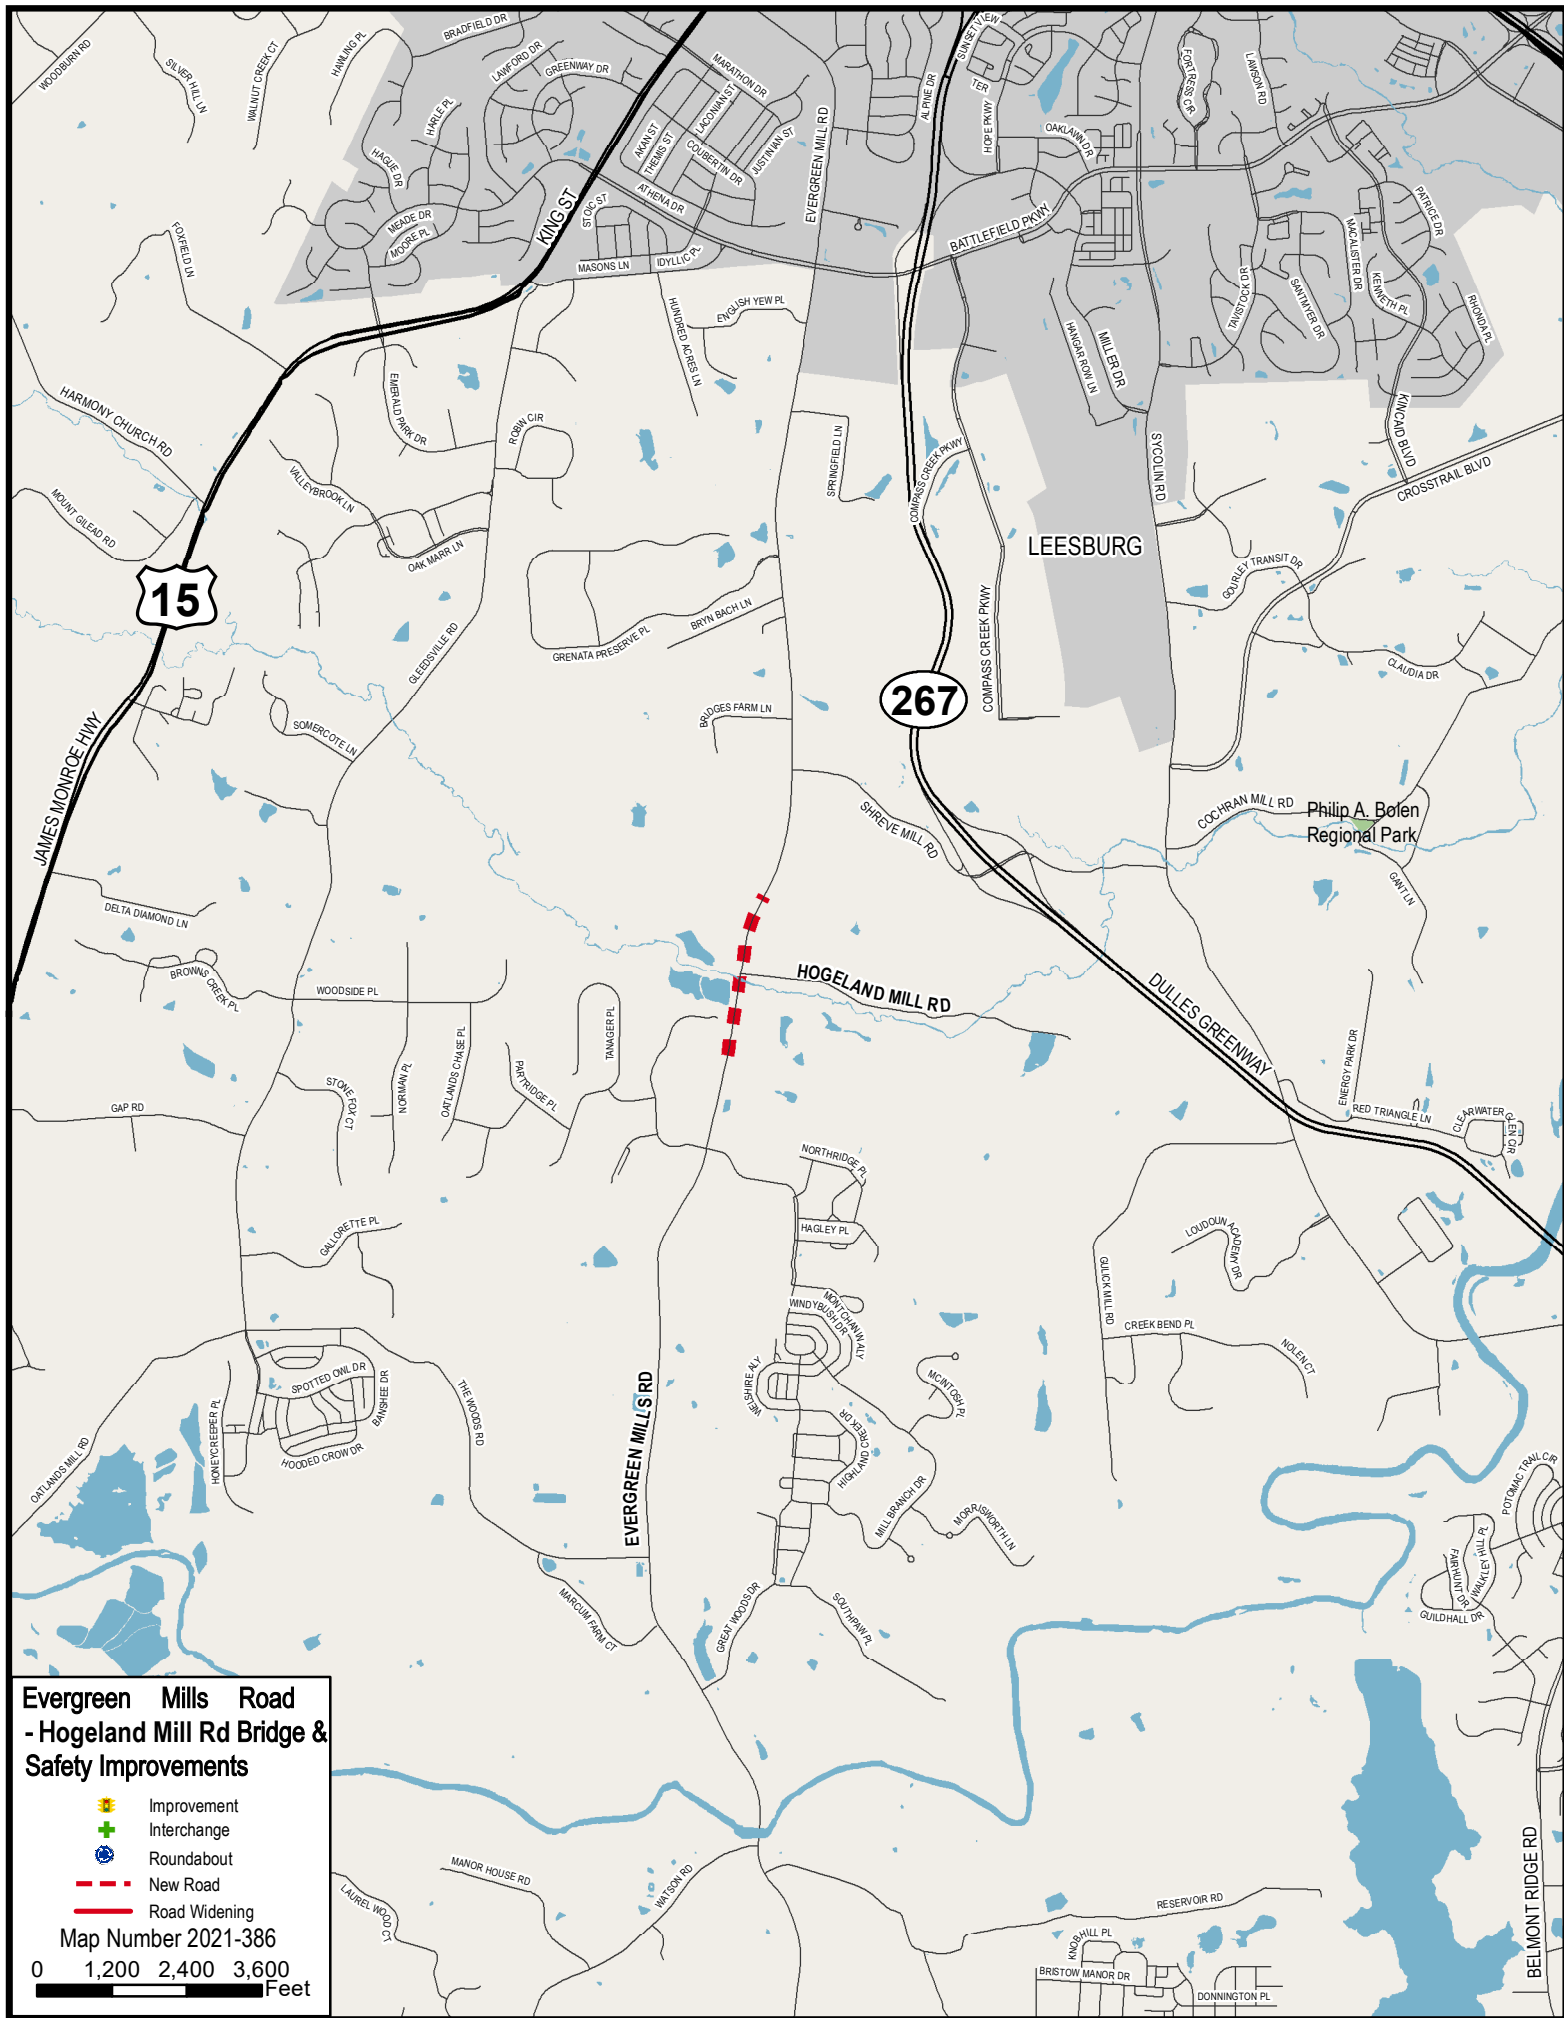

The recommended improvements originated from the Road Safety Audit that was completed for Evergreen Mills Road (portions now named Arcola Mills Drive) and Watson Road.

The project name was changed from *Safety Improvements – Evergreen Mills Road: Bridge and Pavement Modifications Near Hogeland Mill Road* to *Evergreen Mills Road / Hogeland Mill Road – Bridge and Safety Improvements* during the FY 2024 CIP budget development process.

## Evergreen Mills Road / Reservoir Road / Watson Road Intersection Improvement

### Details:

**Project Number:** C02209

**Election District (2022):** Little River

**Election District (2011):** Blue Ridge

**Length:** 0.2 miles

**Project Type:** Intersection Realignment

**Estimated Completion Year:** FY 2027

**Referendum:** November 2021 & November 2024

### Phase Costs in Millions

### Background:

This project provides for the planning, design, right-of-way acquisition, and construction of the realignment of Evergreen Mills Road at the intersections of Reservoir Road and Watson Road. To facilitate the roadway realignment, Watson Road will also be realigned to intersect Evergreen Mills Road opposite Reservoir Road. The reconfigured intersection will include a traffic signal, and right and left turn lanes as needed.

The project's budget was increased during the FY 2024 CIP budget development process based on the most recent cost estimate.

## Farmwell Road Intersection Improvements

### Details:

**Project Number:** C02087

**Election District (2022):** Broad Run

**Election District (2011):** Ashburn, Broad Run

**Length:** 1.3 miles

**Project Type:** Intersection Improvements

**Estimated Completion Year:** FY 2027

**Referendum:** November 2018 & November 2021

### Phase Costs in Millions

### Background:

This project provides for the planning, design, right-of-way acquisition, and improvements to the Farmwell Road intersections at Ashburn Road; Dodge Terrace/Hemingway Drive; Ashburn Village Boulevard; and Smith Switch Road/Waxpool Road.

The project's budget was decreased during the FY 2024 CIP budget development process based on the most recent cost estimate. In addition, the Revenue Sharing funding that was programmed in FY 2025 as reflected in the Adopted FY 2023 Budget Document was reallocated to align with VDOT's SYIP funding allocation for this project.

## Intelligent Transportation System

### Details:

**Project Number:** C02203

**Election District (2022):** Countywide

**Election District (2011):** Countywide

**Length:** n/a

**Project Type:** Traffic Mitigation and Safety Improvements

**Estimated Completion Year:** Ongoing

**Referendum:** n/a

### Phase Costs in Millions

### Background:

This project provides for the integration of Intelligent Transportation Systems (ITS) into County transportation plans. It includes the deployment of color closed-circuit television cameras (CCTVs) and changeable message signs (CMS) and other ITS equipment to manage traffic operations.

This is an ongoing project and will require funding every other year until completion.

## Lake Drive Improvements

### Details:

**Project Number:** C02483

**Election District (2022):** Algonkian

**Election District (2011):** Sterling

**Length:** 0.25 miles

**Location:** Lake Drive

**Estimated Completion Year:** FY 2026

**Referendum:** November 2024

### Phase Costs in Millions

### Background:

This project provides for the planning, design, right-of-way acquisition, and reconstruction of a segment of Lake Drive from Thomas Avenue to the boundary of Fairfax County. After completion of the project, the road will qualify for maintenance by the Virginia Department of Transportation. The scope of work includes the restoration or replacement of a dam for a tributary of Sugarland Run over which Lake Drive is located.

### Project Phase Timeline by FY

Funding previously allocated to the Dam Safety Contingency account was utilized to provide funding for the design phase of this project.

## Northstar Boulevard Widening – Tall Cedars Parkway to Braddock Road

### Details:

**Project Number:** C02375

**Election District (2022):** Dulles

**Election District (2011):** Dulles

**Length:** 1.1 miles

**Project Type:** Roadway Widening

**Estimated Completion Year:** FY 2030

**Referendum:** November 2026

### Phase Costs in Millions

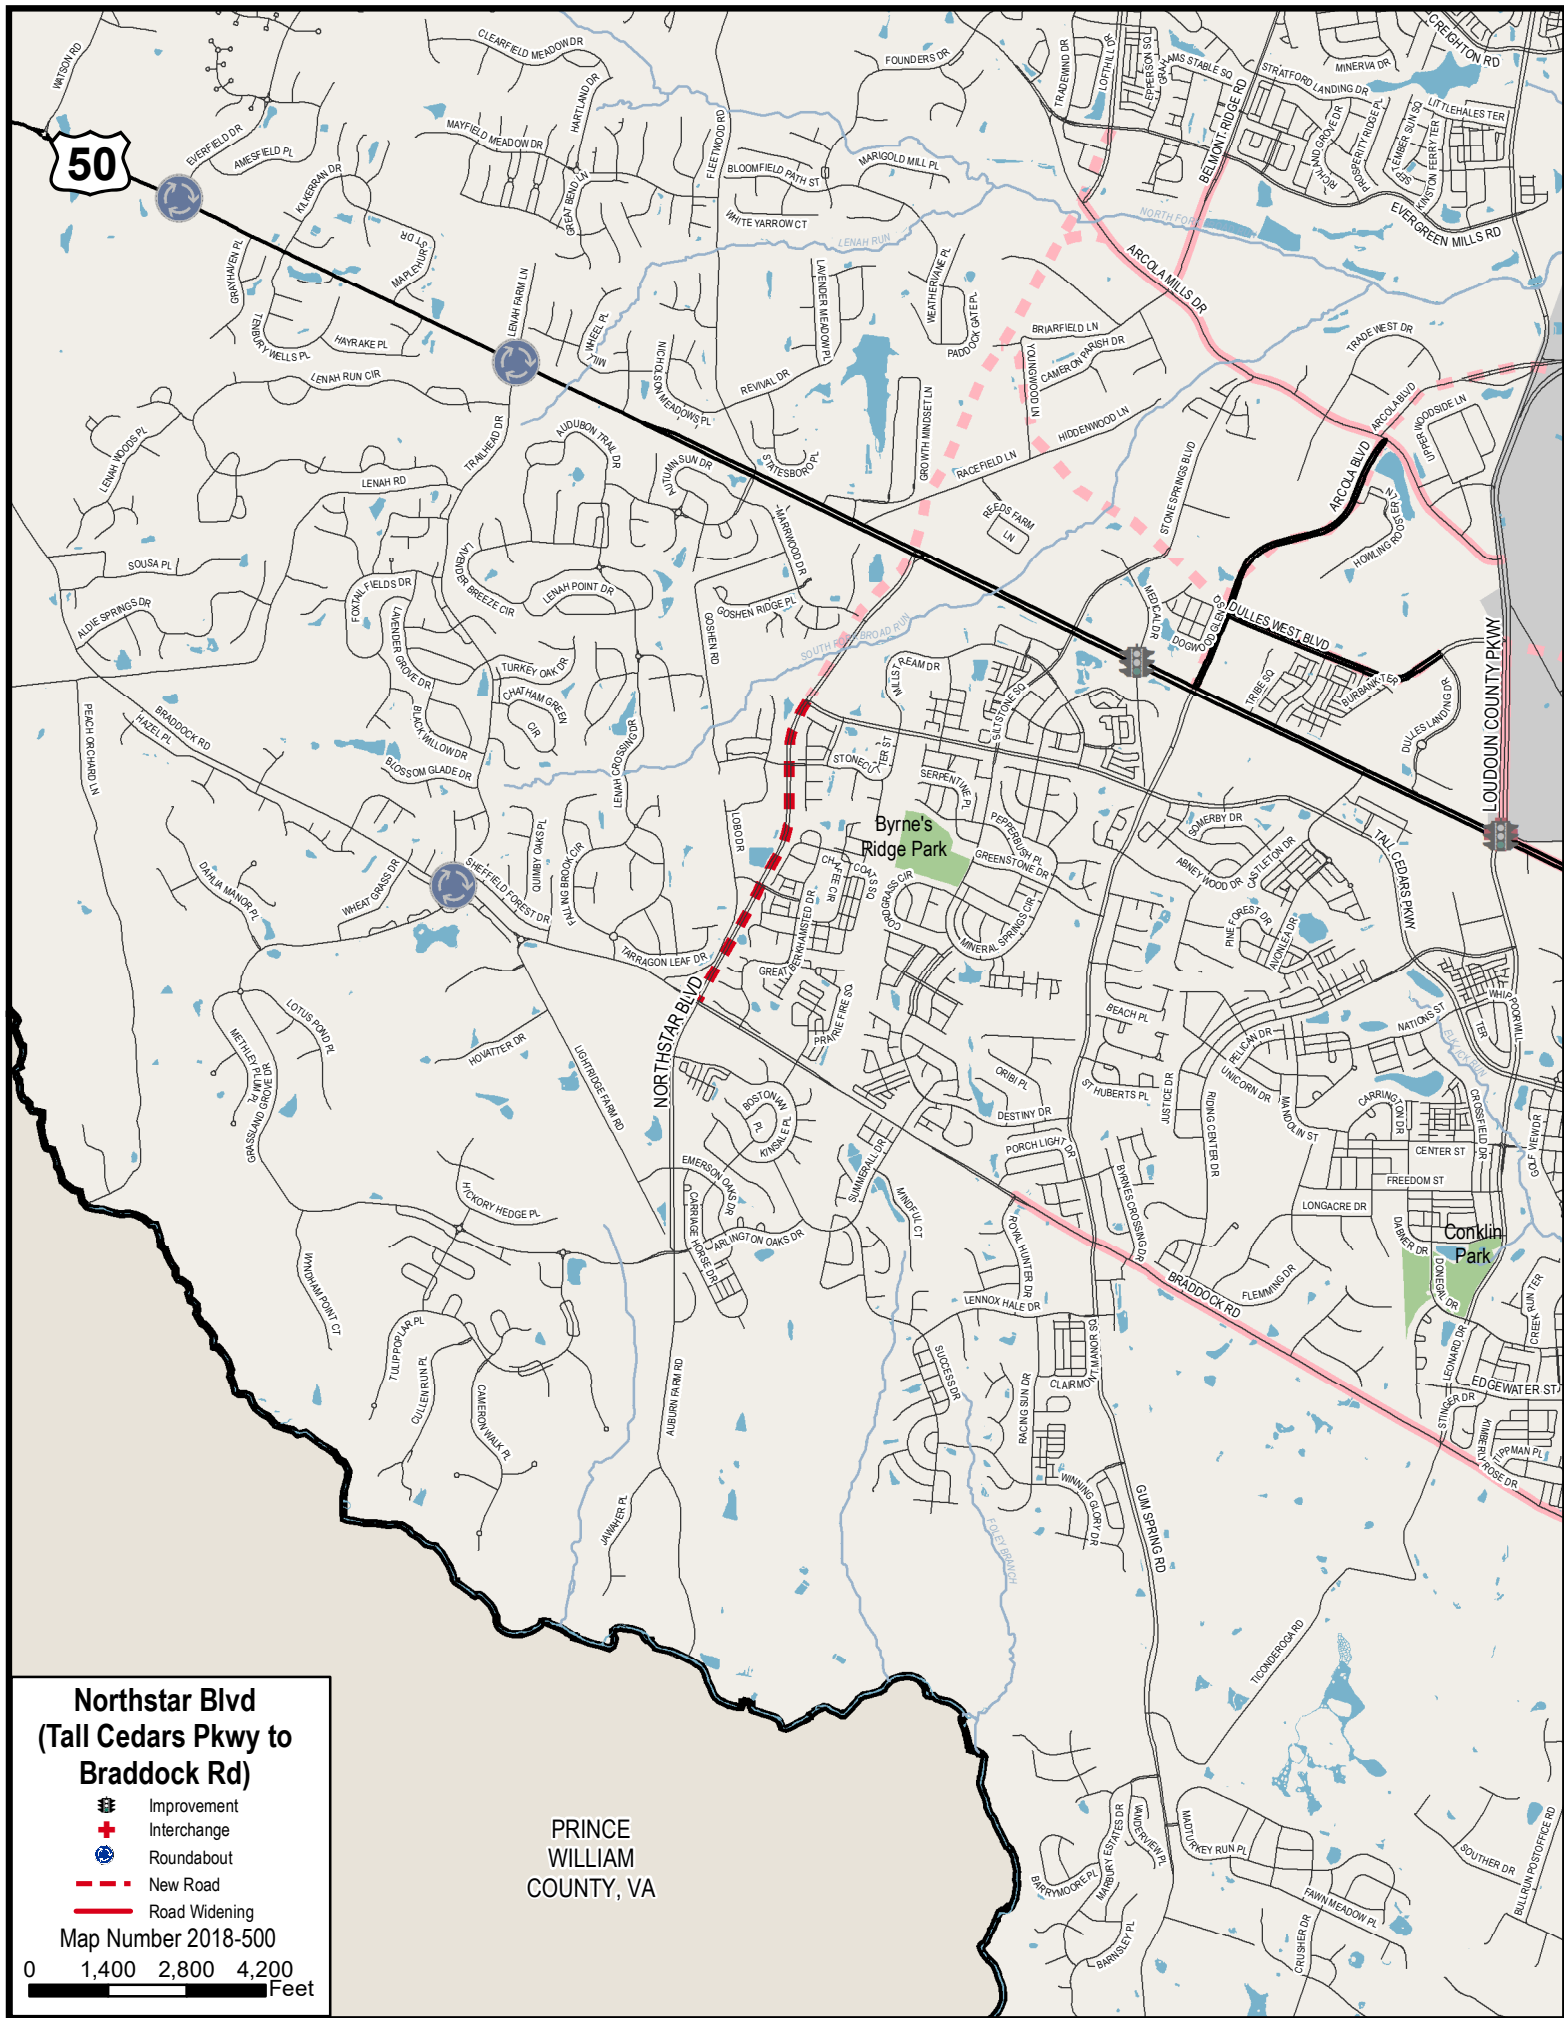

### Background:

This project provides for the planning, design, right-of-way acquisition, and construction of the remaining two lanes of Northstar Boulevard between Tall Cedars Parkway (Route 2200) and Braddock Road (Route 620). The project will include a shared-use path along the new travel lanes, a grade separated pedestrian crossing of Northstar Boulevard to facilitate pedestrian access to John Champe High School, modifications to an existing traffic signal, and installation of new traffic signals where warranted.

## Old Ox Road Widening - Shaw Road to Oakgrove Road

### Details:

**Project Number:** C02461

**Election District (2022):** Sterling

**Election District (2011):** Broad Run

**Length:** 0.85 miles

**Project Type:** Roadway Widening

**Estimated Completion Year:** FY 2031

**Referendum:** n/a

### Phase Costs in Millions

### Background:

This project provides funding for the planning, design, right-of-way acquisition, and widening of Old Ox Road (VA 606) from four lanes to a six- lane roadway between Shaw Road and Rock Hill Road to include shared use paths on both sides of the roadway.

## Prentice Drive - Loudoun County Parkway to Lockridge Road

### Details:

**Project Number:** C02316

**Election District (2022):** Sterling

**Election District (2011):** Broad Run

**Length:** 1.1 miles

**Project Type:** New Roadway and Improvements

**Estimated Completion Year:** FY 2028

**Referendum:** November 2018 & November 2024

### Phase Costs in Millions

### Background:

This project provides for the planning, design, right-of-way acquisition, and construction of Prentice Drive (Route 1071) from Loudoun County Parkway (Route 607) to Lockridge Road (Route 789). Both roadways will be designed as four-lane urban major collectors, with associated turn lanes and bicycle and pedestrian facilities. The road will provide connectivity to the Ashburn and Loudoun Gateway Metro stations.

The scope of work and budget for this project was originally included in the FY 2020 CIP project entitled *Prentice Drive – Lockridge Road to Shellhorn Road and Waxpool Road* which was segmented during the FY 2021 CIP budget development process.

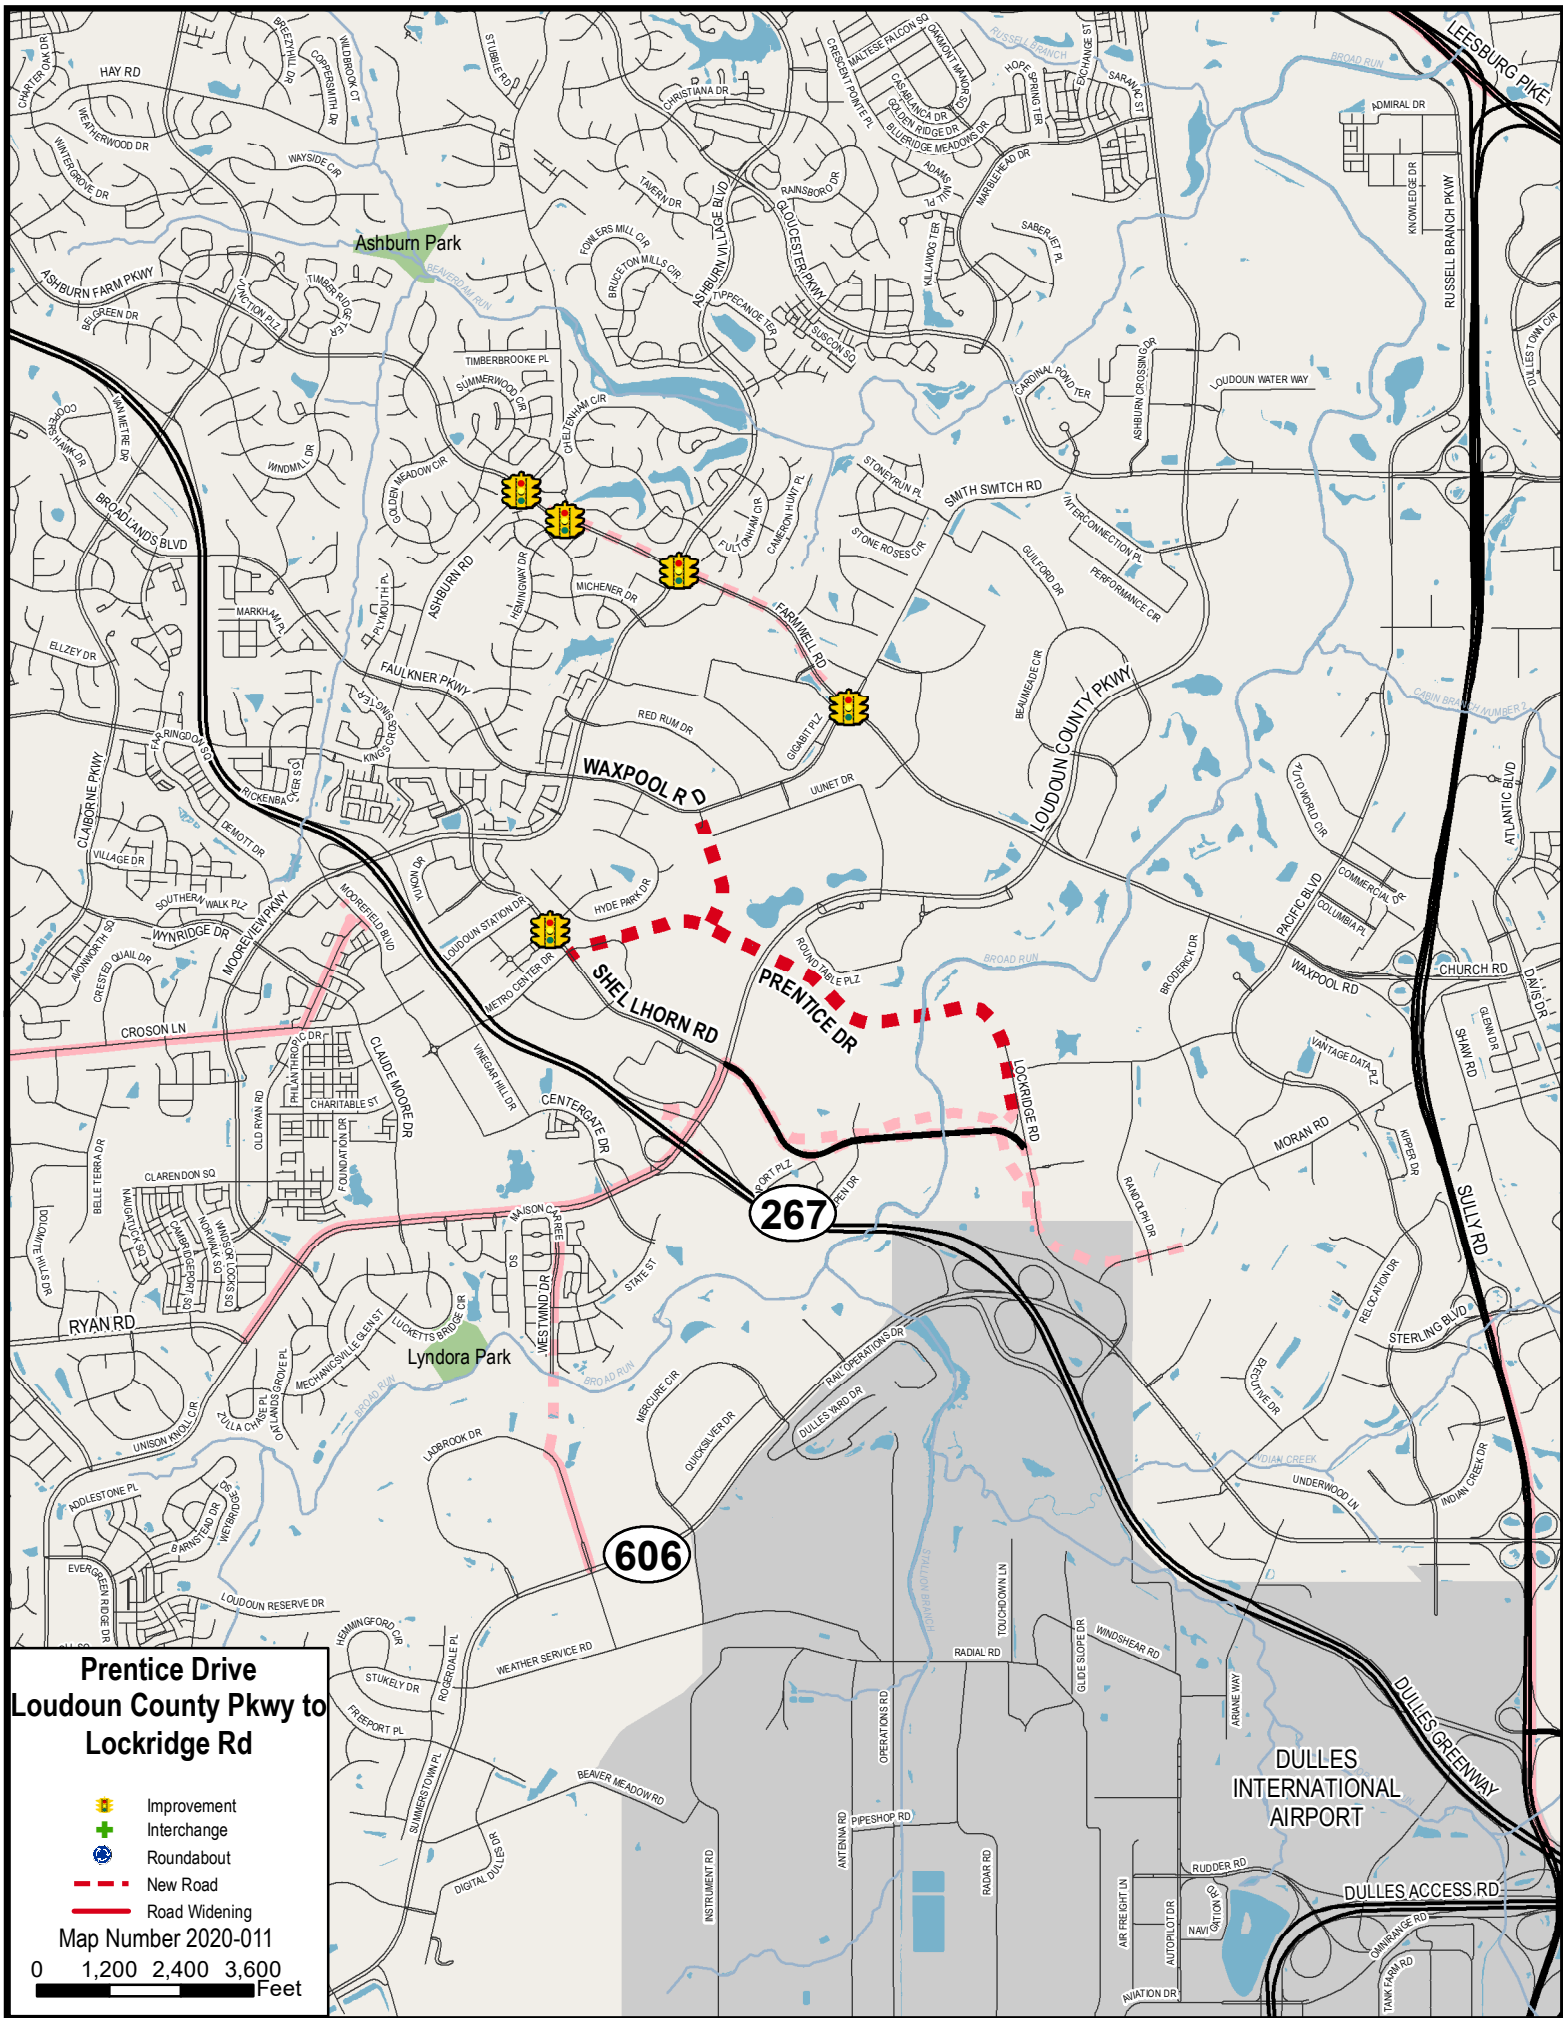

The project's budget was increased during the FY 2024 CIP budget development process based on the most recent cost estimate.

## Route 7 Improvements - Route 9 to Dulles Greenway – Long Term Improvements

### Details:

**Project Number:** C02467

**Election District (2022):** Catoctin, Leesburg

**Election District (2011):** Catoctin, Leesburg

**Length:** 0.75 miles

**Project Type:** Roadway Widening

**Estimated Completion Year:** FY 2029

**Referendum:** November 2022 & November 2026

### Phase Costs in Millions

### Background:

This project provides for the planning and National Environmental Policy Act (NEPA) review of the Route 7 widening between Route 9 and the Dulles Greenway. In addition, it provides for the design of roadway and bridge improvements between the widened section of Route 7 east of the Route 9 interchange (Segment 1), and the Dulles Greenway. It includes the right-of-way acquisition, utility relocation, and construction of the bridge improvements in preparation for roadway widening to be completed in Segment 3.

### Project Phase Timeline by FY

The scope of work and budget for this project was originally included in the FY 2021 CIP project entitled *Route 7 Improvements, Phase 3: Route 9 to Dulles Greenway*. The project was re-segmented to more effectively administer in FY 2022.

The project name was changed from *Route 7 Improvements, Phase 3: Route 9 to Dulles Greenway, Segment 2* to *Route 7 Improvements – Route 9 to Dulles Greenway – Long Term Improvements* during the FY 2024 CIP budget development process. In addition, \$2,000,000 was transferred into this project from the Short-Term Improvement segment to pay for the NEPA review work.

## Route 7 Improvements - Route 9 to Dulles Greenway – Short Term Improvements

### Details:

**Project Number:** C02314

**Election District (2022):** Catoctin, Leesburg

**Election District (2011):** Catoctin, Leesburg

**Length:** 0.75 miles

**Project Type:** Roadway Widening

**Estimated Completion Year:** n/a

**Referendum:** n/a

### Phase Costs in Millions

### Background:

This project provides for the design, right-of-way acquisition, utility relocation, and construction of an acceleration lane on eastbound Route 7 at the Route 9 Interchange.

