A List of Loudoun County Government’s Assistive Listening Systems

Assistive listening devices are designed for use in many specific situations, such as watching television, using the telephone and listening in meetings or restaurants. Loudoun County Government has assistive listening devices specifically to assist the public with hearing loss, to be able to hear better and participate in County meetings and public events. These devices are owned by the County and are available for use during public meetings and events at the following locations.