The scope of work and budget for this project was originally included in the FY 2021 CIP project entitled *Route 7 Improvements, Phase 3: Route 9 to Dulles Greenway*. The project was re-segmented to more effectively administer, and the planned funding that made up the original project budget was reallocated to align the budgets for the newly created segments.

### Project Phase Timeline by FY

The project name was changed from *Route 7 Improvements, Phase 3: Route 9 to Dulles Greenway, Segment 1* to *Route 7 Improvements – Route 9 to Dulles Greenway – Short Term Improvements* during the FY 2024 CIP budget development process. In addition, \$2,000,000 was transferred from this project to the Long-Term Improvement segment to pay for the NEPA review work that is included in the scope for the Long-Term segment project.

The original project number (C02314) was retained for this segment of the project.

## Route 7 / Route 287 Interchange Improvements

### Details:

**Project Number:** C02206

**Election District (2022):** Catoctin

**Election District (2011):** Blue Ridge

**Length:** n/a

**Project Type:** Interchange Improvements

**Estimated Completion Year:** FY 2026

**Referendum:** n/a

### Phase Costs in Millions

### Background:

This project provides for the planning, design, right-of-way acquisition, and construction of improvements for Route 7 at the Berlin Turnpike (Route 287) Interchange. The scope of work includes lengthening and widening ramps, channelizing turn lanes, expanding turn lanes and through lanes, expanding pedestrian access, and traffic signal modifications along Route 287 between Eastgate Drive and the Westbound Route 7 exit / entrance ramps.

The Smart Scale funding that was programmed in FY 2023 and FY 2024 as reflected in the Adopted FY 2023 Budget Document was revised and reallocated to align with VDOT's SYIP and the project's development schedule. In addition, the project's budget was decreased during the FY 2024 CIP budget development process based on the most recent cost estimate.

## Route 7 / Route 690 (Hillsboro Road) Interchange

### Details:

**Project Number:** C00196

**Election District (2022):** Catoctin

**Election District (2011):** Blue Ridge

**Length:** n/a

**Project Type:** New Interchange

**Estimated Completion Year:** FY 2028

**Referendum:** November 2019 & November 2022

### Phase Costs in Millions

### Background:

This project provides for design, land acquisition, utility relocation, and construction of a compressed, urban diamond interchange at Route 7 at Hillsboro Road (Route 690) west of Purcellville, with roundabouts at the ramp termini. The scope of work also includes improvements to the intersection of Hillsboro Road / North 21<sup>st</sup> Street with Hirst Road, pedestrian accommodations, as well as the construction of a shared-use path along Hillsboro Road which will improve connectivity for 21<sup>st</sup> Street in Purcellville to Fields Farm Park Road.

### Project Phase Timeline by FY

This project was awarded \$4,000,000 in FY 2023 Federal Earmark Funding from the passage of the FY 2023 Omnibus Spending Bill.

## Route 15 / Braddock Road Roundabout

### Details:

**Project Number:** C02515

**Election District (2022):** Little River

**Election District (2011):** Blue Ridge

**Length:** 0.3 miles

**Project Type:** New Roundabout

**Estimated Completion Year:** FY 2029

**Referendum:** November 2022 & November 2023

### Phase Costs in Millions

### Background:

This project provides for the planning, design, right-of-way acquisition, and construction of a four-legged roundabout at the intersection of Route 15 (James Monroe Highway), Braddock Road (Route 705), and Old Carolina Road (Route 615).

The project's budget was increased during the FY 2024 CIP budget development process based on the most recent cost estimate.

## Route 15 / Lovettsville Road Intersection Improvement

### Details:

**Project Number:** C02360

**Election District (2022):** Catoctin

**Election District (2011):** Catoctin

**Length:** 0.2 miles

**Project Type:** Intersection and Safety Improvements

**Estimated Completion Year:** FY 2027

**Referendum:** n/a

### Phase Costs in Millions

### Background:

This project provides for the planning, design, right-of-way acquisition, and construction of intersection improvements on Route 15 at Lovettsville Road. The scope of work includes roadway, turn lane, and shoulder widening to improve safety and traffic operations at the intersection.

The scope of work and budget for this project were originally included in the FY 2021 CIP project entitled *Route 15 Montessor Road and Point of Rocks Bridge – Improvements*. As part of the FY 2022 CIP budget development process, the project was segmented to effectively administer the project and deliver incremental improvements sooner.

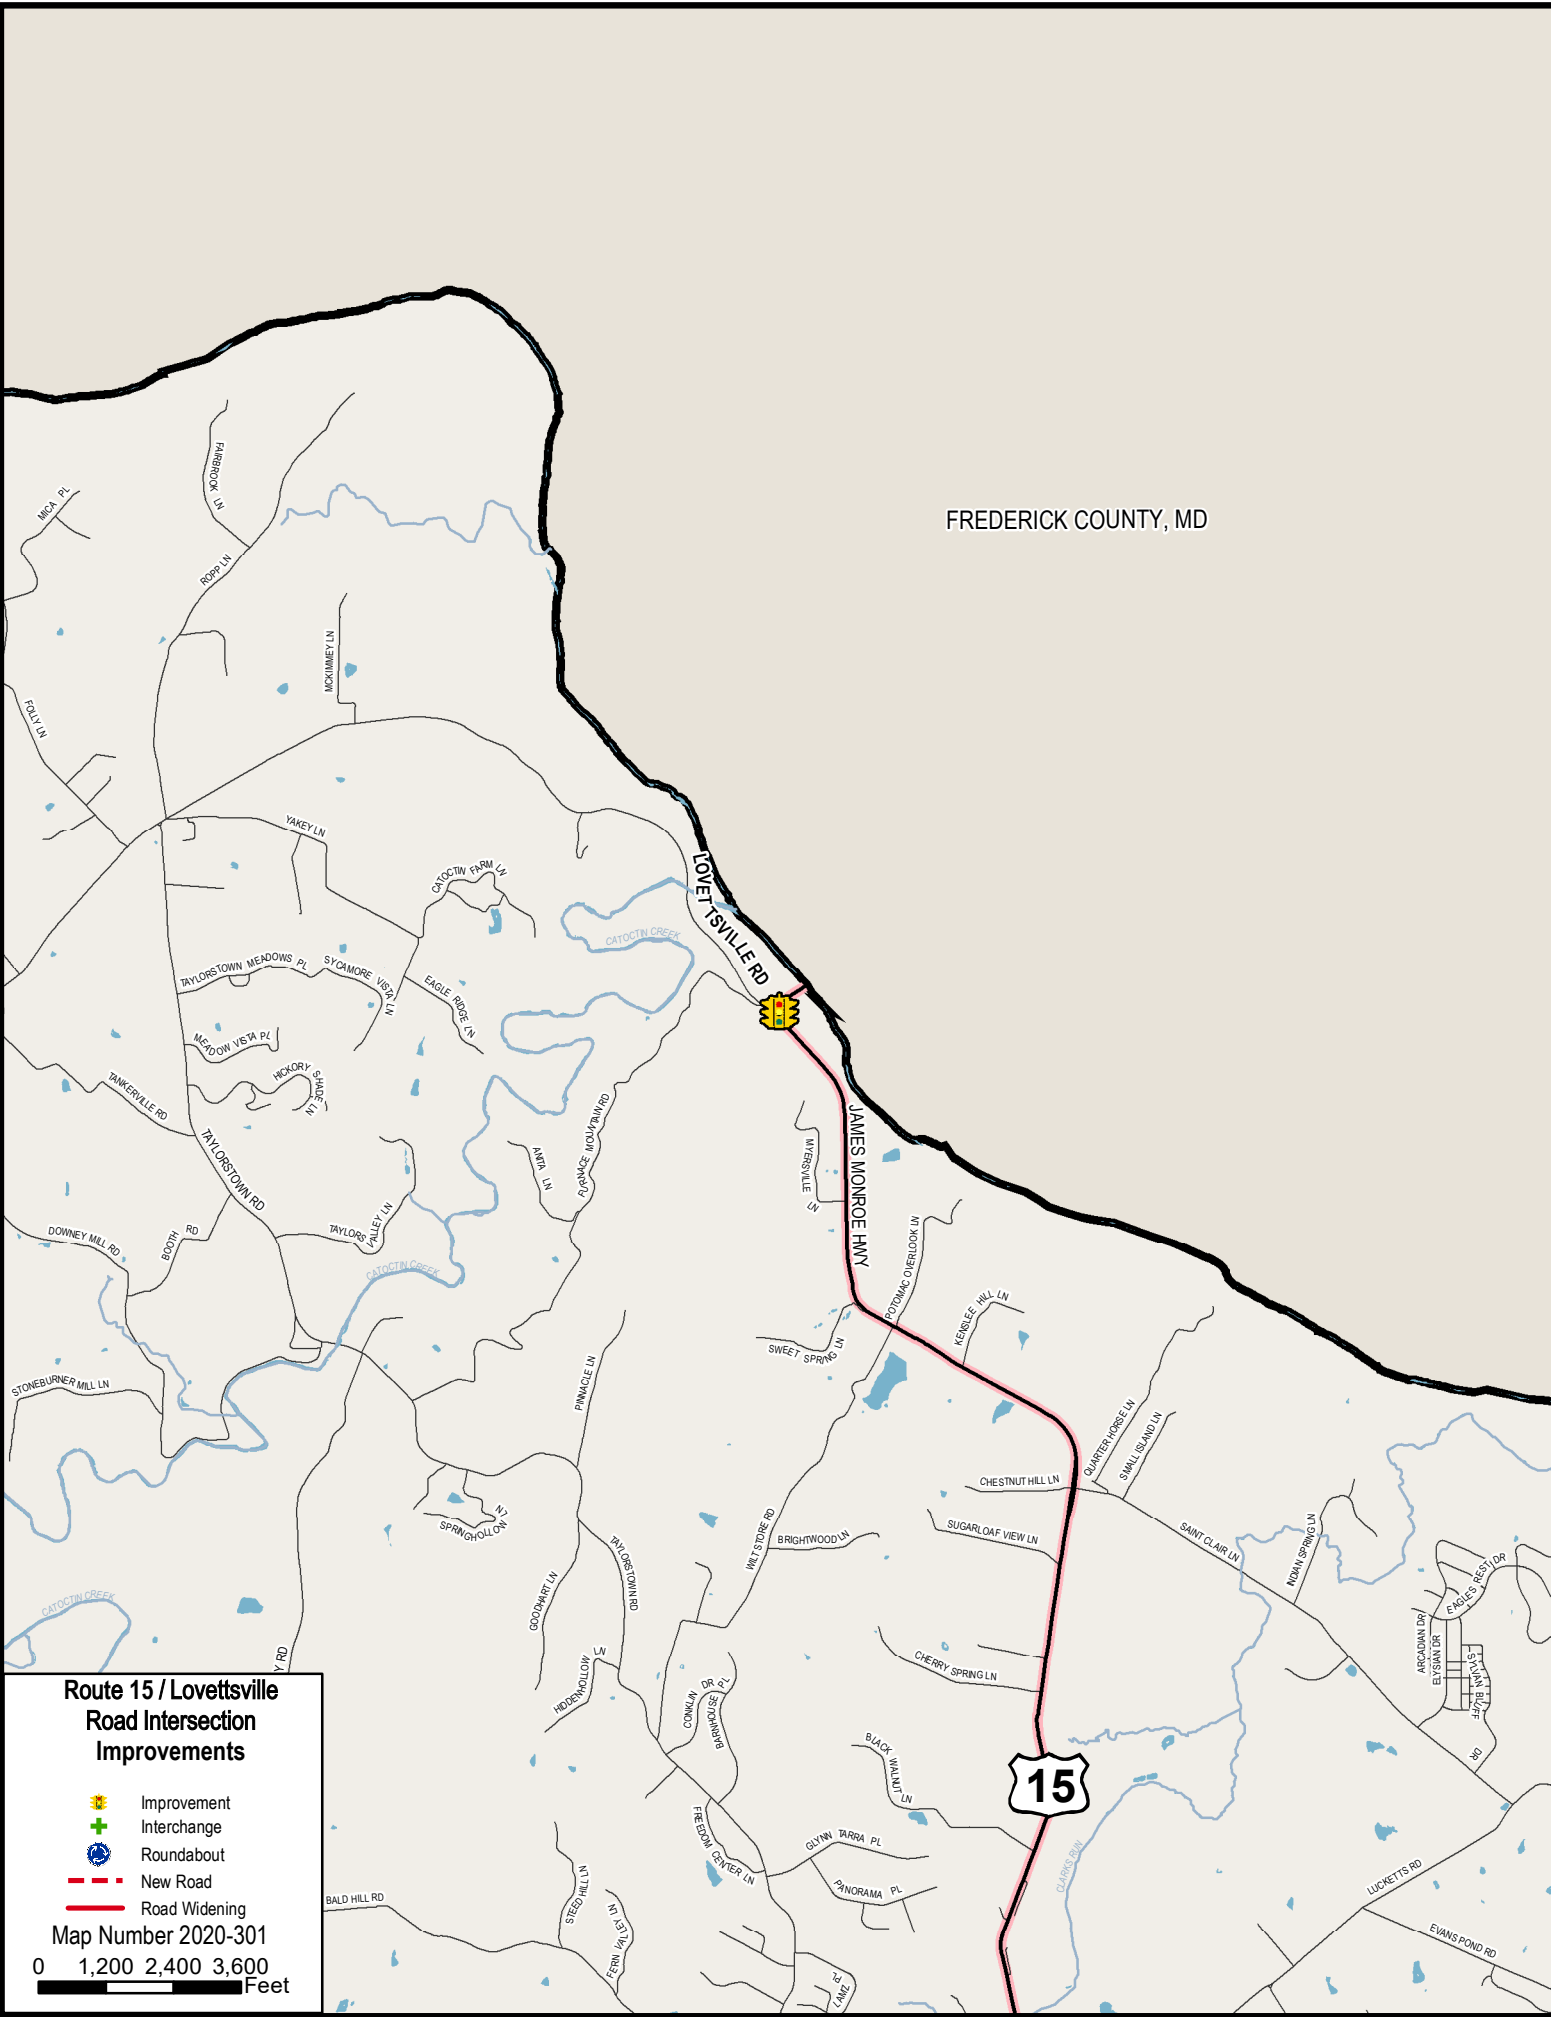

### Project Phase Timeline by FY

The project name was changed from *Route 15 Improvements: Montessor to Point of Rocks, Phase 2* to *Route 15 / Lovettsville Road Intersection Improvement* during the FY 2024 CIP budget development process.

## Route 15 Lucketts Bypass

### Details:

**Project Number:** C02559

**Election District (2022):** Catoctin

**Election District (2011):** Catoctin

**Length:** TDB

**Project Type:** New Roadway

**Estimated Completion Year:** 2033

**Referendum:** n/a

### Phase Costs in Millions

### Background:

This project provides for the planning, design, right-of-way acquisition, utility relocation and construction of a new segment of Route 15 around the west side of the Village of Lucketts that will consist of a four-lane median divided roadway south of Stumptown Road / Lucketts Road. To the north of the Stumptown Road / Lucketts Road intersection, the roadway will transition to a two-lane median divided roadway. The project includes a shared use path located along the southbound lane(s) of the bypass.

## Route 15 Widening - Battlefield Parkway to Whites Ferry Road

### Details:

**Project Number:** C02212

**Election District (2022):** Catoctin, Leesburg

**Election District (2011):** Catoctin, Leesburg

**Length:** 3.5 miles

**Project Type:** Roadway Widening and Intersection Improvements

**Estimated Completion Year:** FY 2027

**Referendum:** n/a

### Phase Costs in Millions

### Background:

This project provides funding for the planning, design, right-of-way acquisition, and widening of Route 15 from two to four lanes from Battlefield Parkway in the Town of Leesburg to Whites Ferry Road. The scope of work also includes intersection improvements at North King Street; traffic signal modifications at Whites Ferry Road (Route 655) / Raspberry Drive; and the construction of shared-use paths on the west side of Route 15 from North King Street to Whites Ferry Road, and at the north side of North King Street from Dry Hollow Road to Route 15.

### Project Phase Timeline by FY

The scope of work and budget for this project was originally included in the FY 2023 CIP project entitled *Route 15 Widening – Battlefield Parkway to Montessor Road*. During the FY 2024 CIP budget development process, the project was re-segmented to more effectively administer the project, and the planned funding that made up the project budget was reallocated to align the budgets for the newly created segments.

The original project number (C02212) was retained for this segment.

## Route 15 Widening - Whites Ferry Road to Montresor Road

### Details:

**Project Number:** C02521

**Election District (2022):** Catoctin

**Election District (2011):** Catoctin

**Length:** 3.5 miles

**Project Type:** Roadway Widening and Intersection Improvements

**Estimated Completion Year:** FY 2029

**Referendum:** November 2025

### Phase Costs in Millions

### Background:

This project provides funding for the planning, design, right-of-way acquisition, and widening of Route 15 from two to four lanes from Whites Ferry Road to Montresor Road (Route 661). The scope of work also includes construction of a four-legged roundabout at Montresor Road with a realigned Limestone School Road, a shared use path along the west side of Route 15, and a shared use path along the north side of Whites Ferry Road from Route 15 to the ferry landing.

The scope of work and budget for this project was originally included in the FY 2023 CIP project entitled *Route 15 Widening – Battlefield Parkway to Montresor Road*. During the FY 2024 CIP budget development process, the project was re-segmented to more effectively administer the project and the planned funding that made up the project budget was reallocated to align the budgets for the newly created segments.

## Route 50 / Loudoun County Parkway Interchange

### Details:

**Project Number:** C02458

**Election District (2022):** Dulles

**Election District (2011):** Blue Ridge, Dulles

**Length:** 2.0 miles

**Project Type:** New Interchange

**Estimated Completion Year:** FY 2034

**Referendum:** November 2026

### Phase Costs in Millions

### Background:

This project provides for the planning, design, right-of-way acquisition, utility relocation, establishment of limited access control, and construction of an interchange at the intersection of Route 50 and Loudoun County Parkway (Route 606).

In addition, it includes the construction of a ten-foot wide, shared use path on the west side of Loudoun County Parkway between Riding Center Drive and Evergreen Mills Road which was previously included in the scope for the *Loudoun County Parkway – Shared Use Path* project that was presented in the Sidewalks, Traffic Signals, and Traffic Calming section of the FY 2023 Adopted Budget Document. During the FY 2024 CIP budget development process, the scope associated with the *Loudoun County Parkway – Shared Use Path* project was incorporated into this project and the *Loudoun County Parkway – Shared Use Path* project page was removed from the CIP document.

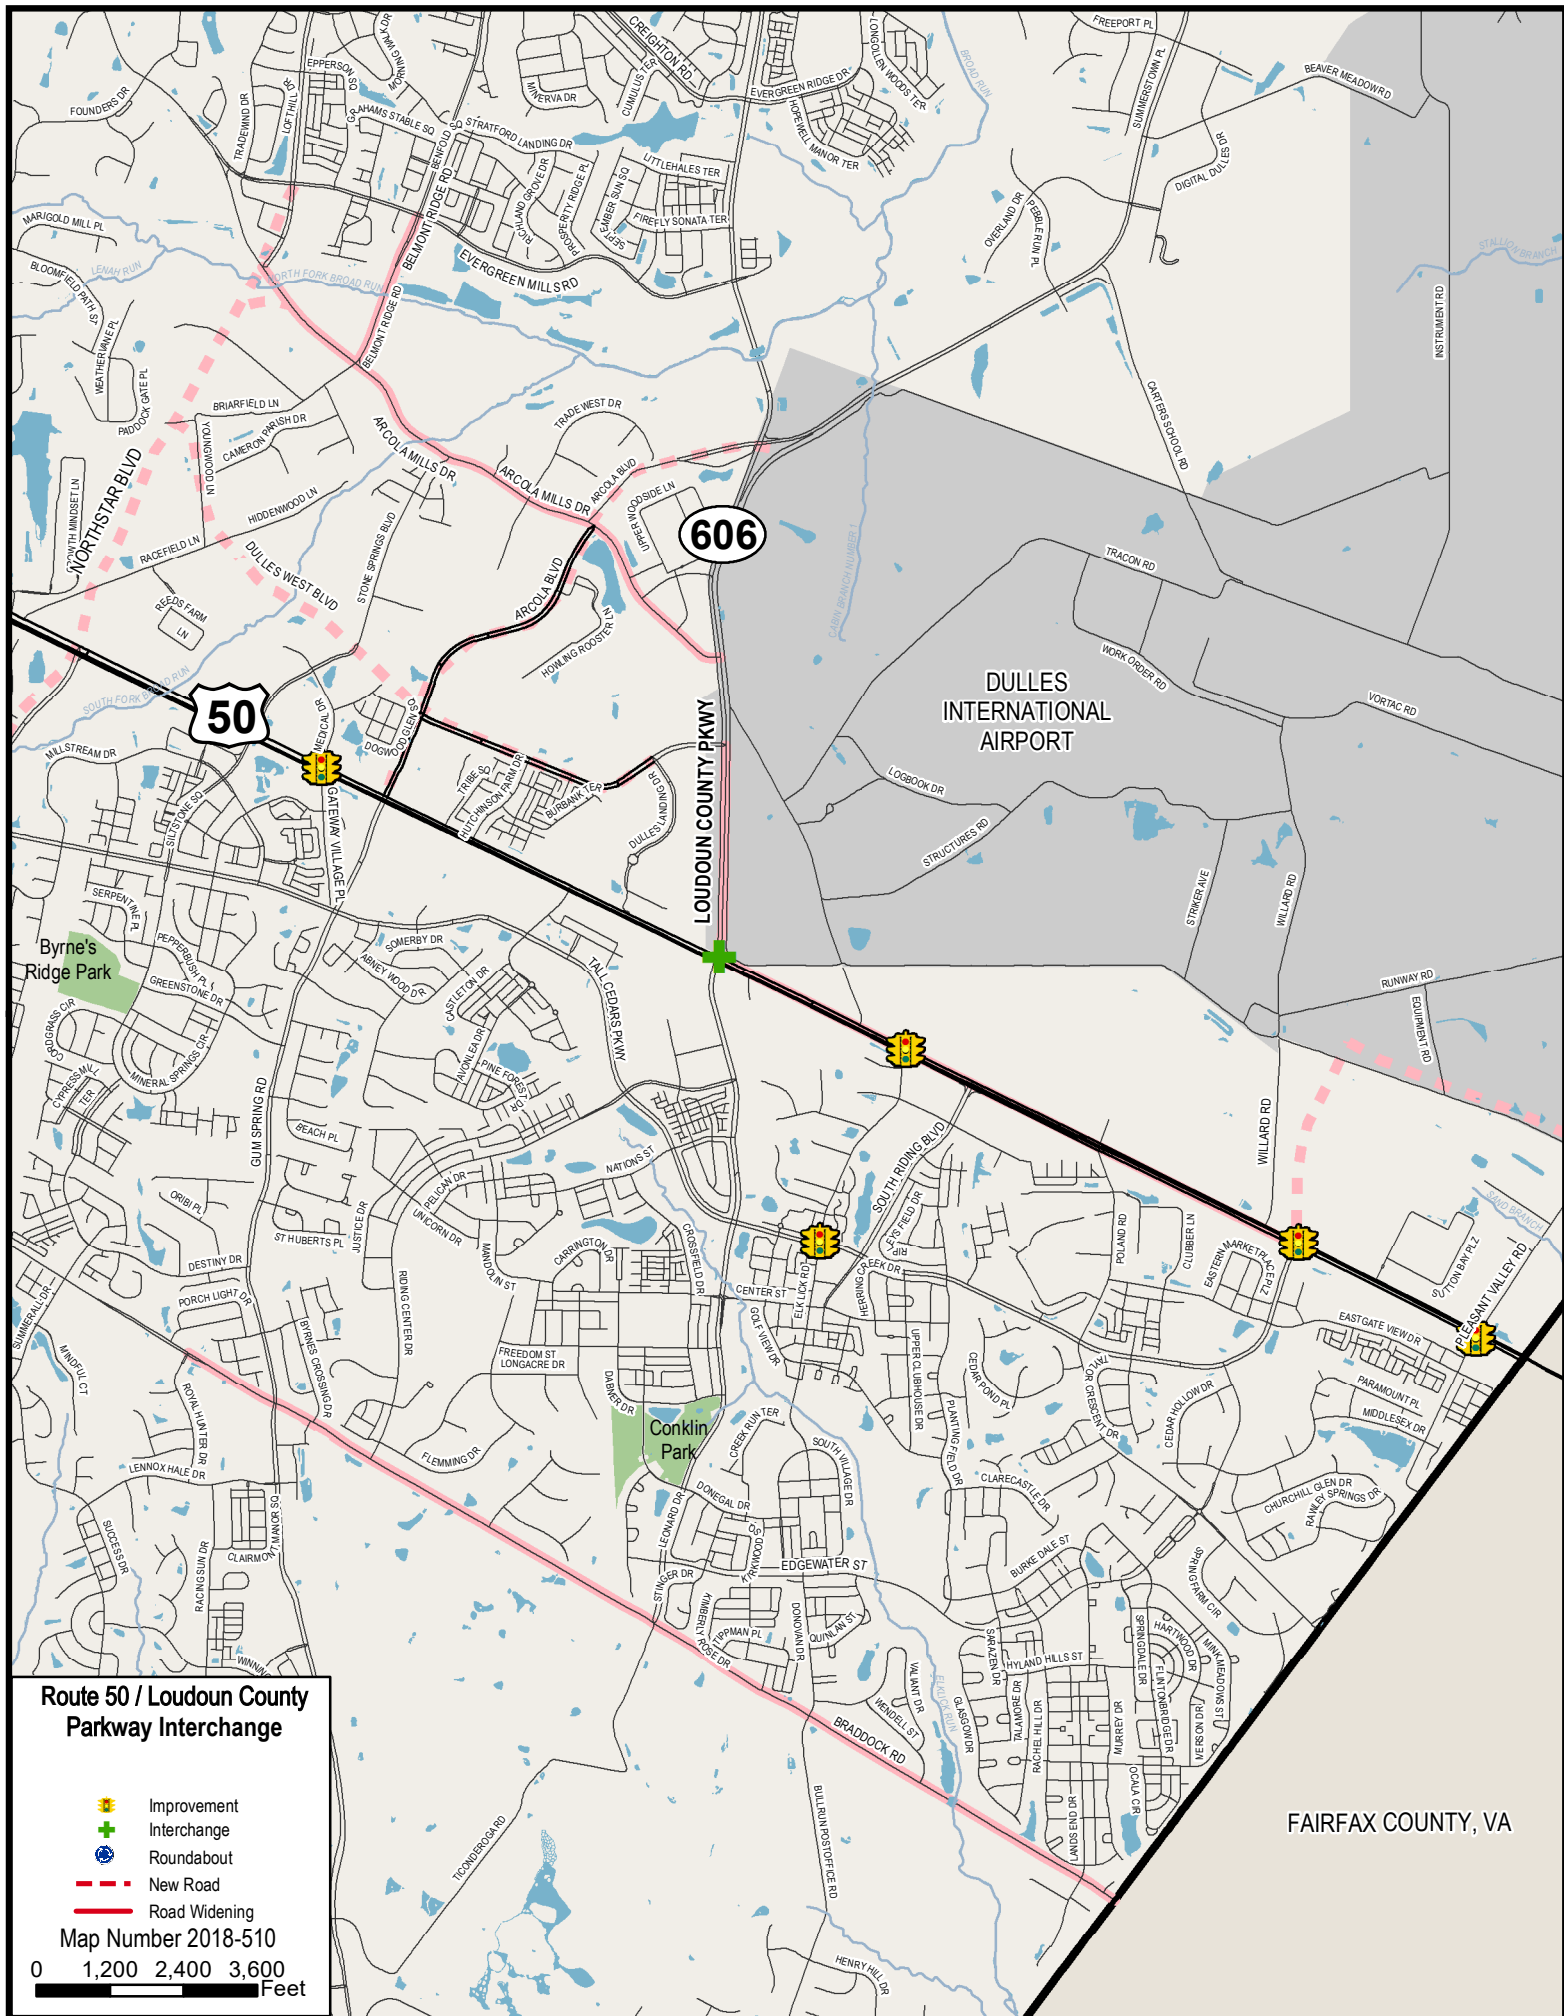

### Project Phase Timeline by FY

During the FY 2024 CIP budget development process, prior year NVTA 70% funding was removed and new NVTA 70% funding totaling \$35,250,000 was awarded for this project and is programmed in FY 2025 and FY 2026.

## Ryan Road Widening - Evergreen Mills Road to Beaverdam Drive

### Details:

**Project Number:** C02376

**Election District (2022):** Ashburn

**Election District (2011):** Blue Ridge

**Length:** 0.7 miles

**Project Type:** Roadway Lane Widening

**Estimated Completion Year:** FY 2030

**Referendum:** November 2024

### Phase Costs in Millions

### Background:

This project provides for the planning, design, right-of-way acquisition, and widening of Ryan Road between Evergreen Mills Road (Route 621) and Beaverdam Drive (Route 2475). Ryan Road will be improved as a major collector to a suburban, controlled access, four-lane, median divided facility with shared use paths on both sides of the road within a 120-foot-wide right-of-way. The scope of work also includes modifications at the Evergreen Mills Road intersection to accommodate the four-lane roadway.

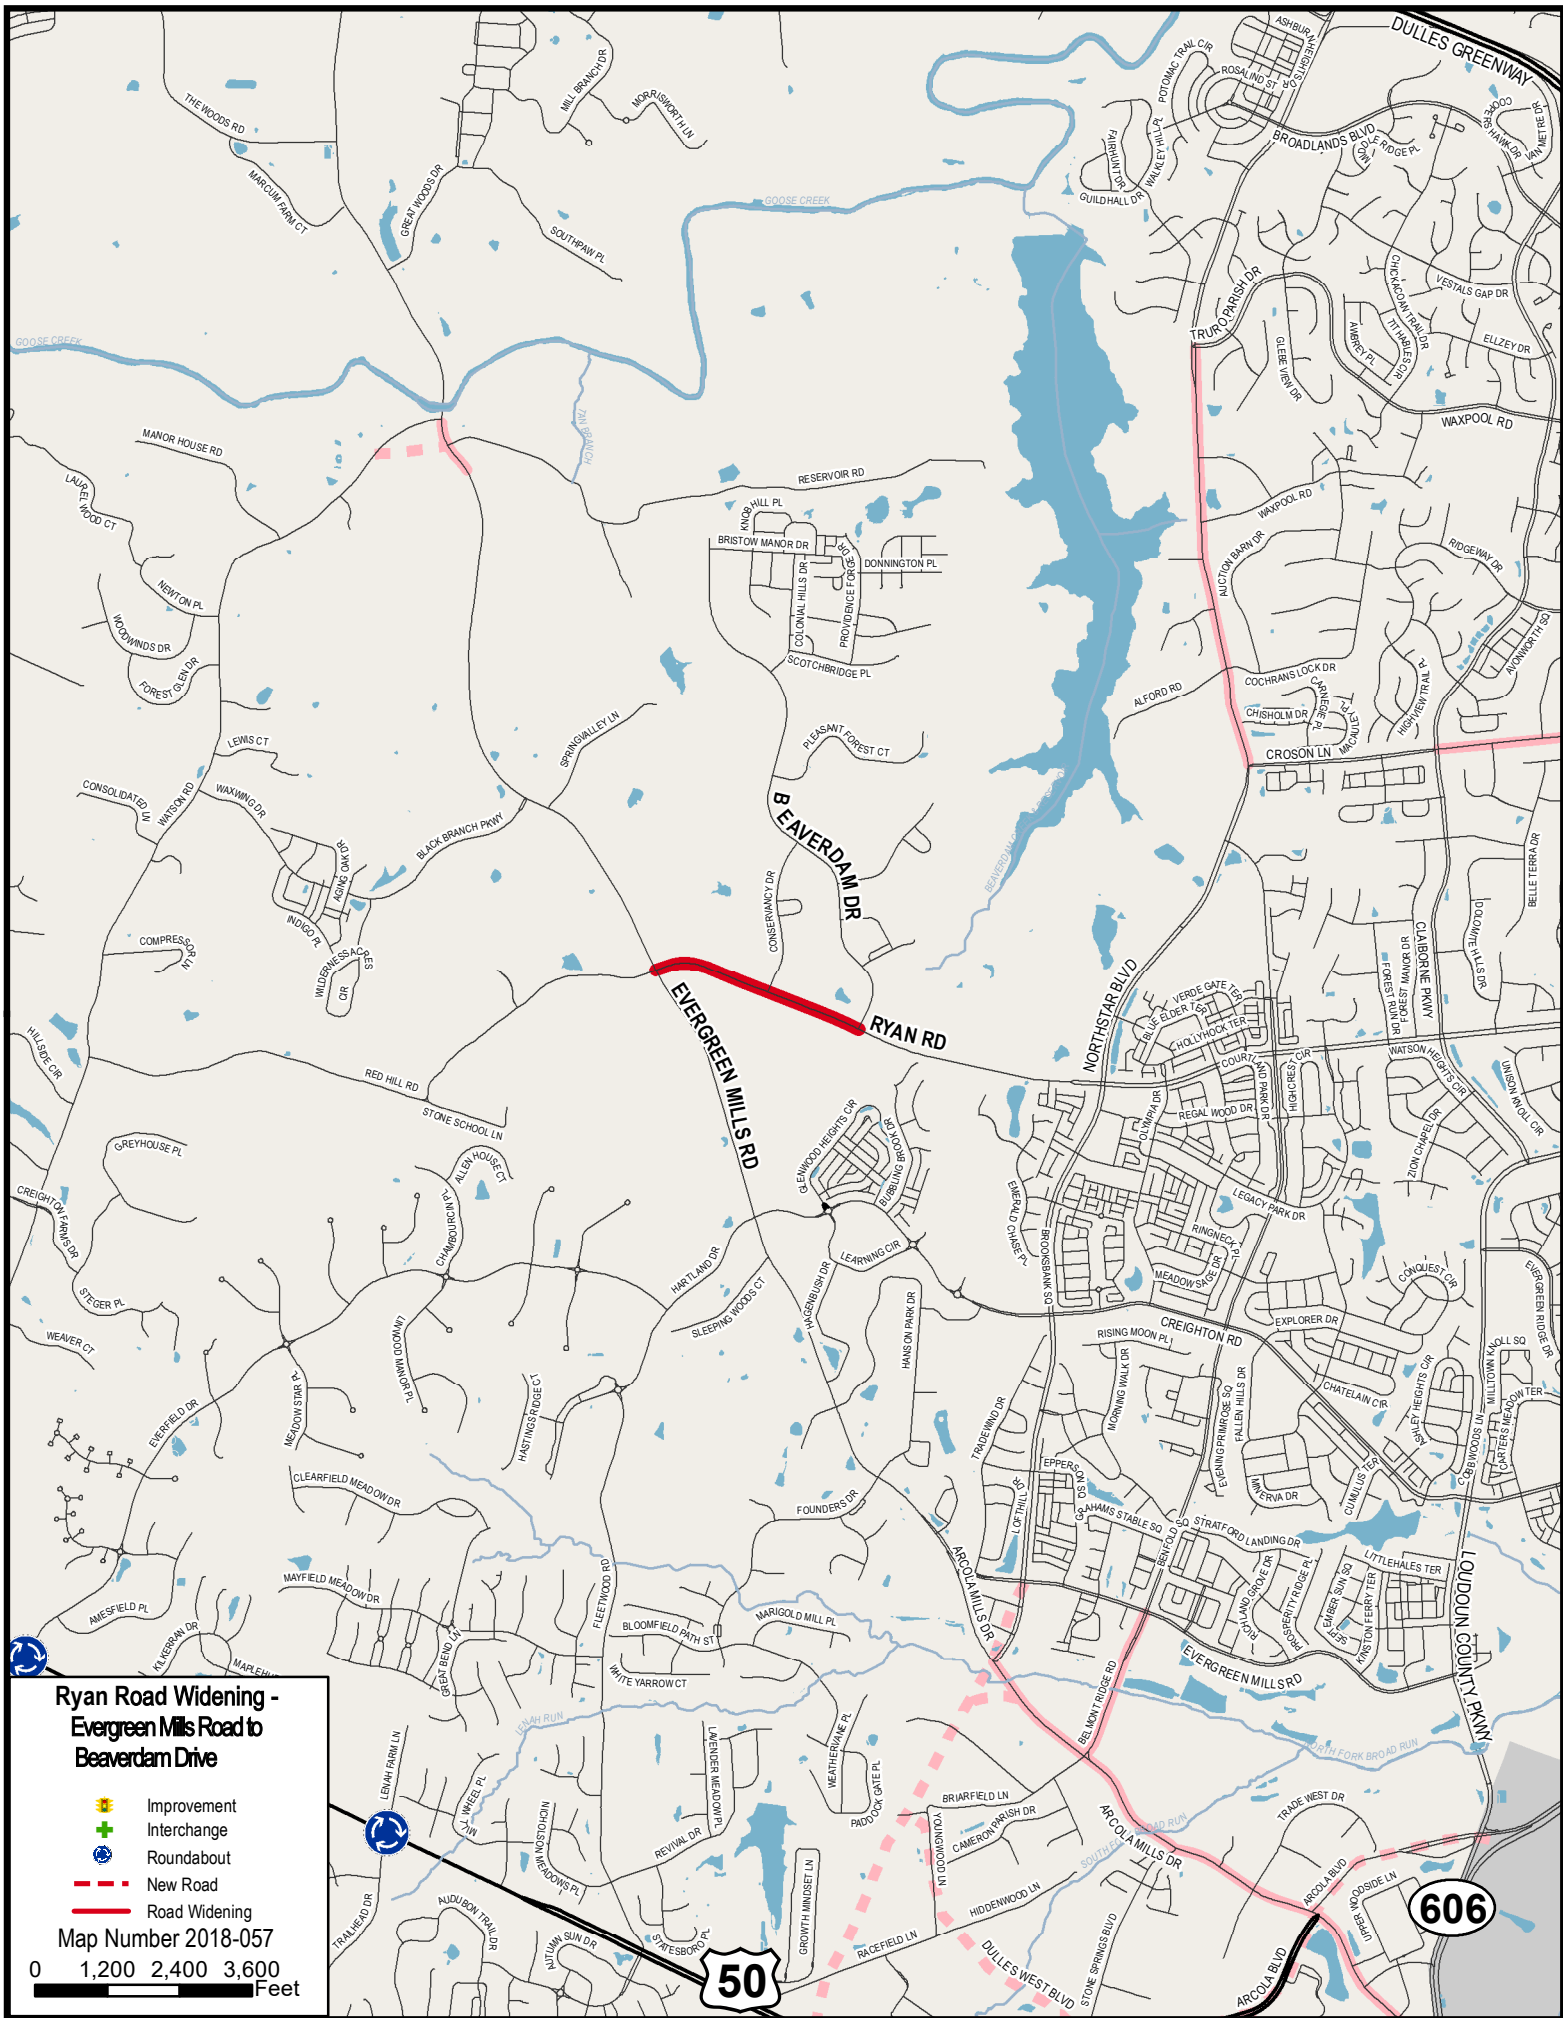

### Project Phase Timeline by FY

Planning, design, and widening of the Ryan Road segment from Beaverdam Drive to Northstar Boulevard was proffered by a developer, and construction commenced in FY 2019.

## Shellhorn Road – East of Loudoun County Parkway to Bullpen Drive / Thumb Drive

### Details:

**Project Number:** C02363

**Election District (2022):** Broad Run

**Election District (2011):** Broad Run

**Length:** 0.3 miles

**Project Type:** New Roadway

**Estimated Completion Year:** 2025

**Referendum:** November 2021

### Phase Costs in Millions

### Background:

This project provides for the design, right-of-way acquisition, utility relocation, and construction of Shellhorn Road from a point approximately 1,500 feet east of Loudoun County Parkway (the eastern limit of the improvements proffered by Project Nova – Sentinel Data Centers - SDC) to Bullpen Drive/Thumb Drive (the western limit of the improvements proffered by Silver District West (SDW)).

Shellhorn Road (Route 643) between Loudoun County Parkway (Route 607) and the MWAA property is being developed in segments based on multiple re-zonings along the roadway, and associated proffers. Since this segment is not proffered, the County is responsible for the development of the roadway section. In furtherance of the Silver District West proffers, the County entered into an agreement with the Silver District West developer to complete this segment of Shellhorn Road on behalf of the County.

The scope of work and budget for the project was originally included in the FY 2021 CIP project entitled *Shellhorn Road – Loudoun County Parkway to Randolph Drive*. The project was re-segmented to administer more effectively, and the planned funding that made up the original project budget was reallocated to align the budgets for the newly created segments.

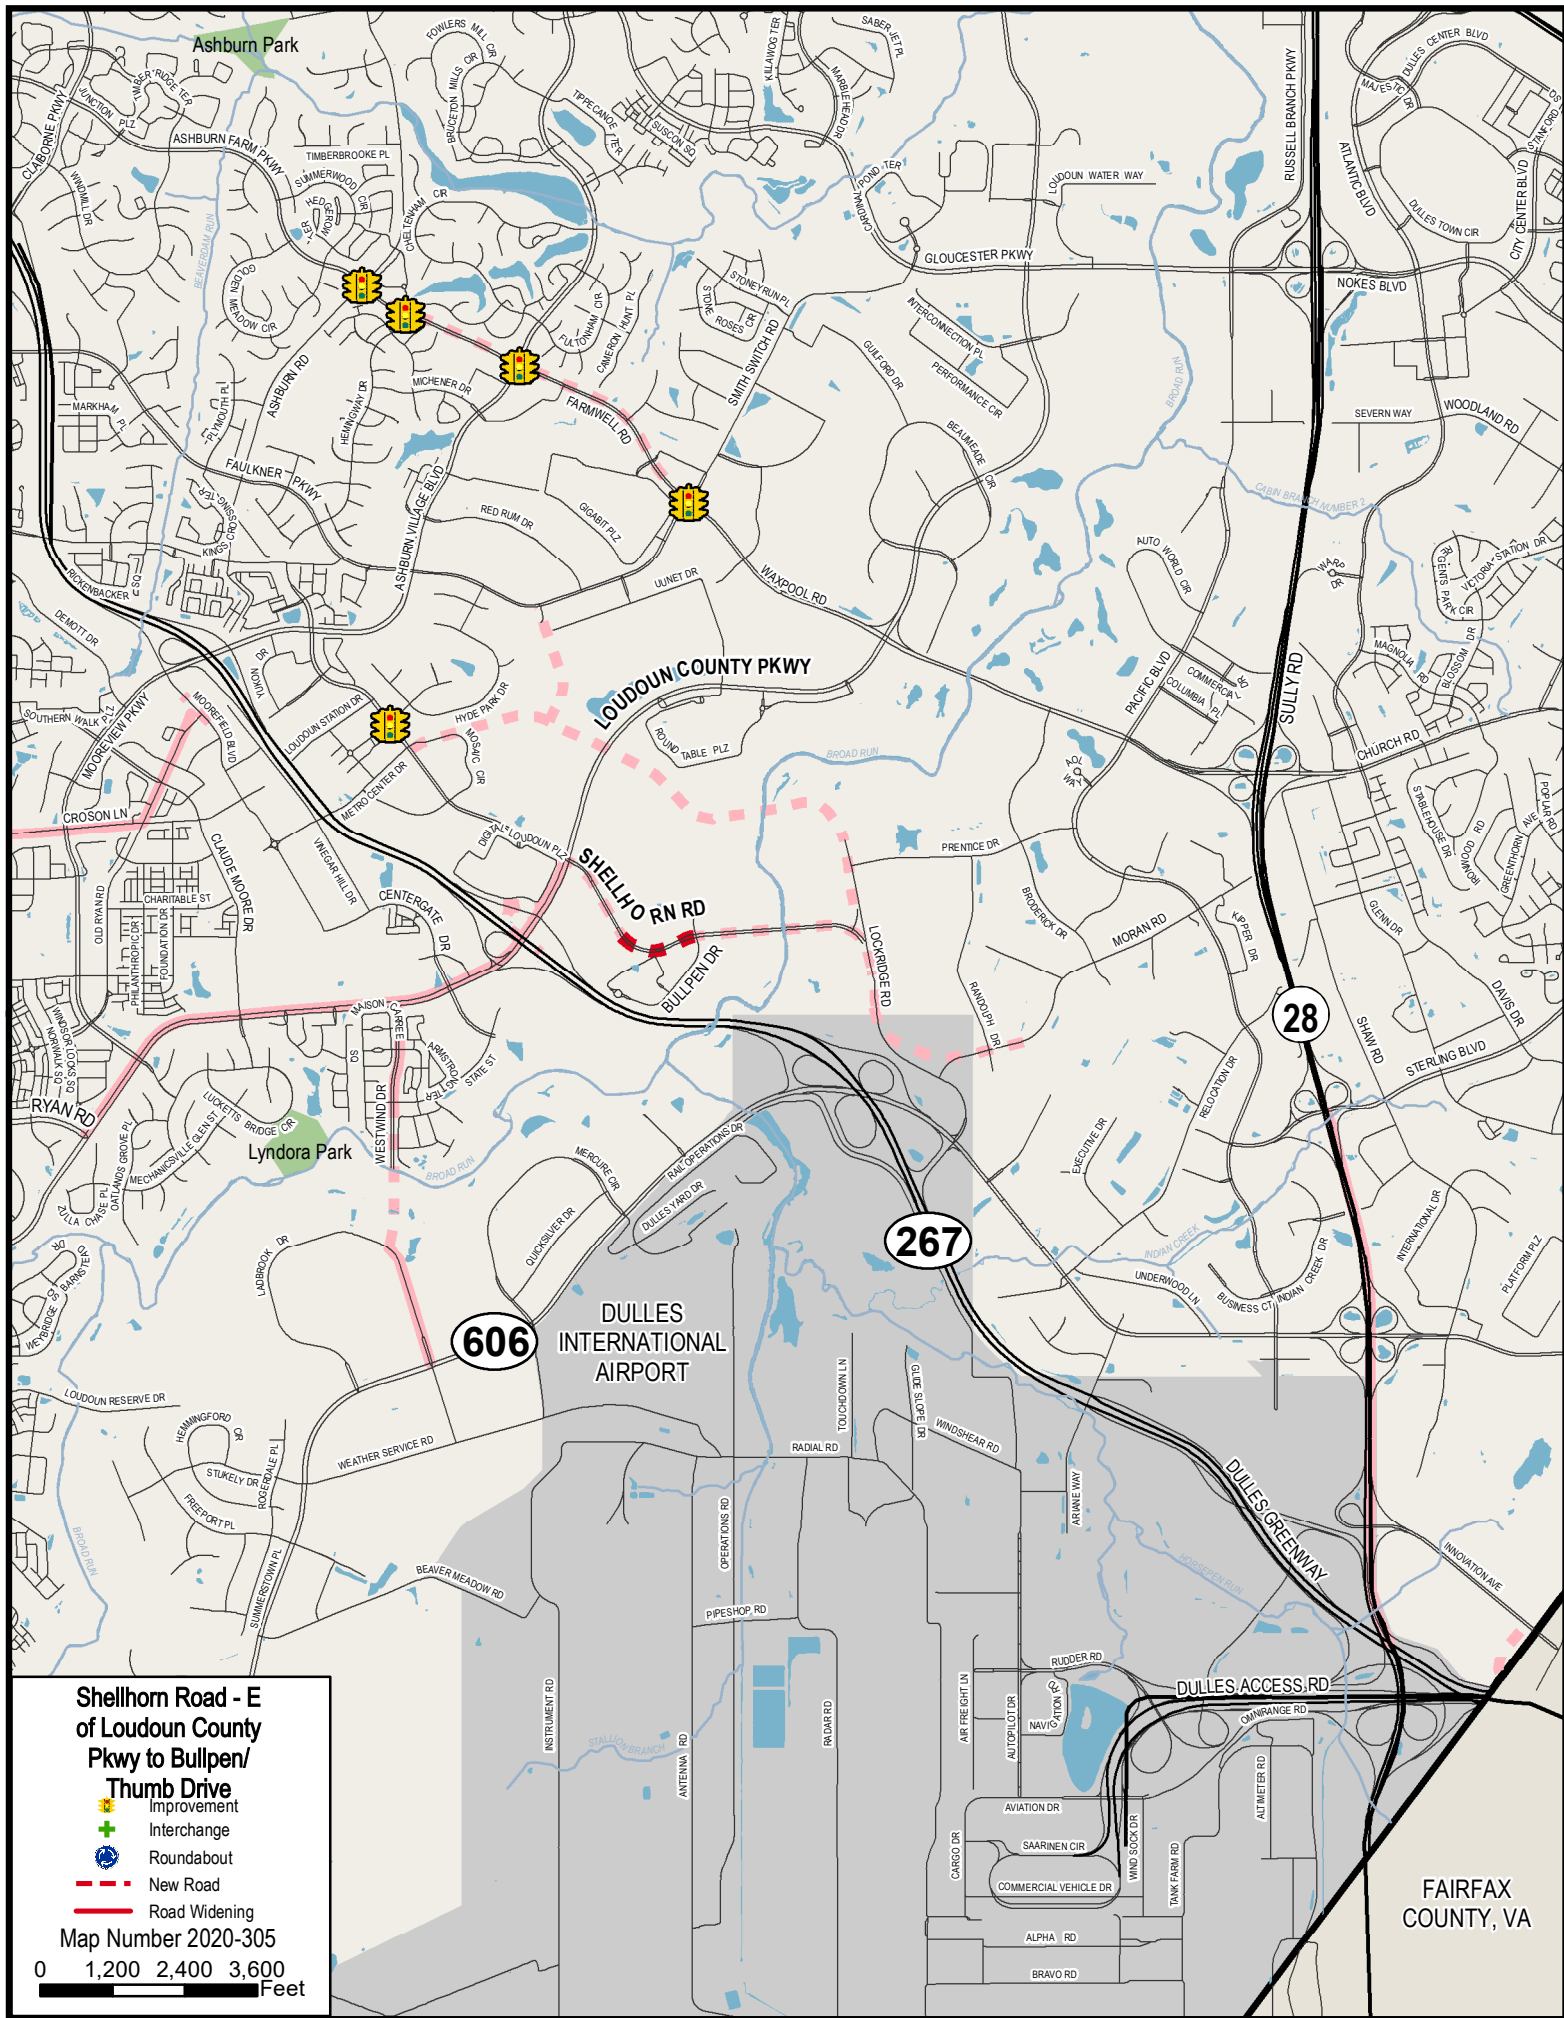

The project name was changed from *Shellhorn Road (Loudoun County Parkway to MWAA Property – SDC Property to Silver District West)* to *Shellhorn Road – East of Loudoun County Parkway to Bullpen Drive / Thumb Drive* during the FY 2024 CIP budget development process.

## Shellhorn Road – MWAA Property Boundary to Moran Road

### Details:

**Project Number:** C02125

**Election District (2022):** Sterling

**Election District (2011):** Broad Run

**Length:** 1.0 miles

**Project Type:** New Roadway

**Estimated Completion Year:** 2029

**Referendum:** November 2021

### Phase Costs in Millions

### Background:

This project provides for the design, right-of-way acquisition, utility relocation, and construction of Shellhorn Road from the northern MWAA property line to Moran Road. This project will tie into the Sterling Boulevard Extension project at its western terminus. The project is being administered by Loudoun County.

The scope of work and budget for the project was originally included in the FY 2021 CIP project entitled *Shellhorn Road – Loudoun County Parkway to Randolph Drive*. As part of the FY 2022 CIP budget development process, the project was re-segmented to administer more effectively. The planned funding that made up the original project budget was reallocated to align the budgets for the newly created segments.

### Project Phase Timeline by FY

The original project number (C02125) was retained for this segment of the project.

## Sycolin Road Widening – Loudoun Center Place to Crosstrail Boulevard

### Details:

**Project Number:** C02512

**Election District (2022):** Leesburg

**Election District (2011):** Catoctin

**Length:** 1.0 miles

**Project Type:** Roadway Widening

**Estimated Completion Year:** FY 2030

**Referendum:** n/a

### Phase Costs in Millions

### Background:

This project provides for the planning, design, right-of-way acquisition, and construction to widen Sycolin Road to a four-lane, median divided roadway between Loudoun Center Place and Crosstrail Boulevard. The new roadway will be developed as a suburban, controlled access facility per the Joint Land Management Area and Transition area policies within a 90-foot right-of-way, including shared use paths on both sides of the road.

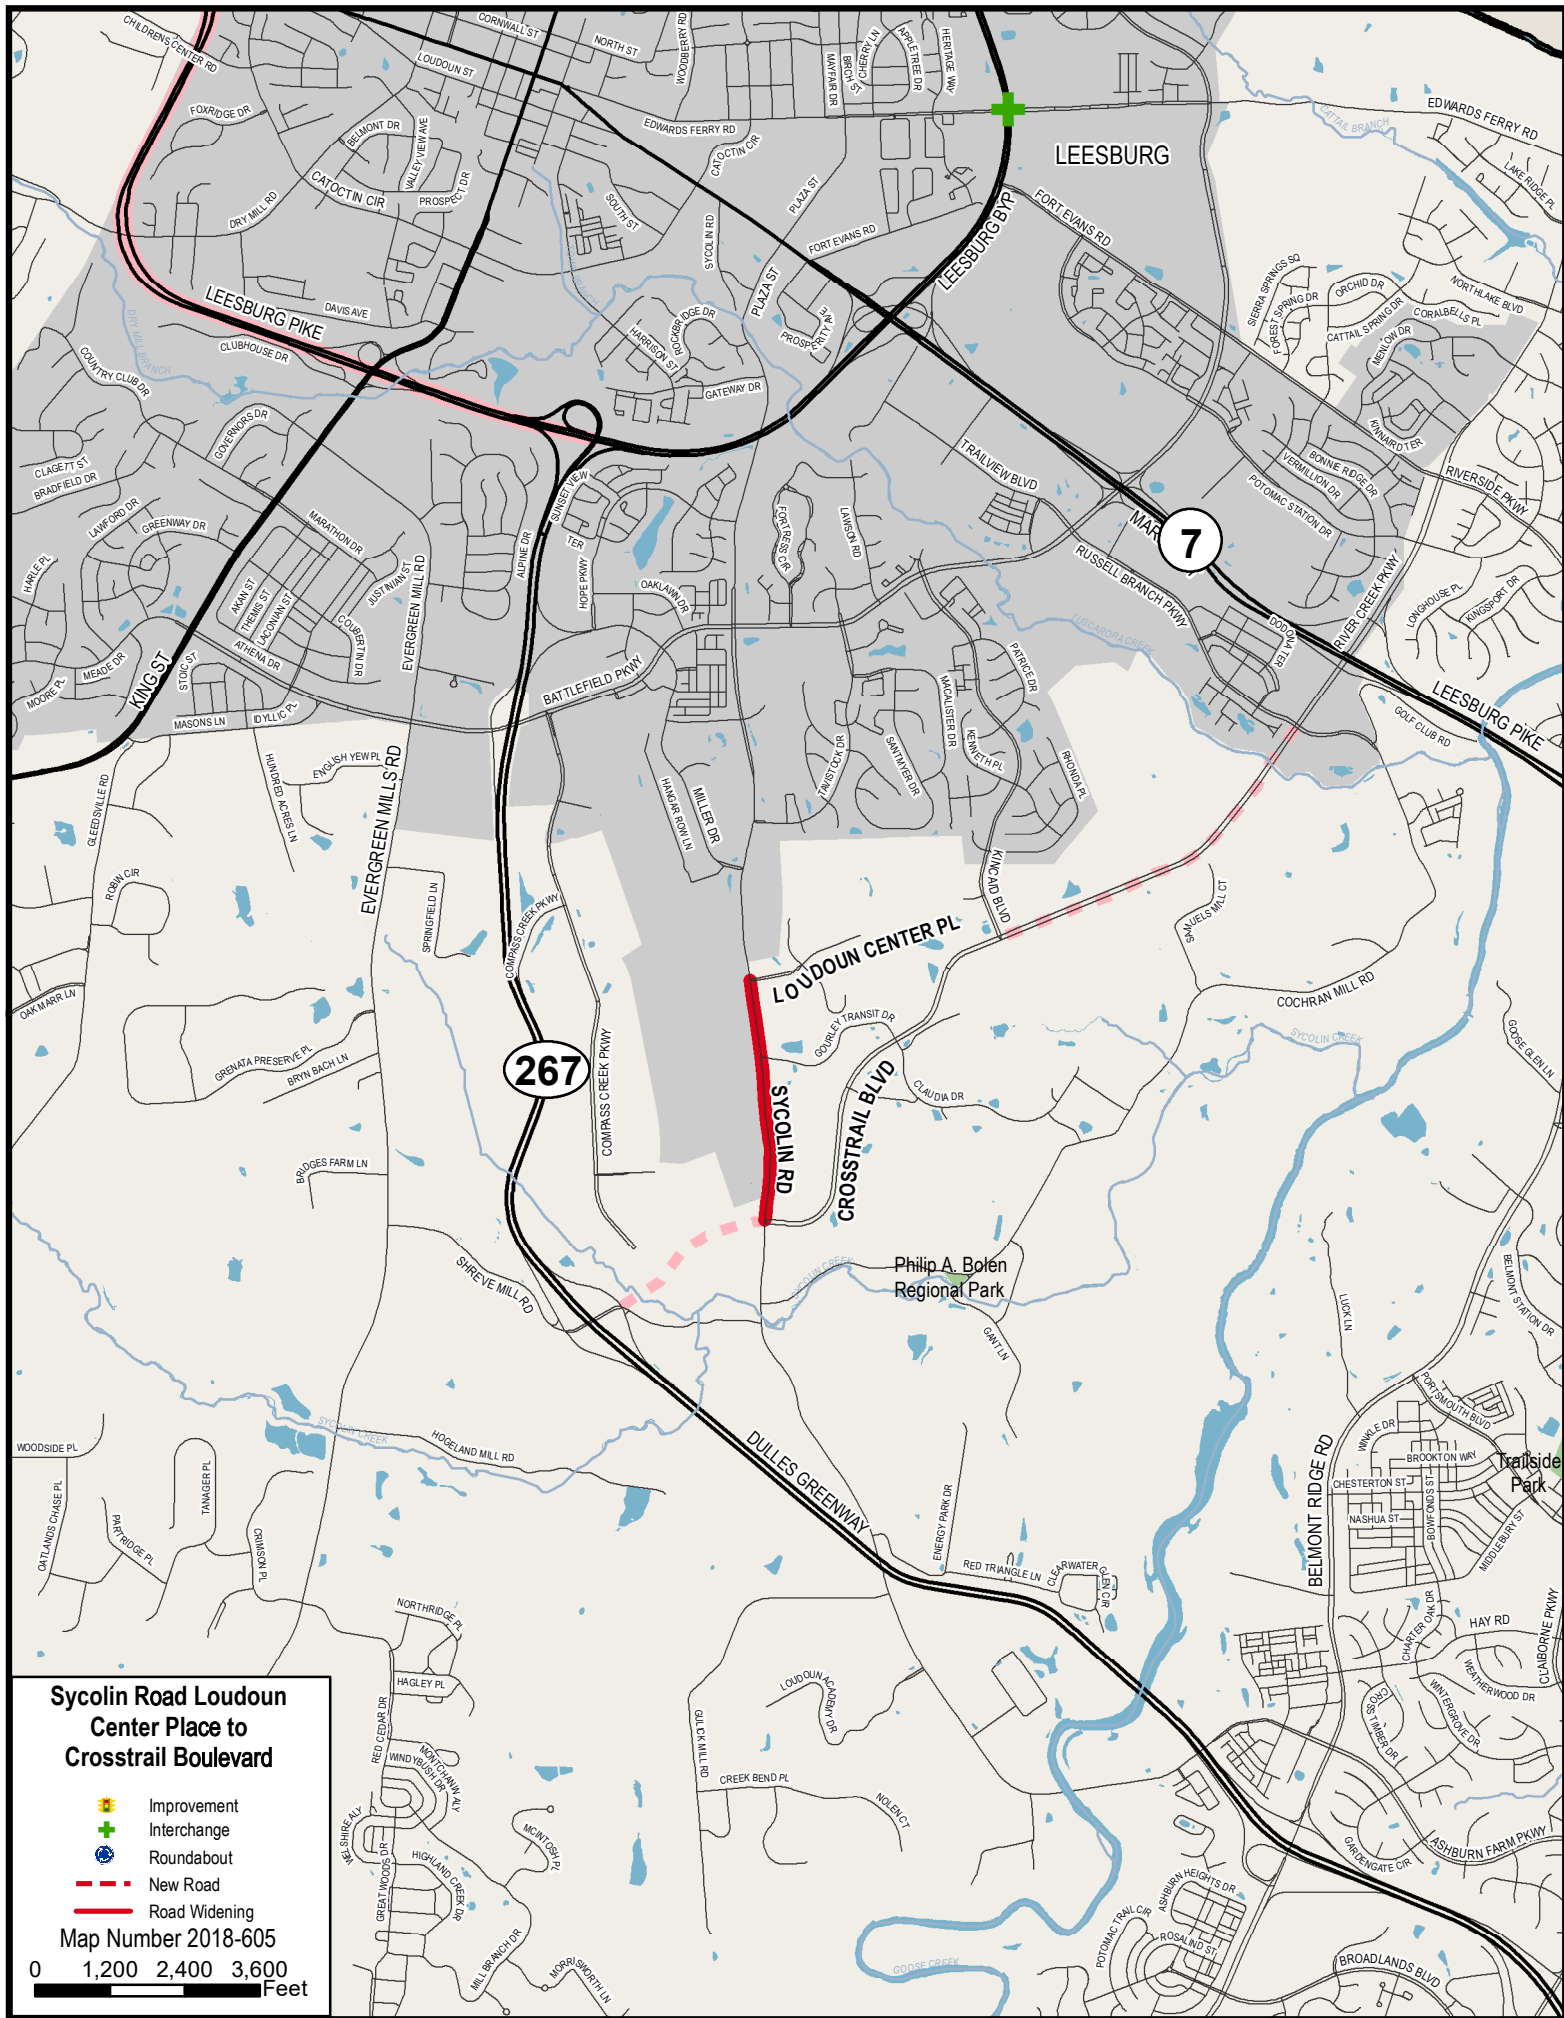

The Smart Scale funding that was programmed in FY 2025 as reflected in the Adopted FY 2023 Budget Document was reprogrammed to align with VDOT's SYIP allocation and the project's revised development schedule received during the FY 2024 CIP budget development process.

## Waxpool Road / Loudoun County Parkway Intersection Improvements

### Details:

**Project Number:** C02089

**Election District (2022):** Broad Run

**Election District (2011):** Broad Run

**Length:** 0.5 miles

**Project Type:** Widening and Intersection Improvements

**Estimated Completion Year:** FY 2026

**Referendum:** November 2021

### Phase Costs in Millions

### Background:

This project provides for the planning, design, right-of-way acquisition, and construction for widening and intersection improvements along Waxpool Road (Route 625) at Loudoun County Parkway (Route 607). The scope of work includes the development of triple left-turn lanes from Westbound Waxpool Road onto Southbound Loudoun County Parkway, and a channelized free flow right-turn lane with an acceleration lane from Northbound Loudoun County Parkway onto Eastbound Waxpool Road. Upon completion, there will be Westbound Waxpool Road left turns onto Southbound Loudoun County Parkway, and Eastbound right-turn lanes from Loudoun County Parkway onto Waxpool Road.

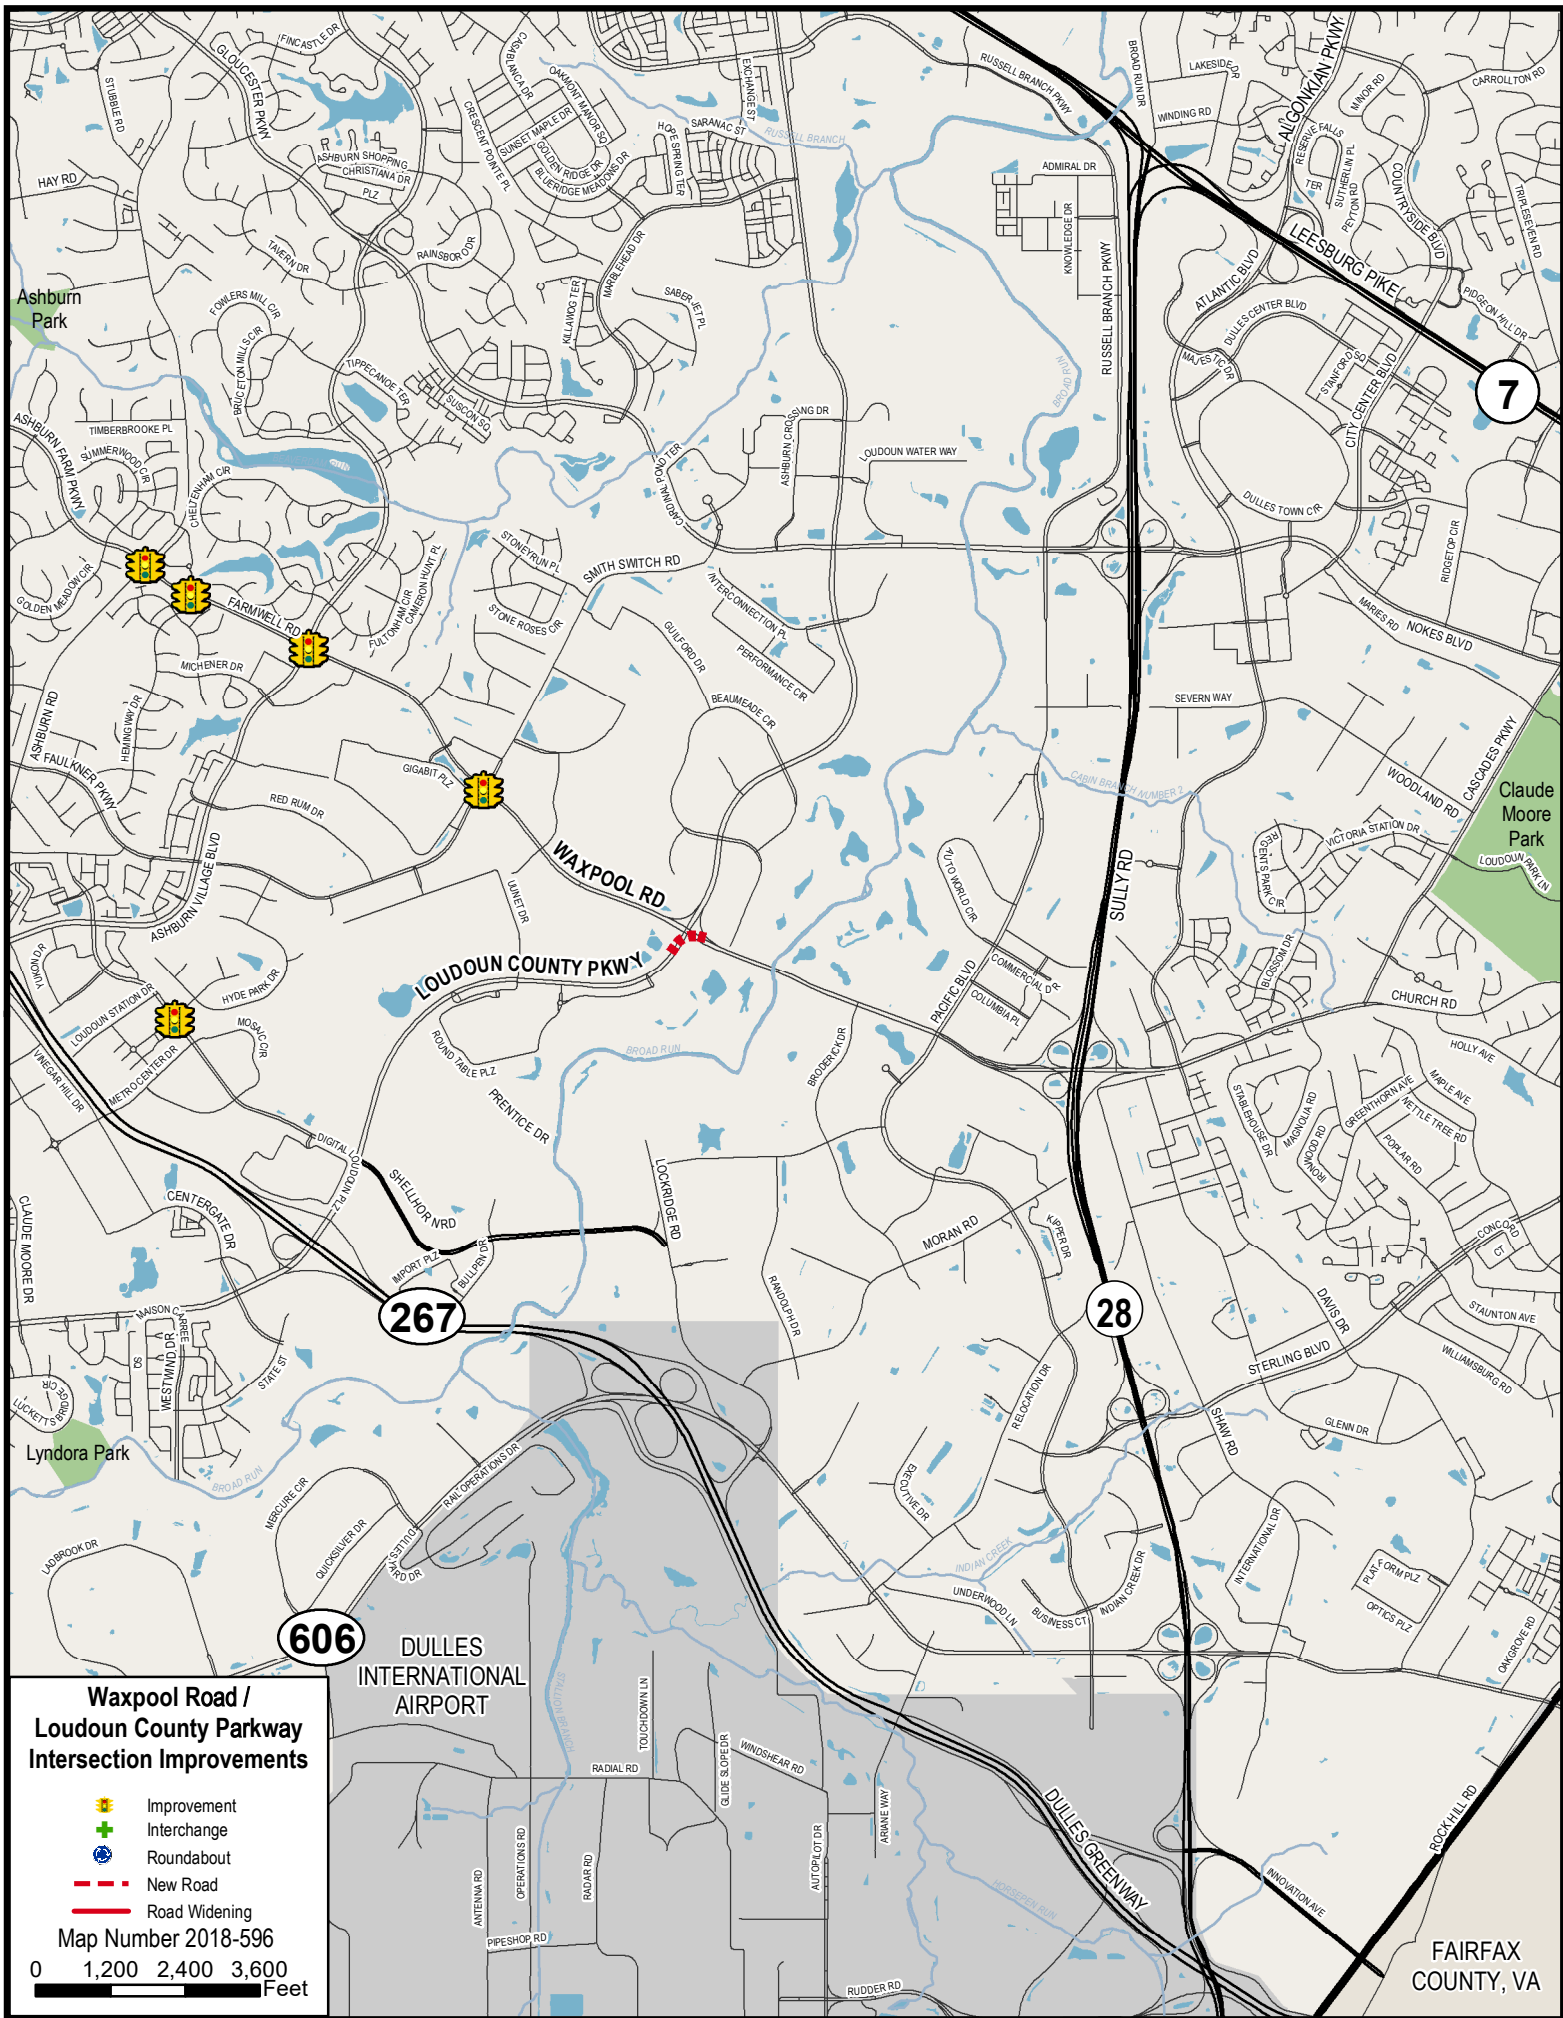

### Project Phase Timeline by FY

The project's budget was increased during the FY 2024 CIP budget development process based on the most recent cost estimate.

## Westwind Drive – Loudoun County Parkway to Old Ox Road

### Details:

**Project Number:** C02210

**Election District (2022):** Sterling

**Election District (2011):** Dulles

**Length:** 1.2 miles

**Project Type:** Widening and New Roadway

**Estimated Completion Year:** FY 2028

**Referendum:** November 2019

### Phase Costs in Millions

### Background:

This project provides for the planning, design, right-of-way acquisition, and construction of Westwind Drive (Route 2988) between Loudoun County Parkway and Old Ox Road (Route 606). The scope of work includes the widening of the existing roadway; construction of a new four-lane, median-divided roadway as a suburban controlled access minor arterial facility; construction of a sidewalk on one side of the road; construction of a shared use path on the other side of the road within a 90-foot right-of-way; and construction of a bridge over Broad Run.

### Project Phase Timeline by FY

The project's budget was increased during the FY 2024 CIP budget development process based on the most recent cost estimate.

## Sidewalks, Traffic Signals, and Traffic Calming

### Belmont Ridge Road / Legacy Park Drive Traffic Signal

#### Details:

**Project Number:** C02518

**Election District (2022):** Little River

**Election District (2011):** Blue Ridge

**Project Type:** Traffic Signal

**Estimated Completion Year:** FY 2028

**Referendum:** n/a

#### Background:

This project provides for a warrant study, design, acquisition of easements, and construction of a traffic signal at the intersection of Belmont Ridge Road (Route 659) and Legacy Park Drive (Route 2551).

## Sidewalks, Traffic Signals, and Traffic Calming

### Contingency Accounts

#### Details:

**Project Number:** Sidewalk and Trails Contingency - C02009; Traffic Calming Contingency - C02008; Traffic Signal - C02010

**Election District (2022):** Countywide

**Election District (2011):** Countywide

**Estimated Completion Year:** Ongoing

**Referendum:** n/a

#### Background:

This project provides funding for the Sidewalks and Trails, Traffic Signals, and Traffic Calming Contingency projects. Funds are moved out of these projects throughout the year into projects in the Capital Projects Fund as necessary.

#### Sidewalk and Trails Contingency

Provides \$1,000,000 in funding in FY 2023 - FY 2028 of the CIP planning period to be used Countywide for the design and construction of missing sidewalk and trail segments.

#### Traffic Calming Contingency

Provides \$500,000 in funding in FY 2023 - FY 2028 of the CIP planning period, with the exception of FY 2024, in which \$1,000,000 was programmed. Funding will be used Countywide for the study, design, and construction of traffic calming measures.

#### Traffic Signal Contingency

Provides \$1,000,000 in funding in FY 2023- FY 2028 of the CIP planning period to be used Countywide for the study, design, and construction of traffic signals.

The Prior Years amount reflected in the financial table includes the Adopted fiscal year budget appropriations and Fund Balance transfers into the projects. Transfers out of the contingency projects into other capital projects are not reflected in the financial table.

## Sidewalks, Traffic Signals, and Traffic Calming

### Franklin Park to Purcellville Trail

#### Details:

**Project Number:** C02036

**Election District (2022):** Catoctin

**Election District (2011):** Blue Ridge

**Length:** 1.5 miles

**Location:** Town of Purcellville

**Estimated Completion Year:** FY 2030

**Referendum:** November 2024

#### Phase Costs in Millions

#### Background:

This project provides funding for design, construction, and easement acquisition to complete sidewalks and trails needed to connect Franklin Park to the Town of Purcellville.

This project is part of a larger Purcellville to Round Hill Trail project. The larger project involves the design and construction of sidewalks and mixed-use asphalt trails to provide pedestrian and bicycle connectivity between the Town of Round Hill, Franklin Park, and the Town of Purcellville.

The other portion of the larger project constructs a trail from the intersection of Main and West Loudoun Streets in Round Hill to Franklin Park using Virginia Department of Transportation (VDOT) Transportation Enhancement grant funds (TEA-21), now known as MAP-21.

This project was awarded \$1,000,000 in FY 2023 Federal Earmark Funding from the passage of the FY 2023 Omnibus Spending Bill.

## Sidewalks, Traffic Signals, and Traffic Calming

### Harmony Middle School Shared Use Path

#### Details:

**Project Number:** C02383

**Election District (2022):** Catoctin

**Election District (2011):** Catoctin

**Length:** 1 mile

**Project Type:** New Shared Use Path and Drainage Improvements

**Estimated Completion Year:** FY 2026

**Referendum:** November 2023

#### Phase Costs in Millions

#### Background:

This project provides funding to develop missing shared use path segments and to make storm drainage improvements. In addition, it provides funding to connect the existing sidewalk along Colonial Highway (Route 7 Business), in front of the Kenneth W. Culbert Elementary school, from the existing shared use path located near Greentop Drive, just east of Route 287 in the Town of Purcellville, to the existing sidewalk east of South Hughes Street (Route 709) in the Town of Hamilton.

## Sidewalks, Traffic Signals, and Traffic Calming

### Intersection Improvement Program

#### Details:

**Project Number:** C02204

**Election District (2022):** Countywide

**Election District (2011):** Countywide

**Length:** 1 mile

**Project Type:** Traffic Signal/Channelization/Roundabout Construction

**Estimated Completion Year:** Ongoing

**Referendum:** November 2018 & November 2023

#### Phase Costs in Millions

#### Background:

The Intersection Improvement Program (IIP) addresses safety and capacity challenges at roadway intersections throughout the County. A database of existing unsignalized, signalized, and roundabout locations identified in the *Countywide Transportation Plan* (CTP) and non-CTP roads of significance is maintained.

The IIP process includes an analysis of candidate intersections resulting in a prioritization that considers the frequency of accidents and traffic volumes. From the list of ranked intersections, a group of highest priority intersections are selected for further detailed traffic safety analysis resulting in a recommended improvement for each studied intersection. The ranking and selection process follows a regular cyclical schedule for the remaining intersections.

This program provides funding for planning, design, land acquisition, and construction of improvements for prioritized intersection projects. Once specific projects are identified, funds are moved to the project account. Prioritized project totals are for the list of projects prioritized and do not directly align with the individual fiscal year or aggregate project totals for the program. Program capacity will be allocated as additional projects are identified and prioritized. A list of prioritized projects is provided on the next page with estimated costs and durations.

**Sidewalks, Traffic Signals, and Traffic Calming****Intersection Improvement Program (Prioritized Projects List)**

Prioritized Project (Project ID <sup>1</sup> ) Description	Intersection ID	Election District	Est. Beginning FY	Est. Ending FY	Project Total (\$ in 1000s)
<b>Sterling Boulevard (Route 846) and Glenn Drive - (C02408)</b> Provides for design and installation of a traffic signal at the intersection with associated ADA compliant pedestrian improvement and connections to proposed pedestrian projects along the north and south sides of Sterling Boulevard.	2017-2	Broad Run/Sterling	FY 2022	FY 2028	\$2,725
<b>Claiborne Parkway (Route 901) and Marshfield Drive - (C02406)</b> Provides for the conversion of the intersection to a right-in, right-out, left-in configuration and the addition of a U-turn Lane on the northbound approach of the Claiborne Parkway / Wayside Circle intersection.	2017-4	Ashburn	FY 2022	FY 2025	\$1,947
<b>Tall Cedars Parkway (Route 2200) and Nations Street (Route 2657) - (C02305)</b> Provides for the permanent conversion of the intersection at Tall Cedars Parkway and Nations Street to a right-in, right-out, left-in configuration.	2017-5	Dulles	FY 2022	FY 2025	\$357
<b>Ashburn Road (Route 641) and Faulkner Parkway - (C02409)</b> Provides for the design, and installation of a traffic signal at the intersection of Ashburn Road and Faulkner Parkway, and creation of dedicated right and left turn lanes in the east and westbound directions of Faulkner Parkway. Additionally, provides vertical profile modification for improved sight distance on Faulkner Parkway.	2017-3	Ashburn	FY 2022	FY 2026	\$6,456
<b>Old Ox Road (Route 606) and Douglas Court - (C02410)</b> Provides for the conversion of the intersection to a right-in, right-out, left-in configuration.	2017-9	Broad Run	FY 2022	FY 2025	\$1,080
<b>Old Ox Road (Route 606) and Dulles Summit Court (Route 1029) - (C02411)</b> Provides for various improvements at the intersection including repositioning the stop bar, extending the median nose, modifying the curb ramps, and installing additional warning signs. The project will also include new curb and gutter, and mill and overlay pavement within the north side of the intersection.	2017-10	Broad Run/Dulles	FY 2022	FY 2025	\$457
<b>Sugarland Road (Route 604) and East Church Road (Route 625) - (C02464)</b> Provides for the design and construction of a mini roundabout at the intersection of Sugarland Road and Church Road/Frederick Drive. Additionally, related work will be required to reconfigure existing approach lanes and to provide ADA compliant upgrades to pedestrian ramps.	2017-20	Sterling	FY 2023	FY 2027	\$3,474
<b>Claiborne Parkway (Route 901) and Dulles Greenway WB Ramps (Route 267 - (C02465)</b> Provides for the design and installation of a traffic signal at the intersection, potential lane reconfigurations, and upgrades to the ADA pedestrian facilities.	2017-8	Ashburn	FY 2023	FY 2027	\$1,381
<b>Sterling Boulevard (Route 846) and West Laurel Avenue - (C02466)</b> Provides for the design and installation of a traffic signal at the intersection, upgrades existing ADA compliant pedestrian facilities, and related drainage modifications.	2017-15	Sterling	FY 2023	FY 2027	\$2,092
<b>Waxpool Road (Route 2119) and Ashburn Road (Route 641) - (C02426)</b> Provides for interim and long-term safety improvements at the intersection of Ashburn Road/Waxpool Road/Ryan Corner Place. Interim improvements include the installation of All Ways Stop (AWS) signage and minor pavement marking updates. Long-term improvements would include the installation of a traffic signal at the intersection.	2017-12	Broad Run	FY 2021	FY 2026	\$1,762
<b>Algonkian Parkway (Route 1582) and Hardwood Forest Drive (Route 1671)/ Noble Terrace - (C02507)</b> Provides for the design and installation of a traffic signal at the intersection of Algonkian Parkway and Hardwood Forest Drive / Noble Terrace.	2017-18	Algonkian/Sterling	FY 2023	FY 2027	\$946
<b>Atlantic Boulevard (Route 1902) and Century Boulevard (Route 3431)/ Majestic Drive - (C02506)</b> Provides for pavement marking modifications on eastbound Century Boulevard and westbound Majestic Drive. Also provides for vegetation trimming on the northwest, northeast, and southeast quadrants of the intersection to improve sight distances.	2017-17	Broad Run	FY 2023	FY 2026	\$464
<b>Tall Cedars Parkway (Route 2200) and Edgewater Street (Route 2237) - (C02505)</b> Provides modified lane configuration on Edgewater Street, converting the northbound left turn lane from a left-turn only lane to a shared, through-left turn lane.	2017-7	Dulles	FY 2023	FY 2025	\$207
<b>East Church Road (Route 625) and Lincoln Ave (Route 1496) / Belfort Street (Route 1481) - (C02474)</b> Provides for the design and construction of a 2-lane hybrid roundabout.	2020-1	Sterling	FY 2023	FY 2030	\$8,394
<b>Pacific Boulevard (Route 1036) and Business Court (Route 1037) / Indian Creek Drive (Route 1038) - (C02475)</b> Provides for the design and installation of a traffic signal and associated signing and marking as well as the installation of ADA compliant pedestrian ramps and bus pad.	2020-3	Broad Run	FY 2023	FY 2027	\$1,392
<b>Sterling Boulevard (Route 846) and Williamsburg Road (Route 1437) / Chase Heritage Circle - (C02476)</b> Provides for the conversion of the intersection to a right-in, right-out, left-in configuration.	2020-4	Sterling	FY 2023	FY 2027	\$2,375

Project IDs have been provided for those prioritized projects receiving funding in FY 2024 or that have previously received funding.

## Sidewalks, Traffic Signals, and Traffic Calming

<b>Ashburn Village Boulevard (Route 2020) and Shellhorn Road (Route 643)</b>	2020-5	Broad Run	FY 2024	FY 2028	\$2,109
Provides for turn lane modifications, pedestrian improvements, existing traffic signal modifications/upgrades, and lighting improvements at the intersection.					
<b>Gloucester Parkway (Route 2150) and Loudoun County Parkway (Route 607)</b>	2020-6	Broad Run	FY 2024	FY 2027	\$943
Provides existing traffic signal modifications/upgrades, for signing and marking modifications, and lighting improvements at the intersection.					
<b>Sterling Boulevard (Route 846) and Shaw Road (Route 636)</b>	2020-7	Broad Run/Sterling	FY 2024	FY 2028	\$2,199
Provides for the addition of a right turn lane from westbound Sterling Boulevard to northbound Shaw Road and modifications to the existing traffic signal.					
<b>Cascades Parkway (Route 1794) and Middlefield Drive (Route 1799)</b>	2022-01	Algonkian	TBD	TBD	TBD
Improvements to be determined by future study.					
<b>Ashburn Farm Parkway (Route 625) and Golden Meadow Circle / Summerwood Circle</b>	2022-02	Ashburn	FY 2024	TBD	\$1,910
Provides for the design and installation of a traffic signal and upgraded ADA compliant pedestrian facilities at the intersection of Ashburn Farm Parkway and Golden Meadow Circle / Summerwood Circle.

<b>Leesburg Pike (Route 7) and Potomac View Road<sup>2</sup> - (C02471)</b>	RT 7-1	Algonkian/Sterling	FY 2023	FY 2027	\$2,326
Provides for extending Route 7 westbound left turn lane's storage length at the intersection with Potomac View Road.					
<b>Leesburg Pike (Route 7) and Sterling Boulevard / Cardinal Glen Circle (Route 846) - (C02470)</b>	RT 7-2	Algonkian/Sterling	FY 2024	FY 2029	\$3,944
Provides for improvements at the intersection of Route 7 and North Sterling Blvd/ Cardinal Glen Circle.					
<b>Leesburg Pike (Route 7) and Augusta Drive - (C02469)</b>	RT 7-3	Algonkian/Sterling	FY 2023	FY 2028	\$3,884
Provides for the conversion of the intersection to a right-in, right-out, left-in configuration at the existing signalized tee intersection of Route 7 and Augusta Drive.					
<b>Leesburg Pike (Route 7) and Cedar Drive (Route 821)</b>	RT 7-4	Algonkian/Sterling	FY 2024	FY 2028	\$1,993
Provides for the conversion of the intersection to a right-in, right-out at the intersection of Route 7 and Cedar Drive.					
<b>Leesburg Pike (Route 7) and Lakeland Drive (Route 821) / Community Plaza</b>	RT 7-5	Algonkian/Sterling	FY 2024	FY 2028	\$2,593
This project provides for improvements at the existing signalized intersection of Route 7 and Lakeland Drive/Community Plaza.					
<b>Total Cost</b>					<b>\$59,024<sup>3</sup></b>

<sup>1</sup> Route 7 Intersection Improvement Program projects are derived from the Route 7 Corridor Study as presented to the Board at the 10/19/2021 Business Meeting (*Item I-1, Route 7-Corridor Planning Study: Route 28 to Fairfax County Line*).

<sup>3</sup> The current prioritized project list total does not match the six-year total for the program because the current list of projects reflects projects that have been prioritized and programmed to-date and because additional projects will be programmed as prioritized and identified in future CIP cycles.

## Sidewalks, Traffic Signals, and Traffic Calming

### River Creek Parkway Sidewalk

#### Details:

**Project Number:** C02384

**Election District (2022):** Ashburn

**Election District (2011):** Leesburg, Catoclin

**Length:** 1,800 feet

**Project Type:** New Sidewalk

**Estimated Completion Year:** FY 2026

**Referendum:** November 2020

#### Phase Costs in Millions

#### Background:

This project provides funding to develop missing sidewalk segments along the east side of River Creek Parkway (Route 773) between Parkers Ridge Drive (Route 3054) and Potomac Station Drive (Route 3064).

## Sidewalks, Traffic Signals, and Traffic Calming

### Route 7 Shared Use Path

#### Details:

**Project Number:** C02455

**Election District (2022):** Sterling

**Election District (2011):** Sterling

**Length:** n/a

**Project Type:** New Shared-Use Path

**Estimated Completion Year:** FY 2027

**Referendum:** November 2019 & November 2023

#### Background:

This project will provide for the design, right-of-way acquisition, and construction of the shared use path between three pedestrian crossings on the north side of Route 7. The crossings are located on Route 7 at Bartholomew Fair Drive (Route 1792)/Campus Drive (Route 391), Potomac View Road (Route 637), and Lakeland Drive (Route 821).

The scope of work and budget for this project were originally included in the FY 2022 CIP project entitled *Route 7 Pedestrian Crossings* project. The project was segmented to more effectively administer and deliver incremental improvements sooner.

The project's budget was increased during the FY 2024 CIP budget development process based on the most recent cost estimate.

## Sidewalks, Traffic Signals, and Traffic Calming

### Shellhorn Road / Central Station Drive / Hartley Place Intersection Improvements

#### Details:

**Project Number:** n/a

**Election District (2022):** Broad Run

**Election District (2011):** Broad Run

**Length:** n/a

**Project Type:** Intersection Improvement

**Estimated Completion Year:** FY 2026

**Referendum:** n/a

#### Phase Costs in Millions

#### Background:

This project provides for the planning, design, right-of-way acquisition, and construction of improvements at the intersection of Shellhorn Road, Central Station Drive, and Hartley Place. The scope of work includes alterations to the existing median, concrete island channelization to limit turning movements at the existing median break, and the installation of additional signage.

This project was moved to the Sidewalks, Traffic Signals, and Traffic Calming section of the CIP from the Roads section during the FY 2023 CIP budget development process.

## Sidewalks, Traffic Signals, and Traffic Calming

### Sidewalk and Trail Program

#### Details:

**Project Number:** C02236

**Election District (2022):** Countywide

**Election District (2011):** Countywide

**Length:** 3-5 miles per year (average)

**Project Type:** New Sidewalk and Trail Construction

**Estimated Completion Year:** Ongoing

**Referendum:** November 2020

#### Phase Costs in Millions

#### Background:

The Sidewalk and Trail Program (STP) addresses missing segments in the county's pedestrian and bicycle network. A database of missing sidewalk and trail facility segments and calculated priority rankings is maintained. Project priorities are identified using a methodology and scoring system for ranking the relative importance of segments. Categories used to assess missing segments include but are not limited to proximity to pedestrian generators such as school, parks, transit facilities, retail centers, and roadway and network characteristics, including traffic volume and crash records involving pedestrians and bicyclists.

#### Project Phase Timeline by FY

This program provides funding for planning, design, land acquisition, and construction of improvements for 3-5 miles of sidewalks and/or trails per year. Mileage and specific improvements will vary based on the complexity and needs of individual projects. Once specific projects are identified, funds are moved to the project account.

A list of prioritized projects is provided on the next page with estimated costs and durations. The prioritized project totals are for the list of projects prioritized and do not directly align with the funding plan totals for the program. Program capacity will be allocated as additional projects are identified and prioritized.

## Sidewalks, Signals, and Traffic Calming

## Prioritized Projects List (Sidewalk and Trail Program)

Prioritized Project Name (Project ID <sup>1</sup> ) Description	Project Number	Election District	Est. Beginning FY	Est. Ending FY	Project Total (\$ in 1000s)
<b>Sterling Boulevard (W&amp;OD Trail to Glenn Drive; Glenn Drive to Shaw Road) - (C02416)</b>	1	Sterling	FY 2022	FY 2027	\$5,797
Provides for the construction of 0.56 miles of sidewalk and shared use path links along the north side of Sterling Boulevard, including, 0.28 miles of shared use path between the W&OD Trail Crossing west to Glenn Drive, and 0.18 miles of sidewalk between Glenn Drive and Shaw Road. The project includes new or upgraded ADA-compliant pedestrian facilities at the existing intersections.					
<b>Potomac View Road (South of River Meadows Terrace to Route 7) - (C02415)</b>	2	Algonkian	FY 2022	FY 2028	\$6,776
Provides for the construction of 0.55 miles of shared use path along the west side of Potomac View Road. This includes 0.23 miles between south of River Meadows Terrace and South Cottage Road and 0.32 miles between South Cottage Road and Route 7. The project includes connections to recently upgraded ADA-compliant pedestrian facilities at Potomac View Road and Route 7.					
<b>East Maple Avenue (Enterprise Street to Sterling Boulevard) - (C02414)</b>	3	Sterling	FY 2022	FY 2026	\$912
Provides for the construction of 0.15 miles of sidewalk along the east side of East Maple Avenue between Enterprise Street and Sterling Boulevard. The project includes upgraded ADA-compliant pedestrian facilities and incorporates a new bus pad at Enterprise Street.					
<b>Church Road (Magnolia Road to west of West Holly Avenue) - (C02424)</b>	4	Sterling	FY 2022	FY 2027	\$961
Provides for the construction of 0.35 miles of sidewalk between Magnolia Road to west of West Holly Avenue.					
<b>Ashburn Village Boulevard (Tippecanoe Terrace to the W&amp;OD Trail Crossing) - (C02423)</b>	5	Broad Run	FY 2023	FY 2027	\$780
Provides for the construction of 0.06 miles of shared use path along the east side of Ashburn Village Boulevard between Tippecanoe Terrace and the W&OD Trail.					
<b>Waxpool Road (Claiborne Parkway to Faulkner Parkway) - (C02290)<sup>2</sup></b>	6	Ashburn, Broad Run	FY 2021	FY 2027	\$3,300
Provides for the construction of 0.69 miles of sidewalk and shared use path segments along the south side of Waxpool Road. This includes 0.53 miles of sidewalk between Faulkner Parkway and Liverpool Street, 0.04 miles between Pagoda Terrace and Demott Drive, and 0.12 miles of shared use path between Demott Drive and Claiborne Parkway.					
<b>Ashburn Road (Within Ashburn Village to Gloucester Parkway) - (C02425)<sup>2</sup></b>	7	Ashburn, Broad Run	FY 2025	FY 2029	\$9,641
Provides for the construction of 0.53 miles of sidewalks and shared use paths along the Ashburn Road Corridor for 0.12 miles between the W&OD Trail and Gloucester Parkway on the west side of Ashburn Road. On the east side, 0.38 miles of shared use path and sidewalk will be constructed, and 0.03 miles of shared use path will be constructed between Ashburn Road to west of Amity Place.					
<b>Blossom Drive (Victoria Station to Drive Magnolia Road) - (C02422)</b>	8	Sterling	FY 2023	FY 2028	\$1,367
Provides for the construction of 0.33 miles of sidewalk along the west side of Blossom Drive between Victoria Station Drive and Magnolia Road. This includes 0.25 miles between Regents Park Circle and Magnolia Road and 0.08 miles between Victoria Station Drive and Regents Park Circle.					
<b>Pacific Boulevard (Waxpool Road to W&amp;OD Trail Connection) - (C02420)</b>	9	Broad Run	FY 2023	FY 2029	\$2,848
Provides for the construction of 0.38 miles of shared use path along the east side of Pacific Boulevard between Waxpool Road and the W&OD Trail connection. This includes 0.07 miles between Towlern Place and the sidewalk south of the W&OD Crossing, 0.04 miles between Towlern Place and Commercial Drive, 0.11 miles between Commercial Drive and Columbia Place, and 0.16 miles between Columbia Place and Waxpool Road.					
<b>Potomac View Road (Cascades Parkway to First Baptist Church Driveway) - (C02418)</b>	10	Sterling	FY 2023	FY 2029	\$1,967
Provides for the construction of 0.35 miles of pedestrian facilities (type to be determined) along the south side of Potomac View Road between Cascades Parkway and the recently completed sidewalk by the Montebello Farm development. The project includes pedestrian improvements at the Cascades Parkway intersection (previously indicated as Project 10a).					

<sup>1</sup> Project IDs have been provided for those prioritized projects receiving funding in FY 2023 or that have previously received funding.

<sup>2</sup> Project includes elements or improvements from the related Ashburn Road Corridor Study (*Item 4: Response to BMI- Traffic Study of Ashburn Road from Gloucester Parkway to Ashburn Farm Parkway/Farmwell Road*) presented at the Oct. 6, 2020, Business Meeting.

## Sidewalks, Signals, and Traffic Calming

<b>Shellhorn Road (Blossom Hill Terrace to Ashburn Village Boulevard) - (C02417)</b>	11	Broad Run	FY 2023	FY 2028	\$1,323
Provides for the construction of 0.29 miles of sidewalk segments along the east side of Shellhorn Road from south of Blossom Hill Terrace to Ashburn Village Boulevard. This includes 0.08 miles from south of Blossom Hill Terrace to Blossom Hill Terrace, 0.09 miles from Blossom Hill Terrace to Greenway Corporate Drive, and 0.12 miles from Greenway Corporate Drive to Ashburn Village Boulevard. The project includes the installation/upgrade of ADA-compliant ramps at the intersections as required.					
<b>Davis Drive (Sterling Boulevard to W. Church Road)<sup>1</sup></b>	12	Broad Run	FY 2025	FY 2030	\$8,083
Provides for the construction of 1.2 miles of sidewalk segments along Davis Drive. This includes 0.46 miles on the east side of Davis Drive from Sterling Boulevard to Great Trail Terrace and 0.73 miles on the west side of Davis Drive between Shaw Road and Sterling Boulevard.					
<b>Claude Moore Drive (Old Ryan Road to Existing Sidewalk East of Mooreview Parkway) (C02477)</b>	13	Broad Run	FY 2023	FY 2026	\$483
Provides for the construction of a 0.19-mile sidewalk segment along the north side of Claude Moore Drive from Old Ryan Road to existing pedestrian ramps at Mooreview Parkway.					
<b>Leesburg Pike (Route 7) (City Center Boulevard to Loudoun Tech Drive)<sup>2</sup> (C02478)</b>	14	Broad Run	FY 2023	FY 2028	\$4,457
Provides for the construction of 0.54 miles of shared-use path and sidewalk segments along Route 7 from City Center Boulevard to Loudoun Tech Drive and along Loudoun Tech Drive between Route 7 and Ridgetop Circle.					
<b>Smith Switch Road (Gloucester Parkway to existing Shared-Use Path north of Chilum Place) (C02479)</b>	15	Broad Run	FY 2023	FY 2030	\$3,423
Provides for the construction of 0.63 miles of shared-use path along the east side of Smith Switch Road from Gloucester Parkway to an existing asphalt path north of Chilum Place. This includes a crossing/connection to a realigned W&OD trail crossing at Smith Switch Road (designed under a separate project).					
<b>Claiborne Parkway (Broadlands Boulevard to Vestals Gap Drive) (C02480)</b>	16	Broad Run	FY 2023	FY 2026	\$1,063
This project constructs a 0.25-mile sidewalk along the east side of Claiborne Parkway between Broadlands Boulevard and Vestals Gap Drive.					
<b>Ashburn Village Boulevard (Farmwell Road to Michener Drive) (C02481)</b>	17	Ashburn	FY 2023	FY 2026	\$524
Provides for the construction of a 0.16-mile sidewalk along the west side of Ashburn Village Boulevard from Farmwell Road to Michener Drive. This includes the connection to upgraded ADA-compliant pedestrian ramps at Farmwell Road and new/upgraded ramps at Michener Drive.					
<b>Sterling Boulevard (Shaw Road to Davis Drive)</b>	18	Broad Run	FY 2025	FY 2030	\$3,731
Provides for the construction of 0.68 miles of sidewalk and shared use path along the south side of Sterling Boulevard from Shaw Road to Davis Drive. This includes new/upgraded ADA-compliant pedestrian ramps at three intersections, as required.					
<b>Cascades Parkway (Nokes Boulevard/Potomac View Road to Woodshire Drive)</b>	19	Broad Run/Sterling	FY 2025	FY 2029	\$5,394
Provides for the construction of 0.28 miles of shared use path along the west side of Cascades Boulevard from Nokes Boulevard/Potomac View Road to Woodshire Drive and approximately 0.2 miles of sidewalk segments along Woodshire Drive and Bartholomew Fair Drive from Spring Lake Court to the east Costco plaza entrance.					
<b>Potomac View Road (Leesburg Pike to Existing Sidewalk South of Palisade Parkway)</b>	20	Sterling	FY 2025	FY 2031	\$4,024
Provides for the construction of a 0.55-mile sidewalk along the east side of Potomac View Road between Leesburg Pike (Route 7) and an existing sidewalk connection south of Palisade Parkway.					
<b>Millstream Drive (Village Center Plaza/Loudoun Park and Ride to Stone Carver Drive)</b>	21	Dulles	FY 2025	FY 2028	\$576
Provides for the construction of a 0.07-mile sidewalk segment along the south side of Millstream Drive between Village Center Plaza / Loudoun Park and Ride to an existing sidewalk east of Stone Carver Drive.					
<b>Benedict Drive (Potomac View Road to existing sidewalk east of Bartholomew Fair Drive)</b>	22	Sterling	FY 2025	FY 2028	\$840
Provides for the construction of a 0.13-mile sidewalk segment along west side of Potomac View Road from Route 7 south to Benedict Drive and along the north side of Benedict Drive from Potomac View Road west 300 feet to an existing driveway entrance.					

<sup>1</sup> Project includes elements or improvements from the related Davis Drive Traffic Safety Study (*Item 8: Response to BMI- Davis Drive Traffic Safety Study*) presented at the July 6, 2021, Business Meeting.

<sup>2</sup> This project relates to and is in the same general area as the Route 7 Corridor Study as presented to the Board at the 10/19/2021, Business Meeting (*Item I-1, Route 7-Corridor Planning Study: Route 28 to Fairfax County Line*).

**Sidewalks, Signals, and Traffic Calming**

<b>Cascades Parkway (Church Road to Victoria Station Drive)</b>	23	Sterling	FY 2025	FY 2031	\$4,348
---	----	----------	---------	---------	---------

Provides for the construction of 0.54 miles of shared use path along the west side of Cascades Parkway from Church Road north to Victoria Station Drive and sidewalk along the north side of Victoria Station Drive between Cascades Parkway and Indian Summer Terrace.

<b>Total Cost</b>					<b>\$73,102<sup>1</sup></b>
-------------------	--	--	--	--	-----------------------------

<sup>1</sup> The current prioritized project list total does not match the six-year total for the program because the current list of projects reflects projects that have been prioritized and programmed to-date and because additional projects will be programmed as prioritized and identified in future CIP cycles.

## Sidewalks, Traffic Signals, and Traffic Calming

### Sterling Boulevard / W&OD Trail Overpass

#### Details:

**Project Number:** C02270

**Election District (2022):** Sterling

**Election District (2011):** Sterling

**Length:** 1,950 feet

**Estimated Completion Year:** FY 2027

**Referendum:** November 2019 & November 2022

#### Background:

This project provides for the design, right-of-way acquisition, and construction of a shared-use path overpass across Sterling Boulevard (Route 846) at the W&OD Trail. This project will serve walkers, bicyclists, joggers, horseback riders, rollerblading, and other trail users. The overpass will separate these activities from roadway traffic.

The project's budget was decreased during the FY 2024 CIP budget development process based on the most recent cost estimate.

## Sidewalks, Traffic Signals, and Traffic Calming

### Traffic Sign Replacement Program

#### Details:

**Project Number:** C02382

**Election District (2022):** Countywide

**Election District (2011):** Countywide

**Length:** n/a

**Project Type:** Traffic Sign Replacement

**Estimated Completion Year:** Ongoing

**Referendum:** n/a

#### Phase Costs in Millions

#### Background:

This program provides a funding source for traffic sign replacement needs unrelated to other capital projects. These needs arise when major road name changes occur as the result of developer-built roads, Board directed initiatives, or notification of road name changes from the Office of Mapping and Geographic Information Systems. The scope of work associated with the replacement of signage for major roads is significant and includes custom-designed traffic poles.

## Sidewalks, Traffic Signals, and Traffic Calming

### W&OD At-Grade Crossing Improvements

#### Details:

**Project Number:** C02313

**Election District (2022):** Countywide

**Election District (2011):** Countywide

**Length:** n/a

**Project Type:** Shared Use Path Improvements

**Estimated Completion Year:** FY 2025

**Referendum:** n/a

#### Phase Costs in Millions

#### Background:

This project provides funding for various improvements at several Washington and Old Dominion (W&OD) trail crossings spanning the length of the W&OD within the unincorporated areas of the County. Improvements may include the realignment of trail crossings, the construction of a median refuge, the installation of flashing warning signs, tree trimming and clearing, and the restriction of parking.

Other W&OD trail crossing improvements are being constructed as part of the *Route 7 and Route 287 Interchange*, and the *Sterling Boulevard/W&OD Trail Overpass*.

#### Project Phase Timeline by FY

The project's budget was decreased during the FY 2024 CIP budget development process based on the most recent cost estimate.

## Sidewalks, Traffic Signals, and Traffic Calming

### Waterford Traffic Calming

#### Details:

**Project Number:** C02500

**Election District (2022):** Catoctin

**Election District (2011):** Catoctin

**Project Type:** Traffic Calming

**Estimated Completion Year:** 2032

**Referendum:** n/a

#### Background:

This project provides for the implementation of mid-term traffic calming measures on various roadways surrounding the Village of Waterford as outlined and discussed in *Item 7-Response to BMI: Village of Waterford Traffic Calming and Byway Assessment* as approved at the July 20, 2021, Business Meeting. Improvements will include Chokers on Clarkes Gap Road and Splitter Islands on Old Wheatland Spring Road, at the Clover Hill intersection, and on Loyalty Road.

**Election District:** Countywide

**Election District (2022):** Countywide

**Election District (2011):** Countywide

**Estimated Completion Year:** Ongoing

**Referendum:** n/a

#### Phase Costs in Millions

#### Background

Loudoun County became a contributing member of the Washington Metropolitan Area Transit Authority (WMATA) in FY 2021. As a member, Loudoun County is a party to the Capital Funding Agreement which outlines the obligations between the County and WMATA including the annual capital subsidy payment.

This project includes funding for Loudoun County's share of the annual Dedicated Capital payment to the Department of Rail and Public Transportation for the Commonwealth's annual payment to WMATA.

#### Project Phase Timeline by FY

	23	24	25	26	27	28
Design						
Land						
Construction						

In FY 2021, Federal legislation provided funding to WMATA to address the reduction in ridership revenues from the Covid-19 pandemic. In turn, WMATA allocated a portion of the funding to Loudoun County through the issuance of credits applied to the County's payment obligation.<sup>1</sup> Those credits were fully expended in FY 2023. Additionally, revenue service for Metro began in mid FY 2023, and Loudoun County became eligible for the receipt of State funding assistance which is channeled through the Northern Virginia Transportation Commission based on the Subsidy Allocation Model in FY 2023.

## Elementary Schools

### Elementary School (ES-32) Dulles South

#### Details:

**Project Number:** n/a

**Election District (2022):** Little River

**Election District (2011):** Blue Ridge

**Square Feet:** 100,000-115,000

**LCPS Planning District:** Dulles South

**Estimated Completion Year:** FY 2025

**Referendum:** November 2021

#### Phase Costs in Millions

#### Background:

The elementary school will be built using a multi-story design. The estimated 100,000-115,000 square foot building will serve students in kindergarten through grade two. The adjacent Hovatter Elementary School will serve students in grades three through grade five. With an anticipated program capacity of 960, the elementary school will include classrooms, a media center, cafeteria, multipurpose room, and unlighted outdoor physical education fields.

ES-32 is planned to be co-located with Hovatter Elementary School and Lightridge High School in the Dulles South Planning District.

At the December 6, 2022 Board of Supervisors Business Meeting, construction for this project was accelerated from FY 2024 to FY 2023.

## Elementary Schools

### Elementary School (ES-34) Dulles North

#### Details:

**Project Number:** n/a

**Election District (2022):** Sterling

**Election District (2011):** Dulles

**Square Feet:** 100,000-115,000

**LCPS Planning District:** Dulles North

**Estimated Completion Year:** FY 2030

**Referendum:** November 2024

#### Phase Costs in Millions

#### Background:

The elementary school will be built using a multi-story design. The estimated 106,323 square foot building will serve students in kindergarten through grade five. With an anticipated program capacity of 960, the elementary school will include classrooms, a media center, cafeteria, multipurpose room, and unlighted outdoor physical education fields.

Additional funding is provided in the project budget for a structured parking facility on the site, to serve the school.

#### Project Phase Timeline by FY

ES-34 is planned to be in the Dulles North Planning District, on a proffered site in the Silver District West development.

### High School (HS- 14) Dulles North

#### Details:

**Project Number:** n/a

**Election District (2022):** Little River

**Election District (2011):** Blue Ridge

**Square Feet:** 330,000-345,000

**LCPS Planning District:** Dulles North

**Estimated Opening Year:** FY 2029

**Referendum:** November 2023

#### Phase Costs in Millions

#### Background:

The high school will be built using a multi-story design. The estimated 330,000-345,000 square foot building will serve students in grades nine through twelve. With an anticipated capacity of 2,100, the high school will include classrooms, cafeteria, auditorium, media center, gymnasium, an auxiliary gymnasium, outdoor physical education fields, and other associated spaces to support the high school program. The football and track stadium at the high school will hold 6,000 spectators to host State Championship meets and events.

HS-14 is planned to be co-located with MS-14, a future elementary school (TBD), and other public uses on the Hartland site.

### Banneker Elementary School Renovation & Addition

#### Details:

**Project Number:** n/a

**Election District (2022):** Little River

**Election District (2011):** Blue Ridge

**Square Feet:** 61,000

**LCPS Planning District:** Western Loudoun

**Estimated Opening Year:** FY 2025

**Referendum:** November 2023

#### Phase Costs in Millions

#### Background:

This project provides funding to renovate and construct an estimated 61,000 square foot addition that will include a multipurpose room, five (5) classrooms, and other ancillary spaces. The multipurpose room will provide program space as a gymnasium and auditorium with associated storage and office space. The five-classroom addition will accommodate kindergarten classroom space; the project will also provide additional restrooms in the building. Renovation work will include the cafeteria, kitchen, and office areas. The project will also remove all modular classrooms from the school site.

### LCPS Facility Renewals and Alterations

#### Details:

**Project Number:** n/a

**Election District (2022):** Countywide

**Election District (2011):** Countywide

**Square Feet:** n/a

**LCPS Planning District:** Countywide

**Estimated Opening Year:** Ongoing

**Referendum:** Annually

#### Phase Costs in Millions

#### Background:

For capital maintenance expenditures, a percentage of the Loudoun County Public Schools' (LCPS) Current Replacement Value (CRV) may be appropriated each year to cover capital facility renewals and alterations. This funding is crucial to contain overall long-term facility costs for maintenance, system replacements, and facility renewals and alterations.

Replacements, repairs, and updates may be undertaken to critical systems (including heat, air conditioning, ventilation, boiler and water systems, in addition to pipes, lighting fixtures, switchgears, fire sprinklers, fire alarms, emergency generators, and other related infrastructure), along with renewals and restorations (typically surfaces, roofs, carpet, painting, windows, and similar aspects of a facility), as needed.

The purpose is to protect the capital investment in the school facility, avoid the loss of academic time due to critical system failure, reduce deferred maintenance costs, and create optimum learning environments for students and staff.

### Park View High School Replacement

#### Details:

**Project Number:** n/a

**Election District (2022):** Sterling

**Election District (2011):** Sterling

**Square Feet:** 295,000

**LCPS Planning District:** Eastern Loudoun

**Estimated Opening Year:** FY 2028

**Referendum:** November 2023

#### Phase Costs in Millions

#### Background:

This project provides funding to design and construct replacement for Park View High School. The project will involve the construction of an estimated 295,000 square foot building which will serve students in grades nine through twelve. With an anticipated capacity of 1,800, the high school will include classrooms, cafeteria, auditorium, media center, gymnasium, an auxiliary gymnasium, outdoor physical education fields, and other associated spaces to support the high school program. The project involves the construction of the new school on the current stadium and athletic fields; upon completion of new facility, the existing school building will be razed and new outdoor athletic facilities will be constructed where the former school was sited. The new school is anticipated to open in fall 2027 (2027-2028 school year) and the new outdoor athletic facilities complete by the start of the 2028-2029 school year.

### School Bus Radio Replacements and UHF System Upgrade

#### Details:

**Project Number:** n/a

**Election District (2022):** Countywide

**Election District (2011):** Countywide

**Square Feet:** n/a

**LCPS Planning District:** Countywide

**Estimated Opening Year:** n/a

**Referendum:** n/a

#### Phase Costs in Millions

#### Background:

This project provides for periodic updates to the bus radio system to bring them up to the latest standards, while providing for a warranty, and maintaining a system that is serviceable by multiple vendors.

Loudoun County Public Schools' (LCPS) radio infrastructure is comprised of eight separate radio sites that provide countywide radio coverage for over 1,000 users. The radio system handles an average of 60,000 radio transmissions per month for school buses alone, provides communications for support staff, and provides alert radio transmissions for schools.

Major update cycles are generally estimated or planned for every seven (7) years with the last one being addressed with funding in FY 2022.

### School Bus Replacement and Acquisition

#### Details:

**Project Number:** n/a

**Election District (2022):** Countywide

**Election District (2011):** Countywide

**Square Feet:** n/a

**LCPS Planning District:** Countywide

**Estimated Opening Year:** Ongoing

**Referendum:** November 2017

#### Phase Costs in Millions

#### Background:

This project provides funding for the replacement and acquisition of school buses on an annual basis.

In support of the 2020 Loudoun County School Board resolution on Climate Change, the Division of Transportation began an electric bus pilot program to explore ways to reduce our carbon footprint. LCPS school buses travel over 8 million miles each year and produce over 20 tons of carbon monoxide that is released into the atmosphere. With recent action on climate change and new alternative-fuel products on the market from school bus manufacturers, the LCPS pilot program is designed to test the viability of electric buses to serve our students' transportation needs.

Through a partnership with Dominion Energy, five electric buses have been placed into service and are stationed (charged) at Park View High School. As part of a 2nd phase of the pilot program, LCPS was recently awarded six (6) electric buses from the Virginia Department of Environmental Quality, which will be stationed (charged) at Cardinal Ridge Elementary School and will be placed in service in 2022. The pilot program, industry research, and monitoring will be used for a long-term transportation fleet strategy that is in development by the Division of Transportation.

### School Security Improvements

#### Details:

**Project Number:** n/a

**Election District (2022):** Countywide

**Election District (2011):** Countywide

**Square Feet:** n/a

**LCPS Planning District:** Countywide

**Estimated Opening Year:** Ongoing

**Referendum:** November 2023

#### Phase Costs in Millions

#### Background:

Prior appropriations were approved from FY 2019 - FY 2022, and additional appropriations are requested in FY 2023 and FY 2024, to provide secure vestibules, upgraded intrusion detection systems, and exterior door electronic access locks at schools and LCPS facilities throughout the County.

Funding will provide enhanced security at school campuses to include: door hardware, electronics and controls at building entries to manage visitor access, additional cameras and iPhones, modified office configurations, access deterrent measures, and interim secure vestibules to provide enhanced security until permanent work can be completed.

Additional enhanced visitor management hardware, controls and access deterrent measures also need to be installed in other facilities that already have the necessary vestibule configuration. Significant interior modifications of office and media center spaces at nine (9) high schools are proposed to better align staff resources with enhanced entry security systems.

### Student Welcome Center

#### Details:

**Project Number:** n/a

**Election District (2022):** Sterling

**Election District (2011):** Sterling

**Square Feet:** 7,500

**LCPS Planning District:** Eastern Loudoun

**Estimated Opening Year:** FY 2024

**Referendum:** November 2020

#### Phase Costs in Millions

#### Background:

This project provides funding to design and construct an addition at Sterling Elementary School for a Student Welcome Center.

The establishment of a Student Welcome Center in eastern Loudoun will provide more efficient and effective delivery of services to the County's limited English proficient public-school students. The Welcome Center will offer a centralized location in eastern Loudoun for various instructional program registration needs and for instructional and/or pupil services support staff.

The addition to Sterling Elementary School, for the Welcome Center, will total 7,500 square feet but will not increase the base capacity of the school. On-site parking will be expanded to accommodate the co-located uses.

#### Project Phase Timeline by FY

### Valley Service Center Replacement

#### Details:

**Project Number:** n/a

**Election District (2022):** Catoctin

**Election District (2011):** Catoctin

**Square Feet:** 43,000

**LCPS Planning District:** Western Loudoun

**Estimated Opening Year:** FY 2026

**Referendum:** November 2021

#### Phase Costs in Millions

#### Background:

The Loudoun County School Board purchased the Valley Service Center property in FY 2018 after years of operating there under a lease. LCPS bus maintenance utilizes a single-bay repair garage in the facility.

Through a partnership between LCPS and the County's Department of Parks, Recreation and Community Services (PRCS), the Valley Service Center will be torn down and replaced with vehicle shops and garages; a LCPS/County fuel station; pole barns to store salt, sand, materials, and equipment; storage buildings; office space; and staff and work vehicle parking for co-located LCPS and PRCS uses. Funding is also provided for improvements to the recently acquired Virginia Regional Transit (VRT) facility's bus bays.

### Valley Service Center Traffic Signal

#### Details:

**Project Number:** n/a

**Election District (2022):** Catoctin

**Election District (2011):** Catoctin

**Square Feet:** n/a

**LCPS Planning District:** Western Loudoun

**Estimated Opening Year:** FY 2026

**Referendum:** November 2022

#### Phase Costs in Millions

#### Background:

This project provides for the installation of a traffic signal at the intersection of the Valley Service Center entrance, West Colonial Highway, and the entrance to Harmony Middle School and Kenneth W. Culbert Elementary School. The funding for the traffic signal is programmed to coincide with the replacement of the Valley Service Center facility.

As part of the approved proffers for the rezoning completed for the purchase of the Valley Service Center property, a traffic signal warrant study was completed in 2017 for the intersection of the Valley Service Center entrance, West Colonial Highway, and the entrance to Harmony Middle School and Kenneth W. Culbert Elementary School. The study determined that a traffic signal is needed at the intersection.

## LCPS Capital Facility Planning Guidelines

**ADOPTED BY THE LOUDOUN COUNTY SCHOOL BOARD ON DECEMBER 13, 2022**

### **SECTION 1: Purpose of the Capital Facility Planning Guidelines**

The purpose of the Loudoun County Public Schools (LCPS) Capital Facility Planning Guidelines is to identify the general planning principles and goals that the Loudoun County School Board (LCSB) and the Loudoun County Board of Supervisors have agreed upon in the development of the long-range capital building program to provide public school facilities in Loudoun County. The document serves in tandem with the Capital Improvement Program (CIP) documents outlining new construction, the Capital Asset Preservation Program (CAPP), and the Capital Renewals Program (CRP), which, together, provide public information and opportunity for public input. Planning principles will be used to identify and quantify the requirements for the construction of new schools and to ensure that existing schools are safe, quality places for students to learn and for employees to work. This document replaces the school standards identified in the adopted 2017 Capital Facility Standards and the previously adopted 2010 Capital Facility Planning Guidelines.

The Capital Facility Planning Guidelines support the Loudoun County School Board's stated mission and goals of providing a superior education, safe schools, and a climate for success. Requirements ensure that all students, faculty, and staff have access to quality facilities, resources, technology, and instructional programs. The Guidelines are based upon minimum requirements in the Virginia Department of Education's "Guidelines for School Facilities in Virginia's Public Schools" and LCPS' application thereof.

### **SECTION 2: Planning Process**

The School Board annually adopts a Capital Improvement Program (CIP) budget. The CIP is a forecast of expenditures for land acquisition; site development; design; construction; and furniture, fixtures, and equipment (FFE) costs associated with the development of new or renovated schools, infrastructure, and other school-related facilities.

As a 30-year capital plan, the School Board's CIP addresses an immediate short term six-year plan, a medium-term plan (years seven through ten), and a long-term outlook (years 11 through 30). Projects included in the CIP are based on education program requirements, School Board-endorsed educational policy standards, and the ability of existing school facilities to accommodate present and future instructional programs and student enrollments.

LCPS monitors student enrollment and assesses the need for capacity in our schools on an ongoing basis. Each fall, six-year student enrollments are developed for the division and each individual school by grade. The enrollment projections are utilized for a variety of planning and decision-making functions among which operational and budgeting needs are the most essential. Student enrollment projections, school capacities, and county population trends influence the priority order of projects and the funding plans in the School Board's CIP – specifically the construction of new schools, classroom additions and facility renovations.

### **SECTION 3: School Design Objectives**

With a mission of "empowering all students to make meaningful contributions to the world," LCPS has developed strong facility standards to support the creation and maintenance of state-of-the-art teaching and support spaces.

Most recently updated in 2021, the Virginia Department of Education's (VDOE) "Guidelines for School Facilities in Virginia's Public Schools" have long served as the basis of the LCPS Educational Specifications and Guideline Specification standards and "define the minimum standard that all schools in Virginia should meet and are a design

**LCPS Capital Facility Planning Guidelines**

starting point for school facility planners, architects, and local school divisions. School facility planners and local school divisions are encouraged to adapt these recommendations as needed to meet the needs of a school's educational programs." Additionally, the *Code of Virginia* requires the Board of Education to review their "Standards of Quality" document every two years. Most recently revised in 2021, there are three (3) priorities stated: to promote educational equity for all students; to support the recruitment and retention of educational personnel; and to support the "Profile of a Virginia Graduate." Each of these priorities directly aligns with the LCPS mission.

From the VDOE guidelines and recommendations, LCPS has developed and maintains Educational Specifications for each school level – elementary, middle, and high schools – as well as comprehensive Guideline Specifications for standard specifications for all facilities. The primary objective of the LCPS Educational Specifications is to establish the LCPS minimum requirements for new construction, however the document also serves as a tool to review parity and equity for improvements of older facilities. Included in the Educational Specifications are LCPS-tailored strategies for site design, building design and requirements for technology, furnishings, fixtures, and equipment. Additional detail is discussed in Sections 4 and 5.

Additionally, LCPS has several targeted planning objectives that are considered for all new school projects as they are developed:

**A. Co-Location of Facilities:** Co-location of school and public facilities is a strategy supported by Loudoun County School Board and the Loudoun County Board of Supervisors with both infrastructure and operational benefits. LCPS and Loudoun County Government have a long history of successful co-location including school facilities and community, recreation or public safety uses. Staff considers appropriate co-location based on site acreage during the LCPS capital needs assessment and life cycle management process and Capital Improvement Program (CIP) development processes.

**B. Community Use:** Loudoun County Government, including the Office of Elections and the Department of Parks, Recreation and Community Services (PRCS) have priority to use school buildings and grounds when not required for school use. The original agreement between the Loudoun County School Board and the Loudoun County Board of Supervisors dates to the 1967-1968 timeframe. School Board Policy and Regulation 6310, *Facility Use*, defines the conditions for community use of school facilities.

LCPS and PRCS also work together to determine school facilities available to host other community uses including after school childcare and athletics, as examples.

**C. Emergency Use:** In coordination with the Loudoun County Office of Emergency Management, LCPS works in an active and continual manner to support school and community needs in emergency and/or shelter circumstances in coordination to provide community programs, services and support public safety.

**D. Sustainability, Energy, and Environmental Stewardship:** LCPS is committed to and has a strong history in energy and environmental stewardship and is continuously exploring advancements in sustainable design, technology and high-performance building and system practices in design and construction. In 2010, the School Board adopted Policy 6410, *High Performance Building Design, Construction and Operations*, implementing sustainable practices in environmental quality, water and energy consumption, renewable energy generation, products, materials, and waste management in new facilities and school renovation projects. LCPS has a long and established history of being awarded the ENERGY STAR Partner of the Year Sustained

## LCPS Capital Facility Planning Guidelines

Excellence Award as a benchmark of energy stewardship achievement. LCPS Environmental Requirements and Goals are part of each major design contract outlining specific strategies, life cycle cost analysis requirements for building systems selection, and energy performance criteria.

LCPS design objectives, Educational Specifications, Guideline Specifications, and standards are provided to all consulting architects. Design parameters are reviewed by LCPS during the design process for new school and renovation projects to ensure the strategic objectives are met, as applicable to the project.

### SECTION 4: Site Design

The overall design process begins years in advance with pre-design studies linked to the findings and proposed facility plans as developed through the LCPS capital needs assessment and life cycle management process as presented in the CIP. Site selection and land acquisition processes are based on the needs identified in the CIP and the School Board's capital budget. The standards provide flexibility in planning for school development to meet community needs. For public schools in Loudoun County, LCPS follows the following general planning guidelines:

#### A. Elementary School:

- Building Square Footage: 100,000 – 120,000 GSF
- Site Acreage: Up to 20 Usable Acres
- Standard: 900-1,000 pupils

#### B. Middle School:

- Building Square Footage: 185,000 – 215,000 GSF
- Site Acreage: Up to 35 Usable Acres
- Standard: 1,350 – 1,500 pupils

#### C. High School:

- Building Square Footage: 290,000 – 345,000 GSF
- Site Acreage: Up to 75 Usable Acres
- Standard: 1,800 – 2,100 pupils

These standards exceed the VDOE recommended minimum site acreage to accommodate for outdoor programmed spaces including, but not limited to playgrounds, Physical Education areas and athletics or recreation areas as well as ancillary support. Site acreage identified is based on usable area excluding acreage that cannot be built upon and considering applicable zoning, infrastructure and stormwater management requirements and necessary site circulation for pedestrians, busses and cars. Flexibility for varying existing site conditions is important in the site planning process to accommodate all required program elements. All LCPS site design standards are documented in the LCPS Educational Specifications.

Simplicity of entrance access and a completely separated pedestrian, car, and bus circulation paths are primary LCPS goals of school site design. Adequate staff and visitor parking as well as bus parking, where applicable, may consume 4 – 12 acres on a traditional site alone. Configuration of the parcel in relation to roadway infrastructure must be considered in the overall site circulation patterns. Providing a clear, separated circulation path for parent drop off and pick up from the bus loop along with sufficient queuing space for both paths are other large acreage functions. These functions are critical to both the operational success and safety of active school sites.

## LCPS Capital Facility Planning Guidelines

Physical Education, recreation, and athletics along with supporting functions are also large programmatic drivers for school sites. Playgrounds are governed by School Board Policy and Regulation 6320, *Playgrounds*, and are commonly used by students during the school day and by the public during non-school hours. LCPS playgrounds are designed to meet accessibility requirements and an inclusive playground will be installed when space and funding permit, as part of new elementary school construction.

Physical Education, recreation and athletics elements vary by school level and are generally planned by LCPS as follows and as site conditions allow:

Elementary School Elements	Quantity	Minimum Size
Multi-Use (Hard Surface)	1	55' x 170' for US Map
Multi-Use (Hard Surface) Basketball	1	60' x 120'
Fenced Play Area (Kindergarten)	1	Varies
Playground	1	70' x 80'
Multi-Use Playing Field with Walking Track: 4 Options		
1 – Large Soccer Field with Irrigation	1	225' x 360'
2 – Small Soccer Field with Irrigation	1	138' x 228'
3 – U8 Micro Soccer Field	1	90' x 150'
4 – U6/U7 Soccer Field	2	75' x 105' each
Softball Field	1	200' left to right field 20' backstop to home plate
Middle School Elements	Quantity	Minimum Size
Multi-Use (Hard Surface) Basketball	1	96' x 224'
Multi-Use Playing Field with Walking Track: 4 Options		
1 – Large Soccer Field with Irrigation	2	225' x 360'
2 – Small Soccer Field with Irrigation	2	138' x 228'
3 – U8 Micro Soccer Field	2	90' x 150'
4 – U6/U7 Soccer Field	4	75' x 105' each
Softball Field	1	200' left to right field 25' backstop to home plate
High School Elements	Quantity	Minimum Size
Stadium with Lighting, Press Box, Track, etc. with artificial turf	1	195' x 300' Soccer 160' x 300' Football
Softball Field with Lighting and Press Box	1	200' left to right field 30' to home plate
Baseball Field with Lighting and Press Box	1	310' left to right field 60' backstop to home plate
Practice Fields with Lighting with artificial and natural turf	2	55 yds x 120 yds
Tennis Courts with Lighting Pickleball Courts	6	36' x 78' each

In support of high school extracurricular activities, LCPS sites also include a Concession Stand Building with Restrooms, a Storage Building, a Team Room Building with Restrooms, Baseball and Softball Press Box Buildings, a Ticket Booth, Tractor Storage, Marching Band Storage and Observation Towers.

As growth in Loudoun County continues and traditional suburban or rural sites of large acreage are less available, it should be considered that school site design will be challenged by existing condition constraints. The same is true as Loudoun develops more urban areas surrounding Metro – the site requirements are no longer necessarily

## LCPS Capital Facility Planning Guidelines

prototypical; flexibility will be necessary to maximize site utilization while delivering all the programmatic requirements. Loudoun County Zoning Ordinance requirements, both current and future, will affect the site design approach for school sites and will require further analysis that is project specific. These considerations may also apply to additions and renovations of existing school facilities.

### SECTION 5: Building Design

The building design process at LCPS begins with a verification of program for the particular school. LCPS has long maintained prototypical building programs that are site-adapted as school facilities are planned through the LCPS capital needs assessment and life cycle management process as presented in the CIP. As referenced in Section 4, the Capital Facilities Standards provides for a range of pupil planned capacity for each school level with planned capacity as follows:

- A. Elementary School: 900 – 1,000 pupils
  - Kindergarten through Grade Five
  - Planned Capacity of 23 students per General Education Classroom and 10 students per Special Education Classroom
  - Art, Music, Gym, Media Center, Cafeteria, Administrative Office, and Support
  - Classroom Restrooms provided in Kindergarten – Grade Three
  - Regional Classrooms
- B. Middle School: 1,350 – 1,500 pupils
  - Grades Six through Eight
  - Planned Capacity of 19 students per General Education Classroom and 10 students per Special Education Classroom
  - Fine Arts, Auditorium, Career & Technical Education, Labs, Main Gym, Auxiliary Gym, Media Center, Cafeteria, Administrative Office, and Support
- C. High School: 1,800 – 2,100 pupils
  - Grades Nine through Twelve
  - Planned Capacity of 21 students per General Education Classroom and 10 students per Special Education Classroom
  - Fine Arts, Auditorium, Career & Technical Education, Labs, Main Gym, Auxiliary Gym, Athletics Facilities as outlined in Section 4, Media Center, Cafeteria, Administrative Office, and Support
- D. Additional Program Elements:
  - Elementary, Middle and High School Level Collaboration Spaces
  - Elementary, Middle and High School Level Privacy Restrooms
  - Middle and High School Privacy Showers/Changing

This planned capacity becomes the basis of the building program and, with VDOE Guidelines on instructional space including recommendations for Classroom sizes, LCPS develops a school-specific building program to meet the instructional philosophy and educational delivery objectives.

To deliver state-of-the-art education to the students of Loudoun County, LCPS follows the VDOE Guidelines on standard classroom sizes for new construction. Major renovations endeavor to also meet the current VDOE Guidelines. School size and design is guided by educational program requirements and standards established by the Loudoun County School Board. Classroom sizes include all features such as storage, countertops, however,

## LCPS Capital Facility Planning Guidelines

exclude classroom toilets. All LCPS building design standards are documented in the LCPS Educational Specifications.

Similar to site design considerations, as growth in Loudoun County continues, flexibility within the general parameters of the approved Capital Facility Standards and the LCPS historical prototypical program will need consideration. For example, in School Year 2022 – 2023, LCPS opened its first three-story Elementary School and has under construction, its first four-story Middle School. Site adapting the prototypical program will continue to be a challenge on constrained and more urban sites necessitating increased square footage in building programming for duplication of functions on multiple floors, increased vertical and horizontal circulation and building support.

Both new construction and renovation projects must study continued development of building design and new instructional initiatives in realms that include student support areas including mental health, expanded STEM (Science, Technology, Engineering and Math) and CTE (Career and Technical Educations) programs, Project Based Learning (PBL), specialized services, and other requirements that will continue to inform space programming in all levels of schools. Safety and security are paramount and are assessed through multiple lenses during the site and building design including application of Crime Prevention Through Environmental Design (CPTED) principles and review of projects. Flexibility in design will require attention to create adaptable spaces supported by furniture and technology that can support all student and staff needs with longevity. Renovation projects aim to achieve the same LCPS requirements as new construction projects, however, the existing site and building constraints will require project-specific analysis. Qualitative aspects of design including access to daylight, acoustics and thermal comfort play important roles in the experience for staff and students.

### SECTION 6: Furniture, Fixtures and Equipment including Technology

LCPS maintains strong standards of Furniture, Fixtures and Equipment (FFE) and Technology to deliver and support school facilities and 21st century learning. FFE is included in all new construction and renovation projects. FFE efforts include, but are not limited to, furniture, fixtures, and equipment, but also technology equipment and software, instructional materials and equipment required to support and maintain the facility to deliver a fully outfitted, turn-key project.

### SECTION 7: Life Cycle Planning

LCPS endeavors to build 75-year buildings to serve the educational mission of Loudoun County and support community uses year-round. Major renovations and/or additions to existing schools are considered when additional permanent/long-term capacity is needed and full condition evaluations are conducted at the mid-life facility age. The trigger for additional capacity or replacement is evaluated and established each year through the School Board Adopted CIP. Renovations and additions increasing capacity must consider the impact to the building's core capacity in areas including but not limited to restrooms, Cafeteria, Media Center, Administrative Office, and Gyms.

Throughout a school's life cycle, maintenance and improvements may also be funded through the Capital Asset Preservation Program (CAPP) or through the Capital Renewals Program (CRP) portion of the CIP budget. In accordance with LCPS Policy 6410, *High Performance Building Design, Construction and Operations*, schools should be managed in terms of life cycle and instructional appropriateness. When a facility has aged to 75 years, evaluation to determine if the structure should continue to support instructional requirements and activities with either minor capital improvements, a major capital renovation, or complete capital replacement of the facility to meet new school facility design standards. Critical systems replacements are commonly considered when a building has aged to 30 years or greater. Analysis of existing facilities and their life cycle considerations relative to renovation or replacement will be identified in the annual School Board Adopted CIP.

## LCPS Capital Facility Planning Guidelines

### SECTION 8: Support Facilities

LCPS evaluates the need for additional support facility space based upon a full programming analysis. As a means to apply standardized space allocations, this analysis identifies individual department requirements, role or position responsibilities, key job functional requirements and level of responsibility. Needs will be analyzed from a cost benefit perspective and may include analysis of lease space alternatives. As growth continues, needs for expanded support or Administrative Space will be identified in the annual School Board Adopted CIP.

### SECTION 9: Conclusion and Future Updates

The LCPS Capital Facility Planning Guidelines will continue to serve as the School Board and Loudoun County Board of Supervisors endorsed guide to the development of school facility projects including buildings and sites, renovations, and new construction alike via adoption of the CIP. Changes to the Educational Specifications will continue to be required over time with VDOE updates or other legislative revisions. These updates would be presented during the School Board's subsequent Capital Budget Process. The effect of growth within the County will continue to be managed to ensure resource equity between older and newer facilities such that all students, faculty and staff have access to quality facilities, resources, technology, and instructional programs.

# Debt Service Fund

## Debt Management and Capital Financing

Debt Management is the active implementation of a variety of strategies to manage the County's debt. These strategies include debt policies, issuance limits and guidelines, long-term capital planning, disclosure and compliance policies and procedures, and general management practices. The Loudoun County Board of Supervisors' adopted fiscal policy contains debt policies, which govern how and the extent to which, the County issues debt. Throughout the development of the County's Capital Improvement Program (CIP), the proposed use of debt financing for projects must be evaluated to ensure compliance with the debt policies. These policies contain several important debt ratios, which are among the information analyzed by the bond rating agencies each time the County seeks to sell bonds. Loudoun is one of 47 counties to hold the highest rating (AAA) from all three bond rating agencies ensuring access to the market at the most favorable rates. More information about these ratios is described in the following pages.

Financing for capital improvement projects can take the form of general obligation bonds and appropriation-backed bonds including revenue bonds, lease purchase agreements, federal loans, and lease revenue bonds. The County issues debt for both School and General Government capital projects, except for lease purchase financing for vehicles and equipment entered into by the Schools. Of the above-mentioned financing types, general obligation bonds, is the only type of debt secured by a pledge of the County's full faith and credit. A County's authorization to issue this type of debt is governed by the Constitution of the Commonwealth of Virginia and the Public Finance Act. Taxpayers must approve the issuance of general obligation bonds by public referendum, except in limited circumstances, such as bonds issued by the Virginia Public Schools Authority. The governing body of the County is authorized and required to meet debt service payments on its general obligation bonds by levying sufficient ad valorem taxes on all taxable property within the County. Funding for debt service payments on appropriation-backed debt is subject to annual appropriation by the County's governing body.

The following pages provide information about the County's debt, including actual and projected debt service payments in the Debt Service Fund, debt policies, the impact of the CIP on debt ratios and guidelines, the planned schedule of financing for capital projects over the CIP period, and information about the County's outstanding debt and referendum authority.

## Debt Service Fund Budget

Local tax funding and other resources used for the payment of principal and interest costs (i.e., debt service) of all financed capital improvement projects reside in the Debt Service Fund. The FY 2024 projected Debt Service Fund expenditures are shown in *Table 1* on the following page. Expenditures are comprised of the actual amount of principal and interest payments due on debt issued in prior years, the projected amount of principal and interest payments due in FY 2024 on debt scheduled to be issued in FY 2024, and certain costs of issuance incurred on that debt.

Expenditures in the Debt Service Fund budget are offset by fund balance, earned interest, and in prior years, interest rebates from the federal government for Build America Bonds issued in FY 2011, which were refunded in FY 2020. Periodically, the Fund receives monies in the form of transfers from other funds such as the County and School Capital Project Funds as projects are closed out; landfill fees and rental income designated for debt service; or proceeds/premiums from the sale of bonds. Refunding proceeds, bond premiums, and transfers for project close-outs are unpredictable and are therefore not budgeted. If these resources become available, they become part of the Debt Service Fund balance and are used on other eligible projects to reduce future debt issuances, or are used to make future debt service payments, in accordance with rules and regulations governing municipal borrowing.

## Debt Service Fund

**Table 1. Debt Service Fund Financial Summary**

	FY 2021 Actual	FY 2022 Actual	FY 2023 Adopted	FY 2024 Proposed	FY 2025 Projected
<b>Expenditures</b>					
Debt Service on County Projects	\$69,040,058	\$81,533,170	\$96,758,662	\$103,651,482	\$115,594,814

<b>Local Tax Funding</b>	<b>\$186,007,626</b>	<b>\$198,693,748</b>	<b>\$199,462,929</b>	<b>\$215,208,559</b>	<b>\$241,682,015</b>
<b>FTE<sup>2</sup></b>	<b>-</b>	<b>-</b>	<b>3.00</b>	<b>3.00</b>	<b>3.00</b>

<sup>1</sup> Transfers from the Debt Service Fund are primarily to the Capital Projects Fund or to the General Fund. Beginning FY 2023, there will be no transfers made to General Fund for personnel expenditures.

<sup>2</sup> FY 2023 and onwards, personnel expenditures for three debt management staff will be charged to Debt Service Fund as opposed to being transferred from the Debt Service Fund to the General Fund for previous years.

<sup>3</sup> Cost of Issuance and Other Fees includes Underwriter's Discount fees that are deducted directly from bond proceeds. These fees are recorded after the bond issuance and therefore are not part of the adopted budget.

<sup>4</sup> The Series 2010A GO, Build America Bonds were refunded in FY 2020, therefore the subsidy will no longer be received.

<sup>5</sup> Per the lease agreement with DC Soccer, the team will make rental payments to the County for the use of facilities at Bolen Park, which will pay the debt service on the bonds issued to construct the facilities.

<sup>6</sup> Transfers into the Debt Service Fund are primarily from the Capital Project Fund for debt service associated with Landfill construction, the General Fund for facility lease fees, and the Transportation District Fund for Metrorail tax revenue to cover debt service associated with the construction of the Metrorail project and Metrorail Parking Garages.

<sup>7</sup> Represents bond premium received from issuances in FY 2021 and FY 2022, as well as refunding proceeds.

## Debt Service Fund

### Staffing/FTE History

The distribution of debt service expenditures resulting from General Government and School capital project financings are shown below in Table 2 and Figure 1. Table 2 shows the actual debt service due on previously issued debt and projected debt service on anticipated issuances attributable to general government and schools for FY 2024-FY 2028. Figure 1 presents this same information through 2048, when the last payment will be made on debt issued through FY 2028.

**Table 2. FY 2024-2028 Debt Service Expenditures**

	FY 2024	FY 2025	FY 2026	FY 2027	FY 2028
<b>General Government</b>					
Actual Debt Service Due	\$87,847,116	\$83,760,681	\$80,102,188	\$77,807,265	\$73,614,488
Projected Debt Service	15,804,366	31,834,133	50,628,862	70,210,474	86,913,900

<b>Subtotal</b>	<b>\$147,339,597</b>	<b>\$156,798,310</b>	<b>\$155,773,387</b>	<b>\$169,904,126</b>	<b>\$181,889,913</b>
<b>Total - Debt Service</b>	<b>\$250,991,080</b>	<b>\$272,393,124</b>	<b>\$286,504,437</b>	<b>\$317,921,865</b>	<b>\$342,418,301</b>

\*Totals may not add due to rounding.

## Debt Service Fund

Figure 1: Total Debt Service Expenditure Forecast

## Debt Management

While the Commonwealth of Virginia imposes no statutory limitation on the amount of debt a County may incur, Loudoun County establishes an overall limit of no more than 3.0 percent of its assessed value of taxable real and personal property as well as several other debt ratio guidelines through its Fiscal Policy.<sup>1</sup> On the following pages, the County's debt ratios are explained along with a graphic illustrating how the debt programmed in the CIP complies with each policy target.

### Loudoun County Debt Ratios

(Revised and adopted by the Board of Supervisors on October 18, 2022)

The County's debt capacity shall be maintained within the following primary goals:

- *Annual debt issuance guideline is set at \$325 million beginning with FY 2024, \$350 million for FY 2025, and \$400 million for FY 2026 and beyond to be reviewed by the Board in FY 2026. For planning purposes, \$400 million is assumed to remain in effect for FY 2027 through FY 2028.*

This guideline represents the maximum amount of "new" debt that can be issued each year, excluding debt for projects supported by a specific revenue source, major economic development projects, or the purchase of assets demonstrated to produce net present value savings. Establishing an annual debt issuance guideline allows the County

<sup>1</sup> The Fiscal Policy is provided in the Volume 1 of this document in the Executive Summary.

## Debt Service Fund

to actively manage the annual growth of its debt burden. The FY 2024 proposed Capital Budget abides by all County fiscal policies and debt ratios.

	FY 2024	FY 2025	FY 2026	FY 2027	FY 2028
Debt Issuance Guideline	\$325,000,000	\$350,000,000	\$400,000,000	\$400,000,000	\$400,000,000
Debt Issuance Projected	\$325,000,000	\$350,000,000	\$400,000,000	\$400,000,000	\$400,000,000
Remaining Debt Capacity	\$0	\$0	\$0	\$0	\$0

- *Net debt as a percentage of estimated market value of taxable property should not exceed 3.0 percent.*

This ratio means that the amount of outstanding debt cannot exceed 3.0 percent of the value of the County's taxable real and personal property. The assessed value of taxable property is an indication of the County's ability to generate revenue. This ratio ensures that the County's outstanding debt is not too high compared to the assessed value, which can lead to overburdening the tax base and reducing the County's flexibility to use revenues for operations, or to meet future capital needs. The credit rating agencies consider this ratio to be very important and often cite the County's adherence to this ratio in their ratings reports.

**Figure 2: Debt to Estimated Property Value**

## Debt Service Fund

- Net debt per capita as a percentage of income per capita should not exceed 8.0 percent.*

This ratio means the amount of outstanding debt per person, cannot exceed 8.0 percent of the estimated income for each person based on population and income projections. This indicator measures the community's ability to support existing and additional indebtedness.

**Figure 3: Debt to Per Capita Income**

- Debt service expenditures as a percentage of governmental fund expenditures should not exceed 10.0 percent.*

This ratio means the amount of debt service (principal and interest payments) in each fiscal year, cannot exceed 10.0 percent of total governmental funds expenditures. This includes all appropriated funds, not just the General Fund. Because debt service is considered a fixed cost (i.e., not discretionary) the established ratio ensures that the County does not lose budgetary flexibility to maintain or increase service levels by having a significant portion of its budget dedicated to debt service payments. This ratio works in tandem with the debt to assessed value ratio. The credit rating agencies also consider this ratio to be very important and often cite the County's adherence to this policy target as a measure of the County's ability to maintain an affordable debt burden.

**Figure 4: Debt Service to Expenditures**

## Debt Service Fund

- *Ten-year debt payout ratio should be above 60.0 percent.*

This ratio means the amount of principal paid off in a ten-year period should be more than 60.0 percent of the projected debt outstanding. Per the Fiscal Policy, the County uses a level principal repayment structure for debt service whenever possible; thus, allowing the County to pay down principal faster.

**Figure 5: Ten Year Debt Payout Ratio**

## The Capital Improvement Program and the Impact on Future Debt Ratios

The development of the six-year Capital Improvement Program (CIP) and the inclusion of new debt financed projects must be analyzed and evaluated against previously authorized debt financed projects and the existing required debt service to ensure the inclusion of the new projects complies with the County's fiscal and debt policies. The results are shown on the *Impact on Future Debt Ratios* table on the following page (Table 3).

*Table 3* begins with the projected amount of tax supported debt outstanding, and then shows the impact of adding the debt-financed capital projects contained in the FY 2023 – FY 2028 Amended CIP to the existing debt for projects appropriated and financed in prior years. In addition, the table depicts vital demographic and economic indicators for Loudoun County that are necessary in assessing the County's ability to retire old debt and issue new debt.

### Beginning Net Tax Supported Debt and Ending Net Tax Supported Debt

The Beginning Net Tax Supported Debt is the amount of principal projected to be outstanding at the beginning of each fiscal year. The Ending Net Tax Supported Debt is the amount of principal projected to be outstanding at the end of each fiscal year. The New Debt Issued, represents the amount of all new debt scheduled to be issued for the projects contained in the CIP. Retired Old Debt is the actual amount of principal on existing debt scheduled to be paid during that fiscal year. Retired New Debt is the projected amount of principal to be paid on the new debt that is issued during the fiscal year. Note that principal on new debt issued in the first year will not be paid in that year but will commence the following year. The Ending Net Tax Supported Debt represents the outstanding existing debt, plus new debt issued, less the retired debt.

## Debt Service Fund

### Debt Service

Debt service represents the amount of principal and interest that is expected to be paid during the year. This includes debt related to general obligation bonds and appropriation-backed debt such as lease revenue bonds, lease purchase agreements and loans.

### Ratios

The ratios section of the table shows the results of how the debt included in the CIP, coupled with the County's existing debt comply with the Board's fiscal policy targets. Throughout the development of the CIP, these ratios are constantly monitored to see how changes to project funding and timing impact the ratios. For more information on how the CIP is developed and the factors affecting the development of the CIP, see the Capital Improvement Program Executive Summary included in Volume 2 of the budget document.

### Annual Debt Issuance Guideline

The Board's fiscal policy has an annual debt issuance guideline of \$325 million for FY 2024, increasing to \$350 million in FY 2025, and \$400 million in FY 2026 and beyond excluding debt issued for projects supported by a specific revenue source, certain economic development projects, and the purchase of assets demonstrated to produce net present value savings. This section of the table shows the amount of debt projected to be issued each year and the remaining capacity under the guideline.

## Debt Service Fund

IMPACT ON FUTURE DEBT RATIOS					
Proposed FY 2024 - FY 2028					
	FY 2024	FY 2025	FY 2026	FY 2027	FY 2028
Beginning Net Tax Supported Debt	\$1,975,655,793	\$2,148,475,509	\$2,334,339,071	\$2,556,020,980	\$2,763,617,975
Plus:					
New Debt Issued	345,661,471	370,630,000	410,280,000	416,040,000	410,280,000
Less:					
Retired Debt (Old)	172,841,755	164,431,437	146,503,091	141,983,005	130,355,000
Retired Debt (New)	0	20,335,000	42,095,000	66,460,000	91,410,000
Ending Net Tax Supported Debt	\$2,148,475,509	\$2,334,339,071	\$2,556,020,980	\$2,763,617,975	\$2,952,132,976

Per Capita Income	\$104,338	\$106,717	\$109,084	\$111,517	\$114,007
Expenditures	\$3,600,415,231	\$3,780,435,993	\$3,969,457,792	\$4,167,930,682	\$4,376,327,216
Ratios:					
Debt to Estimated Property Value (Fiscal Policy Target = <3%)	1.42%	1.50%	1.59%	1.60%	1.57%
Debt to Per Capita Income (Fiscal Policy Target = <8%)	4.59%	4.79%	5.05%	5.25%	5.39%
Debt Service to Expenditures (Fiscal Policy Target =<10%)	6.97%	7.21%	7.22%	7.63%	7.82%
Ten-Year Debt Payout Ratio (Fiscal Policy Target=>60%)	67.1%	67.3%	67.7%	68.3%	68.9%
Annual Debt Issuance Guideline:	FY 2024	FY 2025	FY 2026	FY 2027	FY 2028
Debt Issuance Guideline (2)	\$325,000,000	\$350,000,000	\$400,000,000	\$400,000,000	\$400,000,000
Less:					
Debt Issuance Projected	\$325,000,000	\$350,000,000	\$400,000,000	\$400,000,000	\$400,000,000
Remaining Debt Capacity	\$0	\$0	\$0	\$0	\$0
1) Debt Includes general obligation bonds and appropriation-backed financing.					
2) The annual debt issuance guideline includes projects in the CIP with the exception of the Dulles Corridor Metrorail Project, the Loudoun County-based Metrorail garages, the County Landfill, and certain economic development projects.					

## Debt Service Fund

### Debt Issuance by Category

The following table shows the projected amount of debt to be issued each year within each of the major categories of the CIP. The General Government category contains the functional areas of Administration; General Government; Health and Welfare; Parks, Recreation and Culture; and Public Safety. The Transportation category contains road, sidewalks, signals, traffic calming, and transit projects. The Schools category contains elementary, middle, and high school projects as well as other school facility projects.

**Figure 6: New Debt Issuance by Category**

Proposed Debt Financing FY 2024 - FY 2028 Amended Capital Improvement Program					
Fiscal Year	General Government	Transportation	Schools	Total County	
				Proposed	Board Guidelines
2024	\$ 87,056,749	\$ 65,257,103	\$ 172,686,148	\$ 325,000,000	\$ 325,000,000
2025	\$ 92,656,989	\$ 92,487,618	\$ 164,855,392	\$ 350,000,000	\$ 350,000,000
2026	\$ 119,179,999	\$ 84,792,201	\$ 196,027,801	\$ 400,000,000	\$ 400,000,000
2027	\$ 86,530,840	\$ 86,612,677	\$ 226,856,482	\$ 400,000,000	\$ 400,000,000
2028	\$ 107,222,093	\$ 117,888,012	\$ 174,889,895	\$ 400,000,000	\$ 400,000,000
<b>Total</b>	<b>\$ 492,646,671</b>	<b>\$ 447,037,611</b>	<b>\$ 935,315,719</b>	<b>\$1,875,000,000</b>	<b>\$ 1,875,000,000</b>

### Schedule of Major Financings

The first set of tables on the following pages show the planned schedule of financing for capital projects. Information about each project is provided, including the name of the project, total project costs, total amount to be financed during the CIP period, planned start of construction, and referendum year and amount, if applicable. This schedule is a projected plan of issuance and is subject to change as various factors can impact the County's ability to adhere to the schedule, including project delays or advancements, structure of the debt issuance, and other rules and regulations governing municipal borrowing that may require a change in the planned issuance. The County works closely with Bond Counsel and financial advisors to achieve the most favorable results for the County from each issuance.

### Debt Service Projections

The second set of tables show the projected debt service due for each project based on when the debt is planned to be issued. Included in the table is the total amount of principal and interest due for each project and a breakout of the amount that will be due in each year from FY 2024 through FY 2028. The final table summarizes the debt service projections by functional area for the County and the Schools.

## Debt Service Fund

Schedule of Major Financings										
FY 2024 - FY 2028 Proposed Capital Improvement Program										
Capital Projects and Leases To Be Financed						Anticipated Sale or Closing Dates and Amounts				
Financing Type/Project	Total Project Cost	Amount to be Financed FY 2024 - FY 2028	Project Start Year	Amount of Referendum	Potential Referendum Date or Status	FY 2024	FY 2025	FY 2026	FY 2027	FY 2028
<b>General Government Projects</b>

## Debt Service Fund

### Outstanding Debt and Referendum Authority

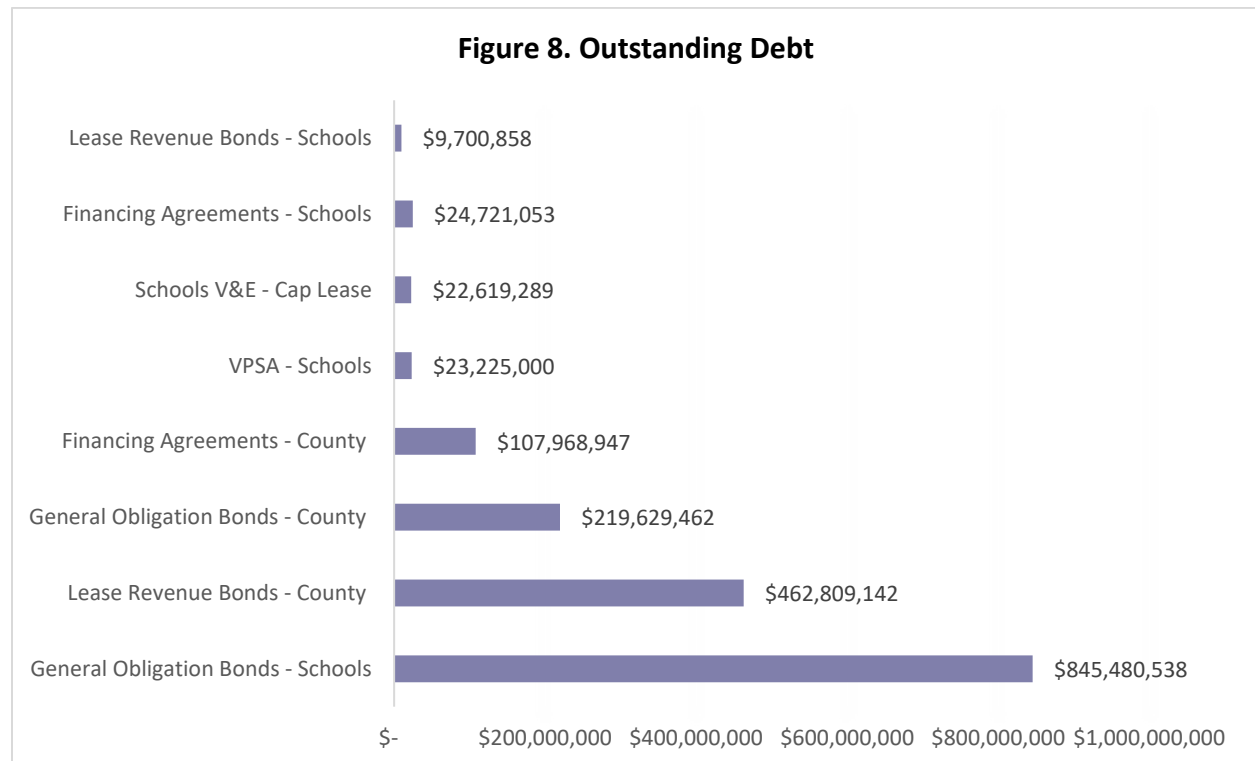

The charts and tables below summarize the outstanding debt attributable to the County and Schools by type. Outstanding debt represents the amount of existing debt (principal) the County is obligated to repay.

#### Outstanding Debt as of December 31, 2022

Type of Debt	General Government	Schools	Total
General Obligation Bonds	\$219,629,462	\$845,480,538	\$1,065,110,000
VPSA General Obligation Bonds	-	23,225,000	23,225,000
Lease Revenue Bonds	462,809,142	9,700,858	472,510,000
Capital Leases	-	22,619,289	22,619,289
Financing Agreements	107,968,947	24,721,053	132,690,000
<b>Total</b>	<b>\$ 790,407,551</b>	<b>\$925,746,738</b>	<b>\$1,716,154,289</b>

\*Totals may not add due to rounding.

The following table displays the amount of general obligation bonds approved by voter referendum and the amount unissued. Referendum authority is valid for a period of eight years and may be extended to 10 years upon approval of a resolution by the Board of Supervisors requesting the Circuit Court to extend the period. This information is different from the table above because it represents general obligation debt the County has the authority to issue but has not issued; whereas the table above represents debt the County has issued and includes all types of debt. The table below is categorized by year and functional area.

## Debt Service Fund

## Capital Asset Preservation Program Fund

The Board of Supervisors established the Capital Asset Preservation Program Fund (CAPP) in 1990 as a consistent means of planning and financing for major Loudoun County Public Schools (LCPS) and County General Government maintenance efforts. The CAPP affords the County the ability to extend the useful life of mature and aging facilities by repairing and replacing major facility components and systems.

The County uses nationally promulgated standards as guidelines for the maintenance of, and financial investment in, aging facilities. For example, the Association of Higher Education Facilities Officers recommends annual capital asset preservation funding ranges that are 1.5 to 3.0 percent of the total replacement value of an institution's physical plant. Similarly, the federal Internal Revenue Service has established a depreciation standard of 2.5 percent per year on fixed assets. The number of new facilities for the LCPS and County also influences the CAPP budget, as new facilities are added to the County's fixed asset inventory at a faster pace than the County's ability to increase funding to maintain the CAPP at optimal levels.

The CAPP is financed through local tax funding. The CAPP also receives additional revenue from surcharges collected by the Clerk of the Circuit Court on recordation taxes. This recordation tax surcharge is legally earmarked for the ongoing maintenance of Court-related facilities. Budget projections for FY 2023 through FY 2028 reflect the funding required to support capital asset preservation.

The County CAPP and the School Capital Asset Preservation Program Fund are separate funds and are separate appropriations in the Appropriations Resolution. While the programs focus on the long-term needs of the County, only the current year (FY 2024) is appropriated. The County's CAPP includes funding for long-term maintenance of general government and court facilities, as well as computer system replacements.

### Proposed FY 2024 County CAPP

During FY 2019, the County conducted a series of building assessments to develop a long-term maintenance strategy for County facilities. These assessments resulted in a level funding plan for select General Government expenditure categories (Building, Roofing, Mechanical/Electrical and Plumbing). Current and planned appropriations for these expenditures have been updated in FY 2023 through FY 2028 and represent a long-term strategy to provide sufficient and consistent annual funding for these types of expenditures over time. The assessments also helped identify the need for establishing a contingency within the CAPP Fund. Contingency funding will be used to address needs that may be accelerated due to unforeseen circumstances. In FY 2023, Mechanical/Electrical Plumbing was increased by adding \$2,000,000 a year from FY 2023 through FY 2028 in order to support a new equipment replacement initiative that replaces large mechanical equipment when it reaches its useful life expectancy.

During the FY 2023 CIP budget development process, the budget for personal computer (PC) replacements was transferred from the Department of Information and Technology's operating budget in the General Fund into the CAPP Fund Computer Systems section to more effectively manage the program and to be more transparent about how the funds are used. The CAPP computer systems budget for network equipment, servers and server storage, security mitigation, and video conference solutions are projected to increase each year in the six-year period based on escalation, growth, and expansion of applications and their capabilities. The PC replacement budget is projected to increase due to the impacts on product availability and price increases caused by the COVID-19 pandemic.

As reflected in the CAPP summary table by program/functional area on the next page, CAPP funding for Parks, Recreation, and Community Services (PRCS) is proposed to be incrementally increased over the six-year period to bring overall CAPP, maintenance, and renovation funding (the PRCS Renovation Program) up to levels that align with the additional maintenance and renovation funding needs identified in the PRCS Master Plan as presented to and approved by the Board of Supervisors during summer 2021<sup>1</sup>.

The FY 2024 CIP budget development process included \$1,000,000 in additional contingency funds being added and board transition costs of \$130,000 which was included under Building in General Government. Board transition costs are for renovations for nine board officers and two staff offices which includes new furniture, paint, carpet, television installation, and contingency funds.

<sup>1</sup> Item 05f FGOEDC-Update from PRCS on Departmental Master Plan (June 15, 2021 Board Business Meeting)

## Children's Services Act Fund

The Children's Services Act (CSA), formerly the Comprehensive Services Act, is a state law that established a state and locally shared fund to create a collaborative system of services and funding that is child-centered, family-focused and community-based when addressing the strengths and needs of troubled at-risk youth and their families. The CSA Fund, managed by the Department of Family Services (DFS), accounts for the revenues and expenditures of the program. State funds are matched with local funds at varying rates depending on the type of service being provided, from 23.82 percent (community-based services) to 59.54 percent (residential treatment services). The youth supported by CSA funds often struggle with behavioral or emotional difficulties; typical services include community-based services, residential treatment, and educational services.

CSA policy is set by a local Community Policy and Management Team (CPMT), which consists of appointed members from the community and the County including mandated representatives from DFS; the Juvenile Court Service Unit; the Department of Mental Health, Substance Abuse, and Developmental Services; the Loudoun County Public Schools; County Administration; and the Health Department. The CPMT develops inter-agency policies and procedures to govern the provision of services, develops fiscal policies governing access to State pooled funds, establishes quality assurance and accountability procedures, and coordinates long-range community planning for services. The Loudoun CPMT also oversees a Multi-Disciplinary Team (MDT)/Family Assessment and Planning Team (FAPT) process which reviews all requests for CSA funded services.

## Children's Services Act Fund

### Revenue and Expenditure History

#### Revenue/Local Tax Funding

As shown, the CSA Fund is primarily funded by State revenue but receives a significant level of Local Tax Funding (LTF) through a transfer from the General Fund. LTF comprises 39 percent of the budget for the Fund.

#### Expenditure

Most expenditures (99 percent) in the CSA Fund are for the provision of services. The largest cost in the CSA Fund is private day placements. Increasing costs are driven by an increase in the number of youth requiring a higher level of treatment, longer treatment periods, and increases in the costs of contracts with providers.

The FY 2024 Proposed Budget for the CSA Fund reflects a \$914,428 use of prior year fund balance, as the budget continues to leverage CSA fund balance to reduce the annual impact on LTF.

### Key Measures

**Measure:** Number of children served.

*The number of children served indicates the demand for services mandated to be provided under the Children's Services Act.*

### Policies

The CPMT is responsible for developing interagency policies and procedures to govern the provision of services to children and families in the community. The CPMT is also responsible for developing interagency fiscal policies governing access to CSA funds by the eligible populations including immediate access to funds for emergency and psychiatric services, shelter care, and private education day placements. Additional responsibilities of the CPMT are outlined in Virginia Code.

## County OPEB Trust Fund

In 2004, the Governmental Accounting Standards Board (GASB) issued Statement #45 (GASB #45), Accounting and Financial Reporting by Employers for Post-Employment Benefits Other Than Pensions, to address how governmental entities should account for and report their costs and obligations related to “other post-employment benefits” (OPEB). OPEB refers to fringe benefits provided to retired and former employees other than pension benefits. In past accounting standards, entities recognized the cost of these benefits as they were paid. This standard requires recognition of the cost of the benefits over the service period of the employee. In 2015, GASB issued Statement #75 (GASB # 75), Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions, which required the County to record a liability on the government-wide financial statements for its net OPEB liability.

Currently, Loudoun County and Loudoun County Public Schools (LCPS) offer post-retirement benefits, which include healthcare coverage for eligible retirees and their families. The program includes coverage for both pre-65 and Medicare-eligible retirees with an appropriate medical and prescription drug plan and dental and vision coverage. The bond rating agencies have stated that they consider OPEB funding status in their evaluation of a government’s financial condition. It is possible that bond ratings may suffer for governments with large and/or mounting liabilities that do not have a mechanism in place to manage these obligations. Following these guidelines, the LCPS and County’s actuarial firms have been conducting bi-annual analyses in accordance with GASB #45, and more recently, GASB #75.

In response to the reporting requirements, the County created a fiduciary fund in FY 2009 to provide a means to budget for the annual cost of employee non-pension benefits in the same manner as pensions. In September 2009, LCPS and Loudoun County joined the Virginia Municipal League (VML)/Virginia Association of Counties (VACo) Pooled OPEB Trust for the investment of County assets related to OPEB. This Trust was established as an investment vehicle for participating employers to accumulate assets to fund OPEB. The initial funding transfer occurred on September 8, 2009, with the County OPEB Committee (Local Finance Board) continuing its role of monitoring the funding and performance of the VML/VACo Pooled OPEB Trust. Additionally, LCPS and Loudoun County are currently represented by a Local Finance Board member on the VML/VACo Pooled OPEB Trust Board of Trustees. To better control the increasing cost of retiree health benefits and to mitigate future liabilities, LCPS and the County implemented a number of cost-saving measures, which included restructuring cost sharing and eligibility. The County and LCPS will continue to monitor the program and explore innovative solutions that will assist in future program cost management.

This fund is not an appropriated fund; however, the respective transfers are appropriated in the General Fund and School Fund as contributions to OPEB. During FY 2021, staff developed an OPEB Funding Policy that sets guidelines for funding levels and conditions under which the County can withdraw money from the trust as reimbursement for eligible costs. The County’s full funding approach provided a sufficient level of resources in the trust for the County to start using the trust to pay benefits in FY 2021. The FY 2023 Adopted Budget included an annual contribution of \$14,500,000 to the OPEB Trust; \$12,000,000 from LCPS and \$2,500,000 from Loudoun County Government.

The FY 2024 Proposed Budget includes an annual contribution of \$15,000,000 to the OPEB Trust; \$12,000,000 from LCPS and \$3,000,000 from Loudoun County Government.<sup>1</sup> LCPS’s FY 2024 budgeted contribution represents no change from the FY 2023 Adopted Budget, while the County’s FY 2024 budgeted contribution represents a \$500,000 increase from FY 2023. Contribution rates are evaluated annually to ensure that the County maintains a full funding approach.

---

<sup>1</sup>The County Government contribution is shown in the Non-Departmental Expenditures section in Volume 1.

**County OPEB Trust Fund****Financial Summary**

	FY 2021 Actual	FY 2022 Actual	FY 2023 Estimated	FY 2024 Estimated	FY 2025 Estimated
<b>Contributions</b>					
County	\$5,500,000	\$5,500,000	\$2,500,000	\$3,000,000	\$3,000,000
Schools	10,000,000	12,000,000	12,000,000	12,000,000	12,000,000
<b>Total OPEB Contributions</b>	<b>\$15,500,000</b>	<b>\$17,500,000</b>	<b>\$14,500,000</b>	<b>\$15,000,000</b>	<b>\$15,000,000</b>

**Policies**

The County and LCPS participate in the Virginia Pooled OPEB Trust, administered by VML/VACo. Funds are pooled from participating jurisdictions and invested in the name of the Virginia Pooled OPEB Trust. The Board of Trustees of the Virginia Pooled OPEB Trust establishes investment objectives, risk tolerance, and asset allocation policies in light of market and economic conditions and generally prevailing prudent investment practices.

Effective January 1, 2013, cost-saving measures were implemented by the County. Employees were designated into groups based on years of service and/or age, which determine their retiree health benefit eligibility. With the designation of groups, the County's defined benefit OPEB plan is closed to new participants, and a defined contribution Retirement Health Savings Plan (RHSP) is used for new employees. Other cost saving measures, including caps on employer cost sharing and a 10 percent aggregate cost shift to retirees, were put into place to further mitigate future OPEB costs as well as to reduce the County's Annual Required Contribution. Employer contribution rates for retirees vary based on the designated group, type of retirement, years of service, plan type, and coverage level.

## Disposable Plastic Bag Tax Fund

The Disposable Plastic Bag Tax Fund is used to account for the revenues generated by the local disposable plastic bag tax. This five-cent tax on disposable plastic bags was established by the Board on January 18, 2022, and went into effect on July 1, 2022.<sup>1</sup> The tax applies to disposable plastic bags provided by a grocery store, convenience store, or drugstore, regardless of whether it was provided free of charge. The fund is managed by the Department of General Services.

### Policies

Code of Virginia § 58.1-1745 authorizes counties and cities to impose a tax in the amount of five cents (\$0.05) for each disposable plastic bag provided, whether or not provided free of charge, to a consumer of tangible personal property by retailers in grocery stores, convenience stores, or drugstores. Pursuant to Code of Virginia § 58.1-1746, the tax does not apply to the following items:

- Durable plastic bags, with handles, that are specifically designed and manufactured for multiple reuse and that are at least four mils thick;
- Plastic bags that are solely used to wrap, contain, or package ice cream, meat, fish, poultry, produce, unwrapped bulk food items, or perishable food items in order to avoid damage or contamination;
- Plastic bags used to carry dry cleaning or prescription drugs; or
- Multiple plastic bags sold in packages and intended for use as garbage, pet waste, or leaf removal bags.

The Virginia Department of Taxation is responsible for the administration, enforcement, and collection of the disposable plastic bag tax revenues on behalf of the County, disbursing monthly remittances to the County. Retailers are permitted to

<sup>1</sup> Sums may not equal due to rounding.

## Disposable Plastic Bag Tax Fund

retain a portion of the tax for the purposes of offsetting the cost of collecting, accounting for, and remitting the tax. Retailers may retain two cents of the tax through calendar year 2022 and one cent effective January 1, 2023.

### Expenditures

In accordance with the Code of Virginia, revenues generated from the disposable plastic bag tax are restricted in use to the following specific uses:

- Environmental cleanup,
- Providing education programs designed to reduce environmental waste,
- Mitigating pollution and litter, or
- Providing reusable bags to recipients of Supplemental Nutrition Assistance Program (SNAP) or Women, Infants, and Children Program (WIC) benefits.

The Department of General Services is responsible for the expenditure of these funds and identified expenditures which align with the allowable uses described above. This includes the purchase of reusable bags for eligible recipients of the SNAP or WIC programs, enhanced litter reduction initiatives, enhanced education and outreach programs on waste reduction and recycling, and expansion of household hazardous waste and electronics recycling programs. Due to the nature of the revenues budgeted in the fund, existing programs are supplemented with revenues generated by the collection of the plastic bag tax to conform to the uses prescribed by the Virginia Code.

## Dulles Town Center Community Development Authority Fund

This Fund is used to account for the special assessment collections on real property for the purpose of paying debt service to finance and construct public infrastructure at the Dulles Town Center development. The Dulles Town Center Community Development Authority (CDA) was created by the Board of Supervisors (Board) in 1998 via Section 260.03 of the Loudoun County Codified Ordinances after petition from the owners of land comprising the district. The bonds issued by the CDA are not debts of Loudoun County.

## EMS Transport Fund

Adopted in FY 2014, Chapter 1097 of the Loudoun County Codified Ordinances established the Emergency Medical Services (EMS) Transport Reimbursement Program and Fund. The Fund was created as part of the FY 2015 Adopted Budget, and the Program became operational during FY 2016. Through the EMS Transport Reimbursement Program, “all patients and/or their financially responsible parties, insurers or carriers, will be billed for EMS transport provided by the system according to the Fee Schedule established herein, and shall be responsible for any co-payment or deductible amount not satisfied by public or private insurance.”<sup>1</sup> The transport fee schedule is adopted on an annual basis as part of the budget development process. Further, the revenue yielded through this program is distributed among the volunteer companies and the County based on the distribution formula established under the ordinance that accounts for services provided by the respective agencies.

---

## EMS Transport Fund

### Revenue and Expenditure History

#### Revenue/Local Tax Funding

Revenue estimates are based on actual revenue collections in prior years, overall trends in the number of EMS transports, and anticipated County population growth. There is no local tax funding in the EMS Transport Fund.

#### Expenditure

The majority of the EMS Transport Fund's expenditure budget is dedicated to operating and maintenance, which includes transfers to volunteer fire and rescue companies based on a revenue-sharing formula. Other uses of funds include transfers for EMS-funded positions in the general fund (see Staffing/FTE History).

### Staffing/FTE History<sup>1</sup>

FY 2021: 1.00 FTE EMS clinical coordinator

The FY 2024 Proposed Budget for the EMS Transport Fund reflects no significant changes in expenditures from FY 2023 Adopted. EMS Transport Fund revenues enable the Loudoun County Combined Fire and Rescue System (LC-CFRS) to purchase and replace equipment without the need for additional local tax funding. A decrease in community activity and travel associated with the COVID-19 pandemic resulted in a drop in the number of EMS transports in late FY 2020 and FY 2021, which has impacted revenue collections and future revenue projections. Therefore, EMS Transport revenue remains at the FY 2023 Adopted amount of \$5.225 million.

<sup>1</sup> The EMS Transport Fund supports costs associated with FTE through a transfer to the General Fund as opposed to direct expenditures of the EMS Transport Fund. As of FY 2021, a total of 3.00 FTE are supported directly from the EMS Transport Fund.

## EMS Transport Fund

### Key Measures

**Objective:** Collect revenue from the EMS transport cost recovery program to support LC-CFRS operations, including distributions to volunteer companies.

**Measure:** Number of claims processed.

*Due to the COVID-19 pandemic, the number of claims processed for EMS transports decreased in FY 2020 from 14,060 in FY 2019. However, billed transports are expected to increase approximately 2 percent annually between FY 2022 and 2025 in line with projected County population growth.*

### Policies

Fees established by the Board of Supervisors (Board) for LC-CFRS EMS transports may be adjusted annually in accordance with the federally approved Medicare fee schedule and/or the Consumer Price Index (CPI), as recommended by the County Administrator in the annual budget proposal to the Board. Any change to the fee schedule shall be approved by the Board and included in the adopted appropriation. If adjusted based on CPI, the applicable CPI used must be certified by the County Treasurer. No change is recommended for FY 2024.

### FY 2024 Adopted Rate Schedule

	Type	Rate
Service Reimbursement	Basic Life Support, Emergency	\$467
	Advanced Life Support, Level 1	\$660
	Advanced Life Support, Level 2	\$770
Mileage Reimbursement	Per Mile Traveled (applies to all types of service)	\$11

### Policy Information (Excerpts)

The EMS Transport Reimbursement Program was established as a Chapter of the Codified Ordinance of Loudoun County in January 2014. The ordinance identifies the procedures for EMS transport reimbursement, and the administration of the EMS Transport Reimbursement Program and revenue sharing procedure. The EMS Transport Fund is a special revenue fund through which all of the revenue yielded from the EMS Transport Reimbursement Program will be appropriated. The administrative costs, contractual requirements, and other necessary costs associated with conducting the Program are derived directly from the EMS Transport Reimbursement revenue and are paid first prior to any distribution. As a result, no local tax revenues are to be used to fund any EMS Transport Reimbursement efforts. The net revenue is distributed to the respective volunteer companies and LCFR according to a revenue sharing formula reflecting each agency's role in EMS transport services provided. In addition, 25 percent of the net revenue is retained for the maintenance of County provided infrastructure of LC-CFRS.

## EMS Transport Fund

### Revenue Sharing Formula

Service Provided by Type	Percentage Share
Apparatus (Transport Vehicle) Ownership	20%
Station Ownership	20%
EMS Provider for Highest Level of Treatment	25%
County-Provided Infrastructure	25%
First Responder (Units Assigned to First Response)	10%

## Greenlea Tax District Fund

In the 2008 Special Session, the Virginia General Assembly amended the Code of Virginia § 15.2-2404 to authorize the creation of a special district and an assessment to fund the improvement of a damaged bridge on Crooked Bridge Road in the Blue Ridge District. The enacted legislation required a petition to create the district of not less than 50 percent of the property owners of Greenlea abutting Crooked Bridge Lane, who also own not less than 50 percent of the property within the subdivision. The Greenlea subdivision residents met this standard with a signed petition to the County requesting that the Board of Supervisors (Board) authorize and direct the establishment of an assessment under Title 15.2, Chapter 24, Article 2 of the Code of Virginia. The assessment is levied against the properties in the Greenlea subdivision to pay for the construction of the new bridge.

On June 16, 2009, the Board adopted an ordinance imposing the special assessment for local improvements to fund the replacement of the damaged bridge. The bridge was completed by a construction company selected by the property owners through their homeowners association, the Greenlea Homeowners Association II, in November 2009. The cost for the bridge replacement required no local tax funds. The bridge was financed completely by the Greenlea Homeowners Association II in conjunction with a private lender. The County pays the proceeds from the special assessment directly to the lender(s) as directed by the Greenlea Homeowners Association II, and payments are to be made solely from the collection of the special assessment imposed. The Board and the County are only responsible for imposing the special assessment, collecting the semi-annual installments, and forwarding collected monies to the lender(s) solely from the special assessment revenues. The total amount of the assessments on the properties identified by the ordinance may not exceed \$660,575.18, which is the estimated project cost financed over 15 years at 6 percent interest per year. The 19 properties in the community will be taxed equally and will pay the assessment in semi-annual payments.

## Housing Fund

The Housing Fund, managed by the Department of Housing and Community Development, is used to account for monies provided by private donors and other sources which are restricted to use for affordable housing in the County. The County of Loudoun Housing Trust, established in August 1997 for the purpose of promoting and funding affordable housing in Loudoun County is one of the largest components of the Housing Fund.

The Housing Trust Agreement, last revised in July 2017, identifies the permitted sources and uses for the Trust which is targeted to households with incomes between 30 and 70 percent of Area Median Income (AMI). Sources (revenues) include cash proceeds received as the result of a fair market value sale of an Affordable Dwelling Unit (ADU) in accordance with Chapter 1450 of the Loudoun County Codified Ordinances, cash contributions paid by developers as consideration for ADU Program modifications granted by the Board of Supervisors (Board) pursuant to Article 7 of the Zoning Ordinance, cash received from any source for the purpose of furthering the provision of ADUs in Loudoun County, and any other funds designated by the Board for the Trust. Expenditures (uses) involve a variety of County programs and initiatives including the Down Payment and Closing Cost Assistance Program, the Public Employee Grants for Homeownership Program, the ADU Foreclosure Purchase Program, the ADU Purchase Program, and loans to help finance the development of affordable housing units in excess of the number of units required by Article 7 of the Zoning Ordinance as long as these programs meet the income eligibility requirements established by the Zoning Ordinance. In FY 2022, the County created the Rental Housing Acquisition and Preservation Loan Program. This program is part of the Housing Fund and not funded through the Housing Trust.

The FY 2024 Proposed Budget includes \$6.469 million (equivalent to one-half cent of the real property tax rate) in anticipated local tax revenue transferred from the General Fund, dedicated to any affordable housing needs in alignment with the Unmet Housing Needs Strategic Plan (UHNSP), to the Housing Fund.<sup>1</sup>

The FY 2024 Proposed Budget for the Housing Fund includes dedicated funding for affordable housing programs of \$6.469 million. This is shown in the table above as a transfer from the General Fund. Dedicating local tax funding to affordability housing programming is a key action identified in the UHNSP.<sup>6</sup>

**Affordable Multi-Family Housing Loan Program<sup>7</sup>**

On July 3, 2018, the Board adopted (8-0-1, Buffington absent) the Affordable Multi-Family Housing Loan Program Guidelines with the primary goal of making loans to developers of affordable multi-family apartments who are also seeking financing through Virginia Housing (VH) for Low-Income Housing Tax Credits (LIHTCs) or the United States Department of Housing and Urban Development's (HUD) Federal Housing Administration 221(d) (4) Affordable programs.<sup>8</sup> Loans from

<sup>8</sup> July 3, 2018, Affordable Multi-Family Housing Loan Program.

## Housing Fund

the County are used to help bridge the funding gap for the development of below-market multi-family rental developments. A summary of the Affordable Multi-Family Housing Loan program projects along with the amount of the application for each is provided below. Actual amounts disbursed could vary based on actions taken by the Board.

Project	Application Amount	Fiscal Year
Heronview <sup>1</sup>	\$1,100,000	FY 2017
Stone Springs	3,000,000	FY 2018
Ashburn Chase	2,460,000	FY 2018
Poland Hill	1,800,000	FY 2019
Loudoun View Senior Living	5,975,000	FY 2019
Tuscarora Crossing Phase I	5,850,000	FY 2020
Tuscarora Crossing Phase II	4,500,000	FY 2021
Waxpool Apartments	2,535,000	FY 2022
Avonlea Senior Apartments <sup>2</sup>	6,012,311	FY 2023

### Rental Housing Acquisition and Preservation Loan Program<sup>3</sup>

At the January 4, 2022, Business Meeting, the Board approved (9-0) \$5 million in FY 2021 Fund Balance to establish the Rental Housing Acquisition and Preservation Loan (RHAP) program.<sup>4</sup> At the January 18, 2022, Business Meeting, the Board approved the RHAP program guidelines.<sup>5</sup> While the use of fund balance established RHAP, the program will require additional resources in future years. For FY 2024, staff recommends dedicating the majority of the approximately \$6.5 million (equivalent of one-half cent of the real property tax rate) to the RHAP program.

## Policies

There are no policies in place for the Housing Fund as a whole; however, the County of Loudoun Housing Trust – a component of the Housing Fund – is regulated by the Trust Agreement. The Housing Trust Agreement was last amended in July 2017 to authorize loans from the Trust to be used to help finance affordable housing units, to establish the minimum requirements for affordable housing units, and to update the recital and make other non-substantive clarifying edits to the twenty-year old trust. These changes also align the Housing Trust Agreement with the amendments to Article 7 of the Zoning Ordinance that allow for affordable housing units to be substituted for ADUs when a project verifies that it is financed with either the LIHTC Program or HUD 221 (d) 4 Affordable Program. Substituting affordable housing units that are funded either with LIHTC or HUD 221 (d) 4 Affordable Program supersedes the 30 percent AMI lower end of income limits.

<sup>1</sup> The Heronview project was similar to other Affordable Multi-Family Housing Loan Program projects but was not funded out of the Housing Trust. The project was funded through non-ADU proffered funds.

<sup>2</sup> The FY 2023 Avonlea Senior Apartments application is scheduled for consideration by the Board on February 15, 2023.

## Legal Resource Center Fund (Law Library)

The Legal Resource Center Fund's (Law Library) mission is to provide resources and reference services that address the legal information needs of the general public, Loudoun County government, court personnel, attorneys, and the local prison population. The Law Library, which is located in the Loudoun County Courts Complex, provides a collection of legal materials and electronic resources that are not generally available elsewhere in the County. A full-time legal resources specialist orders, shelves, and updates materials. The legal resources specialist provides reference service, bibliographic instruction, copier service, online access, library cards, notary public service, etc. Attorneys and court personnel can also access the collection at other times if needed. The legal resources specialist responds to patrons' requests in person, by telephone, and via email as well as to incarcerated prisoner requests submitted by the Loudoun County Sheriff's Office.

The Department of Library Services manages the Legal Resource Center Fund and the legal resources specialist. Other Library Services staff members provide assistance at the Law Library when the legal resources specialist is unavailable. Library Services provides access to Westlaw, a specialized online legal resource, at all library locations.

## Legal Resource Center Fund (Law Library)

### Revenue and Expenditure History

#### Revenue/Local Tax Funding

The Law Library's funding sources are charges for services, which relate to revenue collections by the Clerk of the Circuit Court and the Clerk of the General District Court, donations, and a transfer from the General Fund (local tax funding).

#### Expenditure

The majority of the Law Library's expenditure budget is dedicated to personnel costs.

Major drivers of personnel increases are compensation increases, including merit increases for the general workforce in each fiscal year.<sup>1</sup>

As reflected in the table above, a transfer from the General Fund to the Legal Resource Center Fund, which is presented as Local Tax Funding, is included in the budget to address the gap between the Law Library's revenue and expenditures. It is anticipated that expenditures in this fund will continue to be higher than projected revenues and will necessitate an increase in the transfer from the General Fund.

### Percent Change from Adopted FY 2023 to Proposed FY 2024

## Major Equipment Replacement Fund

The Major Equipment Replacement Fund, created in FY 2016, allows for the scheduled and emergency replacement of core operational equipment over \$5,000 in value. Prior to the creation of this fund, the County funded the replacement of essential equipment on an as-needed basis through either allocation of local tax funding in the General Fund or through mid-year use of General Fund balance.

The FY 2024 Proposed Budget appropriates \$5,500,000 in local tax funding to the Major Equipment Replacement Fund to allow for replacement of select essential equipment. Planned replacement needs for FY 2024 are estimated at \$2,289,256. Expenditures also include planning for \$2,000,000 of unplanned or emergency replacement needs and \$1,000,000 for Future Replacement Reserve.

For the FY 2024 Proposed Budget, planned expenditures are based on a replacement schedule developed by an independent consultant. The schedule identifies planned equipment replacements and the estimated cost for replacement over a 20-year period. County staff continually evaluates the asset replacement schedule and related documentation to ensure the inclusion of additional assets and new equipment placed into service. Staff monitors and updates funding and expenditure needs for the fund as new and additional data becomes available by ensuring a sufficient balance.

## Metro Parking Garages Fund

The Metro Parking Garages Fund, created in FY 2020, accounts for the operations of County-owned Metro Parking Garages located at the Loudoun Gateway Station and the Ashburn Station. This fund is administered by the Department of General Services.

The operation of the Metrorail was delayed in FY 2020, resulting in a delay of revenue service for Phase Two of the Dulles Corridor Metrorail Project. A transfer from the Transportation District Fund (TDF), consisting of local gasoline tax revenue, supplemented the Metro Parking Garage Fund in FY 2020, FY 2021, and FY 2022. The Metrorail service began mid-FY 2023. It is anticipated that, now revenue service on the system has begun, revenues generated from the Metro parking garage operations will be sufficient to fund the Metro Parking Garage Fund, but staff will continue to monitor the fund's operations and whether or not supplemental funding is necessary. The revenue service is projected to provide funding for the day-to-day operations, preventative maintenance, and long-term maintenance of the garages.

## Metro Parking Garages Fund

### Revenue and Expenditure History

#### Revenue/Local Tax Funding

As shown, the Metro Parking Garages Fund was funded predominantly by a transfer of gas tax from the TDF. Starting in FY 2023, it is anticipated that revenue from garage operations will be sufficient to operate the fund. Currently, the utilization of local tax funding is not anticipated in FY 2023 or beyond.

#### Expenditure

The majority (74 percent) of the expenditures in the Metro Parking Garages Fund are dedicated to operating and maintenance costs, primarily to fund

daily operations.

### Staffing/FTE History

FY 2021: 1.00 FTE metro parking operations manager.

The two parking garages were completed and turned over to the County at the end of FY 2020. They are managed in a way that involves minimal County staff presence while providing a primary contract for their day-to-day management. In FY 2020, one Contract Manager (1.00 FTE) was approved to manage, develop, and implement the parking garage operation contracts. In anticipation of Metrorail service beginning, one Metro Parking Operations Manager (1.00 FTE) was included in the FY 2021 Adopted Budget to oversee daily operations, monitor customer service, and respond to issues. No additional County personnel needs are currently anticipated. Most expenditures budgeted in this fund support operating and maintenance costs, including the cost of the operations contract, which provides parking ambassador services, routine and preventative maintenance, and full building and property management services, utilities, and other ancillary contracts. Personnel costs comprise about 10 percent of total expenditures.

Metrorail service officially began mid-FY 2023, starting the collection of revenues from on-street parking fees, Metro parking fees, and Metro residential parking permit fees. The enforcement and administration of these revenues serves to regulate on-street parking spaces in areas near Metrorail Stations, encouraging riders to utilize County-owned Metro garages and protecting available on-street parking for local business patrons and residents.

## Public Facilities Fund

Developer contributions, also known as proffers, provide resources to fund capital facilities in the Capital Improvement Program (CIP); developers contribute these resources to address the future impact of development. Proffers can be cash contributions, dedicated land, or in-kind services that are voluntarily granted to the County to partially offset future capital facility costs associated with specific developments. Proffer contributions are typically obtained through a rezoning or a change in the planned land use. When a developer is granted a rezoning that changes the land use to residential or that increases the density of existing residential uses, those new housing units generate a need for County capital facilities such as schools, parks, libraries, and public safety facilities.

The County maintains an inventory of all types of proffers. Cash proffers accrue to the Public Facilities Fund. As allowed in the Code of Virginia § 15.2-2299, the Zoning Administrator is vested with all necessary authority to administer and enforce proffers and, per statute, adjudicates the eligibility of proffers for public facility uses.

### FY 2023 – FY 2028 Public Facilities Fund

The FY 2023 – FY 2028 plan for the Public Facilities Fund includes the use of \$58,695,572 in cash proffers to fund capital improvement projects in the six-year CIP. While the plan for the Public Facilities Fund covers a period of six years to align with the six-year CIP, only one year is included in the annual budget appropriation. For the FY 2023 – FY 2028 Public Facilities Fund, only those amounts for FY 2024 are included in the FY 2024 Proposed Budget.

### Planned Proffer Expenditures<sup>1</sup>

## Rental Assistance Program Fund

The Rental Assistance Program Fund, managed by the Department of Housing and Community Development, accounts for the U.S. Department of Housing and Urban Development (HUD) programs including the Housing Choice Voucher (HCV) program, the Veterans Administration Supportive Housing (VASH) program, the Project Based Voucher (PBV) program, the Mainstream Voucher program, and the Family Unification program (FUP). The County has operated the HCV program since 1977.

HCV assists very low-income households with incomes at or below 50 percent area median income (AMI), the elderly, and persons with disabilities in acquiring safe, decent, affordable housing in the private market, while fostering self-sufficiency and ensuring that properties meet federal Housing Quality Standards (HQS).<sup>1</sup> PBVs are tied to a particular property rather than a particular family. Often, the rental assistance at PBV sites provide operational income to maintain and rehab the structure. Owners can use the rental subsidy to service debt of new construction developments in exchange for providing safe and quality housing for households earning less than 50 percent of the Area Median Income. The Mainstream Voucher program assist persons with disabilities. The VASH program combines rental assistance for homeless veterans and their families with case management and clinical services provided by the Department of Veterans Administration at its medical centers and in the community. FUP provides housing assistance to families involved in the child welfare system and youth ages 18 to 21 who have aged out of foster care.

Participants are free to choose any housing that meets the requirement of the program; however, it is the family's responsibility to find a unit where the owner agrees to rent under the guidelines established for the HCV program. The County pays housing subsidies (70 percent of the local fair market rents) directly to the landlord; the program participants are responsible for paying no more than 30 percent adjusted income toward rent.; participants the difference between the actual rent charged and the subsidy.

The County administers vouchers that are awarded by HUD through the Annual Contributions Contract (ACC). The most recent CY 2022 ACC includes funding for 787 total vouchers, including regular vouchers and special-purpose vouchers, which are designated for use within special populations, such as veterans, families reunifying with their children, and people with disabilities.

---

<sup>1</sup> In 2022, 50 percent AMI is \$49,850 for one person; \$56,950 for two persons; \$64,050 for three persons; and \$71,150 for four persons. HUD typically publishes updated AMI in April.

The HCV Program is an advance-funded program, meaning revenues are received before expenditures are incurred. Any unspent funds at the end of a fiscal year are classified as unearned revenues.

## Rental Assistance Program Fund

### Revenue and Expenditure History

#### Revenue/Local Tax Funding

As shown, the Rental Assistance Program Fund is primarily funded by program-generated revenues, receiving 2 percent of its budget from local tax funding (transfer from the General Fund).

#### Expenditure

Most of the expenditures in the Fund continue to be dedicated to rent subsidies (90 percent).

### Staffing/FTE History

The County has seen an increase in the number of Port-In vouchers in recent years, which are issued by other localities and then transferred to the County. The County receives reimbursement for these vouchers (recovered costs) from the originating locality to cover the housing assistance payment and administrative costs associated with these vouchers.

The FY 2024 Proposed Budget maintains the level of local tax funding needed in support of administrative costs. Administrative costs include personnel costs.

As rent costs continue to increase in the County, the number of vouchers that can be supported with the existing funds decreases. The number of vouchers issued determines the level of reimbursement for administrative costs – thereby increasing the local tax funding (LTF) necessary to continue supporting the programs at the current service level. Local tax funding is not used to support rental subsidies. Rising rental prices will continue to be a challenge in the future.

## Policies

Federal Section 8 Administrative Plan outlines how the County will administer the Rental Assistance Program Fund. This policy is in accordance with Title 24 Code of Federal Regulations, Part 982. For the most up-to-date information related to the program, please refer to HUD's website.

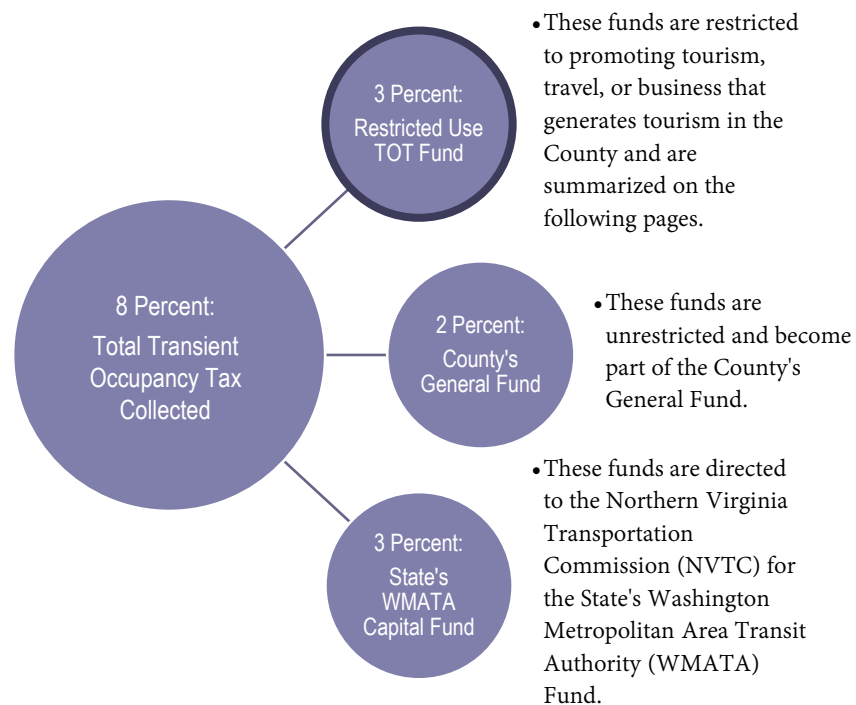

## Restricted Transient Occupancy Tax Fund

Loudoun County levies a Transient Occupancy Tax (TOT) on hotels, motels, short-term rentals, travel campgrounds, and other businesses offering guest rooms for rent. The application of this tax has several stipulations; for example, the business must meet certain room number requirements, and the rooms must be available for continuous occupancy, but for fewer than thirty consecutive days by the same individual. The tax is calculated at 8 percent of the lodging bill and is paid by the patrons of these businesses. The tax is collected by the business and remitted to the County Treasurer's Office on a quarterly basis.

### Breakdown of Total Transient Occupancy Tax Revenue Allocations

The Board of Supervisors adopted a Restricted Use TOT Funding Policy in July 2005, which was last revised in June 2021. The Funding Policy guides the Board of Supervisors in its efforts to strategically and proactively affect tourism in Loudoun County.

- **Core Tourism Services** to sustain Loudoun's tourism base. Core Tourism Services, based upon standards recommended by Destination Marketing Association International, are provided by Visit Loudoun, the primary programmatic element of the County's travel and tourism promotion efforts. Visit Loudoun is allocated 75 percent of the forecasted Restricted TOT revenues to implement these core services.
- **Strategic Tourism Growth Initiatives** to expand Loudoun's tourism base by implementing projects to sustain Loudoun County's Tourism Destination Strategy. The County's Tourism Destination Strategy guides the marketing, promotion, and product development of Loudoun's tourism sector. Of the remaining forecasted Restricted TOT revenues, 15 percent will be available to fund those uses as determined by the Board that best meet the goals of the Tourism Destination Strategy.
- **Policy Mandated Reserves** of 10 percent of actual RTOT revenues, adjusted at the end of each fiscal year, for use during years in which revenues received are less than projected.

These funds were not included in the FY 2022 and FY 2023 Adopted Budgets, but rather approved as revisions in FY 2022 and FY 2023.<sup>5</sup> Visit Loudoun Supplemental Funding and Recovery Grants approved by the Board of Supervisors at the June 15 2021, Board Business meeting.<sup>6</sup> The RTOT Grant Program was suspended in FY 2021 and FY 2022, however resumed in FY 2023. The program is not budgeted annually, but rather uses up to 50 percent of prior year ending fund balance.<sup>7</sup> Mandated Reserve Policy – per the Restricted TOT Funding Policy, 10 percent of annual Restricted TOT revenue must be held as reserves.

## Restricted Transient Occupancy Tax Fund

### Revenue and Expenditure History

#### Revenue/Local Tax Funding

As shown, the Restricted Use TOT Fund historically has been entirely funded by Transient Occupancy Tax revenue. In FY 2022, ARPA funds were transferred to the RTOT to address pandemic-related revenue loss. This fund is comprised of no local tax funding.

#### Expenditure

The majority of the expenditures in the Restricted TOT Fund are dedicated to contributions to external organizations (85 percent), which primarily includes contributions to Visit Loudoun. A portion of annual expenditures are transferred to the General Fund (15 percent).

The COVID-19 pandemic had a significant impact on the hospitality industry. County TOT revenues decreased by 58 percent in FY 2021 compared to FY 2019 (pre-pandemic). However, by the end of FY 2022, occupancy rates had returned to pre-pandemic levels while the average daily rate of hotel rooms in the County surpassed FY 2019 levels due to high levels of inflation. Business-sector travel and passenger traffic from Washington Dulles International Airport, both of which are strong influences on TOT revenue, have yet to return to pre-pandemic levels.

The FY 2024 Proposed Budget for the Restricted TOT Fund estimates revenue of \$3,800,000, a 10 percent increase from the FY 2023 Adopted Budget and one percent less than pre-pandemic (FY 2019). Per the Memorandum of Understanding (MOU) with the Board of Supervisors, Visit Loudoun receives 75 percent of projected Restricted TOT revenue to provide Core Tourism Services for the County, ten percent is held in reserve, and 15 percent is used to fund strategic tourism initiatives. Of the remaining 15 percent of projected revenues, \$50,000 is set-aside for the Sports Tourism program, and \$36,500 is budgeted for international travel for Visit Loudoun and the Economic Development Authority each.

The Restricted TOT Fund also supports the TOT Grant Program. Per the adopted Funding Policy, unallocated Restricted TOT funds may be granted to community organizations which provide tourism services or activities, consistent with the Board's funding guidelines. This program began in FY 2018, and while FY 2019 saw a similar level of participation, FY 2020 saw a significant increase in the number of applicants and awards. Due to the unclear economic picture resulting from the COVID-19 pandemic, FY 2021 and FY 2022 funding for the grant program was suspended. The program resumed in FY 2023. It is important to note, the grant program is not part of the annual budget and is dependent on available fund balance. Up to 50 percent of the unreserved fund balance may be used for this purpose.

Looking to FY 2025, revenue is forecasted to stabilize as influencing factors such as occupancy rates, average daily rates, Dulles International Airport traffic, and business and leisure travel begin to reach a new post-pandemic normal.

**Restricted Transient Occupancy Tax Fund****Expenditure Detail**

Department	FY 2021 Actual <sup>1</sup>	FY 2022 Actual	FY 2023 Adopted	FY 2024 Proposed	FY 2025 Projected
<b>Transfer to the General Fund</b>					
Department of Economic Development	\$58,641	\$230,678	\$240,496	\$240,496	\$247,711
International cluster activities within the Department of Economic Development are funded through a transfer from the Restricted Use TOT Fund to the General Fund. The Department's funds are used to offset the cost of a position to support industry research analyses and cluster support service as part of the Department's international strategy. The growth of business throughout the clusters contributes to increased hotel occupancy due to associated business travel.					
Office of County Administrator (OEM)	\$24,251	\$99,220	\$110,308	\$110,308	\$114,169
Restricted Use TOT funding is used to offset the personnel cost of the Office of Emergency Management's (OEM's) Special Events Coordinator in the General Fund. This position serves as the conduit for collaborative work with event organizers to ensure compliance with permitting requirements; assists in the development of emergency contingency plans; aids in identifying ways to minimize the impact of events on the surrounding community; and, in many instances, provides onsite support during an event. Through the efforts of the Special Events Coordinator, OEM is able to work with event organizers to create safe and successful events benefiting the residents of and visitors to Loudoun County. Each year hundreds of special events in varying size, scope, and complexity occur at venues throughout the County, drawing thousands of participants. These events include community celebrations, parades, fairs and festivals, sporting events, runs and walks, concerts, and many charity events benefiting members of the community or organizations supporting the community. This economic activity promotes the core tourism principles that are part of the Restricted Use TOT Funding Policy.					
Department of Parks, Recreation, and Community Services	\$30,812	\$117,780	\$117,780	\$117,780	\$117,780
A portion of the Department of Parks, Recreation, and Community Services' (PRCS) athletic field maintenance expenditures are offset by Restricted Use TOT funding due to the relationship between the County's ability to facilitate sports tournaments and overnight hotel stays in the County. Quality maintenance of fields makes them more attractive venues for tournaments which bring economic activity. Field maintenance was completely funded through the General Fund until FY 2013 when a portion of Restricted Use TOT Funding was identified to offset some field maintenance expenditures. PRCS field maintenance services are under heavy pressure due to high usage of the County's athletic fields.					
<b>Total – Transfer to the General Fund</b>	<b>\$113,704</b>	<b>\$447,678</b>	<b>\$468,584</b>	<b>\$468,584</b>	<b>\$479,660</b>

<sup>1</sup> Due to the significant negative impact the COVID-19 pandemic on the County's RTOT revenue, the transfer to the General Fund was decreased in FY 2021 to maintain the Fund's Policy Mandated Reserves.

## Restricted Transient Occupancy Tax Fund

Department	FY 2021 Actual	FY 2022 Actual	FY 2023 Adopted	FY 2024 Proposed	FY 2025 Projected
<b>Contributions to External Organizations</b>					
Visit Loudoun Annual Contribution	\$2,218,313	\$2,298,750	\$2,592,727	\$2,850,000	\$2,925,000
Visit Loudoun is Loudoun County's designated destination management organization and the primary programmatic element of the County's travel and tourism promotion efforts. Visit Loudoun receives 75 percent of projected Restricted TOT revenue appropriated by the Board each year per the County's Memorandum of Understanding with Visit Loudoun, dated June 15, 2021.					
Visit Loudoun Pandemic Assistance	\$0	\$693,750	\$0	\$0	\$0
The RTOT Fund, which traditionally provides direct payments to Visit Loudoun, experienced a 64 percent reduction in revenue between FY 2019 (pre-pandemic levels) and FY 2021. At the June 15, 2021 Board of Supervisors Business Meeting, the Board approved up to \$3.5 million to stabilize Visit Loudoun and replenish the RTOT Fund. <sup>1</sup> In addition to Visit Loudoun's FY 2022 annual payment, funds were allocated to Visit Loudoun to supplement FY 2022 and FY 2023 shortfalls and to help achieve pre-pandemic levels of revenue (FY 2019). Additionally, \$300,000 was allocated over FY 2022 and FY 2023 to support targeted initiatives, including additional advertising, partnerships, and sponsorships to drive group market attraction and sponsorships to attract sports tournaments.					
Visit Loudoun Sports Tourism Grant Program	\$50,000	\$50,000	\$50,000	\$50,000	\$50,000
Sports tourism, which refers to travel to view or participate in a sporting event, is a fast growing sector in the global travel industry. Loudoun is well-positioned to take advantage of this segment, with quality facilities, professional sports, parks and recreation organizations, and a community that supports tourism. The Sports Tournaments Grant Program was established as one of the Strategic Growth Initiatives of the Tourism Destination Strategy adopted by the Board of Supervisors in March 2006. The program is designed to support bids on sports tournaments, including human and animal events that generate the greatest return on investment in terms of visitor spending in the County. A competitive application process encourages cooperation, ensures that the tournaments can be accommodated, and increases their success.					
Visit Loudoun International Travel Strategic Tourism Initiatives	\$0	\$36,500	\$36,500	\$36,500	\$36,500
As a part of the June 2016 revision to the Restricted TOT Funding Policy, the County has the option to support Visit Loudoun's travel to and attendance on international economic development trips where tourism subject matter experts or Visit Loudoun staff may provide a strategic benefit.					
Economic Development Authority International Travel	\$36,500	\$36,500	\$36,500	\$36,500	\$36,500
As a part of the June 2016 revision to the Restricted TOT Funding Policy, the County has the option to support travel to and attendance on international economic development trips where local representatives may provide a strategic benefit to County tourism efforts. Funding these trips is accomplished with a transfer to the Loudoun County Economic Development Authority.					
Restricted TOT Grant Program	\$0	\$0	\$0	\$0	\$0
The Restricted TOT Grant Program was created in FY 2018. Organizations can submit proposals that provide tourism services or activities consistent with the County's Restricted TOT funding policy and the Code of Virginia. Due to the negative impact of the COVID-19 pandemic on the RTOT revenues, the grant program was temporarily suspended in FY 2021 and FY 2022. The program resumed in FY 2023 and will be reflected in in FY 2023 Actuals.					
<b>Total – Contributions to External Organizations</b>	<b>\$2,304,813</b>	<b>\$3,115,500</b>	<b>\$2,715,727</b>	<b>\$2,973,000</b>	<b>\$3,048,000</b>

<sup>1</sup> June 15, 2022, Board of Supervisors Business Meeting, Item 5g, FGOEDC Report: Appropriation and Allocation of American Rescue Plan Act (ARPA) Funding

## Restricted Transient Occupancy Tax Fund

### Policies

The Loudoun County Board of Supervisors adopted the Restricted Use Transient Occupancy Tax (TOT) Funding Policy on July 19, 2005. The Policy was last revised June 15, 2021 and details the guidelines and requirements for Restricted TOT funding.

The Restricted Use TOT Funding Policy identifies the purpose of the Fund as providing the Board with the opportunity to strategically and proactively affect tourism within the County, enabling targeted investment in high-priority tourism projects that advance the County's strategic tourism objectives, and maximizing tax relief to the General Fund by increasing Restricted TOT revenues. It specifies that the use of Restricted TOT Funds must meet the purposes designated by Section 58.1-3819 of the Code of Virginia (1950), as amended, which is:

“(Any) excess from a rate over two percent but not exceeding five percent shall be designated and spent solely for tourism and travel, marketing of tourism or initiatives that, as determined after consultation with the local tourism industry organizations, including representatives of lodging properties located in the county, attract travelers to the locality, increase occupancy at lodging properties, and generate tourism revenues in the locality.”

As noted above, the priorities for funding through Restricted Use TOT revenue are Core Tourism Services and Strategic Tourism Growth Initiatives. Core Tourism Services sustain Loudoun's tourism base and competitively position Loudoun County to attract visitors. Core Tourism Services are defined and measured based upon standards recommended by Destination Marketing Association International. These services are provided by Visit Loudoun under a Memorandum of Understanding (MOU) with the County. Both the Restricted Use TOT Fund Policy and the MOU specify that 75 percent of Restricted TOT funds will be annually allocated to Visit Loudoun in order to deliver Core Tourism Services.

Strategic Tourism Growth Initiatives expand Loudoun's tourism base by implementing high priority projects compatible with the programmatic elements of the Loudoun County Tourism Destination Strategy, which the County develops and adopts with Visit Loudoun. Visit Loudoun serves as the primary programmatic element of the County's travel and tourism promotion activities. Projects funded as Strategic Tourism Growth Initiatives will be identified and prioritized as part of the County's annual budget process. Projects can be funded by Board direction, competitive procurement, grants to non-profit entities, or transfers to County Agencies or Visit Loudoun. Any unused funds will be carried over for use as reserve or for multi-year projects. The Policy also details the funding process for Strategic Growth Initiatives. The Policy mandates a reserve of 10 percent of actual Restricted TOT Revenues, for use during years in which revenues received are less than projected.

The Policy calls for a 3-Year Tourism Destination Strategy. The Tourism Destination Strategy is reviewed annually by the Board of Supervisors, Visit Loudoun, the Economic Development Advisory Commission, and industry partners to identify and prioritize Strategic Tourism Growth Initiatives.

## Route 28 Special Improvements Fund

Loudoun County, in partnership with Fairfax County, formed the Route 28 Highway Transportation Improvement District on December 21, 1987. Under Virginia law, such a district may be formed only upon the joint petition of owners of at least 51 percent of the land area in each County located within the boundaries of the District, and which has been zoned or is used for commercial or industrial purposes. The District was formed to provide improvements to State Route 28, which connects State Route 7 in eastern Loudoun County to U.S. Route 50 and Interstate Highway 66 in western Fairfax County, running approximately parallel to the County's eastern border. State Route 28 provides access to Dulles International Airport, along with the Dulles Access Road, which connects the Capital Beltway to Dulles Airport, and the Dulles Greenway, which provides highway access into central Loudoun County. This District was formed upon landowner petition to accelerate planned highway improvements which relied primarily on slower pay-as-you-go financing from the Northern Virginia region's share of the State Primary Road Fund allocation.

A Commission appointed by the Boards of Supervisors of both Counties administers the District, and the Commission may subject the owners of industrial and commercial property within the District to a maximum additional tax assessment of 20 cents per \$100 of assessed value. These funds, in addition to funds received through the State Primary Road Fund allocation formula, are to be used for the road improvements and debt service on bonds issued by the State. The initial debt issue for this project consisted of \$138.5 million in revenue bonds issued by the State in September 1988. In 2002, the County entered into an agreement with the State and Fairfax County to refund the existing debt and issue new bonds to construct six additional interchanges. The total cost of this additional project is estimated at \$190 million and will be completed under the auspices of the State Public Private Transportation Act.

Loudoun County and Fairfax County entered into a contract with the District on September 1, 1988, and agreed to levy additional tax assessments as requested by the District, collect the tax, and pay all tax revenues to the Commonwealth Transportation Board. The contract specified that: (1) the County Administrator shall include in the budget all amounts to be paid by the County under the District Contract for the fiscal year; (2) the County shall provide by February of each year the total assessed fair market value of the district as of January 1 of that year; and (3) the District in turn shall notify the County of the required payment and request a rate sufficient to collect that amount, up to a maximum of 20 cents per \$100 of assessed value. Initially, tax collections at the maximum amount were not sufficient to pay the debt obligation in full. Consequently, the shortfall was made up from the Northern Virginia State Highway allocation. The inter-jurisdictional agreement was subsequently amended to incorporate the revised financing plan for the new work program. Under the revised agreement, Fairfax and Loudoun Counties agreed to transfer funds necessary to pay debt service on the existing debt. The remaining amount will be held in a revenue stabilization fund to protect the counties against any fluctuations in revenue.

For Tax Year 2020, the tax rate for the Route 28 Special Improvements Fund was reduced from \$0.18 per \$100 of assessed value to \$0.17 per \$100 of assessed value. The tax rate remains \$0.17 for Tax Year 2023. For FY 2024, the Route 28 Special Improvements Fund is projected to generate \$17,001,000 in current and delinquent tax revenue to offset its estimated \$17,001,000 in expenditures. There is no local tax funding in this fund.

### Revenue and Expenditure History

#### Revenue/Local Tax Funding

The Route 28 Special Improvements Fund is funded entirely by a special levy on commercial and industrial real property in the Rt. 28 District and receives no local tax funding (LTF). The tax rate for the District is \$0.17 per \$100 of assessed value.

#### Expenditure

All of the expenditures in the Route 28 Special Improvements Fund are dedicated to improvements of Route 28.

	Forecasted Taxable Base	Net Revenue per Penny	Estimated FY 2024 Revenue <sup>4</sup>
Real Property <sup>5</sup>	\$10,679,010,810	\$1,035,882	\$17,610,000
Public Service Corp	\$10,726,472	n/a	18,000
Delinquent Penalties and Interest		n/a	40,000
<b>Total Revenue</b>			<b>\$17,668,000</b>

<sup>1</sup> Excludes residential properties which, within the District, are not taxable and \$10.7 million in public service corporation properties. Assessed value information forecasted by the Department of Finance and Budget (January 2022).

<sup>2</sup> FY 2024 revenues are the product of Tax Year 2023 (Fall FY 2024 levy) and Tax Year 2024 (Spring FY 2024 levy).

<sup>3</sup> Resulting from appeals and hearings; estimated at 0.35 percent of fair market value.

<sup>4</sup> Revenue total is rounded to nearest \$1,000 for FY 2024 forecast.

<sup>5</sup> Net of estimated uncollectible accounts, deferred revenues, and refunds (assumed 3.0 percent).

## State and Federal Grant Fund

The State and Federal Grant Fund accounts for the revenues related to grants and donations that are restricted for a specific use (expenditures). The most common sources are the Commonwealth of Virginia (state) and federal governments. Some private organizations provide grants to the County, but the grants are often pass-through grants that originate at the state and federal levels. Typically, a grant agreement outlines the restrictions on these funds and include the type of expenditures and the timeframe in which expenditures can be made. Some grants are reimbursement-based, such as the Urban Area Securities Initiative (UASI), and others are advance funded such as Four-for-Life funding and the Community Development Block Grant (CDBG).

Since the Fund accounts for a variety of grants throughout the County, both the budget and finance offices work closely together to manage the Fund. This also requires communication with each responsible department, including Loudoun County Fire and Rescue (LCFR); the Department of Housing and Community Development (DHCD); the Department of Mental Health, Substance Abuse, and Developmental Services (MHSADS); the Department of Transportation and Capital Infrastructure (DTCI); and the Office of the County Administrator (CA).

Effective March 31, 2022, the Office of Housing was reorganized from the Office of the County Administrator to the independent Department of Housing and Community Development (DHCD).<sup>5</sup> There is no policy that restricts fund balance in the State and Federal Grant Fund; however, this fund balance typically consists of grant funds which are restricted for a specific purpose.

## State and Federal Grant Fund

### Revenue and Expenditure History

#### Revenue/Local Tax Funding

As shown, the State and Federal Grant Fund is funded by state and federal revenue. There is no local tax funding in the State and Federal Grant Fund.

#### Expenditure

Most of the expenditures in the State and Federal Grant Fund are dedicated to operating and maintenance costs.

### Staffing/FTE History

FY 2021: 1.00 FTE (CA) emergency preparedness specialist

The size of the State and Federal Grant Fund is driven by the anticipated revenue from grants. Details for each grant can be found in the Expenditure Detail table starting on the next page.

**State and Federal Grant Fund****Expenditure Detail**

Grant / Department	FY 2021 Actual	FY 2022 Actual	FY 2023 Adopted	FY 2024 Proposed	FY 2025 Projected
<b>Four-for-Life (LCFR)</b>	\$249,270	\$114,529	\$364,530	\$364,530	\$364,530
The Four for Life grant is managed by the LCFR. Program funding comes from a \$4 charge as part of the registration of certain vehicles. Twenty-six percent is remitted back to the originating locality to be used for specific purposes as outlined in the Code of Virginia. The grant is distributed to all of the volunteer fire companies and to LCFR. It has experienced increases related to Loudoun County's growing population.					
<b>Community Development Block Grant (DHCD)</b>	\$1,903,036	\$1,128,273	\$1,334,300	\$1,379,452	\$1,379,452
The CDBG grant is managed by DHCD and is used for the program operating costs, including personnel (1.75 FTE). CDBG funds are received in the form of grants under subpart D, F, or § 570.405 of this part, under section 108(q) of the Housing and Community Development Act of 1974, loans guaranteed under subpart M of this part, urban renewal surplus grant funds, and program income as defined in § 570.500(a). Funding is part of the CDBG Entitlement Program, which provides annual grants on a formula basis to entitled cities and counties to develop viable urban communities by providing decent housing and a suitable living environment and expanding economic opportunities, principally for low and moderate-income persons. All activities that are funded by CDBG must meet a national objective that falls under one of the following categories: (1) benefits low/moderate income persons, (2) prevent or eliminate slums or blighted communities, and (3) meet an urgent need.					
<b>Early Intervention (MHSADS)</b>	\$1,725,763	\$1,788,643	\$1,788,643	\$1,788,643	\$1,788,643
The Early Intervention Program is managed by the MHSADS and supports both operating and personnel costs (12.00 FTE). The program is mandated to provide early intervention services to infants and toddlers with developmental delays and to support their families in caring for their infant/toddler. The monies in the State and Federal Grant Fund only reflect a portion of the County's Early Intervention Program. In addition to these monies, which require no local match, funds are included in the General Fund for MHSADS. The General Fund monies reflect the County's maintenance of effort, a requirement of the grant.					
<b>Young Adult SMI (MHSADS)</b>	\$570,925	\$541,453	\$687,883	\$687,883	\$687,883
The Young Adult SMI Program is managed by MHSADS. The program is part of the annual Community Services Performance Contract with the Virginia Department of Behavioral Health and Developmental Services. The program provides services to individuals experiencing first episode psychosis and/or persistent serious mental illness. Services provided follow a Coordinated Specialty Care based model of delivery with a focus on individual resiliency training, education and employment support, peer-to-peer support and personal empowerment. All services are delivered by a third-party contracted provider.					
<b>Telepsychiatry (MHSADS)</b>	\$49,769	\$49,769	\$49,769	\$49,769	\$49,769
The Telepsychiatry grant is managed by MHSADS. These funds are part of the annual Community Services Performance Contract with the Virginia Department of Behavioral Health and Developmental Services. Funds are used for the provision of psychiatric services.					
<b>Regional Surface Transportation Program (DTCI)</b>	\$27,300	\$27,300	\$27,300	\$27,300	\$27,300
The Regional Surface Transportation Program (RSTP) is managed by the Department of Transportation and Capital Infrastructure (DTCI). The funding supports the lease of the Lowes Island Parking Lot.					
<b>Miscellaneous Grants</b>	\$506,202	\$1,496,917	\$0	\$0	\$0
Grants that are not routine in nature, require ongoing competitive applications, whose annual award amounts are unknown, or whose funding stream is uncertain, are not part of the adopted budget for the State and Federal Grant Fund. These grants, as awarded, are brought forward to the Board of Supervisors, typically as part of the Administrative Items Report, for appropriation. Examples of these grants include the Urban Areas Security Initiative grants, the Securing the Cities program, the Edward Byrne Memorial Justice Assistance Grant, and the State Criminal Alien Assistance Program.					
<b>Total</b>	<b>\$5,032,266</b>	<b>\$5,146,884</b>	<b>\$4,252,425</b>	<b>\$4,297,577</b>	<b>\$4,297,577</b>

## State and Federal Grant Fund

### Policies

While internal policies do not typically exist for the State and Federal Grant Fund, individual grant agreements—and the legal authorization for those funding streams—govern how funds can be spent. Information on the grants included in the Proposed Budget for the State and Federal Grants Fund are below.

#### Four-for-Life

The Four-for-Life grant is administered by the Commonwealth and provides funding for the training of emergency medical service personnel and for the purchase of necessary equipment and supplies for use by the County in LCFR.

Per the Code of Virginia Section 46.2-694, a fee of \$4.25 is charged and collected at the time of registration of each pickup or panel truck and each motor vehicle under subdivisions 1 through 12. All funds collected from \$4 of the \$4.25 fee are remitted to the Virginia Department of the Treasury and set aside as a special fund to only be used for emergency medical services purposes.

Of the \$4 fee revenue, the State Department of Health receives 32 percent, the Rescue Squad Assistance Fund (RSAF) receives 32 percent, ten percent is available to the State Department of Health's Office of Emergency Medical Services, and the originating locality receives 26 percent, which are the source of funding for the Four-for-Life grant. These funds cannot be used to supplant local funds.

#### Community Development Block Grant<sup>1</sup>

The Entitlement Program under the Community Development Block Grant is authorized under Title 1 of the Housing and Community Development Act of 1974, Public Law 93-383, as amended; 42 U.S.C.-4301 et seq. Eligible activities under this program include:

- Acquisition of real property
- Relocation and demolition
- Rehabilitation of residential and non-residential structures
- Construction of public facilities and improvements, such as water and sewer facilities, streets, neighborhood centers, and the conversion of school buildings for eligible purposes
- Public services, within certain limits
- Activities relating to energy conservation and renewable energy resources
- Provision of assistance to profit-motivated businesses to carry out economic development and job creation/retention activities.

Additional information on this grant can be found on the U.S. Department of Housing and Urban Development's website.

#### Early Intervention Program<sup>2</sup>

Congress enacted early intervention legislation in 1986 as an amendment to the Education of Handicapped Children's Act (1975) to ensure that all children with disabilities from birth through the age of two would receive appropriate early intervention services. This amendment formed Part H of the Act, which was re-authorized in 1991 and renamed the Individuals with Disabilities Education Act (IDEA). When the IDEA was re-authorized in 1998, Part H became Part C of the Act. Virginia's early intervention system is called the Infant & Toddler Connection of Virginia.

These funds are intended to supplement local funding, not supplant.

## State and Federal Grant Fund

### Young Adult Serious Mental Illness (SMI)

Funds for the Young Adult SMI Program are received as part of the annual Community Services Performance Contract with the Virginia Department of Behavioral Health and Developmental Services. The program is funded with both state and federal resources. Federal resources originate under the Mental Health Services Block Grant. Restrictions regarding the use of these funds are outlined in the annual Community Services Performance Contract.

### Telepsychiatry

The telepsychiatry grant is funded by the Commonwealth via the annual Community Services Performance Contract with the Virginia Department of Behavioral Health and Developmental Services. Funds must be used in accordance with the guidelines in the performance contract.

### Congestion Mitigation Air Quality (CMAQ) Improvement Program<sup>1</sup>

The CMAQ program provides a flexible funding source to state and local governments for transportation projects and programs to help meet the requirements of the Clean Air Act. Funding is available to reduce congestion and improve air quality for areas that do not meet the National Ambient Air Quality Standards for ozone, carbon monoxide, or particulate matter (nonattainment areas) and for former nonattainment areas that are now in compliance (maintenance areas). The federal share of CMAQ funds is governed by 23 U.S.C. 149 and the FAST Act § 1114.

### Regional Surface Transportation Program (RSTP)<sup>2</sup>

At the federal level, RSTP is referred to as the Surface Transportation Block Grant Program (STBG). It promotes flexibility in state and local transportation decisions and provides flexible funding to best address state and local transportation needs. The federal share of RSTP funds is governed by 23 U.S.C. 133 and the FAST Act § 1109.

### Urban Area Securities Initiative (UASI)<sup>3</sup>

The UASI grant program is one of three programs that falls under the Homeland Security Grant Program (HSGP). HSGP programs fund a range of preparedness activities, including planning, organization, equipment purchase, training, exercises, and management and administration across all core capabilities and mission areas.

## Tall Oaks Water and Sewer Fund

The Board of Supervisors adopted the ordinance establishing the Tall Oaks Water and Sewer Fund pursuant to the Code of Virginia, Section 15.2, Chapter 24, on January 11, 2017. The ordinance also imposed a special assessment on the ten commercial properties whose owners petitioned for the creation of this special tax district to fund the installation of water and sewer lines by Loudoun Water. The ten commercial properties are located along the west side of Cascades Parkway, south of Maries Road, and north of Woodland Road.

Each of the property owners entered into the Special Assessment Agreement pursuant to which the cost of the water and sewer improvements is apportioned among the properties based upon parcel acreage. The special assessment is estimated to generate \$1,115,210 in revenue over 20 years which equals the initial estimate of the cost of the project. Consistent with past practice, this amount will be adjusted to reflect the actual cost incurred by Loudoun Water once the project is complete. The annual amounts shown are the current estimates.

## Transportation District Fund

The Transportation District Fund (TDF) was created in FY 2013 for the purpose of accurately identifying transportation and transit related revenues and expenditures. This fund includes real property tax revenue collected in Special Tax Districts established to support Phase II of the Dulles Corridor Metrorail Project, a transfer of local tax funding from the General Fund to fulfill the County's transportation and transit spending expectations (discussed below), local gasoline tax revenue, and revenues derived from provisions of laws enacted by the Virginia General Assembly, including HB 2313 (2013), HB 1539 and SB 856 (2018), and SB 890 (2020).

### Metrorail Service Special Tax Districts

In December 2012, the Board of Supervisors established three special tax districts in concert with Phase II of the Dulles Corridor Metrorail Project: the Metrorail Service District, the Loudoun Gateway – Airport Station Service District, and the Ashburn Station Service District (illustrated in the following map). Supplemental real property taxes are assessed on parcels within the boundaries of the three special tax districts at an effective rate not to exceed \$0.20 per \$100 of assessed value exclusive of all other applicable taxes and are collected by the Treasurer in the same manner the Countywide real property tax is administered.

## Transportation District Fund

The **Metrorail Service District** was established to provide public transportation systems serving each of the Station Service Districts. The districts provide revenue which supports the County's share of the cost of constructing facilities and structures including: parking facilities; rail lines and a rail yard; vehicular and pedestrian access; electrical facilities and equipment; studies, assessments, and analysis of environmental and other impacts; local, state, and federal government approvals; environmental preservation and mitigation; acquisition of real property or easements; relocation of roadways; and engineering and legal costs related to the Metrorail project. Additionally, the Metrorail Service District provides funding that pays debt service on any other debt issued by the County for the construction of the Metrorail Project extension into the County. There is no change in the tax rate for the District; the proposed Tax Year 2023 real property tax rate remains \$0.20 per \$100 of assessed value.

Located within the Metrorail Service Tax District are the **Loudoun Gateway – Airport Station Service District** and the **Ashburn Station Service District** which have not yet been activated. These Tax Districts, when activated, will provide revenue continuing beyond the term of the larger Metrorail Service Tax District to fund ongoing payments to the Washington Metropolitan Area Transit Authority (WMATA) for Metrorail service.

### Dulles Corridor Metrorail Project Construction Financing

On July 3, 2012, the Board of Supervisors voted to participate as a funding partner in the second phase of the Dulles Metrorail Project. The Metropolitan Washington Airports Authority (MWAA) estimated the total construction cost of the second phase of the Dulles Corridor Metrorail Project to be \$5.8 billion. Pursuant to a Memorandum of Agreement executed in December 2011 by the United States Department of Transportation (USDOT), MWAA, Fairfax County, and Loudoun County, the County is responsible for 4.8 percent of the total cost of the project, or approximately \$273 million. On December 9, 2014, the County obtained federal Transportation Infrastructure Finance and Innovation Act (TIFIA) financing of \$195,072,507 from USDOT, to partially fund the cost of construction of Phase 2. The County will fulfill its remaining funding obligation from the proceeds of the Loudoun County Economic Development Authority's (EDA) \$56,645,000 Metrorail Service District Improvement Revenue Bond Anticipation Notes (BANs), issued on June 21, 2018, and revenues collected from the Metrorail Service District. The TIFIA loan and the BANs were refunded in June 2020 with a portion of the proceeds of the EDA's Series 2020A Public Facility Lease Revenue and Refunding Bonds. The refunding of these obligations terminated the TIFIA loan agreement and associated Trust Agreement, which required all Metrorail Service District revenues to be sent to the Trustee to pay debt service on the TIFIA loan and BANs, and any revenue available above the debt service due would be used to prepay the loan and BANs on a prorated basis. While the debt service associated with the 2020 refunding will be paid from the Metrorail Service District revenues, the County now has the flexibility to use any additional revenues for other purposes permitted under the ordinance establishing the districts. The FY 2023 Adopted Budget included \$21,288,568 to make principal and interest payments on the refunding bonds and the FY 2024 Proposed Budget includes \$20,775,624 to make principal and interest payments on the refunding bonds.

Beginning in FY 2021, Loudoun County began paying its portion of WMATA capital contributions for the Metrorail system. Based on WMATA's FY 2023 Adopted Budget and the opening of Metrorail service in Loudoun in mid FY 2023, the County's FY 2024 capital contribution is estimated to be \$5.6 million and is anticipated to increase incrementally each year. The opening of Metrorail service in Loudoun in mid FY 2023 allows Loudoun to begin to receive an annual Northern Virginia Transportation Commission (NVTC) subsidy allocation. This subsidy is applied to Loudoun County's portion of WMATA capital contributions for the Metrorail system. These funds are estimated and programmed in the County's FY 2024 Proposed Budget and CIP.

## Transportation District Fund

### HB 2313 Statutory Requirements and Local and Regional Revenues

During the 2013 Virginia General Assembly legislative session, HB 2313 was enacted.<sup>1</sup> It established three revenue sources dedicated to transportation and transit for Northern Virginia and designated the Northern Virginia Transportation Authority (NVTa) as the organization responsible for managing these revenue sources.

HB 2313 included an incremental increase of 0.7 percent to the State Sales Tax; an increase of 2 percent to the Transient Occupancy Tax; and an additional \$0.15 congestion relief fee to the Grantor's Tax within the nine jurisdictions comprising the Northern Virginia Planning District. These revenues together made up the "local" 30%, or NVTa 30%, provided to each Northern Virginia locality. NVTa 30% revenue can only be spent on urban or secondary road construction, capital improvements that reduce congestion, other projects that have been approved in the regional transportation plan, or for public transportation.

The General Assembly altered this funding source by enacting legislation that required the grantor's tax (renamed a regional transportation improvement fee) and the regional transient occupancy tax (TOT) revenues to be diverted to WMATA to be used exclusively for the payment of Metrorail capital expenses effective July 1, 2018.<sup>2</sup> At that time, the revenues consisted of approximately 20 percent of the regional tax revenue collected in Loudoun. As a result of the legislation, the regional transportation improvement fee and the regional transient occupancy tax revenues are no longer available to fund NVTa sponsored transportation projects, and localities do not have access to the 30-percent local share of these funds.<sup>3</sup> Effective May 1, 2021, the regional transportation improvement fee was reduced to \$0.10 and the transient occupancy tax was increased to three percent, these revenues remain dedicated to WMATA capital costs.

Beginning July 1, 2019, truck registration fees were increased as part of the state's Interstate 81 Corridor Improvement Fund. A portion of fee revenues collected are distributed to the NVTa. In addition, a regional congestion relief fee (a grantor's tax) of \$0.10 was reinstituted on May 1, 2021.<sup>4</sup> The reinstitution of the congestion relief fee is in addition to the regional transportation improvement fee, also a grantor's tax, but only the transportation improvement fee continues to be diverted to WMATA. Beginning in FY 2021, NVTa received a \$20 million annual transfer from the Northern Virginia Transportation District (a State Fund) to support both local and regional NVTa allocations. Accounting for all of the changes in revenue sources since 2013, the current revenues comprising NVTa funds include: I-81 Interstate Improvement Fees, the reinstituted regional congestion relief fee (\$0.10 per \$100 of value), 0.7 percent sales and use tax, and the annual transfer from the NVTD.

Of these revenues, 30% is remitted back to jurisdictions on a monthly basis. NVTa keeps the remaining "regional" 70 percent (or NVTa 70%) collected in each jurisdiction for regional transportation projects that are included in the TransAction regional transportation plan or mass transit capital projects that increase capacity. The NVTa Board prioritize and adopt regional transportation projects annually with the philosophy that each jurisdiction will receive its equivalent proportional share of revenues over time. NVTa updated the TransAction plan in 2017 to establish a Six-Year Program (SYP) to prioritize NVTa 70% funding for transportation projects in the FY 2018–FY 2023 period and updated the plan again in 2022 for FY2022–FY 2027<sup>5</sup>. In July 2022, NVTa approved funding for all four Loudoun County projects submitted, totaling \$73.75m across the FY 2022–FY 2027 SYIP. The full award for each project will be appropriated in the fiscal year in which a Standard Project Agreement for each project is executed between the County and VDOT.

---

<sup>1</sup> Chapter 766, 2013 Acts of Assembly

<sup>2</sup> Resulting from the enactment of HB 1539 by the Virginia General Assembly in 2018.

<sup>3</sup> Towns that have a population over 3,500 within are to be provided the proportional share of the NVTa 30% revenue collected within the town limits. The towns of Leesburg and Purcellville are currently eligible for these funds. Per HB 2313, these revenue sources must be deposited into a separate, special revenue fund for which the Transportation District Fund serves.

<sup>4</sup> Resulting from the enactment of HB 1414 and SB 890 by the Virginia General Assembly in 2020.

<sup>5</sup> NVTa FY 2022–FY2027 Six Year Program

## Transportation District Fund

HB 2313 requires that the County maintain a level of funding dedicated for transportation and transit equivalent to the average amount of expenditures for transportation and transit from FY 2011 to FY 2013, or approximately \$15.6 million, and that the dedicated revenue is separate from the anticipated HB 2313 revenues. In addition to the requirement of maintaining funding levels, the County is also required to enact a Commercial & Industrial (C&I) Property Tax at \$0.125 per \$100 valuation or dedicate an equivalent level of funding for transportation and transit purposes to be eligible to receive the 30 percent share of HB 2313 revenue. A C&I tax levied in the County would yield approximately \$39.7 million in FY 2024. This is an increase from the FY 2023 C&I equivalent, approximately \$29.9 million, and reflects record levels of new construction, primarily in the data center market. To date, the Board of Supervisors has taken no action to levy a C&I Property Tax.

The FY 2024 Proposed Budget includes a transfer of local tax funding from the General Fund, cash proffers from the Public Facilities Fund, and current year and prior year Gas Tax funds for the annual WMATA Operating payment in the amount of \$59,239,841 for transportation and transit purposes to satisfy the C&I tax equivalent requirement. In accordance with the requirements of the statute, this funding is appropriated in the Transportation District Fund then transferred to the Capital Projects Fund for use.

### Local Gasoline Tax Revenue and Uses

Loudoun County began the collection of a local gasoline tax in January 1989 and the Loudoun County Transportation District Commission (LCTDC) administered the funds. In January 1990, the Board of Supervisors dissolved the LCTDC and elected to join the Northern Virginia Transportation Commission (NVTC). NVTC manages and administers local gasoline tax collections and maintains a separate account for the County's allocations. As of July 1, 2020, the gasoline tax rate was converted from a percent (2.1 percent) to a cents per gallon model and indexed the rate to inflation. Effective July 1, 2021, the rate is 7.7 cents per gallon for gasoline and alternative fuels and 7.8 cents per gallon for diesel. The FY 2024 revenue estimates anticipate rates of 8.5 cents for gasoline and alternative fuels and 8.56 cents for diesel.

Over the past several years, legislative action has affected local gasoline tax revenue. For example, in FY 2019, the General Assembly implemented a gas tax floor at a rate that equaled the price of gas in February 2013 to protect localities from declining fuel prices. The additional revenue generated in Northern Virginia is dedicated to two State funds: the Commuter Rail Operating and Capital Fund (C-ROC) and the WMATA Capital Fund. Since the additional revenues were allocated to C-ROC and the WMATA Capital Fund, local gasoline tax revenues retained by counties remained flat between FY 2018 and FY 2019. In FY 2020, reserves for C-ROC and WMATA were \$5.6 million and \$14.4 million, respectively, and Loudoun's share was approximately \$5.9 million. For FY 2021, the withholding for C-ROC remained flat, however the withholding for the WMATA Capital Fund increased \$7.8 million to \$22.2 million, and Loudoun's share is approximately \$1.8 million. Staff assumes Loudoun's share of the FY 2024 withholdings is \$8.0 million. While revenues declined significantly in FY 2021 because of the pandemic, the most recently monthly data indicates revenues have returned to pre-pandemic levels.

Beginning in FY 2018, most County operations and transfers to towns previously funded with gasoline tax revenues were discontinued and/or transitioned to local tax funding. In FY 2019, gasoline tax revenue transfers to the Towns of Leesburg and Purcellville ceased, and gasoline tax revenue was dedicated to the County's WMATA operating subsidy obligations. The County planned and set aside gas tax for WMATA payments, but pandemic related credits freed up gas tax and allowed the County to use a portion of that money on transit services within the Department of Transportation and Capital Infrastructure instead. Local gasoline tax in the amount of \$3,276,852 was programmed in FY 2022 to provide assistance to transit services due to the pandemic's effects on ridership and the Board's suspension of the Revenue Neutrality Policy through FY 2023.<sup>1</sup> The FY 2023 budget programs \$4,228,306 of local gasoline tax revenue to continue support for transit services as recovery continues. If gas tax revenue is not needed, either as a result of higher fare collections or expenditure savings, funds will

<sup>1</sup> October 19, 2021, Business Meeting, Item 4, Extension of Authorization of the County Administrator to Adjust Transit Service Programming and the Suspension of Revenue Neutrality Policy for Commuter Bus Service Through FY 2023

## Transportation District Fund

remain in the TDF and dedicated to the County's WMATA operating subsidy obligations. The FY 2024 Proposed Budget CIP does not program any local gasoline tax revenue to support transit services, relying instead on the use of local tax funding until a new post-pandemic normal level of activity is more clear.<sup>1</sup>

The County's FY 2021 Adopted Budget programmed funding for the Metrorail start-up operating costs totaling \$12,000,000 using available local gasoline tax revenues. However, the Metrorail start-up was delayed, and the actual payment made in FY 2021 was \$5,138,519. Additionally, this payment was made exclusively using federal funding and not local gasoline tax revenue. This occurred, because starting in FY 2021, the County was provided "credits" from the Federal Government through WMATA for pandemic related affects. These credits comprise funding from the Coronavirus Aid, Relief and Economic Security Act (CARES), American Rescue Program Act (ARPA), and Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA). In FY 2021, the County exhausted the WMATA allocated CARES funds of \$10,161,451, between both operating and capital subsidies, and a remaining balance of \$843,917 from FY 2021 was paid in FY 2022 using ARPA funds. The County's FY 2022 Adopted Budget programmed funding for the Metrorail start-up operating costs totaling \$12,227,315 using available local gasoline tax revenues. The FY 2022 Adopted Budget also programmed a revised estimated operating subsidy payment of \$6,145,867 based on Metrorail service in Loudoun starting in mid FY 2023. This payment is anticipated to be covered by the balance of federal credits remaining in FY 2022 - \$4,253,777 of ARPA funds and \$8,273,918 in CRRSAA funds. This means no gasoline tax revenue is anticipated to be necessary for FY 2022 WMATA obligations. For FY 2023, it is anticipated that the Metrorail operating payment will be \$10,500,000.<sup>2</sup> The payment will be made using ARPA credits from the Federal Government through WMATA in the amount of \$9,121,767 and \$1,378,233 of the County's local gasoline tax revenues. In FY 2024, it is estimated that the WMATA operating subsidy will be \$16,083,146 less the anticipated \$5,629,101 credit from the NVTC Subsidy Allocation Model (SAM), which Loudoun began to receive in mid-FY 2023 with the start of revenue service in the County. Accounting for this, the estimated total payment from the County for FY 2024 is \$10,454,045.

It is anticipated that over the long-term, local gasoline tax revenue will not be sufficient to fully fund the County's obligations to WMATA. Existing reserves, in combination with annual gasoline tax revenues are projected to cover these costs for at least four years. Additional sources of revenue, such as NVT 30%, will need to be used in combination with local gasoline tax beginning in the mid to late 2020s.

---

<sup>1</sup> December 13, 2022, Finance/Government Operations and Economic Development Committee (FGOEDC) Meeting, Item 13, FY 2024 Budget Development: Local Tax Funding Support for Transit Services

<sup>2</sup> This amount reflects Loudoun's total estimated WMATA operating subsidy of \$15,000,000 less the anticipated \$4,500,000 credit from the NVTC Subsidy Allocation Model (SAM), which Loudoun enters upon start of revenue service.

# Glossary and Index

## FY 2024 Proposed Budget

### Contents

Glossary	14-2
Index	14-12

## Glossary of Terms

<b>501(c)3</b>	Exempt tax status afforded to nonprofit organizations meeting certain criteria.
<b>Accrual Basis of Accounting</b>	A method of accounting that recognizes the financial effect of transactions, events, and inter-fund activities when they occur, regardless of the timing of related cash flows.
<b>Actual(s)</b>	Revenues and expenditures that occur in a prior fiscal year. Actuals differ from budgeted figures in that they represent the real disbursements and/or collections that take place subsequent to budget adoption.
<b>Adjusted Gross Income</b>	Adjusted Gross Income is the key before-tax definition of income used by the IRS to compute individual income tax liabilities and is defined as: "all income that is received in the form of money, property, and services and that is not explicitly exempt by law."
<b>Adopted Budget</b>	A plan of financial operations approved by the Board of Supervisors highlighting major changes made to the County Administrator's Proposed Budget. The Adopted Budget reflects approved tax rates and estimates of revenues, expenditures, transfers, and departmental goals, objectives, and performance/workload indicators. This document is commonly referred to as the Adopted Budget.
<b>Annual Budget</b>	An itemized listing of the amount of all estimated support and revenue that an organization anticipates receiving, along with a listing of all estimated costs and expenses that will be incurred in the operation of the organization over one fiscal year.
<b>Annual Comprehensive Financial Report (ACFR)</b>	This official annual report, prepared by the Department of Finance and Budget, presents the status of the County's finances in a standardized format. The ACFR is organized by fund and contains two basic types of information: (1) a balance sheet that compares assets with liabilities and fund balance, and (2) an operating statement that compares revenues and expenditures.
<b>Appropriation</b>	A legal authorization granted by the Board of Supervisors to a specified organization, such as a unit of the County government or an affiliated regional organization, to make expenditures and to incur obligations for specific purposes. An appropriation is limited in dollar amount and when it may be spent, usually expiring at the end of the fiscal year.
<b>Appropriation Resolution</b>	A legally binding document prepared by the Department of Finance and Budget which delineates by fund and department all expenditures and revenues adopted by the Board of Supervisors which are reflected in the Adopted Budget.
<b>Assess</b>	To place a value on property for tax purposes.
<b>Assessed Valuation</b>	The appraised value of a property for purposes of property taxation. The assigned valuation covers real and personal property at 100 percent valuation.
<b>Assessment</b>	A charge of money collected by the government from people or businesses for public use.
<b>Asset</b>	Owned resources, possibly held by Loudoun County, which have a monetary value.
<b>Audit</b>	A formal examination of an organization's or individual's accounts or financial situation.

## Glossary

<b>Basis Point</b>	Equal to 1/100 of one percent. For example, if interest rates rise from 6.50 percent to 6.75 percent, the difference is referred to as an increase of 25 basis points.
<b>Balanced Budget</b>	A financial plan in which total expenditures equal total revenue and/or fund balance.
<b>Base Budget</b>	The cost of continuing existing levels of service in the upcoming budget year.
<b>Benchmark</b>	A factor or standard used to assess the effectiveness of a service or program in comparison with other organizations or jurisdictions.
<b>Bond</b>	A written promise to pay a specified sum of money (called the principal) at a specified date in the future, together with periodic interest at a specified rate. In the budget document, these payments are identified as debt service. Bonds may be used as an alternative to tax receipts to secure revenue for long-term capital improvements. County debt, to which the full faith and credit of the County is pledged, is approved by voter referendum. The State Constitution mandates taxes on real property sufficient to pay the principal and interest of such bonds. The majority of bonds issued for County and School construction projects are known as general obligation bonds.
<b>Bond Rating</b>	The rating of bonds as a statement of a locality's economic, financial, and managerial condition. The bond rating represents the business community's assessment of the investment quality of a local government.
<b>Budget</b>	A specific plan which identifies a plan of operations for the fiscal year, states the expenditures required to meet that plan of operations, and identifies the revenue necessary to finance the plan. The annual County budget is established by the Board of Supervisors' Appropriation Resolution.
<b>Budget Calendar</b>	Schedule of key dates which a government follows in the preparation and adoption of the budget.
<b>Business, Professional, and Occupational License (BPOL)</b>	Refers to the license tax that is levied upon the privilege of doing business or engaging in a profession, trade, or occupation in the County.
<b>Capital Asset Preservation Program Fund</b>	A fund established to ensure a consistent means of financing and planning for major countywide maintenance efforts. This fund provides a mechanism for the replacement and rehabilitation of major components of the School and County physical plant including structural, mechanical, electrical, plumbing and site-related efforts.
<b>Capital Expenditures</b>	Expenditures on all fixed assets with a value greater than \$10,000 and an expected life of 5 years or more.
<b>Capital Facilities</b>	Fixed assets, primarily buildings, acquired or constructed by the County.
<b>Capital Improvement Program</b>	The County's plan for future capital project expenditures. The six-year plan covers public facilities, resulting in the construction or acquisition of fixed assets, primarily buildings, but also including parks, land, landfills, etc.
<b>Capital Outlay</b>	Expenditures for items of a substantial nature that are expected to have a useful life of more than one year. Examples include personal computers, vehicles, radios, and furniture.

## Glossary

<b>Carryover Funds</b>	Unexpended funds from the previous fiscal year which may be used to make payments in the current fiscal year. This is also referred to as the beginning fund balance.
<b>Children's Services Act for At-Risk Youth (CSA)</b>	This is a joint project of the Departments of Family Services; Mental Health, Substance Abuse, and Developmental Services; Finance and Budget; Finance and Procurement; Juvenile Courts; the School System and community service providers and private citizens. CSA is funded jointly by the State and the County. The project goal is to maintain, strengthen and reunify at-risk youth and their families.
<b>Code of Virginia</b>	The titles, chapters, articles, and sections of this Code contain the laws of the State.
<b>Codified Ordinance</b>	Regulation related to a specific code, such as the Code of the Commonwealth of Virginia.
<b>Comprehensive Annual Financial Report (CAFR)</b>	See Annual Comprehensive Financial Report (ACFR).
<b>Constituent</b>	A resident in an electoral district.
<b>Constitutional Officers</b>	Officers or agencies directed by elected officials (Clerk of the Circuit Court, Commissioner of the Revenue, Commonwealth's Attorney, Sheriff, and Treasurer) whose positions are established by the Constitution of the Commonwealth of Virginia or its statutes.
<b>Contractual Services</b>	Services rendered to a government by private firms, individuals, or other governmental agencies.
<b>County Seat</b>	An administrative center of a community. Leesburg is the County Seat of Loudoun County.
<b>County Zoning Map</b>	The unincorporated areas of Loudoun County are divided into districts indicated on the Zoning Map. It is the final authority as to the current zoning status of land and water areas, buildings, and other structures in the County.
<b>County Zoning Ordinance</b>	This zoning ordinance was adopted by the County in conformance with the provisions of Title 15.1, Chapter 11, Article 8, of the Code of the Commonwealth of Virginia. Its purpose is to promote the health, safety, and general welfare of the public. The zoning ordinance is a means of controlling land use. For example, zoning ordinances can help to prevent traffic congestion, protect historic areas, and control population density.
<b>Debt</b>	An obligation resulting from the borrowing of money.
<b>Debt Service</b>	Funding as defined by the State Auditor of Public Accounts that finances and accounts for the payment of principal and interest on bonds.
<b>Department</b>	Basic organizational unit of the County government which is functionally unique in its service delivery responsibilities.
<b>Depreciation</b>	Expiration in the service life of capital assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy, or obsolescence.
<b>Division</b>	Major organizational subunits.

## Glossary

<b>Emergency Operations Center (EOC)</b>	The Emergency Operations Center (EOC) provides a central location to determine situational status, coordinate actions, and make critical decisions during emergency and disaster situations. Emergency Management staff maintains the EOC during routine operations. Personnel from various departments and agencies in the county along with key organizations outside the County comprise the EOC staff during activation.
<b>Encumbrance</b>	A reservation of funds for an anticipated expenditure prior to actual payment of an item. Funds are usually reserved or encumbered once a contract obligation has been signed, but prior to the actual disbursement of the cash payment.
<b>Enhancement</b>	“Enhancement” is a general term used for new initiatives that may consist of: (1) expansions or improvements to an existing program, (2) establishment of a new program, (3) a proposal to fund from local dollars a program which has previously been supported by non-local sources of revenue, or (4) an increase in revenue due to a new fee or an increase in fee rates.
<b>Enterprise Funds</b>	Funds used to account for operations (a) that are financed through dedicated user fees, or (b) where the Board of Supervisors has decided to appropriate funding for specific operations using a periodic determination of revenues earned, expenses incurred, and/or net income.
<b>Equalization</b>	An annual assessment of real estate to ensure that assessments accurately reflect current market values. Equalization revenue is the annual increase or decrease in collected revenue resulting from adjustments to the assessment of existing property in the County. This annual increase or decrease is due to value changes rather than to new construction.
<b>Expenditures</b>	Decreases in net financial resources not properly classified as other financing uses.
<b>Facilities Standards Manual</b>	A document by the Board of Supervisors which sets out specific regulations and design standards for such facilities as water/sewer service, roads and streets, soils review, etc.
<b>Fiduciary Fund</b>	Funding used to account for assets held by the County in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or funds.
<b>Fiscal Impact Model</b>	A 20-year model developed to help the County plan for future population growth. The fiscal impact model determines the financial impact of growth on the County Government, quantifying the need for services and projecting the related expenditures for providing these services.
<b>Fiscal Policy</b>	A statement of the guidelines and goals that will influence and guide financial management practices.
<b>Fiscal Trends</b>	The statistical section of the document that provides a broad range of trend data covering key financial indicators with historical and current data. The fiscal trends section also contains demographic and miscellaneous data useful in assessing the County government’s financial condition.
<b>Fiscal Year</b>	This is the period of time measurement used by the County for budgeting and accounting purposes. The fiscal year consists of the twelve months beginning on July 1st and ending June 30th.

## Glossary

<b>FTE</b>	Full-Time Equivalent, considering all full-time and part-time staff positions. Each full-time position working at least 1,950 hours per year is counted as one FTE. For part-time positions, one FTE consists of a cumulative 1,950 work hours per year.
<b>Fund</b>	A fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities, or balances and changes therein. Funds are segregated for the purpose of carrying out specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.
<b>Fund Balance</b>	The amount of money or other resources remaining unspent or unencumbered in a fund at a specific point in time. This term usually refers to funding available at the end of the fiscal year.
<b>Fund Type</b>	A group of funds that have similar activities, objectives, or funding sources as defined by the State Auditor of Public Accounts.
<b>GAAP</b>	An acronym for Generally Accepted Accounting Principles, this term refers to uniform minimum standards for financial accounting and recording.
<b>General Fund</b>	The primary location of all financial activity associated with the ordinary operations of County government. Most taxes are accrued into this fund and transfers are made to the School, Debt Service, and Capital Projects funds as appropriate.
<b>General Obligation Bond Financing</b>	General Obligation bonds are approved by voter referendum and carry the full faith and credit of Loudoun County.
<b>General Plan</b>	An official public document, which is the product of citizen participation, the Planning Commission, the Board of Supervisors, County staff, and consultants. The General Plan is a long-range guide for growth, land use, and development decisions in the County and provides a framework for consistent future decision-making.
<b>Geographic Information System (GIS)</b>	The Geographic Information System (GIS) is a computer system used to assemble, store, manipulate, and display information about land in the County. GIS is a multi-departmental resource integrated with several of the County's other computer systems. It is used to manage and analyze land information, produce maps in support of the assessment process, manage zoning and health information, assist with the planning process, addressing County residences, and landfill management.
<b>Goals</b>	A general statement of purpose. A goal provides a framework within which the program unit operates; it reflects realistic constraints upon the unit providing the service. A goal statement speaks generally toward end results rather than toward specific actions (e.g., "minimize unemployment among disadvantaged youth").
<b>Grant</b>	A contribution by one organization to another. The contribution is usually made to aid in the support of a specified function, such as health care, housing, crime prevention, etc.
<b>Intergenerational Equity</b>	This is one of the concepts that underlie the issuance of long-term debt for capital projects. If a facility has an expected useful life of 20-40 years, there is a rationale for linking the payment for the facility to the beneficiaries of the facility. In other words, future users of the facility will also pay their share of the construction cost of the facility through debt service payments.

## Glossary

<b>Intergovernmental Revenue</b>	Revenue from other governments, such as the State and Federal government, in the form of grants, entitlements, shared revenue, or payments in lieu of taxes.
<b>Landfill Fee Waiver</b>	The forgoing of the tipping fee charged for use of the County's landfill. Organizations which are granted fee waivers must meet the following criteria: (1) the organizations must apply for the exemption, (2) the organization must be a governmental or nonprofit entity with IRS 501 status, and (3) the organization must provide a service for the public good.
<b>Lease Purchase</b>	A method of financing that allows the County to construct or acquire property and pay for it over a period of time by installment payments rather than an outright purchase. The time payments include an interest charge, which is typically reduced because the lessor does not have to pay income tax on the interest revenue.
<b>Levy</b>	The imposition of taxes for the support of government activities.
<b>Liabilities</b>	Obligations incurred in past or current transactions requiring present or future settlement.
<b>Liquidity</b>	Funds consisting, or capable, of ready conversion into cash.
<b>Regional Gasoline Tax</b>	This is a 7.6 cent per gallon tax on gasoline sold in the County. Regional gasoline tax collections are directed to a special account maintained by the Northern Virginia Transportation Commission (NVTC).
<b>Local Tax Funding</b>	Represents funds that the Board of Supervisors may allocate from general tax revenues to supplement revenues received by a program.
<b>Long-Term Debt</b>	Debt with a maturity of more than one year after the date of issuance.
<b>Merit Increase</b>	An increase in an employee's base salary granted based on meeting certain performance standards and approval by the Board.
<b>Mission Statement</b>	A written description stating the purpose of an organizational unit (department or agency) and its function.
<b>Modified Accrual Basis of Accounting</b>	Basis of accounting according to which (a) revenues are recognized in the accounting period in which they become available and measurable and (b) expenditures are recognized in the accounting period in which the fund liability is incurred (if measurable). Under this approach, immature interest on general long-term debt and certain similar accrued obligations are recognized when due.
<b>Non-Revenue Receipt</b>	Assets received by the County which are not in the form of cash, such as federal food commodities received at the Juvenile Detention Home and donated land from developers in the form of proffers. These are entered in the County records at their fair market value at the time of receipt.
<b>Object Classification</b>	A grouping of expenditures on the basis of goods or services purchased, such as personal services, materials, supplies, equipment, etc.
<b>Objective</b>	A statement of purpose defined more specifically than a goal. Objectives describe specific measurable outputs within a designated timeframe (e.g., "increase the number of children qualifying as Level I swimmers by 20%").

## Glossary

<b>Obligation</b>	A future expenditure requirement incurred by voluntary agreement or legal action.
<b>Overlapping Debt</b>	The debt issuer's (County's) proportionate share of the debt of other local governmental units such that the issuer (the County) is located either wholly or partly within the geographic limits of the other units. The debt is generally apportioned based upon relative assessed value. For example, debt issued by a regional organization with which the County is affiliated would be overlapping debt of the County.
<b>Overmatch</b>	The amount of local tax funding over and above the amount required to leverage federal and state grant revenue.
<b>Parcel Mapping</b>	The process of producing maps of land parcels in the County. These parcels serve as units for assessing taxes.
<b>Pay-As-You-Go</b>	A term used to describe the practice of financing certain capital expenditures using current revenue as opposed to borrowing.
<b>Performance Measures</b>	Data collected to assess a program's progress toward achieving established objectives and goals.
<b>Personal Property</b>	A category of property other than real estate, identified for purposes of taxation, including personally owned items, corporate property, and business equipment. Examples include automobiles, motorcycles, trailers, boats, airplanes, business furnishing, and manufacturing equipment. Goods held for sale by manufacturers, wholesalers, or retailers (i.e., inventory) are <u>not</u> included.
<b>Policy</b>	A high-level overall plan embracing the general goals and acceptable procedures of the governing body.
<b>Private Contributions/Donations</b>	These donations are usually from private citizens, typically one-time, non-recurring donations of cash or property.
<b>Proffer</b>	An offer of cash or property. This usually refers to property, cash, or structural improvements, offered by contractors/developers to the County in land development projects. An example is a proffer of land from a developer to the County.
<b>Program</b>	This is a plan or unit under which action may be taken towards meeting an individual or set of goal(s) in the provision of a particular service. Examples of County government programs include fleet management, field services, outpatient services and the Loudoun Youth Initiative.
<b>Property Tax Rate</b>	The rate of taxes levied against real or personal property expressed as dollars per \$100 of assessed valuation of the property taxed.
<b>Proposed Budget</b>	A plan of financial operations submitted by the County Administrator to the Board of Supervisors. This plan reflects estimated revenues, expenditures, transfers, and departmental goals, objectives, and performance/workload indicators. In addition, sections are included to show major budgetary/financial policies and guidelines used in the County's fiscal management. The document is commonly referred to as the Proposed Budget.
<b>Proprietary Fund Types</b>	Funds that account for County activities which are similar to private sector businesses. These funds measure net income, financial position and changes in financial position.

## Glossary

<b>Prorate Tax System</b>	A system in which taxes are assessed proportionally during the year.
<b>Public Service Property</b>	Property specifically designated for public service use, as determined by the State Corporation Commission. This category includes designated real property, such as land and buildings and other property, such as computers, copiers and cash registers.
<b>Rating Agencies</b>	The organizations which provide publicly available ratings of the credit quality of securities issuers. The term is most often used to refer to the nationally recognized agencies, Moody's Investors Service, Inc., Standard & Poor's Corporation, and Fitch Investors.
<b>Real Property</b>	Real estate, including land and improvements (building, fencing, paving), classified for purposes of tax assessment.
<b>Referendum</b>	The principle or practice of submitting to popular vote a measure passed on or proposed by a legislative body or by popular initiative.
<b>Regional Organization</b>	Organizations to which the County is either a member or contributes as a funding source.
<b>Resolution</b>	A formal expression of opinion will, or intent voted by an official body or assembled group.
<b>Revenue</b>	An increase in assets or financial resources. Revenue types are from local sources, from the Commonwealth of Virginia, the Federal Government, and from Non-Revenue Receipts (other Financing Sources).
<b>Revolving Loan Fund</b>	A fund established by the Board of Supervisors for County government, School, and Fire and Rescue company capital projects. Loans from the fund must be repaid back into the fund.
<b>Rollback taxes</b>	Amount of the difference between the taxes calculated for a property with and without the exemption for the previous five years.
<b>Short-Term Debt</b>	Debt with a maturity of less than one year after the date of issuance.
<b>Special District</b>	An independent unit of local government organized to perform a single governmental function or a restricted number of related functions. Special districts usually have the power to incur debt and levy taxes; however, certain types of special districts are entirely dependent upon enterprise earnings and cannot impose taxes. Examples of special districts are the Route 28 Special Improvement District and the Metrorail Service District.
<b>State and Federal Grant Fund</b>	A governmental fund type used to account for the proceeds of specific revenue sources (other than for major capital projects) that are legally restricted to expenditure for specified purposes.
<b>State Compensation Board</b>	A State Board that determines the rate of State funding toward the total cost of office operations for Constitutional Officers.
<b>Step Increase</b>	An increase in base salary from the dollar amount of one step to the dollar amount of the next higher step on a grade and step pay plan. A step increase typically occurs due to a merit increase, which is approved by the Board.
<b>Task Force</b>	A group of individuals organized to discuss and research a particular topic. Task forces are often used as advisory groups on a given topic.

## Glossary

**Tax Base**

The aggregate value of taxed items. The base of the County's real property tax is the market value of all real estate in the County. The base of the personal property is the market value of all automobiles, trailers, boats, business equipment, etc., which are taxed as personal property by the County. The tax base of a sales tax is the total volume of taxable sales.

# LOUDOUN COUNTY

## ELECTION DISTRICTS

### Loudoun County Board of Supervisors 2020 – 2023:

Loudoun County Board of Supervisors 2020–2023 (First row, from left to right) Juli E. Briskman, Algonkian; Koran T. Saines, Vice Chair, Sterling; Phyllis J. Randall, Chair At Large; Kristen C. Umstattd, Leesburg. Second row, from left to right: Caleb A. Kershner, Catoctin; Sylvia R. Glass, Broad Run; Tony R. Buffington, Blue Ridge; Michael R. Turner, Ashburn; Matthew F. Letourneau, Dulles.

The map above represents the 2011 election districts, from which the members of the 2020-2023 Loudoun County Board of Supervisors were elected in November 2019. Loudoun County Election Districts were updated in 2022 through the local redistricting process based on the 2020 U.S. Decennial Census. The 2024-2027 Board of Supervisors election will take place in November 2023, using the 2022 election district map, based on the 2020 U.S. Decennial Census.
